

EWF Cyber-Security School Challenge

Get going...

...it's easier than you think!

Get the Word Out

Recruit volunteers and generate enthusiasm with your company's existing tools:

- Collaboration Site
- Social media
- Volunteer Network
- Company News
- Email

Get the Core Team

Bring together a team of energetic high-performers - everybody wants to keep kids safe!

- [Team structure](#)

Schedule regular meetings to keep the momentum.

- [Kick-off agenda](#)
- [Meeting agendas](#)

Get the Curriculum

Understand and learn the curriculum for different age groups:

- [High school](#)
- [Middle school](#)
- [K – 5th grade](#)
- [Nine Rules](#)

Leverage these external resources:

- [MySecureCyberspace at Carnegie Mellon University](#)
- [\(ISC\)² Safe and Secure Online Program](#)
- [National Cyber Security Alliance – C-SAVE](#)
- [OwnYourSpace®](#)

Get Ambassadors

Ask for “Ambassadors” - parents of children who will get you into schools, Cub Scouts, etc.

- [Ambassador roles & responsibilities](#)

Once you have an ambassador, reach out to school administrators using this template.

- [School administrator introduction letter](#)

Get To School

Once you've gotten the green light, it's time to schedule your classes. Use this handy Scheduling Guide to help you along.

- [Scheduling Guide](#)

Get Tracking

Once your program is in place, make sure you track your results on the [EWF website](#).
