Re: FIRE Legislative Report – Week Ending September 20, 2019

Governor Newsom Statement on Wildfire and end of the 2019 Legislative Session

“California faced with catastrophic wildfires fueled by climate change, invested \$1 Billion to prevent, mitigate and recover from wildfires, disasters and emergencies. And in July, our state enacted something that few people thought could be done – wildfire legislation ([AB 1054 – Holden](#)) that moved California closer to a safe, reliable and affordable energy future.”

The Governor also announced the selection of the first two contracts for the Wildfire Innovation Sprint designed to modernize state technology contracts with the goal of getting cutting edge firefighting technology into the hands of emergency responders by next fire season.

Legislative Update

The following bills were taken up late on the last night of the legislative session, passed and are now on their way to the Governor’s desk:

[Assembly Bill 38 \(Wood\)](#) would provide incentives for homeowners to harden their homes and create defensible spaces in very high fire hazard severity zones. *FIRE POSITION: SUPPORT.*

[Assembly Bill 68 \(Ting\)](#) updates and clarifies the accessory dwelling unit (ADU) law. *FIRE POSITION: WATCH*

[Assembly Bill 881 \(Bloom\)](#) is a companion bill to AB 68 pertaining to ADUs. *FIRE POSITION: WATCH.*

[Assembly Bill 1400 \(Kamlager-Dove\)](#) directs the Commission on Health and Safety and Workers' Compensation to submit a report on the risk exposure to carcinogens and incidents of cancer for mechanics who work on fire equipment in Los Angeles. *FIRE POSITION: SUPPORT.*

[Senate Bill 13 \(Wieckowski\)](#) a third ADU bill, SB 13 also reduces impact fees on ADU projects. *POSITION: OPPOSE.*

[Senate Bill 109 \(Committee on Budget and Fiscal Review\)](#), a budget trailer bill, includes \$14 Million in additional funds to support CAL FIRE, including overtime payments. *FIRE POSITION WATCH.*

[Senate Bill 167 \(Dodd\)](#) would require electrical companies to include in their wildfire mitigation plans, protocols on the effect deenergizing of lines would have on customers receiving baseline allowances. *FIRE POSITION: SUPPORT.*

Two significant measures that were held in the Legislature and are eligible for further action in January include:

[Assembly Bill 1544 \(Gipson\)](#), which would create a Community Paramedicine or Triage to Alternate Destination Act. *FIRE POSITION: SUPPORT.*

[Senate Bill 182 \(Jackson\)](#), which would have required cities and counties to make specific findings on fire standards before permitting development in very high fire risk areas. *FIRE POSITION: WATCH.*

Summary: The Planning and Zoning Law authorizes a local agency to provide, by ordinance, for the creation of accessory dwelling units in single-family and multifamily residential zones and requires such an ordinance to impose standards on accessory dwelling units, including, among others, lot coverage. Current law also requires such an ordinance to require that the accessory dwelling units to be either attached to, or located within, the living area of the proposed or existing primary dwelling, or detached from the proposed or existing primary dwelling and located on the same lot as the proposed or existing primary dwelling. This bill would delete the provision authorizing the imposition of standards on lot coverage and would prohibit an ordinance from imposing requirements on minimum lot size.

Summary: The Davis-Stirling Common Interest Development Act, governs the management and operation of common interest developments. Current law prohibits the governing document of a common interest development from prohibiting the rental or leasing of any separate interest in the common interest development, unless that governing document was effective prior to the date the owner acquired title to their separate interest. This bill would make void and unenforceable any covenant, restriction, or condition contained in any deed, contract, security instrument, or other instrument affecting the transfer or sale of any interest in a planned development, and any provision of a governing document, that effectively prohibits or unreasonably restricts the construction or use of an accessory dwelling unit or junior accessory dwelling unit on a lot zoned for single-family residential use that meets the above-described minimum standards established for those units.

Summary: The Planning and Zoning Law provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Current law requires the ordinance to designate areas where accessory dwelling units may be permitted and authorizes the designated areas to be based on criteria that includes, but is not limited to, the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. This bill would require a local agency to designate these areas based on the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. The bill would also prohibit a local agency from issuing a certificate of occupancy for an accessory dwelling unit before issuing a certificate of occupancy for the primary residence.

Summary: The California FAIR Plan Association is a joint reinsurance association formed by state insurers licensed to write and engaged in writing basic property insurance within this state to assist persons in securing basic property insurance and to formulate and administer a program and FAIR Plan for the equitable apportionment among insurers of basic property insurance. Existing law requires each insurer to participate in the writings, expenses, and profits and losses of the association in the proportion that its premiums written bear to the aggregate premiums written by all insurers in the program, as specified, but requires the plan to provide for a method for insurers who voluntarily write basic property insurance on risks located in areas designated as brush hazard areas to be proportionately relieved of the liability to participate in the plan. This bill would add to the insurers that are proportionately relieved of the liability to participate in the FAIR Plan those voluntarily writing basic property insurance on risks in high or very high fire hazard severity zones, as determined and mapped by the Department of Forestry and Fire Protection.

Summary: The California Fair Employment and Housing Act makes specified employment and housing practices unlawful, including discrimination against or harassment of employees and tenants, among others. Existing law authorizes a person claiming to be aggrieved by an alleged unlawful practice to file a verified complaint with the Department of Fair Employment and Housing within one year from the date upon which the unlawful practice occurred, unless otherwise specified. This bill would extend the above-described period to 3 years for complaints alleging employment discrimination, as specified. The bill would specify that the operative date of the verified complaint is the date that the intake form was filed with the Labor Commissioner.

Summary: As established in the case of Dynamex Operations W. Inc. v. Superior Court (2018) 4 Cal.5th 903 (Dynamex), current law creates a presumption that a worker who performs services for a hirer is an employee for purposes of claims for wages and benefits arising under wage orders issued by the Industrial Welfare Commission. Current law requires a 3-part test, commonly known as the "ABC" test, to establish that a worker is an independent contractor for those purposes. AB 5 of the 2019-20 Regular Session states the intent of the Legislature to codify the decision in the Dynamex case and clarify its application. AB 5 provides that for purposes of the provisions of the Labor Code, the Unemployment Insurance Code, and the wage orders of the Industrial Welfare Commission, a person providing labor or services for remuneration shall be considered an employee rather than an independent contractor unless the hiring entity demonstrates that the person is free from the control and direction of the hiring entity in connection with the performance of the work, the person performs work that is outside the usual course of the hiring entity's business, and the person is customarily engaged in an independently established trade, occupation, or business. AB 5 also exempts specified occupations from the application of Dynamex, and would instead provide that these occupations are governed by the test adopted in S. G. Borello & Sons, Inc. v. Department of Industrial Relations (1989) 48 Cal.3d 341 (Borello). This bill would, until January 1, 2021, also exempt a newspaper distributor working under contract with a newspaper publisher and a newspaper carrier working under contract, either with a newspaper publisher or newspaper distributor, from the Dynamex provisions proposed to be added by AB 5 described above.

Summary: Current law prohibits an employer from discharging or in any manner discriminating or retaliating against an employee who is a victim of domestic violence, sexual assault, or stalking for taking time off work to obtain specified relief or because of the employee's status as a victim of domestic violence, sexual assault, or stalking, if the victim provides notice to the employer of the status or the employer has actual knowledge of the status. Current law authorizes an employee to file a complaint with the Division of Labor Standards Enforcement for a violation of these prohibitions within one year from the date of occurrence of the violation. Current law makes it a misdemeanor for an employer to refuse to rehire, promote, or restore an employee who has been determined to be so eligible by a grievance procedure or legal hearing. This bill would expand the scope of these provisions by defining "employer" for purposes of these provisions to mean any person employing another under any appointment or contract of hire and to include the state, political subdivisions of the state, and municipalities.

Summary: Would establish new procedures under PERL for cases in which PERS determines that the benefits of a member or annuitant are, or would be, based on disallowed compensation that conflicts with PEPRA and other specified laws and thus impermissible under PERL. The bill would also apply these procedures retroactively to determinations made on or after January 1, 2017, if an appeal has been filed and the employee member, survivor, or beneficiary has not exhausted their administrative or legal remedies. At the threshold, after determining that compensation for an employee member reported by the state, school employer, or a contracting agency is disallowed, the bill would require the applicable employer to discontinue the reporting of the disallowed compensation.

Summary: Under current law, a person injured in the course of employment is generally entitled to receive workers' compensation on account of that injury. Current law provides that, in the case of certain state and local firefighting personnel and peace officers, the term "injury" includes various

medical conditions that are developed or manifested during a period while the member is in the service of the department or unit, and establishes a disputable presumption in this regard. This bill would provide, only until January 1, 2025, that in the case of certain state and local firefighting personnel and peace officers, the term "injury" also includes post-traumatic stress that develops or manifests itself during a period in which the injured person is in the service of the department or unit. The bill would apply to injuries occurring on or after January 1, 2020.

Summary: Current law provides that the measure of indemnity in fire insurance under an open policy is the expense to replace the thing lost or injured in its condition at the time of the injury, with the expense computed as of the start of the fire. Current law also provides that under an open policy that requires payment of actual cash value, the measure of the actual cash value recovery is the policy limit or the fair market value of the structure, whichever is less, in the case of a total loss to the structure. In the case of a partial loss to the structure or loss to its contents, the actual cash value recovery under existing law is the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less. This bill would delete the provisions regarding the actual cash value of the claim of total loss to the structure and would instead require that the actual cash value of the claim, for either a total or partial loss to the structure or its contents, be the amount it would cost the insured to repair, rebuild, or replace the thing lost or injured less a fair and reasonable deduction for physical depreciation based upon its condition at the time of the injury or the policy limit, whichever is less.

Summary: The California Constitution authorizes the Legislature, with the approval of 2/3 of the membership of each legislative house, to allow a county board of supervisors to exempt from property taxation those properties having a full value too low to justify the costs of assessment and collection. Current property tax law implementing this authority generally limits any exemption granted under this constitutional provision by a county board of supervisors to real property with a total base year value, or personal property with a full value, not exceeding \$10,000. Current property tax law increases this limit to \$50,000 in the case of a possessory interest, for a temporary and transitory use, in a publicly owned fairground, fairground facility, convention facility, or cultural facility. This bill, for lien dates occurring on or after January 1, 2020, and before January 1, 2025, would delete this requirement that the possessory interest be for a temporary and transitory use of a publicly owned fairground, fairground facility, convention facility, or cultural facility, thereby allowing the exemption from taxation under these provisions of any possessory interest valued at \$50,000 or less.

Summary: This bill would require the Strategic Growth Council, until July 31, 2025, to establish and administer a local agency formation commissions grant program for the payment of costs associated with initiating and completing the dissolution of districts listed as inactive, the payment of costs associated with a study of the services provided within a county by a public agency to a disadvantaged community, as defined, and for other specified purposes, including the initiation of an action, as defined, that is limited to service providers serving a disadvantaged community and is based on determinations found in the study, as approved by the commission. The bill would specify application submission, reimbursement, and reporting requirements for a local agency formation commission to receive grants pursuant to the bill. The bill would require the council, after consulting with the California Association of Local Agency Formation Commissions, to develop and adopt guidelines, timelines, and application and reporting criteria for development and implementation of the program, as specified, and would exempt these guidelines, timelines, and criteria from the rulemaking provisions of the Administrative Procedure Act. The bill would make the grant program subject to an appropriation for the program in the annual Budget Act, and would repeal these provisions on January 1, 2026. This bill contains other existing laws.

Summary: Current law requires the Department of Transportation and the Bay Area Toll Authority to establish the Toll Bridge Program Oversight Committee, as provided, to review and provide program direction for seismic retrofit and replacement projects on toll bridges within the geographic jurisdiction of the committee. This bill, except as specified, would similarly require a state agency undertaking a publicly funded major infrastructure construction project that is estimated to cost \$1,000,000,000 or more to form an oversight committee, as provided, to develop and use risk management plans throughout the course of the project, and to take specified actions relating to managing risks. The bill would require the oversight committee to act as the authority for critical decisions regarding the implementation of the project's risk management plan and to have sufficient staff to support decisionmaking.

Summary: Current law requires that the ballots used when voting upon a measure proposed by a local governing body or submitted to the voters as an initiative or referendum measure, including a measure authorizing the issuance of bonds or the incurrence of debt, have printed on them a true and impartial statement describing the purpose of the measure. If the proposed measure imposes a tax or raises the rate of a tax, existing law requires the ballot to include in the statement of the measure the amount of money to be raised annually and the rate and duration of the tax to be levied. This bill would exempt from this requirement a measure that imposes or increases a tax with more than one rate or authorizes the issuance of bonds. The bill would instead permit for these types of measures the statement of the measure to include the words "See voter guide for tax rate information."

Summary: The California Constitution authorizes the Legislature to exempt from taxation, in whole or in part, property that is used exclusively for religious, hospital, or charitable purposes, and is owned or held in trust by a nonprofit entity. Pursuant to this constitutional authority, current law partially exempts from property taxation property used exclusively for rental housing and related facilities, if specified criteria are met, including, except in the case of a limited partnership in which the managing general partner is a nonprofit corporation eligible for the exemption, that 90% or more of the occupants of the property are lower income households whose rents do not exceed the rent limits prescribed by a specified law. Current law limits the total exemption amount allowed to a taxpayer, with respect to a single property or multiple properties for any fiscal year on the sole basis of the application of this criterion, to \$20,000,000 of tax. This bill, for claims filed for fiscal years 2020–21 through 2030–31, inclusive, would decrease the percentage of occupants that are lower income households required to qualify for exemption under these provisions from 90% to 50%.

Summary: Would authorize the use of up to 10% of these bond proceeds for affordable housing for persons and families of moderate income, as defined, and require that the remainder be expended in accordance with specified provisions regarding the use of housing funds of a former redevelopment agency. The bill, if the City of Santa Cruz uses the remaining bond proceeds for these purposes, would require the Last and Final Recognized Obligation Payment Schedule to be adjusted to allow for the allocation of revenues from the Redevelopment Property Tax Trust Fund to the Santa Cruz Successor Agency for purposes of paying the remaining principal and interest on the bonds. This bill contains

other related provisions.

1st House				2nd House							

Summary: Would establish in state government the Affordable Housing and Community Development Investment Program, which would be administered by the Affordable Housing and Community Development Investment Committee. The bill would authorize a city, county, city and county, joint powers agency, enhanced infrastructure financing district, affordable housing authority, community revitalization and investment authority, transit village development district, or a combination of those entities, to apply to the Affordable Housing and Community Development Investment Committee to participate in the program and would authorize the committee to approve or deny plans for projects meeting specific criteria. The bill would also authorize certain local agencies to establish an affordable housing and community development investment agency and authorize an agency to apply for funding under the program and issue bonds, as provided, to carry out a project under the program.

Summary: Current law requires the Department of Finance to issue a finding of completion to a successor agency upon confirmation by the county auditor-controller that specified payments have been fully made by the successor agency. Current law requires any successor agency that has been issued a finding of completion to use bond proceeds derived from bonds issued on or after January 1, 2011, in excess of the amounts needed to satisfy approved enforceable obligations, in a manner consistent with the original bond covenants, subject to certain requirements, including a requirement that no more than 5% of the proceeds derived from the bonds be expended, unless the successor agency has an approved Last and Final Recognized Obligation Payment Schedule, in which case the agency is authorized to expend no more than 20% of the proceeds derived from the bonds, subject to specified adjustments. Current law requires remaining bond proceeds that cannot be spent pursuant to those requirements to be used at the earliest possible date to defease the bonds or to purchase those same outstanding bonds on the open market for cancellation. This bill, notwithstanding the requirement that the remaining bond proceeds be used to defease the bonds or to purchase those same outstanding bonds on the open market for cancellation, would authorize the successor agency in the City of Glendale to use the remaining bond proceeds for the purposes of predevelopment, development, acquisition, rehabilitation, and preservation of affordable housing, as defined, so long as those proceeds are used in a manner consistent with any original bond covenant.
