Re: FIRE Legislative Report – Week Ending March 20, 2020

After passing a \$1 Billion care package pertaining to COVID-19 ([Senate Bill 89](#), [Senate Bill 117](#)), the Legislature recessed Session ([Assembly Concurrent Resolution 189](#)) and returned to their homes. The Members and their staff will remain available for phone calls, conference calls and other activities that do not require face-to-face contact. Additionally, Governor Newsom issued [Executive Order N-29-20](#), which permits local and state governing bodies to waive the Bagley-Keene open meeting act and to allow meetings to be held via teleconferencing. The Order also sets out in some detail the public accessibility and notice requirements for such meetings.

Legislative Update

All legislative committee hearings were postponed this week and for the foreseeable future. The following bills were amended this week:

[Assembly Bill 1923 \(Salas\)](#) has been amended to require the Department of Housing and Community Development to consider adoption of a seismic gas shutoff device be installed in all dwelling structures.

[Assembly Bill 2064 \(Patterson\)](#) has been amended to expressly include proposed best practices provisions for evacuating people with access and functional needs within the next update of the State's Emergency Plan.

[Assembly Bill 2421 \(Quirk\)](#) was amended to require local agencies to adopt procedures for installing emergency standby generators for macro cell tower sites.

[Assembly Bill 3267 \(Smith\)](#) was amended to require Cal OES to complete an after-action report within 180 days of each declared disaster.

[Senate Bill 909 \(Dodd\)](#) would authorize an emergency vehicle to be equipped with a "hi-lo" audible warning system to be used exclusively to warn the public of an immediate need to evacuate. The bill has been amended to add an urgency clause to allow it to become effective immediately upon enactment.

Summary: Current law requires the Department of Housing and Community Development to propose building standards to the California Building Standards Commission, and to adopt, amend, or repeal rules and regulations governing, among other things, apartment houses and dwellings, as specified. This bill would require the department to propose small home building standards governing accessory dwelling units smaller than 800 square feet, junior accessory dwelling units, and detached dwelling units smaller than 800 square feet, as specified, and to submit the small home building standards to the California Building Standards Commission for adoption on or before January 1, 2021.

Summary: Current law establishes a program within all cities and all counties and portions thereof located within seismic zone 4, as defined, to identify all potentially hazardous buildings and to establish a mitigation program for these buildings. The mitigation program may include, among other things, the adoption by ordinance of a hazardous buildings program, measures to strengthen buildings, and the application of structural standards necessary to provide for life safety above current code requirements. Current law requires the Alfred E. Alquist Seismic Safety Commission to report annually to the Legislature on the filing of mitigation programs relating to building construction standards from local jurisdictions. This bill would require the commission, by specified deadlines, to identify funding and develop a bidding process for hiring a third-party contractor to create an inventory of potentially vulnerable buildings, as defined.

Summary: Current law, until January 1, 2026, authorizes a development proponent to submit an application for a multifamily housing development, which satisfies specified objective planning standards, that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit. Current law requires a local government to notify the development proponent in writing if the local government determines that the development conflicts with any of those objective standards by a specified time; otherwise, the development is deemed to comply with those standards. Current law provides that if a local government approves a project pursuant to that process, that approval will not expire until a specified period of time depending on the nature of the development. This bill would, notwithstanding those provisions, authorize a development proponent to submit an application for a development to be subject to a streamlined, ministerial approval process provided that development meet specified objective planning standards, including that the development provide housing for persons and families of low or moderate income

Summary: The California FAIR Plan Association is a joint reinsurance association formed by state insurers licensed to write and engaged in writing basic property insurance within this state to assist persons in securing basic property insurance and to formulate and administer a program and FAIR Plan for the equitable apportionment among insurers of basic property insurance. Existing law requires each insurer to participate in the writings, expenses, and profits and losses of the association in the proportion that its premiums written bear to the aggregate premiums written by all insurers in the program, as specified, but requires the plan to provide for a method for insurers who voluntarily write basic property insurance on risks located in areas designated as brush hazard areas to be proportionately relieved of the liability to participate in the plan. Summary: Under current law, every emergency ambulance employee is entitled to employer-paid mental health services through an employee assistance program (EAP). Current law requires the EAP coverage to provide up to 10 mental health treatments per issue, per calendar year. This bill would require a private emergency ambulance provider to provide an emergency ambulance employee who requests mental health treatment for critical incident stress management, as defined, or post-

traumatic stress disorder (PTSD), in addition to the EAP coverage described above, in-person treatment from a qualified professional who is trained in the areas of critical incident stress management or PTSD.

Summary: Would prohibit electrical corporations from diverting revenue authorized for specified purposes in the plans to other activities or investments that are also authorized by the plans, if the diversion would cause the total amount of all such diversions to exceed 5% of the allocation approved for their plans, unless the commission authorizes that diversion. The bill would require electrical corporations to retain records of all diversions of revenues that are authorized for specified purposes in the plans to other activities or investments that are also authorized by the plans.

Summary: Would require a person driving a vehicle on a highway approaching, among other things, a stationary authorized emergency vehicle that is displaying emergency lights to approach with due caution and, before passing in a lane immediately adjacent to one of those specified vehicles, absent other direction by a peace officer, either proceed to make a lane change into an available lane not immediately adjacent to one of those specified vehicles, or slow to a reasonable and prudent speed that is safe for existing weather, road, and vehicular or pedestrian traffic conditions, as specified. Because this bill would expand the application of this provision from highways to freeways, it would expand the scope of an existing crime and would impose a state-mandated local program.

Summary: Current law requires every county to apply to the Secretary for Environmental Protection to be certified to implement the unified program, and authorizes a city or local agency that meets specified requirements to apply to the secretary to be certified to implement the unified program, as a certified unified program agency, or CUPA. Current law authorizes the UPA, if the UPA determines that a person has committed, or is committing, a violation of any law, regulation, permit, information request, order, variance, or other requirement that the UPA is authorized to enforce or implement, to issue an administrative enforcement order requiring that the violation be corrected and imposing an administrative penalty. Current law authorizes a UPA to suspend or revoke any unified program facility permit, or an element of a unified program facility permit, for not paying the permit fee or a fine or penalty associated with the permit in accordance with specified procedures. This bill would revise specified requirements to explicitly require noncompliance with a written notice before a permit or permit element may be suspended or revoked, and would additionally authorize the UPA to withhold issuance of the permit or permit element if a unified program facility does not comply with a written notice.

Summary: Current law authorizes the Public Utilities Commission, after a hearing, to require every public utility to construct, maintain, and operate its line, plant, system, equipment, apparatus, tracks, and premises in a manner so as to promote and safeguard the health and safety of its employees, passengers, customers, and the public. The Public Utilities Act provides that any public utility that violates any provision of the California Constitution or the act, or that fails or neglects to comply with any order, decision, decree, rule, direction, demand, or requirement of the commission, where a penalty has not otherwise been provided, is subject to a penalty of not less than \$500 and not more than \$100,000 for each offense. This bill would authorize the Attorney General or the district attorney of a proper county or city and county, as specified, to bring an action in the name of the people, pursuant to the above-described civil penalty provision, against an electrical corporation involving a failure to comply with safety standards or requirements.

Calendar: 3/23/2020 2:30 p.m. - State Capitol, Room 126 ASSEMBLY HEARING POSTPONED - REVENUE AND TAXATION, BURKE, Chair

Summary: Current sales and use tax laws impose taxes on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state, and provides various exemptions from the taxes imposed by those laws. This bill, on and after January 1, 2021, until January 1, 2023, would exempt from those taxes the gross receipts from the sale of, and the storage, use, or other consumption of, emergency preparation items, as defined, sold or purchased during the 3-day period beginning at 12:01 a.m. on the Saturday before the last Monday in June and ending at midnight on the last Monday in June.

Summary: Current law authorizes cities, cities and counties, and counties to create disaster councils, by ordinance, to develop plans for meeting any condition constituting a local emergency or state of emergency, including, but not limited to, earthquakes, natural or manmade disasters specific to that jurisdiction, or state of war emergency. The law requires a disaster council to supply a copy of those plans to the Office of Emergency Services. This bill would require the Office of Emergency Services to annually review 10 plans described above to determine if the plans substantially conform to or exceed specified recommendations made by the Federal Emergency Management Agency. The bill would require the office to prioritize in its review a plan submitted from a county determined to be at a high risk of wildfire disaster.

Summary: The Elder California Pipeline Safety Act of 1981 requires the State Fire Marshal to administer provisions regulating the inspection of intrastate pipelines that transport hazardous liquids. The act requires a pipeline operator to make available to the State Fire Marshal, or any officers or employees authorized by the State Fire Marshal, upon presentation of appropriate credentials, any records, maps, or written procedures that are required by the act to be kept by the pipeline operator and which concern accident reporting, design, construction, testing, or operation and maintenance. This bill would revise and recast specified provisions and would authorize the State Fire Marshal, for purposes of carrying out the requirements of state or federal law relating to hazardous liquid pipeline safety, to require the owner or operator of a pipeline to establish and maintain records, make reports, and provide any information that the State Fire Marshal reasonably requires, as provided.

Summary: Current law requires the planning agency to review and, if necessary, revise the safety element upon each revision of the housing element or local hazard mitigation plan, but not less than once every 8 years to identify new information relating to flood and fire hazards and climate adaptation and resiliency strategies applicable to the city or county that was not available during the previous revision of the safety element. Current law requires that the Office of Planning and Research, among other things, coordinate with appropriate entities, including state, regional, or local agencies, to establish a clearinghouse for climate adaptation information for use by state, regional, and local entities, as provided. This bill would require the safety element, upon the next revision of the housing element or the hazard mitigation plan, on or after January 1, 2020, whichever occurs first, to be reviewed and updated as necessary to include a comprehensive retrofit strategy to reduce the risk of property loss and damage during wildfires, as specified, and would require the planning agency to submit the adopted strategy to the Office of Planning and Research for inclusion into the above-described clearinghouse.

Summary: Current law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of the employee's employment. Current law requires the administrative director to promulgate regulations regarding advertisements relating to workers' compensation and requires the administrative director to take particular care to preclude any advertisements with respect to industrial injuries or illnesses that are false or that mislead the public with respect to workers' compensation. The bill would make technical, nonsubstantive amendments to those provisions. The bill would make related findings and declarations.

Summary: Current law, including the Meyers-Milias-Brown Act, the Ralph C. Dills Act, the Trial Court Employment Protection and Governance Act, the Trial Court Interpreter Employment and Labor Relations Act, Judicial Council Employer-Employee Relations Act, and the Los Angeles County Metropolitan Transportation Authority Transit Employer-Employee Relations Act, as well as provisions commonly referred to as the Educational Employment Relations Act and the Higher Education Employer-Employee Relations Act, regulates the labor relations of the state, the courts, and specified local public agencies and their employees. Current law establishes other requirements relating to labor relations that are applicable to specified transit agencies. These acts grant specified public employees the right to form, join, and participate in the activities of employee organizations of their choosing and require public agency employers, among other things, to meet and confer with representatives of recognized employee organizations and exclusive representatives on terms and conditions of employment. These acts generally require the public entities in this context to grant employee representatives of recognized employee organizations reasonable time off without loss of compensation or benefits for certain purposes in connection with labor relations, commonly referred to as release time. This bill would prescribe requirements relating to release time that would apply to all of the public employers and employees subject to the acts described above and would generally repeal the provisions relating to release time in those acts

Summary: Current law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of employment. Current law requires the administrative director to contract with an outside, independent research organization on or after March 1, 2019, to evaluate the impact of the provision of medical treatment within the first 30 days after a claim is filed, for a claim filed on or after January 1, 2017, and before January 1, 2019. Current law requires the report to be provided to the administrative director, the Senate Committee on Labor and Industrial Relations, and the Assembly Committee on Insurance before January 1, 2020. This bill, instead, would require the evaluation to cover a claim filed on or after January 1, 2017, and before January 1, 2021, and would require the report to be submitted to the administrative director and those legislative committees before January 1, 2022.

Summary: Current law provides, only until January 1, 2025, that, for certain state and local firefighting personnel and peace officers, the term "injury" includes post-traumatic stress that develops or manifests during a period in which the injured person is in the service of the department or unit, but applies only to injuries occurring on or after January 1, 2020. Current law requires the compensation awarded pursuant to this provision to include full hospital, surgical, medical treatment, disability indemnity, and death benefits. This bill would make that provision applicable to active firefighting members of the State Department of State Hospitals, the State Department of Developmental

Services, and the Military Department, and to additional peace officers, including security officers of the Department of Justice when performing assigned duties as security officers and the officers of a state hospital under the jurisdiction of the State Department of State Hospitals or the State Department of Developmental Services, among other officers.

Summary: The California FAIR Plan Association is a joint reinsurance association formed by state insurers licensed to write and engaged in writing basic property insurance within this state to assist persons in securing basic property insurance and to formulate and administer a program and FAIR Plan for the equitable apportionment among insurers of basic property insurance. Existing law requires each insurer to participate in the writings, expenses, and profits and losses of the association in the proportion that its premiums written bear to the aggregate premiums written by all insurers in the program, as specified, but requires the plan to provide for a method for insurers who voluntarily write basic property insurance on risks located in areas designated as brush hazard areas to be proportionately relieved of the liability to participate in the plan. This bill would add to the insurers that are proportionately relieved of the liability to participate in the FAIR Plan those voluntarily writing basic property insurance on risks in high or very high fire hazard severity zones, as determined and mapped by the Department of Forestry and Fire Protection.

Summary: Current law requires a seller of residential real property located in a high or very high fire hazard severity zone, as specified, to provide to the buyer documentation stating that the property is in compliance with state law requiring certain defensible space requirements around the property or, if applicable, with a local vegetation management ordinance. If the seller has not obtained that documentation, existing law requires the seller and buyer to enter into a written agreement pursuant to which the buyer agrees to obtain documentation of compliance, as specified. This bill would specify that nothing in those provisions, including provisions regarding the existence of an agreement between a buyer and seller, limits the ability of a state or local agency to enforce defensible space requirements or other applicable statutes, regulations, and local ordinances.

Summary: The Information Practices Act of 1977 prescribes a set of requirements, prohibitions, and remedies applicable to public agencies, as defined, with regard to their collection, storage, and disclosure of personal information. The act specifically requires an agency to establish rules of conduct for persons involved in the design, development, operation, disclosure, or maintenance of records containing personal information and to instruct these people with respect to the rules and the requirements of the act. This bill would require that the above-described rules of conduct include security awareness and training policies and procedures.

Summary: The Ralph M. Brown Act requires meetings of the legislative body of a local agency to be open and public and also requires regular and special meetings of the legislative body to be held within the boundaries of the territory over which the local agency exercises jurisdiction, with specified exceptions. Current law authorizes a person to request that a copy of an agenda, or a copy of all the

documents constituting the agenda packet, of any meeting of a legislative body be mailed to that person. This bill would require a legislative body to email a copy of the agenda or a copy of all the documents constituting the agenda packet if so requested. Summary: Current law authorizes the legislative body of a local agency, as specified, that has money in a sinking fund or in its treasury not required for immediate needs to invest the money as it deems wise or expedient in certain securities and financial instruments. In this regard, current law authorizes investment in prime quality commercial paper issued by entities meeting certain criteria. Current law prohibits local agencies, other than counties, from investing more than 25% of their moneys in eligible commercial paper and further prohibits these agencies from purchasing no more than 10% of the outstanding commercial paper of any single issuer. This bill would establish distinctions in local agencies in connection with their investment in commercial paper, as described above. Summary: Current law regulates the issuance of refunding bonds by a local agency, which are issued for the purpose of refunding other indebtedness, as specified. Current law defines "bonds" for these purposes, among other things, as bonds, warrants, notes or other evidence of indebtedness of a local agency or any improvement district, the principal and interest of which are payable from the proceeds of ad valorem taxes or ad valorem assessments that may be levied, without limitation as to rate or amount, upon property in the local agency or any improvement district subject to taxation or assessment. Summary: Current law authorizes a member of PERS, who is credited with less than a certain number of years of service and who enters employment as a member of another public retirement system supported by state funds, within 6 months of leaving state service, to elect to leave their accumulated contributions on deposit in the retirement fund. Current law specifies that a member's failure to make an election to withdraw accumulated contributions is deemed an election to leave the member's accumulated contributions on deposit in the retirement fund. Current law provides that a member may revoke their election to allow accumulated contributions to remain in the retirement system, except under specified circumstances. Current law requires a member who is permanently separated from all PERS covered service, who meets specified conditions, and who attains 70 years of age, to be provided with an election to withdraw contributions, or, if vested, an election to either apply for service retirement or to withdraw contributions. Summary: Would establish new procedures under PERL for cases in which PERS determines that the benefits of a member or annuitant are, or would be, based on disallowed compensation that conflicts with PEPRRA and other specified laws and thus impermissible under PERL. The bill would also apply these procedures retroactively to determinations made on or after January 1, 2017, if an appeal has been filed and the employee member, survivor, or beneficiary has not exhausted their administrative or legal remedies. At the threshold, after determining that compensation for an employee member reported by the state, school employer, or a contracting agency is disallowed, the bill would require the applicable employer to discontinue the reporting of the disallowed compensation.

Summary: Would revise the provision of pension and other benefits to members of all state or local public retirement systems. The bill would apply its provisions prospectively to any member of a state or local public retirement system who is employed upon the date of its enactment and to any person who may be employed and become a member thereafter. The bill would void any limit on a pension that prohibits the pension from exceeding a percentage of final compensation, as specified. The bill would prohibit a local entity from establishing a deferred retirement option program, as described, and if a local entity has established a deferred retirement option program, whether or not the program is closed to new participants, it would be required to disenroll any participating employees and close the program.
