Re: FIRE Legislative Report – January 11, 2019

Governor Newsom's 2019-20 Proposed State Budget

After his inauguration on Monday, Governor Gavin Newsom released his first State Budget on Thursday. The total proposal exceeds \$209B, which is roughly \$8B more than Governor Brown's final budget. Although increased funding for affordable housing, healthcare reform and education are prominently featured, the new Governor has placed wildfire preparedness and suppression funding as a top priority for the new Session. He held a press conference on his first full day in office in Colfax to announce a renewed focus on emergency management and disaster response – link for press conference video [here](#). The Governor's proposed State Budget reflects this commitment on multiple fronts. The Budget includes an increase of \$172.3M to improve the state emergency response and preparedness capabilities and includes additional funds of \$25M from the General Fund for the pre-positioning of local government resources that are part of the Master Mutual Aid System. The Budget also reflects enhancements in the area of technology and communications including State Emergency Telephone Number Account (SETNA), build out and improved forms of technology to support fire detection and suppression.

The CFCA, FDAC, Metro Chiefs and Leagues of Cities Fire Chiefs Department issued the following Joint Statement on the Governor's Budget proposal:

“California’s local fire chiefs applaud Governor Newsom for bold leadership in making our communities safer from the growing threats of wildfires and other disasters. The governor’s proposed budget expands on the important steps taken last year to strengthen our Mutual Aid System and increase fire prevention and planning.

“As we have seen during the past two years of historic devastation, first responders need both more resources and new strategies to better protect lives, homes and entire communities from the new normal of fast-moving wildfires and floods. We are particularly pleased that Governor Newsom has proposed \$25 million to continue the state’s investment in pre-

positioning strike teams of local firefighters in areas of heightened fire risk. This ongoing investment is an essential component to the overall strategy in leveraging local government's role in partnering with Cal OES and CALFIRE.

"Governor Newsom's budget proposal also moves us closer to a next generation 9-1-1 system, improving the inter-operability of public safety radio systems and making better use of remote technology to monitor fire activity and direct our emergency response. Moreover, the budget would make a significant investment to educate residents in high-risk areas regarding disaster preparedness and safety.

"We look forward to working with the governor's office and state lawmakers, as well as our partners representing local government and organized labor, to adopt these critical public safety funding measures."

The Legislature will begin considering the 2019-20 Budget next week with full committee hearings. Subcommittee hearings will begin soon after that.

Governor's Appointments

Governor Newsom's Administration will establish a **Senior Advisor on Emergency Preparedness and Management within the Governor's Office** to directly coordinate with Administration officials across agencies and departments, as well as federal, state and local officials and public safety experts. The position will be filled by respected Capitol staffer **Rhys D.J. Williams**, who previously served as Chief of Staff in the Office of the Lieutenant Governor. Williams will serve as Senior Advisor for Emergency Preparedness and Management within the Governor's Office. Williams has served in senior leadership positions for two California Senate Presidents (Steinberg and Perata) since immigrating to the United States in 2009. Most recently, Williams was the Chief of Staff to Lieutenant Governor Newsom. Our leaders met with Rhys in December and we have begun a positive collaborative relationship, which we hope will last for years.

With an emphasis on continuity and expertise, Governor Newsom also **retained and reappointed Governor's Office of Emergency Services (Cal OES) Director Mark Ghilarducci**. Ghilarducci was appointed the Director of Cal OES in July 2013 by Governor Edmund G. Brown Jr., having previously served as Secretary of the California Emergency Management Agency under Governor Brown. He has also served as Deputy Director of Cal OES under Governor Gray Davis, where he oversaw statewide emergency operations, planning and training.

Newsom also **appointed as Director of the California Department of Forestry and Fire Protection (CAL FIRE) Thomas Porter**, currently serving as Acting Director. Porter is currently serving as Acting Director at CAL FIRE, where he will continue to serve as the appointed Director. Porter began his career with CAL FIRE in 1999 and has held multiple responsibilities, including vegetation management, pre-fire

programs, and fuel management grant programs. Porter was promoted to Southern Region Chief in 2015, and later to Chief of Strategic Planning.

Legislative Update

The leaders of both Houses have made their committee assignments, but actual hearings will not commence until next month. A few bills of note have been introduced to date:

[Assembly Bill 38 \(Wood\)](#) would require the State Fire Marshal to develop building standards for buildings in very high fire hazard severity zones by July 1, 2020, and require all newly constructed buildings to comply with these new building standards.

[Assembly Bill 41 \(Gallagher\)](#) would provide that the state share for disaster project allocations to local agencies is no more than 75% of total state eligible costs, except for specified events for which the state share is up to 100% of state eligible costs connected with the Camp Fire.

[Assembly Bill 42 \(Gallagher\)](#) would state the intent of the Legislature to enact legislation to provide for state allocations with respect to property tax revenue reductions resulting from reassessment for damages incurred within Butte County due to the Camp Fire.

[Assembly Bill 183 \(Wood\)](#) would require the PUC to collect information from telecommunication service providers regarding their resources used to restore service outages caused by and to repair or replace infrastructure damaged as a result of natural disasters.

[Senate Bill 45 \(Allen\)](#) would place a bond measure on the 2020 State Ballot to finance projects in fire damaged areas and to reduce wildfire risks among other wildfire, drought and flood protection areas.

[Senate Bill 46 \(Jackson\)](#) would clarify certain provisions in her [SB 821 \[Chapter 615, Statutes of 2018\]](#), which was enacted last year to create a workable county operated public emergency warning system.

[Senate Bill 130 \(Galgiani\)](#) is an intent bill seeking legislation to authorize the installation of a siren warning system for wildfires in populated areas and communities in state responsibility areas.

**FIRE Legislative Status Report (BY SUBJECT AREA)

Building Permits/Standards

[AB 38](#)

(Wood D) Fire safety.

Current Text: Introduced: 12/3/2018 [html](#) [pdf](#)

Introduced: 12/3/2018

Status: 12/4/2018-From printer. May be heard in committee January 3.

Location: 12/3/2018-A. PRINT

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Would require, no later than July 1, 2020, the State Fire Marshall to develop, and the California Building Standards Commission to review, building standards for buildings in very high fire hazard severity zones. The bill would require, beginning on July 1, 2020, all newly constructed buildings and all transferred buildings in very high fire hazard severity zones to comply with the building standards. By requiring new building standards for buildings in very high fire hazard severity zones, this bill would expand the definition of a crime and impose a state-mandated local program.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Planning and Zoning Law authorizes a local agency to provide, by ordinance, for the creation of accessory dwelling units in single-family and multifamily residential zones and sets forth required ordinance standards, including, among others, maximum unit size, parking, and height standards. This bill would prohibit an ordinance from imposing requirements on minimum lot size, lot coverage, or floor area ratio, and would prohibit an ordinance from establishing size requirements for accessory dwelling units that do not permit at least an 800 square foot unit of at least 16 feet in height to be constructed.

Summary: Current law authorizes each county, including a city and county, to enter into an agreement to access the contact information of resident accountholders through the records of a public utility or other agency responsible for water service, waste and recycling services, or other property-related services for the sole purpose of enrolling county residents in a county-operated public emergency warning system. Current law requires any county that enters into such an agreement to include procedures to enable any resident to opt out of the warning system and a process to terminate the receiving agency's access to the resident's contact information. Current law prohibits the use of the information gathered for any purpose other than for emergency notification. This bill would expand these provisions to authorize a city to enter into an agreement to access the contact information of resident accountholders through the records of a public utility as specified.
