Re: FIRE Weekly Legislative Report – Week Ending 09/29/2018

## Legislative Update

The Governor was out of state for four days last week and, accordingly, only acted on a few bills of interest to us. He has until midnight tonight to complete his work.

### The Governor signed the following bills of interest:

[Assembly Bill 2961 \(O'Donnell\)](#) establishes an ambulance patient offload time study to provide recommendations to the Legislature to reduce wall time. *FIRE Position: Support.*

[Senate Bill 1205 \(Hill\)](#) provides for an annual report on compliance with existing inspection requirements to enforce building codes with the local government governing board (city, county or district). *FIRE Position: Support.*

[Senate Bill 1305 \(Glazer\)](#) authorizes an emergency responder to provide first aid to dogs and cats without being in violation of the Veterinary Medicine Practice Act. *FIRE Position: Support.*

### The Governor vetoed the following bills of interest:

[Assembly Bill 1116 \(Grayson\)](#) – Objecting to the confidentiality provisions, the Governor [vetoed](#) this bill designed to create a peer support and crisis referral pilot program for firefighters, correctional officers and parole officials. *FIRE Position: Support.*

[Assembly Bill 2593 \(Grayson\)](#) – would have upgraded the air ambulance rate structure. The Governor [vetoed](#) the measure since it would have added significant additional cost to the General Fund he believes should be considered as part of the State Budget process. The concept was considered during the Budget process this year and was not included in the final Budget. *FIRE Position: Support.*

[Assembly Bill 2681 \(Nazarian\)](#) would have required local building departments in seismically active areas to inventory potential vulnerable buildings to the OES. The Governor [vetoed](#) the bill based on the cost to conduct the inventory and called on the Seismic Safety Commission to provide recommendations on improving the safety of earthquake vulnerable buildings. *FIRE Position: Neutral.*

[Senate Bill 835 \(Glazer\)](#) would make it an infraction to smoke in a state park. The Governor [vetoed](#) the bill because he has vetoed similar measures for the last two years and his opinion has not changed. *FIRE Position: Support.*

[Senate Bill 836 \(Glazer\)](#) would make it an infraction to smoke on a state beach. The Governor [vetoed](#) the bill because he has vetoed similar measures for the last two years and his opinion has not changed. *FIRE Position: Support.*

[Senate Bill 1416 \(McGuire\)](#) would have allowed cities and counties to recover fines for nuisance abatement through liens and special assessments. The Governor [vetoed](#) the bill as not providing sufficient due process protections to property owners.

**Summary:** The Bradley-Burns Uniform Local Sales and Use Tax Law authorizes counties and cities to impose a local sales and use tax in accordance with that law for tangible personal property sold at retail in the county or city, or purchased for storage, use, or other consumption in the county or city. That law requires the county or city to contract with the California Department of Tax and Fee Administration for the administration of the taxes and requires the department to transmit those taxes to the city or county. This bill, on and after the effective date of this chapter and until January 1, 2031, would prohibit the imposition, increase, levy and collection, or enforcement by a local agency of any tax, fee, or other assessment on groceries, except as provided.

**Summary:** The Ralph C. Dills Act defines "fair share fee" as the fee deducted by the state employer from the salary or wages of a state employee in an appropriate unit who does not become a member of, and financially support, the recognized employee organization, and prescribes conditions for its use. The Meyers-Milias-Brown Act, if an agency shop agreement is in place, provides for the payment of an agency fee, which requires an employee either to join the recognized employee organization or pay a fee, as specified. A recent Supreme Court opinion held that fair share and agency fees violate the free speech rights of employees who are not employee organization members. This bill would prohibit the Controller, a public employer, an employee organization, or any of their employees or agents, from being liable under state law for, and would grant to them a complete defense to, any claims or actions under California law for requiring, deducting, receiving, or retaining agency or fair share fees from public employees, and would deny standing to current or former public employees to pursue these claims or actions, if the fees were permitted at the time and paid prior to June 27, 2018.

**Summary:** A provision of the California Building Standards Law specifies that a local ordinance adding or modifying building standards for residential occupancies, published in the California Building Standards Code, applies only to an application for a building permit submitted after the effective date of the ordinance and to plans and specifications for, and the construction performed under, that permit, unless, among other reasons, the permit is subsequently deemed expired because the building or work authorized by the permit is not commenced within 180 days from the date of the permit, or the permittee has suspended or abandoned the work authorized by the permit at any time after the work is commenced. This bill would provide that a permit would remain valid for purposes of the California

Building Standards Law if the work on the site authorized by that permit is commenced within 12 months after its issuance, unless the permittee has abandoned the work authorized by the permit. .

**Summary:** The California Building Standards Law requires that only those building standards approved by the California Building Standards Commission, and that are effective at the local level at the time an application for a building permit is submitted, apply to the construction performed under that building permit. This bill would require the department to propose the adoption of a building standard to the California Building Standards Commission pursuant to existing law that would authorize, when a record of the issuance of a building permit for the construction of an existing residential unit does not exist, the above-described enforcement officials to determine when the residential unit was constructed and then apply the State Housing Law, the building standards published in the California Building Standards Code, and other specified rules and regulations in effect on that date and issue a retroactive building permit for that construction.

**Summary:** Current law, the California Fair Employment and Housing Act, makes specified employment and housing practices unlawful, including discrimination against or harassment of employees and tenants, among others. Current law authorizes a person claiming to be aggrieved by an alleged unlawful practice to file a complaint with the Department of Fair Employment and Housing within one year from the date upon which the unlawful practice occurred, unless otherwise specified. This bill would extend the above-described period to 3 years for complaints alleging employment discrimination, as specified.

**Summary:** Current law prohibits a public employer, as defined, from deterring or discouraging public employees from becoming or remaining members of an employee organization. Under current law, a public employer is defined, for these purposes, to include counties, cities, districts, the state, schools, transit districts, the University of California, and the California State University, among others. Existing law grants the Public Employment Relations Board jurisdiction over violations of these provisions. This bill would include in the definition of "public employer" under these provisions those employers of excluded supervisory employees and judicial council employees and would include in the definition of "public employee" those employees of a public transit agency with specified labor relation provisions.

**Summary:** Current law requires PERB to enforce and apply rules adopted by a public agency concerning unit determinations, representation, recognition, and elections. Current law also requires specified complaints to be processed as an unfair practice charge by PERB. Current law does not apply the above provisions to persons who are peace officers, as defined. Current law excepts employers and employees under the jurisdiction of the employee relations commissions in the City and County of Los Angeles from the application of the above provisions. This bill would specify that these provisions do not apply to disputes between a public agency and persons who are peace officers, but do apply to disputes between a public agency and peace officer employee organizations, regardless of whether the charging party or responding party is the individual peace officer, the peace officer employee organization, or the public agency.

**Summary:** PERL prohibits an out-of-class appointment by a contracting agency employer or a school employer from exceeding 960 hours in each fiscal year. **Summary:** Current law requires an insurer, after a covered loss under a fire insurance policy, to provide the insured with a free copy of his or her policy within 30 calendar days of receiving a request from the insured, but allows the Insurance Commissioner to extend this period. Current law also provides that an insured who does not experience a covered loss shall, upon request, be entitled to one free copy of his or her policy annually. This bill would specify that the copy of the policy provided shall be a complete copy of the policy in effect at the time of the loss and shall include the full policy, any endorsements to the policy, and the policy declarations page.

**Summary:** Current law defines the measure of indemnity for a loss under an open fire insurance policy and specifies time limits under which an insured must collect the full replacement cost of the loss. Current law prohibits, in the event of a total loss of the insured structure, a fire insurance policy issued or delivered in the state from limiting or denying payment of the replacement cost of property if the insured decides to rebuild or replace the property at a location other than the insured premises. Current law requires the measure of indemnity to be based upon the replacement cost of the insured property and prohibits it from being based upon the cost to repair, rebuild, or replace at a location other than the insured premises. This bill would instead prohibit, in the event of a total loss of an

insured structure, a fire insurance policy issued or delivered in this state from containing a provision that limits or denies, on the basis that the insured has decided to rebuild at a new location or to purchase an already built home at a new location, payment of the building code upgrade cost or the replacement cost, including any extended replacement cost coverage, to the extent those costs are otherwise covered by the terms of the policy or any policy endorsement.

Current law imposes a 12-month statute of limitations in which to bring suit under a fire insurance policy or a county fire insurance policy after a loss. **Summary:** Current law requires a local government body, when submitting for voter approval a bond measure the security for which constitutes a lien on the property for ad valorem taxes, to provide the voters a statement that includes estimates of tax rates and debt service in connection with the measure. This bill would instead require that the statement for a bond measure include the best estimate from official sources of the average annual tax rate that would be required to be levied to fund the bond issue over the entire duration of the bond debt service, as specified. By imposing new duties on local elections officials, the bill would create a state-mandated local program.

**Summary:** Current law imposes various limitations on the emissions of air contaminants for the control of air pollution from vehicular and nonvehicular sources. Pursuant to that authority, the State Air Resources Board has adopted a regulation to significantly reduce emissions of particulate matter, oxides of nitrogen, and other criteria air pollutants from existing diesel trucks and buses operating in the state, commonly known as the Truck and Bus Regulation. This bill would require the state board to exempt vehicles that do not exceed 5,000 miles annually and low-mileage agricultural vehicles, as defined, that meet certain requirements from any regulation to reduce emissions of diesel particulate matter, oxides of nitrogen, and other criteria air pollutants from in-use, diesel-fueled vehicles.

**Summary:** Would establish specific standards for the use of personal services contracts by counties. The bill would allow a county or county agency to contract for personal services currently or customarily performed by employees, as applicable, when specified conditions are met. The bill would exempt certain types of contracts from its provisions, and would exempt a city and county from its provisions. By placing new duties on local government agencies, the bill would impose a state-mandated local program. The bill also would provide that its provisions are severable.

**Summary:** Current law authorizes a county, until January 1, 2023, with approval of the board of supervisors, to utilize construction manager at-risk construction contracts for the erection, construction, alteration, repair, or improvement of any building owned or leased by the county, subject to certain requirements, including that the method may only be used for projects that are in excess of \$1,000,000. This bill would expand that authorization by authorizing a public entity, of which the members of the county board of supervisors make up the members of the governing body of that public entity, with the approval of its governing body, to utilize construction manager at-risk construction contracts.

**Summary:** The California Public Records Act requires a local agency to make public records available for inspection and allows a local agency to comply by posting the record on its Internet Web site and directing a member of the public to the Internet Web site, as specified. This bill would, beginning on January 1, 2020, require every independent special district to maintain an Internet Web site that clearly lists contact information for the special district, except as provided. Because this bill would require local agencies to provide a new service, the bill would impose a state-mandated local program.

**Summary:** Both MCRSA and AUMA generally divide responsibility for state licensure and regulation between the Bureau of Marijuana Control (bureau) within the Department of Consumer Affairs, which serves as the lead state agency, the Department of Food and Agriculture, and the State Department of Public Health. AUMA requires the licensing authorities to begin issuing licenses to engage in commercial adult-use cannabis activity by January 1, 2018. This bill, if SB 94 is enacted, would repeal that separate and distinct premises requirement. **Summary:** MAUCRSA prohibits a local jurisdiction from preventing the delivery of cannabis or cannabis products on public roads by a licensee who is acting in compliance with MAUCRSA as well as any local law adopted pursuant to MAUCRSA. MAUCRSA generally authorizes a local jurisdiction to adopt and enforce local ordinances to regulate licensed businesses located within the local jurisdiction. This bill would prohibit a local government from adopting or enforcing any ordinance that would prohibit a licensee from delivering cannabis within or outside of the jurisdictional boundaries of the local jurisdiction.

**Summary:** Current law, until January 1, 2019, defines the offense of aggravated arson, and defines the aggravating factors for the offense as, the person has been previously convicted of arson on one or more occasions within the past 10 years, the fire caused property damage and other losses in excess of \$7,000,000, or the fire caused damage to, or the destruction of, 5 or more inhabited structures. Current law, commencing January 1, 2019, deletes the aggravating factor of property damage and other losses in excess of \$7,000,000 from the definition of aggravated arson. This bill would extend the operation of the former aggravated arson offense until January 1, 2024, and would increase the threshold of property damage and other losses constituting an aggravating factor for aggravated arson to \$8,300,000.
