**Summary:** Current law requires apportionment of permanent disability to be based on causation, and a physician who prepares a report addressing the issue of permanent disability due to a claimed industrial injury is required to address the issue of causation of the permanent disability. Current law requires the physician to make an apportionment determination by finding the approximate percentage of the permanent disability that was caused by the direct result of injury arising out of and occurring in the course of employment, and the approximate percentage of the permanent disability that was caused by other factors both before and subsequent to the industrial injury, including prior industrial injuries. This bill would prohibit apportionment, in the case of a physical injury occurring on or after January 1, 2018, from being based on pregnancy, childbirth, or other medical conditions related to pregnancy or childbirth.

**Summary:** Under current law, violation of a county ordinance is generally a misdemeanor, unless by ordinance it is made an infraction. Current law establishes fines for violations of an ordinance determined to be an infraction and limits the amount of fine to \$100 for a first violation, \$200 for a 2nd violation within one year, and \$500 for each additional violation within one year or, in the case of violations of a local building and safety code, a fine not exceeding \$100 for a first violation, \$500 for a 2nd violation within one year, and \$1,000 for each additional violation within one year. This bill would increase the maximum amount of a fine for a violation of an event permit requirement, as defined, to \$150 for a first violation, \$700 for a 2nd occurrence of the same violation by the same owner or operator within 3 years, and \$2,500 for each additional occurrence of the same violation by the same owner or operator within 3 years.

**Summary:** Under current law, if a change of organization consists of a dissolution, the commission is required to order the dissolution subject to confirmation of voters if, among other things, the proposal was not initiated by the commission and if a subject agency has not objected to the proposal, the commission has found that, for an inhabited territory protests have been signed by either 25% of the number of landowners within the affected territory who own at least 25% of the assessed value of land within the territory or 25% of the voters entitled to vote as a result of residing or owning land within the affected territory.
