State Association Honors Outstanding Administrator

TALLAHASSEE, FL – Aug. 17, 2015 – Among the awards presented by the Florida Association of Postsecondary Schools and Colleges (FAPSC) recently included an honor for a Dr. Luis Burgos of Sistema Universitario, Ana G. Mendez, who was named the top Administrator of the Year in the Administration/Management category.

Dr. Burgos earned the honor through his dedication to education and the long-lasting footprint he fosters within the lives of citizens wanting to exceed socio-economic barriers and cultural boundaries both in Puerto Rico and other parts of the U.S.

He has worked diligently to accelerate the growth of a bilingual study program for adults, which has rapidly made the gift of education possible and attainable for many Floridians.

“Dr. Burgos is a stellar example of dedication to higher education,” said Curtis Austin, executive director of FAPSC. “He has given so much throughout his career, and we are pleased to honor his commitment to students.”

The 2015 awards were selected by a panel and presented at the association’s annual conference in South Florida attended by educators and business leaders.

FAPSC has been the voice of Florida’s career schools since 1956. The association of more than 250 members works on behalf of the more 1,000 licensed private career schools and colleges in Florida that prepare students each year for employment in more than 200 occupational fields by offering degree programs, certification and training.
