2013 Meeting Goals
• Highlight evidence-based methods for achieving excellence in esthetic and restorative dentistry
• Provide interdisciplinary education and advance knowledge in esthetic, endodontic, prosthodontic, periodontic, orthodontic, surgical and materials aspects of restorative dentistry
• Highlight in-depth knowledge in materials selection and ethical considerations in esthetic and restorative dentistry
• Create an environment for networking and professional interaction among participants

The American Academy of Esthetic Dentistry is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.
AARD designates this activity for 17 continuing education credits.
To claim CERP credits, attendees must complete a conference evaluation and attendance verification form. Claim forms can be found with your registration materials and evaluations will be sent via email post-meeting. AARD will email AADA CERP letters post-meeting.
