Re: FIRE Legislative Report – Week Ending August 23, 2019

## Legislative Update

The fiscal committees of both houses met to hear a flurry of bills this week. The Senate Appropriations Committee heard [Assembly Bill 1516 \(Friedman\)](#), an important fire prevention/defensible space measure that we have obtained significant amendments to improve the operation of the bill. AB 1516 has been sent to the Suspense File and will be taken up with all other bills with a fiscal impact greater than \$50,000 later next week.

The Assembly Appropriations Committee sent the following measures to their Suspense File for action next week:

[Senate Bill 13 \(Wieckowski\)](#) modifies Accessory Dwelling Unit (ADU) law and eliminates impact fees on ADUs less than 750 square feet. *FIRE POSITION: OPPOSE.*

[Senate Bill 182 \(Jackson\)](#) would require cities and counties to make various findings on fire standards before permitting development in very high fire risk areas. *FIRE POSTION: WATCH.*

[Senate Bill 190 \(Dodd\)](#) would require the State Fire Marshall to develop a Model Defensible Space Program and a Wildfire-Urban Interface Fire Safety Building Standards Compliance Training Manual for use by local government. *FIRE POSTIION: SUPPORT.*

[Senate Bill 209 \(Dodd\)](#) would establish the California Wildfire Warning Center to monitor fire-weather conditions and to assess threats to enhance fire forecasting. *FIRE POSITION: SUPPORT.*

[Senate Bill 247 \(Dodd\)](#) would require CAL FIRE to audit the work of electrical corporations to implement vegetation management plans as a part of their wildfire mitigation program. *FIRE POSITION: WATCH.*

[Senate Bill 670 \(McGuire\)](#) would require telecommunications companies to submit an outage notice plan to OES and local agencies whenever a community power outage occurs that limits the public from making 911 calls or receiving emergency notifications. *FIRE POSITION: SUPPORT.*

The Assembly Appropriations Committee passed and sent to the Floor two measures supported by the Task Force:

[Senate Bill 167 \(Dodd\)](#) would require electrical companies to include as part of their wildfire mitigation plan, protocols that consider the public safety effect of deenergizing distribution lines on customers who receive baseline allowances. *FIRE POSITION: SUPPORT.*

[Senate Bill 560 \(McGuire\)](#) would require electrical companies to establish procedures for notifying customers who may be impacted by the deenergizing of electrical lines. *FIRE POSITION: SUPPORT.*

On the Floor of the Assembly, [ACA 1 \(Aguiar-Curry\)](#), the vehicle seeking to place on the 2020 Ballot a constitutional change to set the voter threshold for local tax measures at 55% instead of 66.7% was not adopted by a vote of 44- to-20 (54 votes were needed for passage). Reconsideration was granted, meaning ACA 1 can be taken up again this Session. *FIRE POSITION: SUPPORT.*

The following two bills have been added to our list of tracked bills:

[Senate Bill 295 \(McGuire\)](#) would provide personal income tax credits for homeowners who harden their property to mitigate fire risk. This newly amended bill is scheduled for a hearing in the Assembly Revenue and Taxation Committee next week. *FIRE POSITION: SUPPORT.*

[Senate Concurrent Resolution 72 \(Morrell\)](#) would declare September 23, 2019 as First Responder Day in California.

**Summary:** Current property tax law establishes a welfare exemption under which property is exempt from taxation if the property is owned and operated by a nonprofit corporation that is organized and operated for the purpose of building and rehabilitating single-family or multifamily residences for sale, as provided, at cost to low-income families. This bill would authorize a local agency to allow, by ordinance, an accessory dwelling unit that was created pursuant to the process described above to be sold or conveyed separately from the primary residence to a qualified buyer if certain conditions are met.

**Summary:** The Davis-Stirling Common Interest Development Act, governs the management and operation of common interest developments. Current law prohibits the governing document of a common interest development from prohibiting the rental or leasing of any separate interest in the common interest development, unless that governing document was effective prior to the date the owner acquired title to their separate interest. This bill would make void and unenforceable any covenant, restriction, or condition contained in any deed, contract, security instrument, or other instrument affecting the transfer or sale of any interest in a planned development, and any provision of a governing document, that effectively prohibits or unreasonably restricts the construction or use of an accessory dwelling unit or junior accessory dwelling unit on a lot zoned for single-family residential use that meets the above-described minimum standards established for those units.

**Summary:** The Planning and Zoning Law provides for the creation of accessory dwelling units by local

ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Current law requires the ordinance to designate areas where accessory dwelling units may be permitted and authorizes the designated areas to be based on criteria that includes, but is not limited to, the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. This bill would instead require a local agency to designate these areas based on the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. The bill would make other clarifying changes to the criteria an ordinance is required to meet.

**Summary:** Current law authorizes the Public Utilities Commission, in a proceeding on an application by an electrical corporation to recover costs and expenses arising from a catastrophic wildfire occurring on or after January 1, 2019, to allow cost recovery if the costs and expenses are just and reasonable, after consideration of the conduct of the utility. In evaluating the reasonableness of the costs and expenses, the commission is required to consider the conduct of the electrical corporation and relevant information submitted into the commission record, including in 12 specified areas. Notwithstanding the commission's determination of whether the costs and expenses are just and reasonable as described above, when determining recovery by an electrical corporation for costs and expenses arising from a catastrophic wildfire occurring on or after January 1, 2019, this bill would authorize the commission to consider the electrical corporation's financial status and determine the maximum amount the corporation can pay without harming ratepayers or materially impacting the electrical corporation's ability to provide adequate and safe service.

**Summary:** Current law requires the State Department of Health Care Services to develop a modified supplemental reimbursement program, with necessary federal approvals, that would seek to increase the reimbursement to a provider of ground emergency medical transportation services provider that is owned or operated by the state, a city, county, city and county, fire protection district, special district, community services district, health care district, or a federally recognized Indian tribe. Current law

requires the nonfederal share of any supplemental reimbursement provided under the modified program to be derived from voluntary intergovernmental transfers of local funds. Current law states the Legislature's intent in enacting these provisions to provide the supplemental reimbursement without any expenditure from the General Fund. The bill would instead require the department to implement, subject to any necessary federal approvals, and no sooner than July 1, 2021, the Public Provider Intergovernmental Transfer Program (program), for the duration of any Medi-Cal managed care rating period, and would authorize the department to continue conducting any administrative tasks related to the above-specified supplemental Medi-Cal reimbursement.

**Summary:** Would require a nonprofit or public fire department that has volunteer firefighters and receives reimbursement from the federal, state, or local government through a mutual aid request, if the applicable fire agreement is intended to reimburse for personnel costs for work performed associated with firefighting in which the volunteer firefighters of the fire department have participated, to pass through to those volunteers specific reimbursement. The bill would require a fire department that utilizes the services of volunteer firefighters to maintain documentation of reimbursements and allow access to those records as prescribed.

Current law authorizes an employee to file a complaint with the Division of Labor Standards Enforcement for a violation of these prohibitions within one year from the date of occurrence of the violation. Current law makes it a misdemeanor for an employer to refuse to rehire, promote, or restore an employee who has been determined to be so eligible by a grievance procedure or legal hearing. This bill would expand the scope of these provisions by defining "employer" for purposes of these provisions to mean any person employing another under any appointment or contract of hire and to include the state, political subdivisions of the state, and municipalities.

**Summary:** Current law, including the Meyers-Milias-Brown Act, the Ralph C. Dills Act, the Trial Court Employment Protection and Governance Act, the Trial Court Interpreter Employment and Labor Relations Act, Judicial Council Employer-Employee Relations Act, and the Los Angeles County Metropolitan Transportation Authority Transit Employer-Employee Relations Act, as well as provisions commonly referred to as the Educational Employment Relations Act and the Higher Education Employer-Employee Relations Act, regulates the labor relations of the state, the courts, and specified local public agencies and their employees. These acts generally require the public entities in this context to grant employee representatives of recognized employee organizations reasonable time off without loss of compensation or benefits for certain purposes in connection with labor relations, commonly referred to as release time. This bill would prescribe requirements relating to release time that would apply to all of the public employers and employees subject to the acts described above and would generally repeal the provisions relating to release time in those acts.

**Summary:** Current law provides that the measure of indemnity in fire insurance under an open policy is the expense to replace the thing lost or injured in its condition at the time of the injury, with the expense computed as of the start of the fire. Current law also provides that under an open policy that requires payment of actual cash value, the measure of the actual cash value recovery is the policy limit or the fair market value of the structure, whichever is less, in the case of a total loss to the structure. In the case of a partial loss to the structure or loss to its contents, the actual cash value recovery under existing law is the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less. This bill would delete the provisions regarding the actual cash value of the claim of total loss to the structure and would instead require that the actual cash value of the claim, for either a total or partial loss to the structure or its contents, be the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less.

**Summary:** Current law requires that a person who owns, leases, controls, operates, or maintains an occupied dwelling or structure in, upon, or adjoining a mountainous area, forest-covered land, brush-covered land, grass-covered land, or land that is covered with flammable material that is within a very high fire hazard severity zone, as designated by a local agency, or a building or structure in, upon, or adjoining those areas or lands within a state responsibility area, to maintain a defensible space of 100 feet from each side and from the front and rear of the structure, as specified. A repeated violation within a specified timeframe of those requirements is a crime. This bill would require a person described above to utilize more intense fuel reductions between 5 and 30 feet around the structure, and to create a noncombustible zone within 5 feet of the structure.

**Summary:** Current law requires each electrical corporation to annually prepare a wildfire mitigation plan and to submit its plan to the commission for review and approval, as specified. Current law requires that an electrical corporation's wildfire mitigation plan include plans for vegetation management. Current law requires the commission, at the time it approves each plan, to authorize the utility to establish a memorandum account to track costs incurred to implement the plan. Current law requires the Public Utilities Commission to oversee compliance with the approved plans. This bill would, on or after January 1, 2021, require an electrical corporation to notify the Department of Forestry and Fire Protection after it completes all or a substantial portion of the vegetation management requirements in its wildfire mitigation plan.

**Summary:** Current law authorizes the legislative body of a local agency, defined as a county, city, or city and county, or a district, defined broadly to include other political subdivisions or public corporations in the state other than the state or a county, city and county, or city, to attend the Legislature and the Congress of the United States, and any committees thereof, and to present information regarding legislation that the legislative body or the district deems to be beneficial or detrimental to the local agency or the district. Current law also authorizes the legislative body of a local agency or a district to enter into an association for these purposes and specifies that the cost and expense incident to the legislative body's or district's membership in the association and the activities of the association are proper charges against the local agencies or districts comprising the association. This bill, with respect to moneys paid to or otherwise received by an association from a local agency or district member of the association, would prohibit an association of local agencies or districts from expending those moneys for any purpose other than the above-described activities and educational activities.

**Summary:** The California Constitution authorizes the Legislature, with the approval of 2/3 of the membership of each legislative house, to allow a county board of supervisors to exempt from property taxation those properties having a full value too low to justify the costs of assessment and collection. Current property tax law implementing this authority generally limits any exemption granted under this

constitutional provision by a county board of supervisors to real property with a total base year value, or personal property with a full value, not exceeding \$10,000. Current property tax law increases this limit to \$50,000 in the case of a possessory interest, for a temporary and transitory use, in a publicly owned fairground, fairground facility, convention facility, or cultural facility. This bill, for lien dates occurring on or after January 1, 2020, and before January 1, 2025, would delete this requirement that the possessory interest be for a temporary and transitory use of a publicly owned fairground, fairground facility, convention facility, or cultural facility, thereby allowing the exemption from taxation under these provisions of any possessory interest valued at \$50,000 or less.

**Summary:** Current law establishes a pilot program to allow the Counties of Alameda, Los Angeles, Riverside, San Bernardino, San Diego, San Mateo, Solano, and Yuba to select a bidder on the basis of best value, as defined, for construction projects in excess of \$1,000,000. Current law also authorizes these counties to use a best value construction contracting method to award individual annual contracts, not to exceed \$3,000,000, for repair, remodeling, or other repetitive work to be done according to unit prices, as specified. Current law establishes procedures and criteria for the selection of a best value contractor and requires that bidders verify specified information under oath. Current law repeals the pilot program provisions on January 1, 2020. This bill would authorize the County of Santa Clara and the County of Monterey to utilize this pilot program and would extend the operation of those provisions until January 1, 2025.

**Summary:** Current law requires that the ballots used when voting upon a measure proposed by a local governing body or submitted to the voters as an initiative or referendum measure, including a measure authorizing the issuance of bonds or the incurrence of debt, have printed on them a true and impartial statement describing the purpose of the measure. If the proposed measure imposes a tax or raises the rate of a tax, existing law requires the ballot to include in the statement of the measure the amount of money to be raised annually and the rate and duration of the tax to be levied. This bill would exempt from this requirement a measure that imposes or increases a tax with more than one rate or authorizes the issuance of bonds. The bill would instead permit for these types of measures the statement of the measure to include the words "See voter guide for tax rate information."

**Summary:** Current law requires any successor agency that has been issued a finding of completion to use bond proceeds derived from bonds issued on or after January 1, 2011, in excess of the amounts needed to satisfy approved enforceable obligations, in a manner consistent with the original bond covenants, subject to certain requirements, including a requirement that no more than 5% of the proceeds derived from the bonds be expended, unless the successor agency has an approved Last and Final Recognized Obligation Payment Schedule, in which case the agency is authorized to expend no more than 20% of the proceeds derived from the bonds, subject to specified adjustments. Current law requires remaining bond proceeds that cannot be spent pursuant to those requirements to be used at the earliest possible date to defease the bonds or to purchase those same outstanding bonds on the open market for cancellation. This bill, notwithstanding the requirement that the remaining bond proceeds be used to defease the bonds or to purchase those same outstanding bonds on the open market for cancellation, would authorize the City of Santa Cruz to use the remaining bond proceeds for the purposes of increasing, improving, and preserving affordable housing, as defined, and facilities for homeless persons, so long as those proceeds are used in a manner consistent with any original bond covenant.
