Re: FIRE Legislative Report – Week Ending July 12, 2019

Legislature on Summer Recess

The California State Legislature recessed on Thursday to begin its month-long Summer Recess. The Legislature will reconvene on Monday, August 12th.

Catastrophe Wildfire Safety and Funding Act

Before recessing, the Legislature passed the measure encompassing a major feature of the [SB 901 Commission Report](#) on Wildfire Safety and Funding by Utility Companies.

[Assembly Bill 1054 \(Holden\)](#) establishes the California Wildfire Safety Advisory Board consisting of seven members approved by the Governor, Speaker and Senate Rules Committee. The Board will make recommendations related to wildfire safety to the Wildfire Safety Division, which will be created by July 1, 2021. The bill will establish a process for utilities to apply to the PUC to recover wildfire-related costs if these costs are “just and reasonable” and based on reasonable conduct. The bill also establishes a wildfire fund to address property claims stemming from utility-caused wildfires. AB 1054 passed both Houses of the Legislature this week and the Governor signed the bill today. The bill includes an urgency clause which means it will take effect immediately upon signature.

[Assembly Bill 111 \(Committee on Budget\)](#) is the Budget Trailer Bill, which is the companion bill that helps implement AB 1054. The bill creates the California Catastrophe Response Council to oversee the Wildfire Fund and California Earthquake Authority. The Council will consist of nine members and will include the Governor, Treasurer, Insurance Commissioner, Secretary of Natural Resources Agency, three public members appointed by the Governor, a member

appointed by the Speaker and a member appointed by the Senate Rules Committee. The Council will appoint a Wildfire Fund Administrator to oversee the Administration's operation, management and administration of the Wildfire Fund. The measure also includes appropriations of \$50.1 million to support the duties set forth in the Act. The bill passed the Legislature this week and the Governor signed the bill today.

[Assembly Bill 110 \(Ting\)](#) is another Budget Trailer Bill that passed this week and the Governor signed today. This bill appropriates an additional \$2 million from the General Fund to the Department of Finance to implement the AB 1054 package pertaining to responding to catastrophic wildfires and to address impact on victims, ratepayers and utility companies.

Legislative Update – Sponsored Bills

[Assembly Bill 1705 \(Bonta\)](#) – Our bill to exempt public medical transportation providers from the Q.A.F. and creates a Medi-Cal intergovernmental transfer program for public E.M.T. providers passed the Senate Health Committee this week on a unanimous vote. The bill now moves on to the Senate Appropriations Committee.

[Senate Bill 438 \(Hertzberg\)](#) – Our bill to ensure local public agency control of dispatch services passed the Assembly Health Committee. Once again, Fire Chiefs and Firefighters came to the Capitol in large numbers (approximately 100) to support the measure. SB 438 now moves to the Assembly Floor for a vote when legislators return from their Summer Recess.

Legislative Update

[Assembly Bill 38 \(Wood\)](#) would provide low-cost loans for homeowners to harden their homes and create and maintain a defensible space around their homes. The bill passed the Senate Governmental Organization Committee and has been referred to the Senate Appropriations Committee. *FIRE POSITION: SUPPORT.*

[Assembly Bill 315 \(C. Garcia\)](#) has just been amended to restrict local agencies from funding associations that engage in state lobbying activities. The bill, which is directed at water agencies, but covers more than them, will not be heard in 2019. *FIRE POSITION: NO POSITION.*

[Assembly Bill 394 \(Obernalte\)](#) would provide a limited exemption from CEQA for egress routes to improve fire safety of existing subdivisions. The bill passed the Senate Natural Resources and Water Committee and has been sent to the Senate Appropriations Committee. *FIRE POSITION: SUPPORT.*

[Assembly Bill 651 \(Grayson\)](#) would increase Medi-Cal rates and prohibit balance billing for air-ambulance emergency services. The bill passed the Senate Health Committee and moves to the Senate Appropriations Committee. *FIRE POSITION: SUPPORT.*

[Assembly Bill 1116 \(Grayson\)](#) would establish a Firefighter Peer Support and Crisis Referral Pilot Program. The bill passed the Senate Judiciary Committee and moves to the Senate Appropriations Committee. *FIRE POSITION: SUPPORT.*

[Assembly Bill 1400 \(Kamlager-Dove\)](#) is a study bill to have the Commission on Health and Safety and Workers' Compensation submit a report on the risk exposure to carcinogens and incidents of cancer for mechanics who work on fire equipment in Los Angeles. The bill passed the Senate Labor Committee and has been referred to the Senate Appropriations Committee. *FIRE POSITION: SUPPORT.*

[Assembly Bill 1500 \(Carrillo\)](#) would allow a CUPA to suspend a facility's permit, including shutting down the facility, if it poses an imminent or substantial threat to public health and safety. The bill passed the Senate Judiciary Committee and has been referred to the Senate Appropriations Committee. *FIRE POSITION: SUPPORT.*

[Assembly Bill 1516 \(Freidman\)](#) promotes defensible space programs in SRA and LRA with very high fire severity zones. We are seeking amendments to provide for funding for inspections by local authorities; the bill passed the Senate Energy, Utilities and Communications Committee and moves to the Senate Appropriations Committee. *FIRE POSITION: OPPOSE UNLESS AMENDED.*

[Assembly Bill 1544 \(Gipson\)](#) would establish a Community Paramedicine or Triage to Alternate Destination Act. The bill passed the Senate Judiciary Committee and has been assigned to the Senate Appropriations Committee. *FIRE POSITION: SUPPORT.*

[Assembly Bill 1699 \(Levine\)](#) would prohibit a mobile internet provider from impairing or degrading traffic for public safety clients during a state of emergency. The bill passed the Senate Energy, Utilities and Communications Committee and moves to the Senate Floor. *FIRE POSITION: SUPPORT.*

[Senate Bill 13 \(Wieckowski\)](#) modifies the Accessory Dwelling Unit law and alters the impact fees by reducing them for units greater than 750 square feet and eliminating them for ADUs less than 750 square feet. The bill passed the Assembly Local Government Committee and moves to the Senate Appropriations Committee. *FIRE POSITION: OPPOSE.*

[Senate Bill 670 \(McGuire\)](#) would require telecommunications companies to submit an expedited outage notice to OES or local agencies whenever a community power outage occurs that limits

the public from making 9-1-1 calls or receiving emergency notifications. The bill passed the Assembly Governmental Organization Committee and moves to the Assembly Appropriations Committee. FIRE POSITION: SUPPORT.

Summary: Current law authorizes a development proponent to submit an application for a development permit that is subject to a streamlined, ministerial approval process and not subject to a conditional use permit if the development satisfies specified objective planning standards, including that the development is a multifamily housing development that contains 2 or more residential units. This bill would authorize a development proponent to submit an application for a residential development, or mixed-use development that includes residential units with a specified percentage of space designated for residential use, within the territorial boundaries or a specialized residential planning area identified in the general plan of, and adjacent to existing urban development within, specified cities that is subject to a similar streamlined, ministerial approval process and not subject to a conditional use permit if the development satisfies specified objective planning standards.

Summary: Current property tax law establishes a welfare exemption under which property is exempt from taxation if the property is owned and operated by a nonprofit corporation that is organized and operated for the purpose of building and rehabilitating single-family or multifamily residences for sale, as provided, at cost to low-income families. This bill would authorize a local agency to allow, by ordinance, an accessory dwelling unit that was created pursuant to the process described above to be sold or conveyed separately from the primary residence to a qualified buyer if certain conditions are met.

Summary: The Davis-Stirling Common Interest Development Act, governs the management and operation of common interest developments. Current law prohibits the governing document of a common interest development from prohibiting the rental or leasing of any separate interest in the common interest development, unless that governing document was effective prior to the date the owner acquired title to their separate interest. This bill would make void and unenforceable any covenant, restriction, or condition contained in any deed, contract, security instrument, or other instrument affecting the transfer or sale of any interest in a planned development, and any provision of a governing document, that effectively prohibits or unreasonably restricts the construction or use of an accessory dwelling unit or junior accessory dwelling unit on a lot zoned for single-family residential use that meets the above-described minimum standards established for those units.

Summary: Would require a local agency to include a plan that incentivizes and promotes the creation of accessory dwelling units that can be offered at affordable rent for very low, low-, or moderate-income households in its housing element. The bill would require the Department of Housing and Community Development to develop a list of existing state grants and financial incentives for operating, administrative, and other expenses in connection with the planning, construction, and operation of accessory dwelling units with affordable rent, as specified. The bill would require the department to post that list on its internet website by December 31, 2020.

Summary: The Planning and Zoning Law provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Current law requires the ordinance to designate areas where accessory dwelling units may be permitted and authorizes the designated areas to be based on criteria that includes, but is not limited to, the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. This bill would instead require a local agency to designate these areas based on the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. The bill would make other clarifying changes to the criteria an ordinance is required to meet.

Existing law, in lieu of compliance with state and local building, housing, health, habitability, or safety standards and laws, authorizes the city to adopt by ordinance reasonable local standards for emergency bridge housing communities, subject to specified requirements, including review by the Department of Housing and Community Development. This bill would extend the repeal date of these provisions to January 1, 2025. Summary: Current law authorizes the Public Utilities Commission, in a proceeding on an application by an electrical corporation to recover costs and expenses arising from a catastrophic wildfire occurring on or after January 1, 2019, to allow cost recovery if the costs and expenses are just and reasonable, after consideration of the conduct of the utility. In evaluating the reasonableness of the costs and expenses, the commission is required to consider the conduct of the electrical corporation and relevant information submitted into the commission record, including in 12 specified areas. Notwithstanding the commission's determination of whether the costs and expenses are just and reasonable as described above, when determining recovery by an electrical corporation for costs and expenses arising from a catastrophic wildfire occurring on or after January 1, 2019, this bill would authorize the commission to consider the electrical corporation's financial status and determine the maximum amount the corporation can pay without harming ratepayers or materially impacting the electrical corporation's ability to provide adequate and safe service.

Summary: The California FAIR Plan Association is a joint reinsurance association formed by state insurers licensed to write and engaged in writing basic property insurance within this state to assist persons in securing basic property insurance and to formulate and administer a program and FAIR Plan for the equitable apportionment among insurers of basic property insurance. Existing law requires each insurer to participate in the writings, expenses, and profits and losses of the association in the proportion that its premiums written bear to the aggregate premiums written by all insurers in the

program, as specified, but requires the plan to provide for a method for insurers who voluntarily write basic property insurance on risks located in areas designated as brush hazard areas to be proportionately relieved of the liability to participate in the plan. This bill would add to the insurers that are proportionately relieved of the liability to participate in the FAIR Plan those voluntarily writing basic property insurance on risks in high or very high fire hazard severity zones, as determined and mapped by the Department of Forestry and Fire Protection.

SENATE APPROPRIATIONS, PORTANTINO, Chair

Summary: Current law requires the State Department of Health Care Services to develop a modified supplemental reimbursement program, with necessary federal approvals, that would seek to increase the reimbursement to a provider of ground emergency medical transportation services provider that is owned or operated by the state, a city, county, city and county, fire protection district, special district, community services district, health care district, or a federally recognized Indian tribe. Current law requires the nonfederal share of any supplemental reimbursement provided under the modified program to be derived from voluntary intergovernmental transfers of local funds. Current law states the Legislature's intent in enacting these provisions to provide the supplemental reimbursement without any expenditure from the General Fund. TThe bill would instead require the department to implement, subject to any necessary federal approvals, and no sooner than July 1, 2021, the Public Provider Intergovernmental Transfer Program (program), for the duration of any Medi-Cal managed

care rating period, and would authorize the department to continue conducting any administrative tasks related to the above-specified supplemental Medi-Cal reimbursement.

Summary: Current law prohibits an employer from discharging or in any manner discriminating or retaliating against an employee who is a victim of domestic violence, sexual assault, or stalking for taking time off work to obtain specified relief or because of the employee's status as a victim of domestic violence, sexual assault, or stalking, if the victim provides notice to the employer of the status or the employer has actual knowledge of the status. Current law authorizes an employee to file a complaint with the Division of Labor Standards Enforcement for a violation of these prohibitions within one year from the date of occurrence of the violation. Current law makes it a misdemeanor for an employer to refuse to rehire, promote, or restore an employee who has been determined to be so eligible by a grievance procedure or legal hearing. Summary: Current law, including the Meyers-Miliias-Brown Act, the Ralph C. Dills Act, the Trial Court Employment Protection and Governance Act, the Trial Court Interpreter Employment and Labor Relations Act, Judicial Council Employer-Employee Relations Act, and the Los Angeles County Metropolitan Transportation Authority Transit Employer-Employee Relations Act, as well as provisions commonly referred to as the Educational Employment Relations Act and the Higher Education Employer-Employee Relations Act, regulates the labor relations of the state, the courts, and specified local public agencies and their employees. These acts generally require the public entities in this context to grant employee representatives of recognized employee organizations reasonable time off without loss of compensation or benefits for certain purposes in connection with labor relations, commonly referred to as release time. This bill would prescribe requirements relating to release time that would apply to all of the public employers and employees subject to the acts described above and would generally repeal the provisions relating to release time in those acts.

Summary: Current law relating to whistleblower protection prohibits an employer, as defined, or any person acting on behalf of the employer, as defined, from, among other things, preventing an employee from, or retaliating against an employee for, providing information to, or testifying before, any public body conducting an investigation, hearing, or inquiry, if the employee has reasonable cause to believe that the information discloses a violation of a law, regardless of whether disclosing the information is part of the employee's job duties. A violation of these provisions is a crime. This bill would extend the whistleblower protections afforded to employees to county patients' rights advocates under contract, as independent contractors or employees of a contracted organization, to provide services relating to mental health advocacy.

Summary: Current law provides that the measure of indemnity in fire insurance under an open policy is the expense to replace the thing lost or injured in its condition at the time of the injury, with the expense computed as of the start of the fire. Current law also provides that under an open policy that requires payment of actual cash value, the measure of the actual cash value recovery is the policy limit or the fair market value of the structure, whichever is less, in the case of a total loss to the structure. In the case of a partial loss to the structure or loss to its contents, the actual cash value recovery under existing law is the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less. This bill would delete the provisions regarding the actual cash value of the claim of total loss to the structure and would instead require that the actual cash value of the claim, for either a total or partial loss to the structure or its contents, be the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less.

SENATE APPROPRIATIONS, PORTANTINO, Chair

Summary: Current law requires that a person who owns, leases, controls, operates, or maintains an occupied dwelling or structure in, upon, or adjoining a mountainous area, forest-covered land, brush-covered land, grass-covered land, or land that is covered with flammable material that is within a very high fire hazard severity zone, as designated by a local agency, or a building or structure in, upon, or adjoining those areas or lands within a state responsibility area, to maintain a defensible space of 100 feet from each side and from the front and rear of the structure, as specified. A repeated violation within a specified timeframe of those requirements is a crime. This bill would require a person described above to utilize more intense fuel reductions between 5 and 30 feet around the structure, and to create a noncombustible zone within 5 feet of the structure.

Summary: Current law requires each electrical corporation to annually prepare a wildfire mitigation plan and to submit its plan to the commission for review and approval, as specified. Current law requires that an electrical corporation's wildfire mitigation plan include plans for vegetation management. Current law requires the commission, at the time it approves each plan, to authorize the utility to establish a memorandum account to track costs incurred to implement the plan. Current law requires the Public Utilities Commission to oversee compliance with the approved plans. This bill would, on or after January 1, 2021, require an electrical corporation to notify the Department of Forestry and Fire Protection after it completes all or a substantial portion of the vegetation management requirements in its wildfire mitigation plan.

Summary: Would, for the 2019-20 fiscal year, require the vehicle license fee adjustment amount to be the sum of the vehicle license fee adjustment amount in the 2018-19 fiscal year, the product of that sum and the percentage change in gross taxable assessed valuation within the jurisdiction of that

taxation those properties having a full value too low to justify the costs of assessment and collection. Current property tax law implementing this authority generally limits any exemption granted under this constitutional provision by a county board of supervisors to real property with a total base year value, or personal property with a full value, not exceeding \$10,000. Current property tax law increases this limit to \$50,000 in the case of a possessory interest, for a temporary and transitory use, in a publicly owned fairground, fairground facility, convention facility, or cultural facility. This bill, for lien dates occurring on or after January 1, 2020, and before January 1, 2025, would delete this requirement that the possessory interest be for a temporary and transitory use of a publicly owned fairground, fairground facility, convention facility, or cultural facility, thereby allowing the exemption from taxation under these provisions of any possessory interest valued at \$50,000 or less.

If the proposed measure imposes a tax or raises the rate of a tax, existing law requires the ballot to include in the statement of the measure the amount of money to be raised annually and the rate and duration of the tax to be levied. Summary: Current law requires any successor agency that has been issued a finding of completion to use bond proceeds derived from bonds issued on or after January 1, 2011, in excess of the amounts needed to satisfy approved enforceable obligations, in a manner consistent with the original bond covenants, subject to certain requirements, including a requirement that no more than 5% of the proceeds derived from the bonds be expended, unless the successor agency has an approved Last and Final Recognized Obligation Payment Schedule, in which case the agency is authorized to expend no more than 20% of the proceeds derived from the bonds, subject to specified adjustments. Current law requires remaining bond proceeds that cannot be spent pursuant to those requirements to be used at the earliest possible date to defease the bonds or to purchase those same outstanding bonds on the open market for cancellation. This bill, notwithstanding the requirement that the remaining bond proceeds be used to defease the bonds or to purchase those same outstanding bonds on the open market for cancellation, would authorize the City of Santa Cruz to use the remaining bond proceeds for the purposes of increasing, improving, and preserving affordable housing, as defined, and facilities for homeless persons, so long as those proceeds are used in a manner consistent with any original bond covenant.

Summary: Current law requires remaining bond proceeds that cannot be spent pursuant to specified requirements of any successor agency that has been issued a finding of completion to be used at the earliest possible date to defease the bonds or to purchase those same outstanding bonds on the open market for cancellation. This bill, notwithstanding the requirement that the remaining bond proceeds be used to defease the bonds or to purchase those same outstanding bonds on the open market for cancellation, would authorize the successor agency in the City of Glendale to use the remaining bond proceeds for the purposes of predevelopment, development, acquisition, rehabilitation, and preservation of affordable housing, as defined, so long as those proceeds are used in a manner consistent with any original bond covenant.
