ADA CERP®

The American Academy of Esthetic Dentistry is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

AAED designates this activity for 14 continuing education credits.
2014 ANNUAL MEETING GOALS

* Provide improved understanding of evidence-based methods for achieving excellence in esthetic and restorative dentistry
* Provide interdisciplinary education and advanced knowledge in esthetic, endodontic, prosthodontic, periodontic, orthodontic and surgical aspects of patient care
* Strengthen in-depth knowledge in materials selection and ethical considerations in esthetic and restorative dentistry
* Create a welcoming environment for networking and professional interaction among participants that builds on the mission of AAED and the spirit and legacy of its founders

AMERICAN ACADEMY OF ESTHETIC DENTISTRY MISSION

To promote the integration of dental esthetics into the total spectrum of oral health care and provide a leadership role for the profession by defining the highest interdisciplinary clinical, scientific, artistic and ethical standards through research, publications and educational presentations.
Welcome to beautiful Santa Barbara! It is an honor for me to serve as President of this outstanding Academy and welcome you to our 39th Annual Meeting of the American Academy of Esthetic Dentistry!

Our Annual Meeting celebrates the mission of AAED—to promote the integration of dental esthetics into the total spectrum of oral health care and provide a leadership role for the profession by defining the highest interdisciplinary clinical, scientific, artistic and ethical standards through research, publications and educational presentations.

The theme of this year’s meeting is “The Legacy of Esthetic Dentistry.” Throughout the next few days, over 25 internationally renowned experts will demonstrate how the legacy of AAED’s founders and members contribute to the innovative art and science of esthetic dentistry today as they teach us about advances that will shape esthetic dentistry for tomorrow.

The Academy is honored to have so many distinguished members, colleagues, friends, and guests join us for a meeting that will provide outstanding state-of-the-science education. Enjoy the intellectually challenging and enriching discussions both in the meeting room and poolside (sometimes the best discussions take place poolside) that celebrate our long-standing tradition of excellence in interdisciplinary patient care in esthetic dentistry.

At the end of this meeting, I hope you return to your practice with a renewed commitment to excellence and interdisciplinary care as you advance the art and science of esthetic dentistry in your own practice.

On behalf of the American Academy of Esthetic Dentistry, I would like to thank our 2014 Annual Program Committee. They have worked throughout the year to identify and address all the details required to convene a meeting of this caliber—not only putting together an extraordinary program, but crafting an all-around exceptional experience for our members and guests. From winery tours to our Spanish-themed gala, attendees will have ample opportunity to enjoy the company of their fellow attendees amid the beautiful scenery and amenities of Southern California.
My sincere thanks to Dr. Sonia Leziy, Scientific Program Chair; Drs. Jeff Brucia and Betsy Bakeman, Local Arrangements Chairs; Drs. Susan Hollar and Keith Boenning, Silent Auction Chairs; Dr. Lisa Emirzian, Sponsorship Chair; and Dr. Frank Higginbottom, AV Chair.

This year, our speakers have agreed to have their presentations recorded and you can purchase them for review when you return home. In addition, don’t forget to participate in our Annual Silent Auction, which helps raise funds for AAED’s educational activities. Our donated items this year are better than ever, so don’t miss out!

Enjoy your time in Santa Barbara with our members, our outstanding speakers and colleagues in the esthetic dentistry community. I hope you take advantage of all the AAED Annual Meeting has to offer.

Thank you for your continued commitment to excellence and support of the American Academy of Esthetic Dentistry.

Linda Niessen, DMD, MPH, MPP
2013 – 2014 President

Fear impression making no more.

"I have been practicing dentistry for over 25 years and rarely is there a product that impresses me. Aquasil Ultra Cordless is amazing! Not only does it save me time and the aggravation of packing cord I get a perfect impression every time. I'm impressed."
Donna J. Fraser, DDS, Williamsville, NY

Stop cringing at the thought of making an impression. NEW Aquasil Ultra Cordless Tissue Managing Impression System is a revolutionary retractorless impression system with digit power. Dispenser technology. In most cases, this new, less traumatic way to record impressions doesn’t use cord, doesn’t use paste – and it doesn’t make you want to run and hide from the procedure. Uncover your eyes and see the only breakthrough in impression making.

Visit www.AquasilUltraCordless.com to request your in-office demonstration.

SPECIAL EVENTS

* SILENT AUCTION

AAED will host its 8th Annual Silent Auction during this year’s annual meeting. Serving as a mechanism for raising funds to benefit AAED’s educational activities, we encourage everyone to participate and help us make this event a great success. Auction items will be displayed over the course of the meeting, allowing attendees to view the items and place their bids at their leisure. The successful auction recipients will be announced after the close of the auction on Friday evening and will be available for check-out on Saturday morning. Auction items include vacation packages, artwork and photographs, wine collections, golf outings and numerous educational programs.

* AFTER DINNER WELCOME RECEPTION

  Tuesday, August 5 | 8:00 – 10:00pm

Once you arrive at the beautiful Bacara Resort & Spa, join friends and colleagues on the Verandah for some after-dinner treats before the meeting officially starts the following morning.

Reliable solutions and partnership for restoring patients' quality of life—because it matters.
Dentists don’t focus on being accountants, HR reps or office managers. They focus on helping patients with their oral health care. Heartland Dental offers dentists the freedom and time to fulfill this desire without the non-clinical duties of running a dental office.
