Assembly and Senate Budget Subcommittee Hearings

The Assembly Budget Subcommittee #3 on Resources released its agenda ([here](#)) for Wednesday’s (03/21/2018) hearing on the Governor’s Greenhouse Gas Reduction Fund (GGRF) proposal; page 19.

The Senate Budget Subcommittee #2 on Resources will hold its hearing on Thursday (03/22/2018) regarding the Governor's Greenhouse Gas Reduction Fund (GGRF) proposal.

In advance of next week's first budget committee hearings, CARB has released its report on how GGRF dollars have been invested to date and the benefits received. A few noteworthy items:

- Since 2014, \$6.1 billion has been appropriated to 17 state agencies that have distributed \$2 billion to projects that are completed or under way.
- More than \$720 million in new funding last year went to projects that were either under way or completed.
- In California's forests these funds are protecting more than 1.4 million acres, funding projects to reduce fire risk, limit loss of life and property damage, and lower the cost of fighting wildfires.
- Fifty-one percent of the \$2 billion in implemented projects (\$1 billion) is providing [benefits to disadvantaged communities](#), including 31 percent (\$615 million) going to projects located within these communities.
- Nearly 100% of the State's Disadvantaged Communities Receive Investments.
- Projects funded to date are expected to reduce GHG emissions by more than 23 million metric tons of carbon dioxide equivalent (CO₂e), roughly the equivalent of taking four million cars off the road for a year.

Summary: Current provides that under an open policy that requires payment of actual cash value, the measure of the actual cash value recovery, in whole or partial settlement of the claim, is, in the case of a total loss to the structure, the policy limit or the fair market value of the structure, whichever is less, and, in the case of a partial loss to the structure or loss to its contents, the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less. This bill would delete the provisions regarding the actual cash value of the claim of total loss to the structure and would instead require that the actual cash value of the claim, for either a total or partial loss to the structure or its contents, be the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less.

Summary: Current law requires an insurer to comply with certain procedures relating to the cancellation of insurance policies, except as specified, in the case of a total loss to the primary insured structure under a residential policy. Among other requirements, an insurer may not cancel coverage while the primary insured structure is being rebuilt, as specified, nor use the fact that the primary insured structure is in damaged condition as a result of the total loss as the sole basis for a decision to cancel the policy, and must offer, at least once, to renew the policy, as specified, if the total loss to the primary insured structure was caused by a disaster. This bill would instead require the insurer to offer to renew the policy for at least the next 2 annual renewal periods or 24 months, whichever is greater. Calendar: 4/3/2018 1:30 p.m. - State Capitol, Room 4202 ASSEMBLY HEALTH, WOOD, Chair

Summary: Current federal law, the 21st Century Cures Act, authorizes the United States Secretary of Health and Human Services to award competitive grants to state and local governments and Indian tribes and tribal organizations to enhance community-based crisis response systems that, among other things, promote integration and coordination between local public and private entities engaged in crisis response, such as first responders, health care providers, and behavioral health providers, and addresses gaps in community resources for crisis intervention and prevention. This bill would require the State Department of Health Care Services to develop and submit an application to solicit a grant under the federal authority described above to develop a community-based crisis response plan and would require the grant application to include, at a minimum, a plan for specified objectives.

Summary: Current law provides that, after January 1, 2008, a general acute care hospital building that is determined to be a potential risk of collapse or to pose significant loss of life in the event of seismic activity be used only for nonacute care hospital purposes, except that the Office of Statewide Health Planning and Development may grant 5-year and 2-year extensions under prescribed circumstances. The office may revoke an extension granted pursuant to the latter authority under certain circumstances. Summary: The Aboveground Petroleum Storage Act defines an "aboveground storage tank" as a tank that has the capacity to store 55 gallons or more of petroleum and that is substantially or totally

above the surface of the ground or is a tank in an underground area, as defined, except for certain types of tanks and vessels. Summary: The County Employees Retirement Law of 1937 provides that a member who is permanently incapacitated shall be retired for disability despite age if, among other conditions, the member's incapacity is a result of injury or disease arising out of and in the course of the member's employment, and that employment contributes substantially to that incapacity or the member has completed 5 years of service and not waived retirement in respect to the particular incapacity or aggravation thereof, as specified. This bill would require, for purposes of determining permanent incapacity of certain members employed as peace officers, that those members be evaluated by the retirement system to determine if they can perform all of the usual and customary duties of a peace officer, as specified.

Summary: PERL authorizes a public agency to contract to make its employees members of PERS, and prescribes a process for this. PERL authorizes a public agency wishing to participate in PERS to request a quotation of the approximate contributions that would be required in this regard. If the governing body intends to approve the proposed contract, PERL requires the body to adopt a resolution giving notice of that intention and prohibits approval of the contract until an election has been held that permits the employees to be included in PERS to express their approval or disapproval.
