This issue includes an editorial from the ESSKA President, as well as articles about Cemented vs porous stems in Revision Total Knee Arthroplasty, ACL Prevention Programme for children and adolescents, a U45 Committee Interview with Steven Claes, and much more!

President Becker’s Editorial: Looking back on 2022 and forward to a New Year
Requiescat In Pace - ESSKA mourns the passing of Dr Peter Fowler

From EKA - the Knee Section of ESSKA: Cemented vs porous stems in Revision Total Knee Arthroplasty.
From ESMA - the Sports Medicine Section of ESSKA: ACL Prevention for all. The ESSKA-ESMA prevention programme for children and adolescents.

ESSKA awards are given to scientists at our biennial Congress in order to recognise their high level of research. For the 2022 congress in Paris, the competition was tough with more than 1,200
abstracts submitted. In order to give more publicity and draw more attention to the research and work of the winners, each month we will include in the ESSKA Times a summary from the lead author, explaining the rationale and the usefulness of their study. The latest in our Awards Corner is:

**Ankle Best Poster Award:** Chronic Achilles Tendon Ruptures: A Systematic Review

**U45 Committee interviews Steven Claes**, the researcher who changed how many practice.
