Re: FIRE Legislative Report – Week Ending June 7, 2019

Wildfire Summit

The week began with Governor Newsom speaking at a wildfire summit in Sacramento. The Governor reinforced his commitment to provide the requisite resources to upgrade the state and local government emergency planning, communications, disaster preparedness and response activities. The Governor cited pre-positioning as an important program that needs to be expanded over time. He also mentioned the critical need to modernize the 9-1-1 SETNA system this Session.

SB 901 Commission Report

The Commission on Catastrophic Wildfire Cost and Recovery established by last year's [Senate Bill 901 \(Dodd\)](#) presented its findings at an informational hearing of the Assembly Utilities and Energy Committee on Wednesday. An overview of their recommendations on utilities liability, disaster fund establishment, vegetation management, hardening and insurance reform was given to the Committee. The Commission meets on Friday in Sacramento. We anticipate many of the recommendations to be transformed into pieces of legislation and heard in policy committees prior to the Summer Recess on July 12, 2019. (Draft Report [here](#).)

Legislative Update

[Assembly Bill 394 \(Oberholte\)](#) would provide a 5-year CEQA exemption for egress route projects that are recommended to improve the fire safety of an existing subdivision. The bill passed the Senate Environmental Quality Committee and has been referred to the Senate Natural Resources and Water Committee. *FIRE POSITION: SUPPORT.*

[Assembly Bill 1079 \(Santiago\)](#) would add testing of the 911 system to the list of purposes exempt from restrictions on disclosing a telecommunication subscriber's phone number to local public safety, health and emergency offices. *FIRE POSITION: SUPPORT.*

Summary: The Davis-Stirling Common Interest Development Act, governs the management and operation of common interest developments. Current law prohibits the governing document of a common interest development from prohibiting the rental or leasing of any separate interest in the common interest development, unless that governing document was effective prior to the date the owner acquired title to their separate interest. This bill would make void and unenforceable any covenant, restriction, or condition contained in any deed, contract, security instrument, or other instrument affecting the transfer or sale of any interest in a planned development, and any provision of a governing document, that effectively prohibits or unreasonably restricts the construction or use of an accessory dwelling unit or junior accessory dwelling unit on a lot zoned for single-family residential use that meets the above-described minimum standards established for those units.

Summary: The Planning and Zoning Law provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Current law requires the ordinance to designate areas where accessory dwelling units may be permitted and authorizes the designated areas to be based on criteria that includes, but is not limited to, the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. Summary: Current law, until January 1, 2026, authorizes a development proponent to submit an application for a multifamily housing development, which satisfies specified objective planning standards, that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit. Under current law, those objective planning standards include that the development proponent must certify both (1) that the development is either a public work, for purposes of specified law, or that all construction workers employed in the execution of the development will be paid at least the general prevailing rate of per diem wages for the type of work and geographic area and (2) that if the development meets certain conditions, a skilled and trained workforce, as defined, will be used to complete the development if the application is approved, as provided. Existing law exempts from any requirement to pay prevailing wages or use a skilled and trained workforce a project that includes 10 or fewer units and is not a public work. This bill would delete the requirement that a skilled and trained workforce be employed on any project subject to these provisions.

Summary: The Planning and Zoning Law law requires that the housing element, among other things, sets forth a schedule of actions during the planning period that the local government is undertaking or intends to undertake to implement the policies and achieve the goals of the housing element, as provided. Current law authorizes the Department of Housing and Community Development to allow a city or county to substitute the provision of units for up to 25% of the community's obligation to identify adequate sites for any income category in its housing element pursuant to a schedule of actions. This bill would additionally authorize the department to allow a city or county to substitute the provision of units for up to 25% of the community's obligation to identify adequate sites for any income category under the above-described schedule of actions if the governing body of the city or county has adopted both (1) an ordinance that implements requirements under state law, as well as any applicable requirements of the city or county, relating to accessory dwelling units and meets certain requirements and (2) an ordinance establishing a permitting process and appropriate standards to regulate short-term rentals of single-family dwellings in order to accomplish specified objectives. The bill would also make various nonsubstantive changes.

Summary: Current law, until January 1, 2022, upon a declaration of a shelter crisis by the City of San Jose, authorizes emergency housing to include an emergency bridge housing community for the homeless, as specified. Existing law, in lieu of compliance with state and local building, housing, health, habitability, or safety standards and laws, authorizes the city to adopt by ordinance reasonable local standards for emergency bridge housing communities, subject to specified requirements, including review by the Department of Housing and Community Development. This bill would extend the repeal date of these provisions to January 1, 2025. The bill would extend the date that an affordable housing unit identified in the city's housing plan is required to be available for a resident of an emergency bridge housing community to live in to January 1, 2025.

Summary: Would require certain revenues attributable to a property tax rate approved by the voters of a city, county, city and county, or special district to make payments in support of a mobile intensive care program called "Paramedics" to be allocated to, and when collected to be paid into, the fund of that taxing entity instead of the Redevelopment Property Tax Fund of each successor agency, unless the revenues are pledged as security for the payment of any indebtedness, as provided. The bill would require all allocations of revenues derived from the imposition of that property tax rate made by any county auditor-controller prior to January 1, 2020, to be deemed correct, and would prohibit any city, county, county auditor-controller, successor agency, or affected taxing entity from being subject to any claim, as specified.

Summary: Current law requires the State Department of Health Care Services to develop a modified supplemental reimbursement program, with necessary federal approvals, that would seek to increase the reimbursement to a provider of ground emergency medical transportation services provider that is owned or operated by the state, a city, county, city and county, fire protection district, special district, community services district, health care district, or a federally recognized Indian tribe. Current law requires the nonfederal share of any supplemental reimbursement provided under the modified program to be derived from voluntary intergovernmental transfers of local funds. Current law states the Legislature's intent in enacting these provisions to provide the supplemental reimbursement without any expenditure from the General Fund. This bill would delete the provisions relating to the modified supplemental reimbursement program, and would repeal these provisions on July 1, 2021.

Summary: Current law requires a public water system with 10,000 or more service connections to undertake specified actions, including, among other things, to review and revise its disaster preparedness plan to ensure that it is sufficient to address possible disaster scenarios and, following a declared state of emergency, to furnish an assessment of its emergency response within 6 months thereafter and implement related recommendations in a timely manner. Current law also requires the Office of Emergency Services to establish emergency response and recovery plans in coordination with public water systems. This bill would instead impose these requirements upon an urban water supplier, as defined, in statute.

Summary: Current law prohibits an employer from discharging or in any manner discriminating or retaliating against an employee who is a victim of domestic violence, sexual assault, or stalking for taking time off work to obtain specified relief or because of the employee's status as a victim of domestic violence, sexual assault, or stalking, if the victim provides notice to the employer of the status or the employer has actual knowledge of the status. Current law authorizes an employee to file a complaint with the Division of Labor Standards Enforcement for a violation of these prohibitions within one year from the date of occurrence of the violation. Current law makes it a misdemeanor for an employer to refuse to rehire, promote, or restore an employee who has been determined to be so eligible by a grievance procedure or legal hearing. This bill would expand the scope of these provisions by defining "employer" for purposes of these provisions to mean any person employing another under any appointment or contract of hire and to include the state, political subdivisions of the state, and municipalities.

Summary: The Public Employees' Retirement Law (PERL) establishes the Public Employees' Retirement System (PERS), which provides pension and other benefits to its members. Under PERL, membership in PERS is compulsory for specified public employees. Current law provides that those compulsory membership provisions do not apply to certain persons who are expressly excluded from PERS. This bill would make a nonsubstantive change to that provision.

Summary: Current law provides that the measure of indemnity in fire insurance under an open policy is the expense to replace the thing lost or injured in its condition at the time of the injury, with the expense computed as of the start of the fire. Current law also provides that under an open policy that requires payment of actual cash value, the measure of the actual cash value recovery is the policy limit or the fair market value of the structure, whichever is less, in the case of a total loss to the structure. In the case of a partial loss to the structure or loss to its contents, the actual cash value recovery under existing law is the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less. This bill would delete the provisions regarding the actual cash value of the claim of total loss to the structure and would instead require that the actual cash value of the claim, for either a total or partial loss to the structure or its contents, be the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less.

Summary: The California Emergency Services Act, among other things, vests the Governor with various powers and duties related to that act, including coordinating the State Emergency Plan and those programs necessary for the mitigation of the effects of an emergency in this state. Current law authorizes the Governor to expend any appropriation for support of the California Emergency Services Act to carry out its provisions. This bill, upon appropriation by the Legislature, would authorize the Governor to purchase insurance, reinsurance, insurance linked securities, or other related alternative risk-transfer products for the State of California to help mitigate against costs incurred by the state in response to a natural disaster, including, but not limited to, an earthquake, wildfire, or flood.

Summary: Current law defines the measure of indemnity for a loss under an open fire insurance policy and specifies time limits under which an insured must collect the full replacement cost of the loss. In the event of a total loss of an insured structure, existing law prohibits a fire insurance policy issued or delivered in this state from containing a provision that limits or denies payment of the building code upgrade cost or the replacement cost on the basis that the insured has decided to rebuild at a new location or to purchase a built home at a new location. This bill would make technical, nonsubstantive changes to those provisions.

Summary: Current law authorizes the head of a department of a county or city, or the head of a special district to destroy recordings of telephone and radio communications maintained by that county, city, or special district after 100 days if that person receives approval from the legislative body

taxation those properties having a full value too low to justify the costs of assessment and collection. Current property tax law implementing this authority generally limits any exemption granted under this constitutional provision by a county board of supervisors to real property with a total base year value, or personal property with a full value, not exceeding \$10,000. Current property tax law increases this limit to \$50,000 in the case of a possessory interest, for a temporary and transitory use, in a publicly owned fairground, fairground facility, convention facility, or cultural facility. This bill, for lien dates occurring on or after January 1, 2020, and before January 1, 2025, would delete this requirement that the possessory interest be for a temporary and transitory use of a publicly owned fairground, fairground facility, convention facility, or cultural facility, thereby allowing the exemption from taxation under these provisions of any possessory interest valued at \$50,000 or less.

Summary: The California Constitution prohibits the ad valorem tax rate on real property from exceeding 1% of the full cash value of the property, subject to certain exceptions. This measure would create an additional exception to the 1% limit that would authorize a city, county, city and county, or special district to levy an ad valorem tax to service bonded indebtedness incurred to fund the construction, reconstruction, rehabilitation, or replacement of public infrastructure, affordable housing, or permanent supportive housing, or the acquisition or lease of real property for those purposes, if the proposition proposing that tax is approved by 55% of the voters of the city, county, or city and county, as applicable, and the proposition includes specified accountability requirements.

Summary: Current law authorizes the legislative body of a city or a county to establish an enhanced infrastructure financing district, with a governing body referred to as a public financing authority, to finance public capital facilities or other specified projects of communitywide significance. Current law requires a public financing authority to adopt an infrastructure financing plan and hold a public hearing on the plan, as specified. Current law authorizes the public financing authority to issue bonds for these purposes upon approval by 55% of the voters voting on a proposal to issue the bonds. Current law requires the proposal submitted to the voters by the public financing authority and the resolution for the issuance of bonds following approval by the voters to include specified information regarding the bond issuance. This bill would instead authorize the public financing authority to issue bonds for these purposes without submitting a proposal to the voters.

Summary: The Fire Protection District Law of 1987 provides that whenever a district board determines that it is in the public interest to provide different services, to provide different levels of service, or to raise additional revenues within specific areas of the district, it may form one or more service zones by adopting a resolution that includes specified information, fixing the date, time, and place for public hearing on the formation of the zone, publishing notice, as specified, hearing and considering any protests to the formation of the zone at the hearing, and, at the conclusion of the hearing, adopting a resolution ordering the formation of the zone. If a resolution adopted after the public hearing would substantially expand the provision of services outside of an existing service zone and the extension of service would result in those persons in the expanded area paying charges for the expansion of services, this bill would provide that the resolution does not become effective unless approved by a majority of the voters within the expanded service area.

Summary: Current law requires any successor agency that has been issued a finding of completion to use bond proceeds derived from bonds issued on or after January 1, 2011, in excess of the amounts needed to satisfy approved enforceable obligations, in a manner consistent with the original bond covenants, subject to certain requirements, including a requirement that no more than 5% of the proceeds derived from the bonds be expended, unless the successor agency has an approved Last and Final Recognized Obligation Payment Schedule, in which case the agency is authorized to expend no more than 20% of the proceeds derived from the bonds, subject to specified adjustments. Current law requires remaining bond proceeds that cannot be spent pursuant to those requirements to be used at the earliest possible date to defease the bonds or to purchase those same outstanding bonds on the open market for cancellation. This bill, notwithstanding the requirement that the remaining bond proceeds be used to defease the bonds or to purchase those same outstanding bonds on the open market for cancellation, would authorize the City of Santa Cruz to use the remaining bond proceeds for the purposes of increasing, improving, and preserving affordable housing, as defined, and facilities for homeless persons, so long as those proceeds are used in a manner consistent with any original bond covenant.

Summary: Current law authorizes the Public Utilities Commission, in a proceeding on an application by an electrical corporation to recover costs and expenses arising from a catastrophic wildfire occurring on or after January 1, 2019, to allow cost recovery if the costs and expenses are just and reasonable, after consideration of the conduct of the utility. In evaluating the reasonableness of the costs and expenses, the commission is required to consider the conduct of the electrical corporation and relevant information submitted into the commission record, including in 12 specified areas. Notwithstanding the commission's determination of whether the costs and expenses are just and reasonable as described above, when determining recovery by an electrical corporation for costs and expenses arising from a catastrophic wildfire occurring on or after January 1, 2019, this bill would authorize the commission to consider the electrical corporation's financial status and determine the maximum amount the corporation can pay without harming ratepayers or materially impacting the electrical corporation's ability to provide adequate and safe service.
