Summary: The California Constitution requires any change in state statute that increases the tax liability of any taxpayer to be imposed by an act approved by 2/3 of the membership of each house of the Legislature, and prohibits specified taxes on real property from being so imposed. Summary: The Public Employees' Retirement Law, until January 1, 2018, provides a state safety member of the Public Employees' Retirement System who retires for industrial disability a retirement benefit equal to the greatest amount resulting from 3 possible calculations. In this regard, the benefit amount is based on an actuarially reduced service retirement, a service retirement allowance, if the member is qualified, or 50% of his or her final compensation, plus an annuity purchased with his or her accumulated contributions, if any. Current law establishes the Public Employees' Retirement Fund, which is appropriated continuously for various purposes, including the payment of benefits.
