Re: FIRE Legislative Report – Week Ending 07/03/2020

## 2020-21 Budget

After finalizing the State Budget ([Senate Bill 74 \(Mitchell\); Chapter 6, Statutes of 2020](#)) and seeing Governor Newsom sign it prior to the start of the fiscal year on July 1, the Legislature is now officially on Summer Break. It will be a short one though as they plan to resume the session on Monday, July 13.

## Legislative Update

Other than action on the Budget, it was a light legislative week with no policy committees meeting during the week.

[Senate Bill 350 \(Hill\) \(Chapter 27, Statutes of 2020\)](#) would authorize the creation of a non-profit public benefit corporation known as Golden State to acquire PG&E under specified circumstances including if they do not emerge from bankruptcy. The bill was signed into law by the Governor.

[Senate Bill 1044 \(Allen\)](#), the CPF-sponsored bill to phase out the sale of firefighting foam using PFAS passed the Senate and has been assigned to the Assembly Environmental Safety and Toxic Material Committee.

[Senate Bill 1159 \(Hill\)](#) would extend the Governor's [Executive Order N-62-20](#), which established a rebuttable presumption that COVID-19 illness is an occupational injury and thereby covered by workers' compensation for employees working outside their homes at the direction of their employer. The bill moved out of the Senate and has been sent to the Assembly Insurance Committee.

[Senate Bill 1199 \(McGuire\)](#) would establish a Commission on Home Hardening to develop a three-tiered certification system of fire prevention levels for structures in Wildland-Urban Interface environment. The bill passed the Senate and has been sent to the Assembly Governmental Organizations Committee.

[Assembly Constitutional Amendment No. 11 \(Mullin\) \(Chapter 31, Statutes of 2020\)](#) was chaptered and places on the November 2020 Ballot the Home Protection for Seniors, Severely Disabled Families Wildfire and Natural Disasters Act which, if approved by the voters, would allow certain property tax base year value transfers for replacement properties and establishes the Fire Response Fund to provide for fire suppression staffing funding for the purposes of reimbursing local agencies that incur a net revenue loss related to the property tax transfer provisions. ACA 11 is sponsored by the California Realtors Association and replaces a harsher alternative Initiative, which had sufficient signatures to qualify it for placement on the Ballot.

Happy 4th of July everyone.

**Summary:** Current law appropriates \$2,246,000,000 from the General Fund for the 2018-19 fiscal year to the Teachers' Retirement Fund for the Defined Benefit Program, to be apportioned in specified amounts to the credit of required employer contributions for the 2019-20 and 2020-21 fiscal years, pursuant to the direction of the Department of Finance. For the 2020-21 fiscal year, the apportioned payment to the Teachers' Retirement Fund is an amount to pay in advance a part of the contributions required of the employers for the 2020-21 fiscal year that results in a reduction of employer contributions of 0.70 percentage point for that fiscal year from the percentage set by another specified provision. Current law requires the uncommitted remainder of the payment to be allocated to reducing the employers' unfunded actuarial obligations, as specified. This bill would revise the application of the 2018-19 fiscal year General Fund appropriation described above.

**Summary:** Current law establishes a program within all cities and all counties and portions thereof located within seismic zone 4, as defined, to identify all potentially hazardous buildings and to establish a mitigation program for these buildings. The mitigation program may include, among other things, the adoption by ordinance of a hazardous buildings program, measures to strengthen buildings, and the application of structural standards necessary to provide for life safety above current code requirements. Current law requires the Alfred E. Alquist Seismic Safety Commission to report annually to the Legislature on the filing of mitigation programs relating to building construction standards from local jurisdictions. This bill would require the commission, by specified deadlines, to identify funding and develop a bidding process for hiring a third-party contractor to create an inventory of potentially vulnerable buildings, as defined.

**Summary:** Current law authorizes the Department of Housing and Community Development, in evaluating a proposed or adopted housing element for substantial compliance with the provisions of the Planning and Zoning Law relating to housing elements, to allow a city or county to identify adequate sites by a variety of methods, as specified. Current law authorizes the department to allow a city or county to identify sites for accessory dwelling units based on the number of accessory dwelling units developed in the prior housing element planning period whether or not the units are permitted by right, the need for these units in the community, those units in the community, the resources or incentives available for their development, and any other relevant factors, as determined by the department. This bill would, instead, require the department, in making that evaluation, to allow a city or county to identify adequate sites by a variety of methods, as specified. The bill would require the department to allow a city or county to identify sites for potential accessory dwelling units based on existing zoning standards and the demonstrated potential capacity to accommodate accessory dwelling units and junior accessory dwelling units, as determined by the city or county.

**Summary:** The Planning and Zoning Law allows a development proponent to submit an application for a development that is subject to a specified streamlined, ministerial approval process not subject to a conditional use permit if the development satisfies certain objective planning standards, including that the development is (1) located in a locality determined by the Department of Housing and Community Development to have not met its share of the regional housing needs for the reporting period, and (2) subject to a requirement mandating a minimum percentage of below-market rate housing, as provided. This bill would require the department to designate areas in this state as high-opportunity areas, as provided, by January 1, 2022, in accordance with specified requirements and to update those designations within 6 months of the adoption of new Opportunity Maps by the California Tax Credit Allocation Committee.

**Summary:** Current law, upon a declaration of a shelter crisis by specified local jurisdictions, specifies additional provisions applicable to a shelter crisis declared by one of those jurisdictions. Current law exempts from the California Environmental Quality Act specified actions by a state agency or a city, county, or city and county relating to land owned by a local government to be used for, or to provide financial assistance to, a homeless shelter constructed pursuant to these provisions, and provides that homeless shelters constructed or allowed pursuant to these shelter crisis declarations are not subject to specified laws, including the Special Occupancy Parks Act. Current law also defines a "homeless shelter" as a facility with overnight sleeping accommodations, the primary purpose of which is to provide temporary shelter for the homeless that is not in existence after the declared shelter crisis. Current law requires a city, county, or city and county that declares a shelter crisis pursuant to these provisions to develop a plan to address the shelter crisis on or before July 1, 2019, or July 1, 2020, as applicable, and to annually report to specified committees of the Legislature on or before January 1, 2019, or on or before January 1 of the year following the declaration of the shelter crisis, as applicable, and annually thereafter until January 1, 2023. Current law repeals these additional provisions as of January 1, 2023. This bill would instead apply those additional provisions to a shelter crisis declared by any county or city.

**Summary:** Would authorize a city, county, or city and county to permit the operation of an emergency housing facility year round when the facility does not comply with state building standards for local fire and life safety standards if they submit reasonable standards to the State Fire Marshal that do certain things. The State Fire Marshal would be required to review the standards within 30 days and either approve them or respond as to why they do not meet the threshold requirements. If the standards do not meet the threshold requirements, the city, county, or city and county would not be able to use them.

**Summary:** Would authorize a city or county to include in its inventory of land suitable for residential development specified sites that contain an existing single-family dwelling unit, but that the city or county authorizes to contain 4 dwelling units as a use by right. The bill would require these sites to be identified to satisfy either the moderate or the above-moderate income regional housing need income level. The bill would require a city or county identifying a site pursuant to these provisions to adopt a resolution or ordinance that, among other things, establishes that the additional units may be developed as a use by right on the site. The bill would require the department to review and make findings regarding a resolution or ordinance adopted by a city or county under these provisions.

**Summary:** The Warren-911-Emergency Assistance Act establishes the State 911 Advisory Board to advise the Office of Emergency Services on specified subjects relating to the state's 911 emergency telephone response system and to conduct specified hearings on a final plan on implementation. This bill, commencing on June 1, 2021, would revise membership on the advisory board by (1) reducing one representative appointed on the recommendation of the California Police Chiefs Association, one representative appointed on the recommendation of the California State Sheriffs' Association, and one representative appointed on the recommendation of the CalNENA Executive Board, except that any member in those categories whose term began before June 1, 2021, may serve out their term as set forth in existing law at the pleasure of the Governor, and (2) adding one representative of the California Welfare Directors Association, one county public guardian, and one county mental health professional, all 3 of whom will serve at the pleasure of the Governor, as specified.

**Summary:** Would authorize a local government to pass an ordinance, notwithstanding any local restrictions on adopting zoning ordinances, to zone any parcel for up to 10 units of residential density per parcel, at a height specified by the local government in the ordinance, if the parcel is located in a transit-rich area, a jobs-rich area, or an urban infill site, as those terms are defined. In this regard, the bill would require the Department of Housing and Community Development, in consultation with the Office of Planning and Research, to determine jobs-rich areas and publish a map of those areas every 5 years, commencing January 1, 2022, based on specified criteria.

**Summary:** CEQA requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA authorizes the preparation of a master EIR and authorizes the use of the master EIR to limit the environmental review of subsequent projects that are described in the master EIR, as specified. This bill would require a lead agency to prepare a master EIR for a general plan, plan amendment, plan element, or specified plan for housing projects where the state has provided funding for the preparation of the master EIR.

**Summary:** Current law requires that all sales of real property pursuant to a power of sale contained in a deed of trust or mortgage in these circumstances be held in the county where the residence is located and to be made to the person making the highest offer, and authorizes a trustee to receive offers during the 10-day period immediately prior to the date of sale, as prescribed. This bill would also require a trustee, during the 20-day period before the date of sale, to receive offers from individuals who would be owner-occupants of the home and from a public entity that is utilizing public funds to purchase the property and would require any offer from a prospective owner-occupant to be accompanied by an owner-occupant certification. The bill would define the terms "owner-occupants" and "public entity" for purposes of these provisions.

**Summary:** Current law requires the Office of Emergency Services to develop a plan and timeline of target dates for the testing, implementation, and operation of a Next Generation 911 emergency communication system, including text to 911 service, throughout California. Current law requires the Next Generation 911 emergency communication system to incorporate certain elements, including public safety communications, as specified. The bill would expressly authorize the office to establish requirements for the Next Generation 911 emergency communication system, including the costs, services, and terms and conditions for contractors selected by the office to provide Next Generation 911 services. The bill would authorize the office to direct the Public Utilities Commission to implement the terms of service requirements for those contractors selected by the office to provide Next Generation 911 services.

**Summary:** Would, until January 1, 2024, require local agencies to make the installation of an emergency standby generator within the physical footprint of a macro cell tower site that meets specified requirements a permitted use subject only to local agency administrative review. The bill would specify procedures for the processing of permit applications by a local agency and would authorize a local agency to impose a fee to cover costs associated with administering the bill's provisions. Because the bill would impose new duties on local agencies, it would impose a state-mandated local program.

**Summary:** Current law requires the Public Utilities Commission to develop and implement performance reliability standards for backup power systems installed on the property of residential and small commercial customers by a facilities-based provider of telephony services upon determining that the benefits of the standards exceed the costs. This bill would require the commission, in consultation with the Office of Emergency Services, by July 1, 2021, to develop and implement performance reliability standards, as specified, for all mobile telephony service base transceiver station towers, commonly known as "cell towers," and for all infrastructure for providing mobile telephony service, Voice over Internet Protocol service, Internet Protocol enabled service, and cable television service that is located within a commission-designated Tier 2 or Tier 3 High Fire Threat District, or that affects those towers or that infrastructure within such a district.

**Summary:** Current law authorizes each county, including a city and county, to enter into an agreement to access the contact information of resident accountholders through the records of a public utility or other agency responsible for water service, waste and recycling services, or other property-related services for the sole purpose of enrolling county residents in a county-operated public emergency warning system. Current law requires any county that enters into such an agreement to include procedures to enable any resident to opt out of the warning system and a process to terminate the receiving agency's access to the resident's contact information. Current law prohibits the use of the information gathered for any purpose other than for emergency notification. This bill would expand these provisions to authorize a city to enter into an agreement to access the contact information of resident accountholders through the records of a public utility, as specified.

**Summary:** Current law requires a provider of telecommunications services, as defined, that provides access to 911 service to notify the Office of Emergency Services, as provided, whenever a community isolation outage limiting the provider's customers' ability to make 911 calls or receive emergency notifications occurs within 60 minutes of discovering the outage. Current law makes the office responsible for notifying any applicable county office of emergency services, the sheriff of any county, and any public safety answering point affected by the outage. Current law requires the telecommunications service provider to notify the office of the estimated time to repair the outage and when service is restored. This bill would additionally require a telecommunication service provider to notify the office of critical telecommunications infrastructure out of service or experiencing functionality

failures that would prevent the transmission of an emergency notification or 911 call and the estimated range of any mobile telephony service base transceiver station towers identified as damaged or experiencing functionality failures.

**Summary:** Current property tax law requires, for property to be eligible for reassessment under specified provisions, that damage or destruction be caused by one of 3 specified occurrences, including a major misfortune or calamity in an area or region subsequently proclaimed by the Governor to be in a state of disaster if the property was damaged or destroyed by the misfortune or calamity that caused the Governor to proclaim the region to be in a state of disaster. Current property tax law generally requires that an application for reassessment be filed within the later of the time specified in the county's ordinance or within 12 months of the misfortune or calamity and be executed under penalty of perjury. This bill would expand these provisions to include damage to or destruction of property due to a misfortune or calamity in an area or region subsequently proclaimed by the Governor to be in a state of emergency if the property was damaged or destroyed by the misfortune or calamity that caused the Governor to proclaim the area to be in a state of emergency.

**Summary:** Current law imposes a penalty of \$4 until July 1, 2020, upon every conviction for a violation of the Vehicle Code or a local ordinance adopted pursuant to the Vehicle Code, other than a parking offense. The act requires the county or court that imposed the fine to transfer the revenues collected to the Treasurer for deposit into the Emergency Medical Air Transportation and Children's Coverage Fund. Current law requires the assessed penalty to continue to be collected, administered, and distributed until exhausted or until December 31, 2021, whichever occurs first. Existing law repeals these provisions July 1, 2022. This bill would extend the imposition of the above-described penalty by 1 year and would instead make those provisions inoperative on July 1, 2024, and repeal them on January 1, 2025.

**Summary:** Current law requires school districts and county offices of education to be responsible for the overall development of a comprehensive school safety plan for its schools operating kindergarten or any of grades 1 to 12, inclusive. This bill would require the Superintendent of Public Instruction, subject to an appropriation, to establish an emergency response team in the State Department of Education to serve as a liaison and provide guidance and support to school districts, county offices of education, and charter schools, as provided. The bill would require the emergency response team to guide the process for, and facilitate expedited processing of, requests for allowance of attendance due to specified emergency conditions, and to coordinate with the State Department of Public Health and other federal, state, and local agencies, as applicable.

**Summary:** Current law defines the terms "state of emergency" and "local emergency" to mean a duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by, among other things, fire, storm, or riot. This bill would additionally include a deenergization, defined as a planned public safety power shutoff, as specified, within those conditions constituting a state of emergency and a local emergency.

|                     |                 |                       |                       |

**Summary:** Would require the Office of Emergency Services, in coordination with California Volunteers, to develop model guidelines for local governments, operational areas, and nonprofit, community-based, faith-based, and private sector organizations active in disasters to identify, type, and track community resources, as defined, that could assist in responding to or recovering from local, tribal, regional, national, or international disasters, as specified. The bill would require the OES to publish and distribute the initial model guidelines by May 1, 2022, and to update and distribute the guidelines annually thereafter.

**Summary:** The California Clean Truck, Bus, and Off-Road Vehicle and Equipment Technology Program, upon appropriation from the Greenhouse Gas Reduction Fund, funds zero- and near-zero-emission truck, bus, and off-road vehicle and equipment technologies and related projects. The program provides that projects eligible for funding include, among others, technology development, demonstration, precommercial pilots, and early commercial deployments of zero- and near-zero-emission medium- and heavy-duty truck technology, and requires, until December 31, 2020, no less than 20% of funding made available for that purpose to support early commercial deployment of existing zero- and near-zero-emission heavy-duty truck technology. This bill would extend the requirement that 20% of that funding be made available for that same purpose until December 31, 2021.

**Summary:** Current law authorizes cities, cities and counties, and counties to create disaster councils, by ordinance, to develop plans for meeting any condition constituting a local emergency or state of emergency, including, but not limited to, earthquakes, natural or manmade disasters specific to that jurisdiction, or state of war emergency. The law requires a disaster council to supply a copy of those plans to the Office of Emergency Services. This bill would require the Office of Emergency Services to annually review 10 plans described above to determine if the plans substantially conform to or exceed specified recommendations made by the Federal Emergency Management Agency. The bill would require the office to prioritize in its review a plan submitted from a county determined to be at a high risk of wildfire disaster.

**Status:** 7/1/2020-Referred to Com. on HOUSING.

**Location:** 7/1/2020-S. HOUSING

| Desk      | Policy | Fiscal | Floor | Desk      | Policy | Fiscal | Floor | Conf. Conc. | Enrolled | Vetoed | Chaptered |
|-----------|--------|--------|-------|-----------|--------|--------|-------|-------------|----------|--------|-----------|
| 1st House |        |        |       | 2nd House |        |        |       |             |          |        |           |

**Summary:** Current law, upon a declaration of a shelter crisis by specified local jurisdictions, specifies additional provisions applicable to a shelter crisis declared by one of those jurisdictions. Current law exempts from the California Environmental Quality Act specified actions by a state agency or a city, county, or city and county relating to land owned by a local government to be used for, or to provide financial assistance to, a homeless shelter constructed pursuant to these provisions, and provides that homeless shelters constructed or allowed pursuant to these shelter crisis declarations are not subject to specified laws, including the Special Occupancy Parks Act. Current law also defines a "homeless shelter" as a facility with overnight sleeping accommodations, the primary purpose of which is to provide temporary shelter for the homeless that is not in existence after the declared shelter crisis. Current law requires a city, county, or city and county that declares a shelter crisis pursuant to these provisions to develop a plan to address the shelter crisis on or before July 1, 2019, or July 1, 2020, as applicable, and to annually report to specified committees of the Legislature on or before January 1, 2019, or on or before January 1 of the year following the declaration of the shelter crisis, as applicable, and annually thereafter until January 1, 2023. Current law repeals these additional provisions as of January 1, 2023. This bill would instead apply those additional provisions to a shelter crisis declared by any county or city.

**Summary:** Would require the Office of Emergency Services to, by January 1, 2022, establish best practices for counties developing and updating a county emergency plan. The bill would require the office to, by January 1, 2022, establish a review process for a county to request the office to review a county's emergency plan. The bill would require that review process to provide technical assistance and feedback regarding, among other things, an emergency plan's consistency with the office's proposed best practices.

**Summary:** The Elder California Pipeline Safety Act of 1981 requires the State Fire Marshal to administer provisions regulating the inspection of intrastate pipelines that transport hazardous liquids. The act requires a pipeline operator to make available to the State Fire Marshal, or any officers or employees authorized by the State Fire Marshal, upon presentation of appropriate credentials, any records, maps, or written procedures that are required by the act to be kept by the pipeline operator and which concern accident reporting, design, construction, testing, or operation and maintenance. This bill would revise and recast specified provisions and would authorize the State Fire Marshal, for purposes of carrying out the requirements of state or federal law relating to hazardous liquid pipeline safety, to require the owner or operator of a pipeline to establish and maintain records, make reports, and provide any information that the State Fire Marshal reasonably requires, as provided.

**Summary:** Current law requires the planning agency to review and, if necessary, revise the safety element upon each revision of the housing element or local hazard mitigation plan, but not less than once every 8 years to identify new information relating to flood and fire hazards and climate adaptation and resiliency strategies applicable to the city or county that was not available during the previous revision of the safety element. Current law requires that the Office of Planning and Research, among other things, coordinate with appropriate entities, including state, regional, or local agencies, to establish a clearinghouse for climate adaptation information for use by state, regional, and local entities, as provided. This bill would require the safety element, upon the next revision of the housing element or the hazard mitigation plan, on or after January 1, 2020, whichever occurs first, to be reviewed and updated as necessary to include a comprehensive retrofit strategy to reduce the risk of property loss and damage during wildfires, as specified, and would require the planning agency to submit the adopted strategy to the Office of Planning and Research for inclusion into the above-described clearinghouse.

**Summary:** Under current law, the California FAIR Plan Association is a joint reinsurance association in which all insurers licensed to write basic property insurance participate in administering a program for the equitable apportionment of basic property insurance for persons who are unable to obtain that coverage through normal channels. This bill would require the association, on or before January 31 and July 31 of each year, to submit a report to the commissioner that lists certain counties, according to specified population thresholds, in which the number of new residential property insurance policies issued by the FAIR Plan during the prior 6 months equals a certain percentage of the number of single family residences in that county.

**Summary:** Existing law requires a public water system with 10,000 or more service connections to undertake specified actions, including, among other things, to review and revise its disaster preparedness plan to ensure that it is sufficient to address possible disaster scenarios and, following a declared state of emergency, to furnish an assessment of its emergency response within 6 months thereafter and implement related recommendations in a timely manner. Existing law also requires the Office of Emergency Services to establish emergency response and recovery plans in coordination with public water systems. This bill would instead require an urban water supplier, as defined, to review and revise its emergency response plan as required by federal law. The bill would require the Office of Emergency Services to establish emergency response and recovery plans in coordination with urban water suppliers. Because the bill would require local agencies to perform additional duties, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

**Summary:** Would require an electrical corporation to deploy backup electrical resources or provide financial assistance for backup electrical resources to a customer receiving a medical baseline allowance if the customer meets those conditions and the additional condition that the customer is located in a high fire threat district. The bill would require an electrical corporation to develop its program to provide backup electrical resources or financial assistance in consultation with community disability rights groups or other local disability rights advocates.

**Summary:** Current law defines the terms "state of emergency" and "local emergency" to mean a duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by, among other things, fire, storm, or riot. This bill would additionally include a deenergization event, as defined, within a sudden and severe energy shortage constituting a state of emergency and a local emergency.

**Summary:** If the average daily attendance of a school district, county office of education, or charter school has been materially decreased during a fiscal year because of a specified emergency, current law requires the Superintendent of Public Instruction to estimate the average daily attendance in a manner that credits to the school district, county office of education, or charter school approximately the total average daily attendance that would have been credited to the school district, county office of education, or charter school had the emergency not occurred. This bill would add public safety power shutoffs to the list of emergencies for which the above-described provisions apply.

**Summary:** Current regulations of the California Highway Patrol define a "hi-lo" to be a nonsiren sound alternating between a fixed high and a fixed low frequency and require the "hi-lo" function to be disabled on any siren manufactured after January 1, 1978. This bill would authorize an emergency vehicle to be equipped with a "hi-lo" audible warning sound and would authorize the "hi-lo" to be used solely for the purpose of notifying the public of an immediate need to evacuate. This bill would declare that it is to take effect immediately as an urgency statute.

**Summary:** Current state sales and use tax laws impose a tax on retailers measured by the gross

receipts from the sale of tangible personal property sold at retail in this state or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. This bill, on and after January 1, 2021, and before January 1, 2026, would provide an exemption from those taxes with respect to the sale of, or the storage, use, or consumption of, a backup electrical resource, generator as defined, if that backup electrical generator is purchased for use exclusively in powering a critical facility, as defined, by a city, county, city and county, special district, or other political subdivision during deenergization events, as defined, and the purchaser provides to the seller a written statement with regard to these facts.

**Calendar:** 7/20/2020 2 p.m. - State Capitol, Room 4202 ASSEMBLY HUMAN SERVICES, REYES, Chair  
**Summary:** Current law requires a residential care facility for the elderly to have an emergency and disaster plan that includes specified components, including evacuation procedures. Current law requires the facility to train employees on the plan, conduct emergency drills at least quarterly, review and update the plan, and make the plan available to certain individuals upon request. Current law also requires the facility to have specified information readily available to staff during an emergency and to have specified emergency precautions in place. This bill would make the emergency and disaster preparedness provisions that are applicable to a residential care facility for the elderly, as described above, applicable to adult residential facilities and certain types of a children's residential facility licensed under the California Community Care Facilities Act and to a residential care facility for persons with chronic life-threatening illness. The bill would also require an adult day program licensed under the California Community Care Facilities Act to have an emergency and disaster plan with specified components including, among others, the location of all utility shut-off valves and instructions for use.

**Summary:** Would define "injury," for certain state and local firefighting personnel, peace officers, certain hospital employees, and certain fire and rescue services coordinators who work for the Office of Emergency Services to include being exposed to or contracting, on or after January 1, 2020, a communicable disease, including coronavirus disease 2019 (COVID-19), that is the subject of a state or local declaration of a state of emergency that is issued on or after January 1, 2020. The bill would create a conclusive presumption, as specified, that the injury arose out of and in the course of the employment. The bill would apply to injuries that occurred prior to the declaration of the state of emergency. The bill would also exempt these provisions from the apportionment requirements.

**Summary:** Would require a public or private employer to provide specified notifications to its employees, the Division of Occupational Safety and Health, and the State Department of Public Health, relating to the exposure of its employees to COVID-19 that the employer knew of or should have reasonably have known of, as specified. The bill would define "exposure to COVID-19." The bill would make it a misdemeanor if an employer violates the notification requirements of these provisions. Because a violation of these provisions would be a crime, this bill would impose a state-mandated local program. The bill would require the Division of Occupational Safety and Health and the State Department of Public Health to make the information publicly available on their internet websites, as specified.

**Summary:** Current law grants workers' compensation benefits to a firefighter, or the firefighter's dependents, if the firefighter is injured, dies, or is disabled by proceeding to or engaging in a fire-suppression or rescue operation, or the protection of life or property, anywhere in California, but is not acting under the immediate supervision of the employer. This bill would expand the scope of this provision to apply when a firefighter engages in a fire-suppression or rescue operation, or the protection or preservation of life or property, outside of this state.

**Summary:** Current law creates the Division of Labor Standards Enforcement, which is headed by the Labor Commissioner, and commits to it the general authority to enforce the requirements of the Labor Code. Current law generally authorizes people who believe that they have been discharged or otherwise discriminated against in violation of any law enforced by the Labor Commissioner to file a complaint with the Division of Labor Standards Enforcement within 6 months after the occurrence of the violation. Existing law generally requires the Labor Commissioner to commence actions to enforce labor standards within 3 years of their accrual, as specified. This bill would extend the period of time within which people may file complaints subject to the 6-month deadline, described above, to within one year after the occurrence of the violations.

**Summary:** Current law requires an employer who provides sick leave for employees to permit an employee to use the employee's accrued and available sick leave entitlement to attend to the illness of a family member and prohibits an employer from denying an employee the right to use sick leave or taking specific discriminatory action against an employee for using, or attempting to exercise the right to use, sick leave to attend to such an illness. This bill would provide that the designation of the sick leave taken under these provisions is at the sole discretion of the employee.

**Summary:** Current law authorizes a court to allow a defendant sentenced to county jail for a felony to withdraw their plea of guilty or plea of nolo contendere and enter a plea of not guilty, after the lapse of one or 2 years following the defendant's completion of the sentence, provided that the defendant is not under supervision, and is not serving a sentence for, on probation for, or charged with the commission of any offense. Current law requires the defendant to be released from all penalties and disabilities resulting from the offense of which the defendant was convicted, except as specified. This bill would allow a defendant who successfully participated in the California Conservation Camp Program or a county incarcerated individual hand crew as an incarcerated individual hand crew member to petition to withdraw their plea of guilty or plea of nolo contendere and enter a plea of not guilty. The bill would make persons convicted of specified violent felonies and sex offenses ineligible for relief.

**Summary:** Would require public and private employers of workers who provide direct patient care in a hospital setting to supply those employees with the personal protective equipment necessary to comply with the regulations described above, as specified. The bill would also require an employer to ensure that the employees use the personal protective equipment supplied to them. The bill would further require that an employer in this context maintain a supply of unexpired personal protective equipment that is new and not previously worn or used in an amount equal to 6 months of normal consumption and to provide an inventory of its stockpile to the Division of Occupational Safety and Health upon request. The bill would authorize the assessment of a civil penalty of up to \$25,000 for each violation to maintain the required stockpile.

**Calendar:** 7/14/2020 10 a.m. - State Capitol, Room 437 ASSEMBLY PUBLIC EMPLOYMENT AND RETIREMENT, RODRIGUEZ, Chair

**Summary:** Current law, including the Meyers-Milias-Brown Act, the Ralph C. Dills Act, the Trial Court Employment Protection and Governance Act, the Trial Court Interpreter Employment and Labor Relations Act, and the Los Angeles County Metropolitan Transportation Authority Transit Employer-Employee Relations Act, provisions commonly referred to as the Educational Employment Relations Act, and the Higher Education Employer-Employee Relations Act, among others, regulates the labor relations of the state, the courts, and specified local public agencies and their employees. Current law requires these public employers to provide certain labor representatives with the names and home addresses of newly hired employees, as well as their job titles, departments, work locations, telephone numbers, and personal email addresses, within 30 days of hire or by the first pay period of the month following hire. Current law also requires the public employers to provide this information for all employees in a bargaining unit at least every 120 days, except as specified. This bill would generally authorize an exclusive representative to file a charge of an unfair labor practice with the Public Employment Relations Board, as specified, alleging a violation of the above-described requirements.

**Summary:** Current law requires the Natural Resources Agency to establish a Climate-Safe Infrastructure Working Group for the purpose of examining how to integrate scientific data concerning projected climate change impacts into state infrastructure engineering, including oversight, investment, design, and construction. Current law requires the working group, by July 1, 2018, to make recommendations to the Legislature and the Strategic Growth Council that address specified climate change issues. Current law requires these provisions to be inoperative on July 1, 2020, and repeals them on January 1, 2021. This bill would delete the above inoperative and repeal dates, thereby extending the above provisions indefinitely.

**Summary:** Current law requires a person who owns, leases, controls, operates, or maintains an occupied dwelling or structure in, upon, or adjoining a mountainous area, forest-covered land, brush-covered land, grass-covered land, or land that is covered with flammable material that is within a very high fire hazard severity zone, as designated by a local agency, or a building or structure in, upon, or adjoining those areas or lands within a state responsibility area, to maintain a defensible space of 100 feet from each side and from the front and rear of the structure, as specified. A violation of these requirements is a crime. This bill would require a person described above to use more intense fuel reductions between 5 and 30 feet around the structure, and to create an ember-resistant zone within 5 feet of the structure, as provided.

**Summary:** Would require the Department of Forestry and Fire Protection, by July 1, 2022, to develop a wildland-urban interface wildfire risk model to determine the risk for a community or parcel within a local responsibility area or state responsibility area and guidelines for the proper use of the model, as provided. The bill would require the department to establish, and consult with, an advisory workgroup, with specified members, to develop the model. The bill would require the department to update the model and guidelines when fire hazard severity zones are revised.

**Summary:** The California Emergency Services Act, among other things, requires the Office of Emergency Services to update the State Emergency Plan on or before January 1, 2019, and every 5 years thereafter. The act also requires the office to complete an after-action report within 120 days after each declared disaster. This bill would require the office to coordinate with representatives of the access and functional needs population, as specified, when the office updates the State Emergency Plan. The bill would, instead, require the office to complete an after-action report within 180 days after each declared disaster.

**Summary:** Would establish the Commission on Home Hardening within the Business, Consumer Services, and Housing Agency. The commission would be a 6-member body composed of, among others, the Insurance Commissioner, the State Fire Marshal, the Director of Housing and Community Development, and the Director of the Office of Emergency Services, or any of their respective designees. The bill would require the commission to develop a 3-tiered system of fire prevention levels for structures in a Wildland Urban Interface environment, as specified. The bill would require the commission to develop guidelines for certifying structures within the 3-tiered system by third-party inspectors and best practices for home hardening and wildfire mitigation for homeowners seeking certification. The bill would require the commission to work with stakeholders from fire protection districts, the insurance industry, building trades industry, planning associations, and cities and counties in developing the 3-tiered system and would require the system to comply with certain standards.

**Summary:** Current law requires the Director of Forestry and Fire Protection to identify areas of the state as very high fire hazard severity zones based on specified criteria. Current law requires a local agency, within 30 days after receiving a transmittal from the director that identifies very high fire hazard severity zones, to make the information available for public review, as provided. This bill would also require the director to identify areas of the state as moderate and high fire hazard severity zones and would require a local agency to make this information available for public review and comment, as provided.

**Summary:** Current law imposes various taxes, including taxes on the privilege of engaging in certain activities. The Fee Collection Procedures Law, the violation of which is a crime, provides procedures for the collection of certain fees and surcharges. Current law establishes the California Department of Tax and Fee Administration in the Government Operations Agency to administer various statutory taxes and fees, as provided. Current law provides that the Controller shall superintend the fiscal concerns of the state. This bill would, on and after January 1, 2021, but before January 1, 2026, impose a tax on a large business, defined as a for-profit, private entity that has more than 500 employees that perform any part of their duties within the state, at the rate of \$275 per employee. The bill would require the California Department of Tax and Fee Administration to administer the tax and collect the tax pursuant to the Fee Collection Procedures Law.

**Summary:** Current law specifies that moneys in the Broadband Public Housing Account are available for the Public Utilities Commission to award grants and loans to an eligible publicly supported community to finance a projects to connect broadband network to that publicly supported community. Current law requires moneys in the Broadband Public Housing Account that have not been awarded by December 31, 2020, be transferred back to the Broadband Infrastructure Grant Account. This bill would revise the goal of the program to provide that its goal is to approve funding by an unspecified date, for infrastructure projects that will provide broadband access to no less than 98% of California households in each consortia region, as identified by the commission on or before January 1, 2017. The bill would establish the State Agency Direct Allocation Account in the CASF and would specify that the moneys in the account, upon appropriation by the Legislature, for various purposes, including upgrades to low-income census blocks to enable distance learning and telehealth and telemedicine.

**Summary:** This bill would require the Strategic Growth Council, until July 31, 2025, to establish and administer a local agency formation commissions grant program for the payment of costs associated with initiating and completing the dissolution of districts listed as inactive, the payment of costs associated with a study of the services provided within a county by a public agency to a disadvantaged community, as defined, and for other specified purposes, including the initiation of an action, as defined, that is limited to service providers serving a disadvantaged community and is based on determinations found in the study, as approved by the commission. The bill would specify application submission, reimbursement, and reporting requirements for a local agency formation commission to receive grants pursuant to the bill. The bill would require the council, after consulting with the California Association of Local Agency Formation Commissions, to develop and adopt guidelines, timelines, and application and reporting criteria for development and implementation of the program, as specified, and would exempt these guidelines, timelines, and criteria from the rulemaking provisions of the Administrative Procedure Act. The bill would make the grant program subject to an appropriation for the program in the annual Budget Act, and would repeal these provisions on January 1, 2026. This bill contains other existing laws.

**Summary:** Would authorize the owner of property substantially damaged or destroyed by a disaster, as declared by the Governor, to apply the base year value of that property to replacement property reconstructed on the same site of the damaged or destroyed property within 5 years after the disaster if the reconstructed property is comparable to the substantially damaged or destroyed property, determined as provided. The bill would specify that property is substantially damaged or destroyed for these purposes if the improvements sustain physical damage amounting to more than 50% of the improvements' full cash value immediately prior to the disaster.

**Summary:** Would authorize the State Water Resources Control Board to delegate partial responsibility for the California Safe Drinking Water Act's administration and enforcement by means of a local primacy delegation agreement. The bill would authorize the state board, for counties that have not been delegated primary responsibility as of January 1, 2021, to offer an opportunity for the county to apply for partial or primary responsibility if the state board determines that it needs assistance in performing administrative and enforcement activities, as specified. The bill would authorize the state board to approve the application for delegation if the state board determines that the local health officer is able to sufficiently perform the administrative and enforcement activities and would specify that a local primacy agency has all of the authority over designated public water systems as is granted to the state board by the act.

**Summary:** The Sales and Use Tax Law designates that certain sellers of tangible personal property are consumers, and not retailers, of the tangible personal property they sell, including, until January 1, 2021, that an all volunteer fire department, as defined, is a consumer, and not a retailer, of all tangible personal property sold by it, if the profits are used solely and exclusively in furtherance of the purposes of the all volunteer fire department, subject to specified limitations, so that the retail sale subject to tax is the sale of tangible personal property to the all volunteer fire department. This bill would extend the operation of that consumer designation for all volunteer fire departments until January 1, 2026.

**Summary:** The Joint Exercise of Powers Act generally authorizes 2 or more public agencies to agree to jointly exercise a common power. Current law specifically authorizes 2 or more public agencies that have the authority to invest funds in their treasuries to agree to jointly exercise that common power and describes how funds subject to that agreement may be invested. This bill would authorize a joint powers authority formed as described above to establish the terms and conditions pursuant to which agencies may participate and invest in pool shares. The bill would specify that a federally recognized Indian tribe is eligible to participate in a joint powers authority formed for this purpose, consistent with its status as a public agency under the Joint Exercise of Powers Act, or to otherwise invest in pool shares consistent with the terms and conditions established by the joint powers authority.

**Summary:** Current law requires the amount of a density bonus and the number of incentives or concessions a qualifying developer receives to be pursuant to a certain formula based on the total number of units in the housing development, excluding the units added by a density bonus awarded pursuant to the Density Bonus Law or any local law granting a greater density bonus. This bill would require a unit designated to satisfy the inclusionary zoning requirements of a city or county to be included in the total number of units on which a density bonus and the number of incentives or concessions are based.

**Summary:** The Proposition 218 Omnibus Implementation Act prescribes specific procedures and parameters for local jurisdictions to comply with these requirements and, among other things, authorizes an agency providing water, wastewater, sewer, or refuse collection services to adopt a schedule of fees or charges authorizing automatic adjustments that pass through increases in wholesale charges for water, sewage treatment, or wastewater treatment or adjustments for inflation under certain circumstances. Current law defines, among other terms, the term "water" for these purposes to mean any system of public improvements intended to provide for the production, storage, supply, treatment, or distribution of water from any source. This bill would specify that "water" for purposes of the Proposition 218 Omnibus Implementation Act also includes the public fixtures, appliances, and appurtenances connected to an above-described system of public improvements intended to provide for the production, storage, supply, treatment, or distribution of water from any source.

**Summary:** Current law establishes the Commission on Peace Officer Standards and Training within the Department of Justice to perform various functions involving the training of peace officers. Current law requires peace officers in this state to meet specified minimum standards, including, among other requirements, that peace officers be evaluated by a physician and surgeon or psychologist and found to be free from any physical, emotional, or mental condition that might adversely affect the exercise of the powers of a peace officer. This bill would require that evaluation to include bias against race or ethnicity, gender, nationality, religion, disability, or sexual orientation.

**Summary:** The Bagley-Keene Open Meeting Act requires that all meetings of a state body, as defined, be open and public, and that all persons be permitted to attend any meeting of a state body, except as otherwise provided in that act. Current law requires the state body to provide notice of its meeting, including specified information and a specific agenda of the meeting, as provided, to any person who requests that notice in writing and to make that notice available on the internet at least 10 days in advance of the meeting. This bill would, except for closed sessions, require that this notice include all writings or materials provided for the noticed meeting to a member of the state body by staff of a state agency, board, or commission, or another member of the state body, that are in connection with a matter subject to discussion or consideration at the meeting.

**Summary:** The Teachers' Retirement Law establishes the State Teachers' Retirement System (STRS) and creates the Defined Benefit Program of the State Teachers' Retirement Plan, which provides a defined benefit to members of the program, based on final compensation, credited service, and age at retirement, subject to certain variations. STRS is administered by the Teachers' Retirement Board. The Defined Benefit Program is funded by employer and employee contributions, as well as investment returns and state appropriations, which are deposited or credited to the Teachers' Retirement Fund. Current law authorizes a member to elect continued defined benefit coverage in STRS when taking a position that provides a defined benefit in another public retirement system, and requires the election to be made in writing and to be filed with STRS and the other public retirement system. This bill would remove the requirement that the election be filed with the other public retirement system, and would instead require the employer to retain a copy of the election form.

**Summary:** PERL authorizes a public agency to contract to make all or part of its employees members of PERS, subject to specified conditions, and requires membership in PERS to be compulsory for all employees included under a contract. Current law prohibits these contracts from providing for the exclusion of some, but not all, firefighters and specified public safety officers. With regard to other groups of employees, existing law requires that they be based on general categories, such as departments or duties, and not on individual employees. This bill would delete provisions of PERL that generally authorize a public agency contracting with PERS to make all or part of its employees members of the system. The bill would generally prohibit exclusions of groups of employees from being made by amendment of a public agency contract with PERS. The bill would apply these provisions to contracts entered into, amended, or extended on and after January 1, 2020.

**Summary:** Would establish new procedures under PERL for cases in which PERS determines that the benefits of a member or annuitant are, or would be, based on disallowed compensation that conflicts with PEPRA and other specified laws and thus impermissible under PERL. The bill would also apply these procedures retroactively to determinations made on or after January 1, 2017, if an appeal has been filed and the employee member, survivor, or beneficiary has not exhausted their administrative or legal remedies. At the threshold, after determining that compensation for an employee member reported by the state, school employer, or a contracting agency is disallowed, the bill would require the applicable employer to discontinue the reporting of the disallowed compensation.
