Re: FIRE Legislative Report – Week Ending April 5, 2019

Legislative Update

[Assembly Bill 69 \(Ting\)](#) has been amended to require the Department of Housing and Community Development Department to propose building standards for accessory dwelling units. As amended, the bill passed the Assembly Housing and Community Development Committee and has been referred to the Assembly Appropriations Committee. *FIRE POSITION: OPPOSE.*

[Assembly Bill 557 \(Wood\)](#) would appropriate \$9,250,000 to the Department of Water Resources to operate the Atmospheric Rivers: Research, Mitigation and Climate Forecasting Program. Part of the rationale for the measure is to obtain accurate data to assist in deploying pre-positioning of fire service resources. The bill passed the Assembly Water, Parks and Wildlife Committee and now goes to the Assembly Appropriations Committee. *FIRE POSITION: WATCH.*

[Assembly Bill 868 \(Bigelow\)](#) has been amended to require electrical utilities to adopt protocols for deenergization, protocols from providing notice and steps to minimize adverse effects and protocols for restoring service following a deenergization. *FIRE POSITION: WATCH.*

[Assembly Bill 932 \(Low\)](#) provides that firefighters injured out of state while engaged in fire-suppression or rescue operations shall be eligible for workers' compensation benefits. The bill passed the Assembly Insurance Committee and moves on to the Assembly Appropriations Committee. *FIRE POSITION: SUPPORT.*

[Assembly Bill 1332 \(Bonta\)](#) has been amended to establish a Sanctuary State Contracting and Investment Act, which would prohibit state and local agencies from contracting with any entity that provides a federal immigration agency with any data broker or detention facility services. *FIRE POSITION: OPPOSE/COALITION.*

[Assembly Bill 1668 \(Carrillo\)](#) has been amended to require the Conservation Corps (CCC) to establish an Education and Employment Reentry Program to employ former incarcerated inmates who successfully served on a CCC program crew and were recommended by CALFIRE. *FIRE POSITION: UNDER REVIEW.*

[Senate Bill 4 \(McGuire\)](#) creates a streamlined approval process for eligible in-fill urban housing projects. The bill has been amended to strike the elimination of certain developer fees and instead, to require a study to evaluate the reasonableness of such local fees. The bill also includes a provision prohibiting streamlining if the local agency finds the development would have an adverse effect on public health and safety, including fire safety. As amended, SB 4 passed the Senate Housing Committee and has been referred to the Senate Governance and Finance Committee. *FIRE POSITION: WATCH W/ CONCERNS.*

[Senate Bill 13 \(Wieckowski\)](#) expands the scope of accessory dwelling unit construction if a local government zones for ADUs and provides for an expedited ministerial review process for ADUs. The bill passed the Senate Housing Committee and has been referred to the Senate Governance and Finance Committee. *FIRE POSITION: OPPOSE.*

[Senate Bill 45 \(Allen\)](#) would place on the 2020 Ballot a \$4.3B bond act to finance projects to reduce fire risk, restore fire-damaged land and create healthy forests and watersheds, among other natural resource improvements. SB 45 passed the Senate Committee on Environmental Quality and moves to the Senate Appropriations Committee. *FIRE POSITION: WATCH.*

[Senate Bill 670 \(McGuire\)](#) would require telecommunications providers to report outages to CalOES and would direct OES to notify applicable local government agencies. The bill passed the Senate Energy, Utilities and Communications Committee and has been referred to the Senate Governmental Organization Committee. *FIRE POSITION: SUPPORT.*

AB 38

(Wood D) Fire safety: State Wildfire Preparedness Board: Fire Hardened Homes Revolving Loan Fund.

Current Text: Amended: 3/21/2019 [html](#) [pdf](#)

Introduced: 12/3/2018

Last Amend: 3/21/2019

Status: 4/3/2019-VOTE: Do pass as amended and be re-referred to the Committee on [Natural Resources]

Location: 4/3/2019-A. NAT. RES.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law, the California Building Standards Law, requires the State Fire Marshal to develop, and the California Building Standards Commission to review, building standards to implement the state's fire and life safety policy. This bill would, on or after July 1, 2025, require a seller of a building in a very high fire hazard severity zone to provide to the buyer a certificate certifying that the low-cost retrofits developed by the State Fire Marshal have been undertaken on the building.

Summary: Current law establishes a program within all cities and all counties and portions thereof located within seismic zone 4, as defined, to identify all potentially hazardous buildings and to establish a mitigation program for these buildings. This bill would require the Alfred E. Alquist Seismic Safety Commission, by specified deadlines, to identify funding and develop a bidding process for hiring a third-party contractor to create an inventory of potentially vulnerable buildings, as defined. The bill would require the third-party contractor, in conjunction with the commission, by July 1, 2022, to develop a statewide inventory of potentially seismically vulnerable buildings in 29 specified counties in California using information developed by local jurisdictions pursuant to the above-described provisions.

Summary: Current law, until January 1, 2026, authorizes a development proponent to submit an application for a multifamily housing development, which satisfies specified objective planning standards, that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit. Under current law, those objective planning standards include that the development proponent must certify both (1) that the development is either a public work, for purposes of specified law, or that all construction workers employed in the execution of the development will be paid at least the general prevailing rate of per diem wages for the type of work and geographic area and (2) that if the development meets certain conditions, a skilled and trained workforce, as defined, will be used to complete the development if the application is approved, as provided. Existing law exempts from any requirement to pay prevailing wages or use a skilled and trained workforce a project that includes 10 or fewer units and is not a public work. This bill would delete the requirement that a skilled and trained workforce be employed on any project subject to these provisions.

Summary: The Planning and Zoning Law law requires that the housing element, among other things, sets forth a schedule of actions during the planning period that the local government is undertaking or intends to undertake to implement the policies and achieve the goals of the housing element, as provided. Current law authorizes the Department of Housing and Community Development to allow a city or county to substitute the provision of units for up to 25% of the community's obligation to identify adequate sites for any income category in its housing element pursuant to a schedule of actions. This bill would additionally authorize the department to allow a city or county to substitute the provision of units for up to 25% of the community's obligation to identify adequate sites for any income category under the above-described schedule of actions if the governing body of the city or county has adopted both (1) an ordinance that implements requirements under state law, as well as any applicable requirements of the city or county, relating to accessory dwelling units and meets certain requirements and (2) an ordinance establishing a permitting process and appropriate standards to regulate short-term rentals of single-family dwellings in order to accomplish specified objectives. The bill would also make various nonsubstantive changes.

Summary: Current law requires the State Board of Forestry and Fire Protection, on or before July 1, 2022, to develop criteria and maintain a "Fire Risk Reduction Community" list of local agencies located in a state responsibility area or a very high fire hazard severity zone that meet best practices for local fire planning. Current law requires the board to consider certain things when developing the criteria for the list, including recently developed or updated community wildfire protection plans. This bill would also require the board, when considering developing criteria for the list, to also consider compliance with the board's regulations, including the minimum fire safety standards.

Summary: The Elder California Pipeline Safety Act of 1981 requires the State Fire Marshal to administer provisions regulating the inspection of intrastate pipelines that transport hazardous liquids. The act requires a pipeline operator to make available to the State Fire Marshal, or any officers or employees authorized by the State Fire Marshal, upon presentation of appropriate credentials, any records, maps, or written procedures that are required by the act to be kept by the pipeline operator and which concern accident reporting, design, construction, testing, or operation and maintenance. This bill would revise and recast specified provisions and would authorize the State Fire Marshal, for purposes of carrying out the requirements of state or federal law relating to hazardous liquid pipeline safety, to require the owner or operator of a pipeline to establish and maintain records, make reports, and provide any information that the State Fire Marshal reasonably requires, as provided.

Summary: Current law provides that in the case of active firefighting members of certain fire departments, a compensable injury includes cancer that develops or manifests itself during the period when the firefighter demonstrates that the firefighter was exposed while in the service of the public agency to a known carcinogen, as defined. Existing law establishes a presumption that the cancer in these cases arose out of, and in the course of, employment, unless the presumption is controverted by evidence that the primary site of the cancer has been established and that the carcinogen to which the member has demonstrated exposure is not reasonably linked to the disabling cancer. This bill would make that presumption applicable to fire service personnel with exposure to active fires or health hazards resulting from firefighting operations, rather than active firefighting members.

Current law includes within "family care and medical leave" the birth, adoption, or foster care placement of a child and the serious health condition of the employee's child, parent, or spouse. This bill would expand the scope of those provisions to instead prohibit an employer with 5 or more employees to refuse to grant an employee a request to take up to 12 weeks of unpaid leave for family care and medical leave if the employee had 180 days of service with the employer.

Summary: The California Constitution requires the state to provide a subvention of funds to reimburse local government for the costs of a new program or a higher level of service, with specified exceptions, when the Legislature or a state agency mandates a new program or higher level of service on any local government, including school districts. Current law authorizes a local agency or school district, by February 15, to file an annual reimbursement claim detailing these state-mandated costs, as specified. This bill would extend that date to March 1.

Summary: The California Constitution authorizes the Legislature, with the approval of 2/3 of the membership of each legislative house, to allow a county board of supervisors to exempt from property taxation those properties having a full value too low to justify the costs of assessment and collection. Current property tax law implementing this authority generally limits any exemption granted under this constitutional provision by a county board of supervisors to real property with a total base year value, or personal property with a full value, not exceeding \$10,000. Current property tax law increases this limit to \$50,000 in the case of a possessory interest, for a temporary and transitory use, in a publicly owned fairground, fairground facility, convention facility, or cultural facility. This bill, for lien dates occurring on or after January 1, 2020, and before January 1, 2025, would delete this requirement that the possessory interest be for a temporary and transitory use of a publicly owned fairground, fairground facility, convention facility, or cultural facility, thereby allowing the exemption from taxation under these provisions of any possessory interest valued at \$50,000 or less.

Summary: Current law authorizes the legislative body of a city or a county to establish an enhanced infrastructure financing district, with a governing body referred to as a public financing authority, to finance public capital facilities or other specified projects of communitywide significance. Current law requires a public financing authority to adopt an infrastructure financing plan and hold a public hearing on the plan, as specified. Current law authorizes the public financing authority to issue bonds for these purposes upon approval by 55% of the voters voting on a proposal to issue the bonds. Current law requires the proposal submitted to the voters by the public financing authority and the resolution for the issuance of bonds following approval by the voters to include specified information regarding the bond issuance. This bill would instead authorize the public financing authority to issue bonds for these purposes without submitting a proposal to the voters.

Summary: The Fire Protection District Law of 1987 provides that whenever a district board determines that it is in the public interest to provide different services, to provide different levels of service, or to raise additional revenues within specific areas of the district, it may form one or more service zones by adopting a resolution that includes specified information, fixing the date, time, and place for public hearing on the formation of the zone, publishing notice, as specified, hearing and considering any protests to the formation of the zone at the hearing, and, at the conclusion of the hearing, adopting a resolution ordering the formation of the zone. If a resolution adopted after the public hearing would substantially expand the provision of services outside of an existing service zone and the extension of service would result in those persons in the expanded area paying charges for the expansion of services, this bill would provide that the resolution does not become effective unless approved by a majority of the voters within the expanded service area.

Summary: This bill, notwithstanding the requirement that the remaining bond proceeds be used to defease the bonds or to purchase those same outstanding bonds on the open market for cancellation, would authorize a successor agency to use the remaining bond proceeds for the purposes of increasing, improving, and preserving affordable housing, as defined. The bill, if the remaining bond proceeds are used for these purposes, would require the Last and Final Recognized Obligation Payment Schedule to be adjusted to allow for the allocation of revenues from the Redevelopment Property Tax Trust Fund to the successor agency for purposes of paying the remaining principal and interest on the bonds.

Calendar: 4/10/2019 Upon adjournment of Communications and Conveyance Committee - State Capitol, Room 437 ASSEMBLY UTILITIES AND ENERGY, HOLDEN, Chair

Summary: Would establish the Electrical Corporation Recovery Fund as a special fund in the State Treasury. This bill would require an electrical corporation to pay excess compensation, as defined, that would otherwise be paid to an executive officer, as defined, to the fund. The bill would require the excess compensation to be set aside in a separate account within the fund and held in trust for the benefit of the named executive officer throughout a 5-year escrow period, as defined. If, during the escrow period, the commission issues a financing order to support the issuance of recovery bonds to finance costs related to wildfires, the bill would require the Treasurer to transfer any excess compensation escrowed by that electrical corporation to the electrical corporation, and would require the electrical corporation to apply that excess compensation solely to recover, finance, or refinance recovery costs and thereby reduce the amount of issuance of recovery bonds.
