

Scientific Programme EKA Closed Meeting in Naples, Italy 19-20 October 2018, Grand Hotel Santa Lucia

“The Painful Knee”

Friday 19/10/2018

Lunch will be served between 12:00-13:30 in the Megaris Restaurant at Grand Hotel Santa Lucia

13:45-14:00 WELCOME by and EKA Chairman, Nanne Kort, and local hosts Alfredo Schiavone Panni and Bruno Violante

Scientific structure: 4 main topics including the reason for a potential Painful Knee. Each presentation will be 8 min followed by 7 min discussion time.

14:00 - 16:00 1. The Stiff Knee

Moderators: Michael Hirschmann, Alfredo Schiavone Panni

14:00 - 14:15 The joint line in TKA
JEAN-YVES JENNY

14:15 - 14:30 Patello femoral Joint, the unsolved problem
FRANCESCO GIRON

14:30 - 14:45 Cr vs Ps design, there is a knee design role?
DANIEL GUENTHER

14:45 - 15:00 Proper surgical indication prevents painful and stiff knee
MICHAEL LIEBENSTEINER

15:00 - 15:15 Out path care Patient, what needs to be before the surgery
NANNE KORT

15:15 - 15:30 The painful postoperative (TKA) flexion contracture of the knee
RENE VERDONK

- 15:30 - 15:45 Bleeding and pain control in TKA
PEDRO HINAREJOS
- 15:45 - 16:00 Post-operative Rehab, how optimize the patient outcome
MURAT YESIL
- 16:00 - 16:30 Coffee break
- 16:30 - 17:30 2. Alignment in TKA**
Moderators: Roland Becker, Bruno Violante
- 16:30 - 16:45 The new patient, a review of the literature, long terms results vs functional result
REHA TANDOGAN
- 16:45 - 17:00 Is the mechanical alignment right for everyone?
SARPER GURSU
- 17:00 - 17:15 The kinematic alignment: pro and cons, is it right for everyone?
MAX ETTINGER
- 17:15 - 17:30 Is there space to combine both? The morphological alignment
PETER ERASMUS
- 17:30 - 19:00 3. EKA Board Meeting**

Saturday 20/10/2018

08:30 - 9:45 **1. Members Meeting**

9.45-10:00 Coffee break

10:00 - 12:00 **2. Free paper session (abstracts)** 6 min presentation+ 4 min discussion

Moderators: Nanne Kort, second moderator missing

- Metal hypersensitivity: an arising cause of painful knee arthroplasty?
- *CHRISTIAN CARULLI*

- Component malrotation in total knee arthroplasty: a usually overlooked problem
- *CLAUDIO ZORZI*

- Is bipolar sealer safe and efficient in primary total knee arthroplasty?
-*GUILLAUME DEMEY*

- A reliable, easy and no cost gait analysis validation with your daily life smart phone.
-*FABIO CONTEDEUCA*

- Robotics to avoid post-operative complications in partial and total knee arthroplasty
-*LUIGI SABATINI*

- Thinking outside the box - the patients' view. A systematic literature review of qualitative research of patients' experiences undergoing TKA.
-*MICHAEL ENGL*

- Tibial Component Alignment After Total Knee Arthroplasty with Intramedullary Instrumentation
-*GENNARO PIPINO*

- Patellar tilt after TKA causes and effects
-*RADU PREJBEANU*

- Porous TKA, where we are going?
- *GIANLUIGI CANATA*

- Autologous adipose-derived stem cells in early knee osteoarthritis
-*MICHELE VASSO*

- Does antibiotic bone cement have an overestimated role in preventing biofilm formation?
- *MASSIMO MARICONDA*

12:00 - 12:20 **3. Short summary of Friday meeting**

12:30 Light lunch & Farewell. Social programme continues until Sunday.
