Re: FIRE Legislative Report – Week Ending June 19, 2020

2020-21 Budget

On Monday, as expected, the Legislature passed a placeholder State Budget ([Senate Bill 74 \(Mitchell\)](#)) to fulfill the June 15th constitutional deadline for legislators to continue to get paid. Although the Budget has much in common with the Budget proposed by Governor Newsom last month, legislative leaders have not reached a compromise with the Governor. Accordingly, expect the Legislature to return to the Capitol to pass another Budget prior to the July 1st commencement of the new fiscal year.

Legislative Update

Three bills of interest passed off the Assembly Floor this week and are headed for the Senate:

[Assembly Bill 2450 \(Grayson\)](#) would extend the sunset date for the Emergency Medical Air Transportation Act for two years. An urgency clause was added prior to passage.

[Assembly Bill 3074 \(Friedman\)](#) would establish an ember-resistant zone within five feet of a structure located in very high fire hazard severity zones and state responsibility areas.

[Assembly Bill 3164 \(Friedman\)](#) would require CAL FIRE along with the State Fire Marshal and Insurance Commissioner to develop a wildfire risk model to determine the risk for communities. An Advisory Work Group with our participation would also be created.

The Senate unanimously passed [Senate Bill 1386 \(Moorlach\)](#), which provides that fire hydrants are part of water service provided to consumers within the definition of Proposition 218.

The Senate Appropriations Committee took up their Suspense File on Thursday and the following measures passed and were sent to the Senate Floor:

[Senate Bill 801 \(Glazer\)](#) would require electrical utility corporations to provide backup electrical resources for vulnerable populations within communities.

[Senate Bill 862 \(Dodd\)](#) would designate public safety power shutoffs within the definition of a state of emergency and establish protocols for these events.

[Senate Bill 952 \(Nielsen\)](#) would exempt from the state and local sales and use tax backup generator resources for various local governments during deenergization events.

[Senate Bill 1044 \(Allen\)](#) would phase out the use of firefighting foam with PFAS chemicals except where federally required. Amendments have been taken to delay the effective date and to make sure it does not apply to product currently on hand.

[Senate Bill 1159 \(Hill\)](#) would establish a rebuttable presumption for COVID-19 illness as being covered under the workers' compensation system for essential workers.

[Senate Bill 1199 \(McGuire\)](#) would establish the Commission on Home Hardening to develop a three-tiered certification system of fire prevention levels for structures in the WUI.

[Senate Bill 1312 \(McGuire\)](#) would require expedited undergrounding of electrical lines by utility companies to promote fire prevention and reduce public safety power shutoffs.

[Senate Bill 1348 \(Stern\)](#) is designed to enhance fire prevention by requiring CALFIRE to adopt defensible space standards, encourage ongoing vegetation management practices and promote home hardening within high fire hazard severity zones.

Finally, [Senate Constitutional Amendment No. 2 \(Galgiani\)](#), which was amended this week, seeks to modify provisions of Proposition 13. Sponsored by the California Realtors Association, SCA 2 would allow for the portability of property tax revenue upon transfers to other counties and would create a new fund to set aside 15% of the revenue to keep a county whole for property taxes that are shifted to another county. Seventy-five percent (75%) of this saving would be placed into a fire response fund to assist underfunded local fire departments in the particular county.

Summary: Would require the Department of Housing and Community Development, with the assistance of the Office of the State Fire Marshal, to investigate possible changes to the building standards that would require provision of a 2nd method of egress from a newly constructed residential garage or a newly constructed detached garage located adjacent to a single-family dwelling. The bill would authorize the department to submit proposed building standards to the commission for approval and adoption if, after its investigation, the department determines that changes that mandate provision of a 2nd method of egress from a newly constructed residential garage or a newly constructed detached garage located adjacent to a single-family dwelling can be incorporated into the code without significantly increasing construction costs.

Summary: Would require the California Building Standards Commission, by June 30, 2020, to assemble a functional recovery working group comprised of certain state entities and members of the construction and insurance industries, as specified. The bill would require the working group, by June 30, 2021, to consider whether a "functional recovery" standard is warranted for all or some building occupancy classifications, using specified criteria, and to investigate the practical means of implementing that standard, as specified. The bill would require the working group to advise the appropriate state agencies to propose the building standards, as specified.

Summary: The Mitigation Fee Act requires a local agency that establishes, increases, or imposes a fee as a condition of approval of a development project to, among other things, determine a reasonable relationship between the fee's use and the type of development project on which the fee is imposed. This bill would prohibit a local agency from imposing a housing impact requirement adopted by the local agency on a housing development project, as defined, unless specified requirements are satisfied by the local agency, including that the housing impact requirement be roughly proportional in both nature and extent to the impact created by the housing development project.

Summary: Current law, until January 1, 2026, authorizes a development proponent to submit an application for a multifamily housing development, which satisfies specified objective planning standards, that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit. Current law requires a local government to notify the development proponent in writing if the local government determines that the development conflicts with any of those objective standards by a specified time; otherwise, the development is deemed to comply with those standards. Current law provides that if a local government approves a project pursuant to that process, that approval will not expire until a specified period of time depending on the nature of the development. This bill would, notwithstanding those provisions, authorize a development proponent to submit an application for a development to be subject to a streamlined, ministerial approval process provided that development meet specified objective planning standards, including that the development provide housing for persons and families of low or moderate income

Summary: The Planning and Zoning Law authorizes a local agency to provide, by ordinance, for the creation of accessory dwelling units in single-family and multifamily dwelling residential zones and requires a local agency that has not adopted an ordinance to ministerially approve an application for an accessory dwelling unit. Current law also authorizes a local agency to allow, by ordinance, for the sale or conveyance of an accessory dwelling unit separate from the primary residence to a qualified buyer, as defined, upon meeting specified conditions. Summary: Current law requires the Department of Finance to meet and confer with a successor agency or entity that created a former redevelopment agency that requests a meet and confer to resolve disputes regarding the amounts or sources of funds identified as determined by the department. Current law requires the department to issue a finding of completion to the successor agency upon payment of specified amounts, but prohibits a successor agency that fails by December 31, 2015, to pay or enter into a written installment payment plan with the department for the payment of the amounts determined by the department, or as specified, from ever receiving a finding of completion. Summary: Current law requires an inspection of exterior elevated elements and associated waterproofing elements, as defined, including decks and balconies, for buildings with 3 or more multifamily dwelling units by a licensed architect, licensed civil or structural engineer, a building

contractor holding specified licenses, or an individual certified as a building inspector or building official, as specified. Current law prohibits the contractor performing the inspection from bidding on the repair work. This bill would eliminate the prohibition against the contractor performing the inspection from bidding on the repair work.

Summary: The California FAIR Plan Association is a joint reinsurance association formed by state insurers licensed to write and engaged in writing basic property insurance within this state to assist persons in securing basic property insurance and to formulate and administer a program and FAIR Plan for the equitable apportionment among insurers of basic property insurance. Existing law requires each insurer to participate in the writings, expenses, and profits and losses of the association in the proportion that its premiums written bear to the aggregate premiums written by all insurers in the program, as specified, but requires the plan to provide for a method for insurers who voluntarily write basic property insurance on risks located in areas designated as brush hazard areas to be proportionately relieved of the liability to participate in the plan. This bill would add to the insurers that are proportionately relieved of the liability to participate in the FAIR Plan those voluntarily writing basic property insurance on risks in high or very high fire hazard severity zones, as determined and mapped by the Department of Forestry and Fire Protection.

Summary: Under current law, a person injured in the course of employment is generally entitled to receive workers' compensation on account of that injury. Current law provides that, in the case of certain state and local firefighting personnel and peace officers, the term "injury" includes various medical conditions that are developed or manifested during a period while the member is in the service of the department or unit, and establishes a disputable presumption in this regard. This bill would provide, for injuries occurring after January 1, 2021, that in the case of private sector emergency medical services personnel contracted with a state, local, tribal, or special district to provide emergency medical services, the term "injury" also includes post-traumatic stress that develops or manifests itself during a period in which the injured person is providing emergency medical services pursuant to a contract with the state agency, local agency, tribe, or special district.

Summary: Current law requires every county to apply to the Secretary for Environmental Protection to be certified to implement the unified program, and authorizes a city or local agency that meets specified requirements to apply to the secretary to be certified to implement the unified program, as a certified unified program agency, or CUPA. Current law authorizes the UPA, if the UPA determines that a person has committed, or is committing, a violation of any law, regulation, permit, information request, order, variance, or other requirement that the UPA is authorized to enforce or implement, to issue an administrative enforcement order requiring that the violation be corrected and imposing an administrative penalty. Current law authorizes a UPA to suspend or revoke any unified program facility permit, or an element of a unified program facility permit, for not paying the permit fee or a fine or penalty associated with the permit in accordance with specified procedures. This bill would revise specified requirements to explicitly require noncompliance with a written notice before a permit or permit element may be suspended or revoked, and would additionally authorize the UPA to withhold issuance of the permit or permit element if a unified program facility does not comply with a written notice.

Summary: The California Community Care Facilities Act provides for the licensure and regulation of community care facilities by the State Department of Social Services, including, among others, adult day programs, group homes, enhanced behavioral support homes, and crisis nurseries. Current law requires a residential care facility for the elderly to have an emergency and disaster plan that includes specified components, including evacuation procedures. Current law requires the facility to train employees on the plan, conduct emergency drills at least quarterly, review and update the plan, and make the plan available to certain individuals upon request. Existing law also requires the facility to have specified information readily available to staff during an emergency and to have specified emergency precautions in place. Current law requires the State Department of Social Services Community Care Licensing Division to confirm during annual licensing visits that the plan is on file and includes required content. This bill would make the emergency and disaster preparedness provisions that are applicable to a residential care facility for the elderly, as described above, applicable to an adult residential facility and certain types of a children’s residential facility licensed under the California Community Care Facilities Act, a residential care facility for persons with chronic life-threatening illness, and a child daycare facility.

Summary: Current law requires every peace officer to participate in expanded training prescribed by the Commission on Peace Officer Standards and Training that includes and examines evidence-based patterns, practices, and protocols that make up racial and identity profiling, including implicit bias. Once basic training is completed, current law requires specified peace officers to complete a refresher course on racial and identity profiling at least every 5 years. This bill would require those peace officers currently required to take the refresher course every 5 years, and additional peace officers, as specified, to instead take refresher training on racial and identity profiling, including the understanding of implicit bias and the promotion of bias-reducing strategies, at least every 2 years.

Summary: Current law requires employers to provide their employees paid sick leave that is accrued at a specified rate. Current law authorizes an employee to request a paid sick day for prescribed purposes, including diagnosis, care, or treatment of a current health condition of, or preventive care for, an employee or an employee's family member. This bill would specify that "current health condition" includes an "current behavioral health condition," as defined, for purposes of these provisions.

Summary: Current law requires every medical provider network to post on its internet website a roster of all treating physicians in the medical provider network and requires every network to provide to the administrative director the internet website address of the network and of its roster of treating physicians. Current law requires an insurer, employer, or entity that provides physician network services to submit a plan for the medical provider network to the administrative director for approval. Current law requires the administrative director to adopt a medical treatment utilization schedule. Current law authorizes the administrative director to investigate complaints and to conduct random reviews of approved medical provider networks. Summary: Current law, including the Meyers-Milias-Brown Act, the Ralph C. Dills Act, the Trial Court Employment Protection and Governance Act, the Trial Court Interpreter Employment and Labor Relations Act, Judicial Council Employer-Employee Relations Act, and the Los Angeles County Metropolitan Transportation Authority Transit Employer-Employee Relations Act, as well as provisions commonly referred to as the Educational Employment Relations Act and the Higher Education Employer-Employee Relations Act, regulates the labor relations of the state, the courts, and specified local public agencies and their employees. Current law establishes other requirements relating to labor relations that are applicable to specified transit agencies. These acts grant specified public employees the right to form, join, and participate in the activities of employee organizations of their choosing and require public agency employers, among other things, to meet and confer with representatives of recognized employee organizations and exclusive representatives on terms and conditions of employment. These acts generally require the public entities in this context to grant employee representatives of recognized employee organizations reasonable time off without loss of compensation or benefits for certain purposes in connection with labor relations, commonly referred to as release time. This bill would prescribe requirements relating to release time that would apply to all of the public employers and employees subject to the acts described above and would generally repeal the provisions relating to release time in those acts

Summary: Current law provides, only until January 1, 2025, that, for certain state and local firefighting personnel and peace officers, the term "injury" includes post-traumatic stress that develops or manifests during a period in which the injured person is in the service of the department or unit, but applies only to injuries occurring on or after January 1, 2020. Current law requires the compensation awarded pursuant to this provision to include full hospital, surgical, medical treatment, disability indemnity, and death benefits. This bill would make that provision applicable to active firefighting members of the State Department of State Hospitals, the State Department of Developmental Services, and the Military Department, and to additional peace officers, including security officers of the Department of Justice when performing assigned duties as security officers and the officers of a state hospital under the jurisdiction of the State Department of State Hospitals or the State Department of Developmental Services, among other officers.

Summary: The California FAIR Plan Association is a joint reinsurance association formed by state insurers licensed to write and engaged in writing basic property insurance within this state to assist persons in securing basic property insurance and to formulate and administer a program and FAIR Plan for the equitable apportionment among insurers of basic property insurance. Existing law requires each insurer to participate in the writings, expenses, and profits and losses of the association in the proportion that its premiums written bear to the aggregate premiums written by all insurers in the program, as specified, but requires the plan to provide for a method for insurers who voluntarily write basic property insurance on risks located in areas designated as brush hazard areas to be proportionately relieved of the liability to participate in the plan. Summary: Current law, until January 1, 2025, authorizes local agencies, as defined, to use the design-build procurement process for specified public works projects with prescribed cost thresholds. Current law states that it is the intent of the Legislature that existing law provides general authorization for local agencies to use design-build for certain projects. Current law establishes procedures for a contract awarded under these provisions on the basis of best value, including a requirement that competitive proposals be evaluated by using only the criteria and selection procedures specifically identified in the request for proposals. Current law further requires that prescribed minimum factors be weighted as the local agency deems appropriate. This bill would modify the intent of the Legislature to specify that design-build for these purposes includes conventional, progressive, and target price. Summary: The California Constitution prohibits a county, city, town, township, board of education, or school district from incurring a debt or liability in any manner or for any purpose exceeding in any year the income and revenue provided for the year, without approval by 2/3 of the voters of the public entity voting at an election to be held for that purpose, except for certain debts issued for public schools, as specified. Current case law has qualified this prohibition by creating certain exceptions that have been judicially deemed not to implicate it, including for revenue bonds and for obligations imposed by law. The California Constitution generally authorizes the Legislature to provide maximum property tax rates and bonding limits for local governments. Current law authorizes a local agency that intends to issue refunding bonds to do so without submitting the question of the issuance to a vote of the qualified electors of the local agency. This bill would require that refunding bonds to be used to refund pension obligation bonds with specified characteristics be approved by 55 percent of the voters of the local agency voting on the proposition that authorizes the indebtedness.

Calendar: 6/22/2020 #33 SENATE SENATE BILLS - SECOND READING FILE

Summary: Would require the Public Utilities Commission, in consultation with the Office of Emergency Services, to create a database of critical facilities and critical infrastructure, and related critical circuits that are located in tier 2 or tier 3 high fire-threat districts served by electrical corporations, and identify with respect to each whether it serves a low-income and disadvantaged community. The bill would require an electrical corporation, electric service provider, or community choice aggregator, upon request, to collaborate with local governments within its service area to identify critical circuits and microgrid projects.

Summary: The Personal Income Tax Law allows various credits against the taxes imposed by that law. Current law requires any bill authorizing a new tax expenditure to contain, among other things, specific goals, purposes, and objectives the tax expenditure will achieve, detailed performance indicators, and data collection requirements. This bill would allow a credit against those taxes for each taxable year beginning on or after January 1, 2021, and before January 1, 2026, in an amount that is equal to 50% of the amount incurred by a natural person or a small business, as defined, during the taxable year for the purchase, that does not exceed \$7,000, of a backup generator for use in a residence or commercial property in a designated wildfire zone, as defined.

AB 2394 (Cooper D) Public Employees' Retirement System: allowances: cost of living adjustment.

Current Text: Introduced: 2/18/2020 [html](#) [pdf](#)

Introduced: 2/18/2020

Status: 5/29/2020-Failed Deadline pursuant to Rule 61(b)(5). (Last location was P.E. & R. on 2/24/2020)

1st House				2nd House							

Summary: The Public Employees' Retirement Law establishes the Public Employees' Retirement System, which provides a defined benefit to members of the system, based on final compensation, credited service, and age at retirement, subject to certain variations. Existing law generally provides that retirement allowances are adjusted annually to reflect increases in the cost of living in relation to the consumer price index, as defined. This bill would change the definition of "consumer price index,"

effective January 1, 2021, to instead refer to the California Consumer Price Index for All Urban Consumers for all items, as determined by the Department of Industrial Relations.

1st House				2nd House							

Summary: Would revise the provision of pension and other benefits to members of all state or local public retirement systems. The bill would apply its provisions prospectively to any member of a state or local public retirement system who is employed upon the date of its enactment and to any person who may be employed and become a member thereafter. The bill would void any limit on a pension that prohibits the pension from exceeding a percentage of final compensation, as specified. The bill would prohibit a local entity from establishing a deferred retirement option program, as described, and if a local entity has established a deferred retirement option program, whether or not the program is closed to new participants, it would be required to disenroll any participating employees and close the program.
