Summary: Current law defines the measure of indemnity for a loss under an open fire insurance policy and specifies time limits under which an insured must collect the full replacement cost of the loss. Current law prohibits, in the event of a total loss of the insured structure, a fire insurance policy issued or delivered in the state from limiting or denying payment of the replacement cost of property if the insured decides to rebuild or replace the property at a location other than the insured premises. Current law requires the measure of indemnity to be based upon the replacement cost of the insured property and prohibits it from being based upon the cost to repair, rebuild, or replace at a location other than the insured premises. This bill would instead prohibit, in the event of a total loss of an insured structure, a fire insurance policy issued or delivered in this state from containing a provision that limits or denies, on the basis that the insured has decided to rebuild at a new location or to purchase an already built home at a new location, payment of the building code upgrade cost or the replacement cost, including any extended replacement cost coverage, to the extent those costs are

Among other requirements, an insurer may not cancel coverage while the primary insured structure is being rebuilt, as specified, nor use the fact that the primary insured structure is in damaged condition as a result of the total loss as the sole basis for a decision to cancel the policy, and must offer, at least once, to renew the policy, as specified, if the total loss to the primary insured structure was caused by a disaster. Summary: Current law requires an insurer, in the event of a loss under a residential insurance policy for which the insured has made a claim for additional living expenses, to provide the insured with a list of items that the insurer believes may be covered under the policy as additional living expenses. Additionally, current law provides that, in the case of a loss related to a declared state of emergency, an insurer provide coverage for living expenses for a period of 24 months, subject to the limitations of the policy. This bill would specify that additional living expense coverage shall include all reasonable expenses incurred by the insured in order to maintain a comparable standard of living and would provide a list of expenses that shall be covered.

This bill would provide that a policy that does not cover the peril of landslide shall not exclude coverage for any loss or damage attributable to a landslide if the landslide resulting in loss or damage was proximately caused by another covered peril, as provided. Summary: The Control, Regulate and Tax Adult Use of Marijuana Act (AUMA), an initiative measure enacted by the approval of Proposition 64 at the November 8, 2016, statewide general election, provides for the licensure and regulation of commercial nonmedical marijuana activities, for which responsibility is also generally divided between those same state entities. This bill would specify that those prohibitions also apply to the advertising of marijuana and include the use of any similar sounding name that is likely to mislead consumers as to the origin of the product.

Summary: Would require that an agency participating in PERS that increases the compensation of a member who was previously employed by a different agency to bear all actuarial liability for the action, if it results in an increased actuarial liability beyond what would have been reasonably expected for the member. The bill would require, in this context, that the increased actuarial liability be in addition to reasonable compensation growth that is anticipated for a member who works for an employer or multiple employers over an extended time. The bill would require, if multiple employers cause increased liability, that the liability be apportioned equitably among them.

Summary: The Public Employees' Retirement Law (PERL) establishes the Public Employees' Retirement System (PERS), which provides pension and other benefits to members of PERS. PERL requires certain public employers to contribute moneys to PERS. Current law prohibits the state, school employers, and contracting agencies, as defined, from refusing to pay the employers' contribution as required by PERL. This bill would require a contracting agency that fails to make a required contribution to PERS to notify members of the delinquency within 30 days, as specified.

Summary: CERL authorizes the retirement boards of 5 specified counties to appoint assistant administrators and chief investment officers who, following appointment, are outside county charter, civil service, and merit system rules, except as specified. CERL provides that these administrators and officers are employees of the county, as specified, while serving at the pleasure of the appointing boards, and that they may be dismissed without cause.
