Summary: The Ralph C. Dills Act defines "fair share fee" as the fee deducted by the state employer from the salary or wages of a state employee in an appropriate unit who does not become a member of, and financially support, the recognized employee organization, and prescribes conditions for its use. The Meyers-Milias-Brown Act, if an agency shop agreement is in place, provides for the payment of an agency fee, which requires an employee either to join the recognized employee organization or pay a fee, as specified. A recent Supreme Court opinion held that fair share and agency fees violate the free speech rights of employees who are not employee organization members. This bill would prohibit the Controller, a public employer, an employee organization, or any of their employees or agents, from being liable under state law for, and would grant to them a complete defense to, any claims or actions under California law for requiring, deducting, receiving, or retaining agency or fair share fees from public employees, and would deny standing to current or former public employees to pursue these claims or actions, if the fees were permitted at the time and paid prior to June 27, 2018.

Summary: Current law establishes a program within all cities and all counties and portions thereof located within seismic zone 4, as defined, to identify all potentially hazardous buildings and to establish a mitigation program for these buildings. The mitigation program may include, among other things, the adoption by ordinance of a hazardous buildings program, measures to strengthen buildings, and the application of structural standards necessary to provide for life safety above current code requirements. This bill would, upon the identification of funding by the Office of Emergency Services, require the building department of a city or county that meets specified requirements to create an inventory of potentially vulnerable buildings, as defined, within its jurisdiction, based on age and other publicly available information, and submit that inventory to the office, as specified.

This bill would prohibit the imposition of lot coverage standards or requirements on minimum lot size, lot coverage, or floor area ratio, and would prohibit an ordinance from establishing size requirements for accessory dwelling units that do not permit at least an 800 square foot unit of at least 16 feet in height to be constructed.

Summary: A provision of the California Building Standards Law specifies that a local ordinance adding or modifying building standards for residential occupancies, published in the California Building Standards Code, applies only to an application for a building permit submitted after the effective date of the ordinance and to plans and specifications for, and the construction performed under, that permit, unless, among other reasons, the permit is subsequently deemed expired because the building or work authorized by the permit is not commenced within 180 days from the date of the permit, or the permittee has suspended or abandoned the work authorized by the permit at any time after the work is commenced. This bill would provide that a permit would remain valid for purposes of the California Building Standards Law if the work on the site authorized by that permit is commenced within 12 months after its issuance, unless the permittee has abandoned the work authorized by the permit. .

Summary: Would require the Office of Emergency Services to include an evaluation of risks from an electromagnetic pulse attack, a geomagnetic storm event, and from other potential causes of a long-term electrical outage in the next update of the State Hazard Mitigation Plan undertaken to comply with the federal requirements. As necessary, based on that analysis, the bill would require the plan to identify cost-effective and feasible measures to lessen risks from those hazards, including hardening the critical infrastructure of electrical utilities.

Summary: Current law, with regard to disputes concerning collective bargaining agreements for private employment, requires a court to award attorney's fees to a prevailing party in an action to compel arbitration of the disputes unless the other party has raised substantial and credible issues involving complex or significant questions of law or fact regarding whether or not the dispute is arbitrable. Current law also creates, in this context, a right to attorney's fees for a prevailing party in a court action to compel compliance with the decision or award of an arbitrator or grievance panel regarding the disputes, or for a prevailing appellee in the appeal of the decision of an arbitrator regarding the disputes, unless the other party or appellant, respectively, has raised substantial issues involving complex or significant questions of law. Summary: PERL prohibits an out-of-class appointment by a contracting agency employer or a school employer from exceeding 960 hours in each fiscal year. PERL requires an employer who violates this provision to pay penalties to the system based on, among other factors, an amount of money equal to 3 times the employee and employer contributions that would otherwise be paid to the system for the difference between the compensation paid for an out-of-class appointment and the compensation paid and reported to the system for the member's permanent position, for the entire period or periods the member serves in an out-of-class appointment. Calendar: 8/31/2018 #100 SENATE SEN THIRD READING FILE - ASM BILLS

Summary: Current law defines the measure of indemnity for a loss under an open fire insurance policy and specifies time limits under which an insured must collect the full replacement cost of the loss. Current law prohibits, in the event of a total loss of the insured structure, a fire insurance policy issued or delivered in the state from limiting or denying payment of the replacement cost of property if the insured decides to rebuild or replace the property at a location other than the insured premises. Current law requires the measure of indemnity to be based upon the replacement cost of the insured property and prohibits it from being based upon the cost to repair, rebuild, or replace at a location other than the insured premises. This bill would instead prohibit, in the event of a total loss of an insured structure, a fire insurance policy issued or delivered in this state from containing a provision that limits or denies, on the basis that the insured has decided to rebuild at a new location or to

purchase an already built home at a new location, payment of the building code upgrade cost or the replacement cost, including any extended replacement cost coverage, to the extent those costs are otherwise covered by the terms of the policy or any policy endorsement.

Current law imposes a 12-month statute of limitations in which to bring suit under a fire insurance policy or a county fire insurance policy after a loss. Summary: Under current law, an insurer is liable for a loss of which a peril insured against was the proximate cause, although a peril not contemplated by the contract may have been a remote cause of the loss. Under current law, an insurer is not liable for a loss of which the peril insured was only the remote cause. This bill would require coverage to be provided if a loss or damage results from a combination of perils, one of which is a landslide, mudslide, mudflow, or debris flow, if an insured peril is the efficient proximate cause of the loss or damage and coverage would otherwise be provided for the insured peril. The bill would require coverage to be provided under the same terms and conditions as would be provided for the insured peril.

This bill would eliminate the above-described exemption and exclusion and would require a local agency to transmit a copy of any ordinance adopted pursuant to these provisions to the State Board of Forestry and Fire Protection within 30 days of adoption. Summary: The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 provides the authority and procedures for the initiation, conduct, and completion of changes of organization and reorganization of cities and districts. The act specifies the factors that a local agency formation commission is required to consider in the review of a proposal for a change of organization or reorganization, including, among other things, per capita assessed valuation and the proposal's consistency with city or county general and specific plans This bill would require the commission to consider the assessed valuation rather than per capita assessed valuation.

Summary: The California Public Records Act, when it appears to a superior court that certain public records are being improperly withheld from a member of the public, requires the court to order the officer or person charged with withholding the records to disclose the public record or show cause why he or she should not do so. The act requires the court to award court costs and reasonable attorney's fees to the plaintiff if the plaintiff prevails in litigation filed pursuant to these provisions, and requires the court to award court costs and reasonable attorney's fees to the public agency if the court finds that the plaintiff's case is clearly frivolous. This bill would replace "plaintiff" with "requester" in that provision, would make conforming changes, and would specify that these provisions do not preclude the award of fees and costs pursuant to other provisions of law.

Summary: Both MCRSA and AUMA generally divide responsibility for state licensure and regulation between the Bureau of Marijuana Control (bureau) within the Department of Consumer Affairs, which serves as the lead state agency, the Department of Food and Agriculture, and the State Department of Public Health. Summary: Current law provides that, after January 1, 2008, a general acute care hospital building that is determined to be a potential risk of collapse or to pose significant loss of life in the event of seismic activity be used only for nonacute care hospital purposes, except that the office may grant 5-year and 2-year extensions under prescribed circumstances, except as specified. Summary: Would define the Sacramento County retirement system as a district under CERL. The bill would authorize the board to adopt, by resolution, specified administrative provisions that would classify various personnel of the retirement system as employees of the retirement system and not employees of the county. The bill would require the retirement system to notify, and to meet and discuss with, participating employers in the retirement system, the employees of the system, and specified employee organizations, regarding the retirement system's intent to exercise this authority at least 60 days before considering a resolution to make these provisions applicable.

Summary: Under PERL, a contracting agency and its employees may agree in writing to share the costs of the employer contribution in accordance with specified procedures. Current law requires, in these circumstances, the collective bargaining agreement for a contracting agency and its employees to specify the exact percentage of member compensation that is to be paid toward the current service costs of the benefits by members. This bill would revise that provision to also refer to a memorandum of understanding ratified by the employee bargaining unit and the governing body of the contracting agency.

Summary: The Public Employees' Retirement Law requires the Board of Administration to appoint and fix the compensation of an executive officer, a general counsel, a chief actuary, a chief investment officer, a chief financial officer and other investment officers and portfolio managers, as specified. PERL requires that specified principles guide the board when fixing compensation, consistent with its fiduciary responsibility to recruit and retain highly qualified and effective employees for these positions. This bill would additionally require the board to appoint and fix the compensation of a chief operating officer and a chief health director.

Summary: The Public Employees' Retirement Law (PERL) establishes the Public Employees' Retirement System (PERS), which provides pension and other benefits to members of PERS. PERL requires certain public employers to contribute moneys to PERS. This bill would require a contracting agency that fails to make a required contribution to PERS to notify members of the delinquency within 30 days, as specified.

Summary: CERL authorizes the retirement boards of 5 specified counties to appoint assistant administrators and chief investment officers who, following appointment, are outside county charter, civil service, and merit system rules, except as specified.
