Status:07/08/2011-Failed Deadline pursuant to Rule 61(a)(10). (Last location was G. & F. on 6/27/2011)
Current Location:07/08/2011-S 2 YEAR
Calendar Events:

Summary: Existing law requires the Controller to prescribe uniform accounting and reporting procedures that are applicable to specified types of local agencies, including special districts. This bill would instead require the Controller to prescribe uniform accounting procedures that are applicable only to specified types of special districts, subject to these provisions. The bill would require the Controller to prescribe uniform accounting procedures for cities, subject to specified criteria, in collaboration with the Committee on City Accounting Procedures, which would be created by the bill. This bill contains other related provisions.

Summary: The State Teachers' Retirement System, the Public Employees' Retirement System, the Judges' Retirement System, and the Judges Retirement System II provide pension benefits based in part upon credited service. Under existing law, counties and districts, as defined, may provide retirement benefits to their employees pursuant to the County Employees Retirement Law of 1937. This bill would declare the intent of the Legislature to convene a conference committee to craft responsible, comprehensive legislation to reform state and local pension systems in a manner that reflects both the legitimate needs of public employees and the fiscal circumstances of state and local governments.

Status:02/16/2012-Referred to Com. on E., U. & C.
Current Location:02/16/2012-S E. U., & C.
Calendar Events:

Summary: Under existing law, the Public Utilities Commission has regulatory authority over public utilities. The Public Utilities Act authorizes the commission to

ascertain and fix just and reasonable standards, classifications, regulations, practices, measurements, or services to be furnished, imposed, observed, and followed by specified public utilities, including gas corporations. The Natural Gas Pipeline Safety Act of 2011 designates the commission as the state authority responsible for regulating and enforcing intrastate gas pipeline transportation and pipeline facilities pursuant to federal law, including the development, submission, and administration of a state pipeline safety program certification for natural gas pipelines. Because this bill would require the commission to issue orders or adopt rules to implement any safety recommendation by the NTSB relative to natural gas pipeline safety that the commission determines to be appropriate and a violation of these orders or rules would be a crime, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Current Location:02/16/2012-S N.R. & W.

Calendar Events:

Summary: Existing law requires the Department of Forestry and Fire Protection to be responsible for the fire protection, fire prevention, maintenance, and enhancement of the state's forest, range, and brushland resources, contract fire protection, associated emergency services, and assistance in civil disasters and other nonfire emergencies. This bill would require the department to conduct a state and federal level criminal offender record information search through the Department of Justice prior to hiring an applicant, as defined, for a position with the department or the State Board of Forestry and Fire Protection, with exceptions. The bill would require the Department of Justice to provide the information electronically, and require the department to request the Department of Justice to provide subsequent arrest notification services. Status:02/16/2012-Referred to Com. on E., U. & C.
Current Location:02/16/2012-S E. U., & C.
Calendar Events:

Summary: The California Constitution establishes the Public Utilities Commission, with jurisdiction over all public utilities, as defined. The California Constitution grants the commission certain general powers over all public utilities, subject to control by the Legislature, and authorizes the Legislature, unlimited by the other provisions of the Constitution, to confer additional authority and jurisdiction upon the commission, that is cognate and germane to the regulation of public utilities. Existing law requires the commission to appoint an executive director to hold office at the pleasure of the commission. Existing law requires the executive director to be responsible for the commission's executive and administrative duties, as specified. This bill would require the commission to appoint an assistant executive director for public safety to hold office at the pleasure of the commission. The bill would require the assistant executive director for public safety to coordinate all actions of all divisions of the commission to ensure public safety is a primary goal in all proceedings held by the commission. The bill would require the assistant executive director for public safety to advise the commission and each commissioner, when requested, in regard to all matters that may affect public safety.

Status:02/02/2012-Re-referred to Com. on GOV. & F.
Current Location:02/02/2012-S G. & F.
Calendar Events:

Summary: (1) The existing Emergency Telephone Users Surcharge Act generally imposes a surcharge on amounts paid by every person in the state for intrastate telephone service to provide revenues sufficient to fund "911" emergency telephone system costs. Surcharge amounts are paid to the State Board of Equalization on a monthly basis by the telephone service supplier and are deposited into the State Treasury to the credit of the State Emergency Telephone Number Account in the General Fund, to be expended for limited purposes, including to pay the Department of General Services for its costs in administration of the "911" emergency telephone number system. This bill would enact the Prepaid Wireless Surcharge Collection Act. The bill

would establish a prepaid communications charge, as defined, based upon a percentage of the sales price of each retail transaction that occurs in this state for prepaid mobile telephony services, as defined. The prepaid communications charge would include a state component, as defined, and if a local government has adopted utility user taxes or other specified charges that are otherwise applicable to prepaid mobile telephony services and the retail transaction occurs within that jurisdiction, a local component. The bill would state the intent of the Legislature to develop a method whereby a seller is required to collect the local component. The bill would require a seller, as defined, to collect the prepaid communications charge from a consumer and remit the amounts collected to the State Board of Equalization pursuant to the Fee Collection Procedures Law. The bill would require the board to remit that portion of the state component collected pursuant to the Emergency Telephone Users Surcharge Act to the California Technology Agency and remit the balance of the state component, minus certain administrative costs incurred by the board, to the Public Utilities Commission. The bill would require the State Board of Equalization to remit the local component, if applicable, to the local government. The bill would require the Public Utilities Commission to annually compute the commission's reimbursement fee and specified telecommunications universal service program fees, to post notice of those fees on its Internet Web site and to notify the State Board of Equalization of the amounts. This bill contains other related provisions and other existing laws.

Status:02/16/2012-Referred to Com. on L. & I.R.

Current Location:02/16/2012-S L. & I.R.

Calendar Events:

Summary: Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of his or her employment. Existing law, for injuries that cause permanent partial disability

and occur on or after January 1, 2004, provides supplemental job displacement benefits in the form of a nontransferable voucher for education-related retraining or skill enhancement for an injured employee who does not return to work for the employer within 60 days of the termination of temporary disability, in accordance with a prescribed schedule based on the percentage of an injured employee's disability. Existing law provides an exception for employers who meet specified criteria. This bill would provide that the above provisions shall apply to injuries occurring on or after January 1, 2004, and before January 1, 2013. The bill would require that within 10 days of the last payment of temporary disability, the employer provide to the employee information that provides notice of rights pursuant to these provisions. Status:09/09/2011-Ordered to inactive file at the request of Assembly Member Ma.

Current Location:09/09/2011-A INACTIVE FILE

Calendar Events:

Summary: The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its employees based on age at retirement, service credit, and final or highest compensation paid to the employee. Existing law authorizes any public agency to participate in, and make its employees members of, PERS by contract. In the case of an employee who has been employed by one or more contracting public agencies, retirement benefits distributed to that employee are based on the highest final compensation under any system, and each system makes a separate retirement payment to the employee based upon the number of years that the employee worked for each of those agencies. This bill would state the intent of the Legislature that a contracting agency not experience a significant increase in actuarial liability due to increased compensation paid by another contracting agency to a nonrepresented employee. The bill would require the Board of Administration of PERS to develop guidelines in this regard and to implement program changes to ensure that a contracting agency that creates a significant increase in actuarial liability due to increased compensation bears the associated liability. The bill would require the system actuary to assess an increase in liability in this regard to the employer that created it at the time the increase is determined and to make adjustments to that employer's rates as needed. The bill would apply these requirements to any significant increase in actuarial liability due to increased compensation paid to a nonrepresented employee regardless of when the increase in compensation occurred. The bill would require the board to report to the Legislature on the implementation of these provisions. This bill contains other related provisions and other existing laws.

AB 1320 (Allen) Public employees' retirement: employer contribution rates. (A-09/02/2011 [html](#) [pdf](#))

Status:09/09/2011-Ordered to inactive file at the request of Assembly Member Allen.

Current Location:09/09/2011-A INACTIVE FILE

Calendar Events:

Summary: The Public Employees' Retirement Law prescribes employer rates for contribution to the retirement fund for the Public Employees' Retirement System (PERS). Existing law requires that the state's contribution rate be adjusted in the Budget Act based on rates established by the system's actuary. Existing law provides that the employer contribution rate for an employer other than the state shall be determined on an annual basis by the actuary, as specified. Existing law requires that the rate at which a public employer contributes to the system shall be based upon its experience, and not the experience of public agency employers generally. Existing law requires that all assets of an employer in the system be used to determine the employer's contribution rate. This bill, on and after July 1, 2013, would establish for each employer a Rate Stabilization Account in the Employer Rate Stabilization Fund, which this bill would create and which would be continuously appropriated to the Board of Administration of PERS for the purpose of stabilizing employer retirement contributions. By creating a continuously appropriated fund and authorizing the expenditure of employer payments, this bill would make an appropriation. The bill would provide that the board has sole and exclusive control over the administration of the fund and would require that the investment of fund assets be according to strategies established by the board. The bill would authorize the board, in its discretion, to establish administrative terms and conditions governing the Rate Stabilization Fund. The bill would provide that the Rate Stabilization Account is an employer asset, but it would not be counted as an asset for the purpose of determining the employer's contribution rate. The bill would require employers to make payments to the account when the actuarial value of assets exceeds the accrued liability, as specified, which would be calculated based on the employer normal cost of benefits and which would be credited to each employer's Rate Stabilization Account. Payments by the state would be made in the annual Budget Act. The bill would provide that the assets of the account be drawn upon , subject to procedures adopted by the board, to pay a portion of the employer contribution when the employer contribution rate is greater than the employer normal cost of benefits, as specified. The bill would provide that the employer is not required to make that additional contribution when the employer's Rate Stabilization Account exceeds an amount equal to 50% of the employer's assets, exclusive of the assets in the Rate Stabilization Account. The bill would provide that assets in an account would be invested according to investment strategies established by the Board of Administration of PERS. This bill contains other related provisions and other existing laws.

Calendar Events:

Summary: The federal Single Audit Act of 1984 requires any nonfederal entity, defined as a state, local government, or nonprofit organization, that expends \$300,000 or more in federal money to prepare an annual audit that meets certain specifications and transmit that audit to specified federal agencies. Existing law requires the Controller to receive every audit report prepared by any local public agency, pursuant to the federal Single Audit Act of 1984, and review those reports for compliance with federal law before forwarding them to the designated state agency. This bill would require the annual audit reports made pursuant to the federal Single Audit Act of 1984 to be submitted to the Controller within 9 months after the end of the period audited or pursuant to applicable federal or state law. This bill would authorize the Controller to appoint a qualified certified public accountant or public accountant to complete an audit report if a local agency, as defined, fails to submit the audit report to the Controller by the specified date. The bill would require the Controller to report certain misconduct and nondisclosures to the California Board of Accountancy. This bill contains other related provisions and other existing laws.

Status:09/09/2011-Ordered to inactive file at the request of Senator Kehoe.

Current Location:09/09/2011-S INACTIVE FILE

Calendar Events:

Summary: Existing law establishes the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, which governs local emergency medical service systems and establishes the Emergency Medical Services Authority, which is responsible for the coordination and integration of all state activities concerning emergency medical services. The act requires a county to enter into a written agreement with a city or fire district that contracted for, or provided, as of June 1, 1980, prehospital emergency medical services regarding the provision of these services for the city or fire district, as specified. The act requires, until an agreement is reached, prehospital emergency medical services to be continued at not less than the existing level, unless reduced by the city council or the governing body of the fire district, as specified. This bill would continue the authorization of a city or fire district that had continuously contracted for or provided prehospital emergency medical services (EMS) since June 1, 1980, to contract for or provide the administration of the same type of prehospital EMS that it has continuously provided or contracted for during that time, within the geographical service area that it continuously served during that time, if the city or fire district makes a formal written request to the local EMS agency prior to January 1, 2014, and if specified conditions are met. The bill would authorize a city or fire district to increase its geographical area if specified conditions are met. The bill would prohibit a local EMS agency from creating an exclusive operating area for a type of prehospital EMS provided or contracted for by a city or fire district that is providing continuing prehospital EMS. Current Location:03/12/2012-A NAT. RES.

Calendar Events:03/26/12 2:30 p.m. - State Capitol, Room 447 ASM NATURAL RESOURCES

Summary: Existing law requires the State Board of Forestry and Fire Protection, on or before September 1, 2011, to adopt emergency regulations to establish a fire prevention fee in an amount not to exceed \$150 to be charged on each structure on a parcel that is within a state responsibility area, as defined, and requires that the fire prevention fee be adjusted annually using prescribed methods. Existing law requires the State Board of Equalization to collect the fire prevention fees, as prescribed, commencing with the 2011-12 fiscal year. Existing law establishes the State Responsibility Area Fire Prevention Fund and prohibits the collection of fire prevention fees if, commencing with the 2012-13 fiscal year, there are sufficient amounts of moneys in the fund to finance specified fire prevention activities for a fiscal year. Existing law requires that the fire prevention fees collected, except as provided, be deposited into the fund and be made available, to the board and the Department of Forestry and Fire Protection for certain specified fire protection activities that benefit the owners of structures in state responsibility areas who are required to pay the fee. Existing law further requires the board, on and after January 1, 2013, to submit an annual written report to the Legislature on specified topics. Calendar Events:04/10/12 9 a.m. - State Capitol, Room 4202 ASM JUDICIARY

Summary: Existing law requires certain natural hazard disclosures to be made upon the transfer of residential real property, as specified, and prescribes the manner and the form of the disclosures. Existing law limits the liability of a transferor or listing or selling agent under certain conditions for failing to disclose natural hazards or to make other disclosures in specified property transactions if the transferor or the listing or selling agent obtains a report or opinion prepared by a licensed engineer, land surveyor, geologist, or expert in natural hazard discovery dealing with matters within the scope of the professional's license or expertise. Existing law conditions this limitation in specified ways, including the requirement that when an expert responds to a request regarding natural hazards, that the expert also determine whether the property is within an airport influence area, the jurisdiction of the San Francisco Bay Conservation and Development Commission, or designated farmland and, if so, existing law requires the expert to provide a specified notice or notices with his or her report. This bill would further condition the limitation on liability described above by requiring the expert, when responding to a request regarding natural hazards, to also determine whether the property is located within 2,000 feet of a gas transmission or hazardous liquid pipeline as specified, and if so, to include in the report a notice and a map depicting the pipeline, as

specified.

Current Location:02/09/2012-A B.,P. & C.P.

Calendar Events:

Summary: The California Buy American Act requires that a governing body of any political subdivision, municipal corporation, or district, and any public officer or person charged with the letting of contracts for the construction, alteration, or repair of public works or for purchasing materials for public use to only let those contracts to a person who agrees to use or supply materials produced or manufactured in the United States, as prescribed. Existing law does not apply this requirement to specified medical and scientific equipment and instruments, sewing machines, printing presses, or office machines or supplies, as specified. This bill would, on and after January 1, 2014, also apply a similar requirement to public contracts let for the purchase or lease of any manufactured tangible personal property or for any materials or structural components to be incorporated into real property, and would provide for specified exceptions, as provided. This bill would repeal those provisions that prohibit the application of the existing United States-made preference to specified medical and scientific equipment and instruments, sewing machines, printing presses, or office machines or supplies. By imposing new duties upon local governments with respect to public contracts, this bill would impose a state-mandated local program. This bill would also make related changes. Summary: Existing law, until January 1, 2013, requires a legal owner to maintain vacant residential property purchased at a foreclosure sale, or acquired by that owner through foreclosure under a mortgage or deed of trust. Existing law, until January 1, 2013, authorizes a governmental entity to impose civil fines and penalties for failure to maintain that property of up to \$1,000 per day for a violation. Existing law, until January 1, 2013, requires a governmental entity that seeks to impose those fines and penalties to give notice of the claimed violation and an opportunity to correct the violation at least 14 days prior to imposing the fines and penalties, and to allow a hearing for contesting those fines and penalties. This bill would extend the operation of these provisions until January 1, 2018.

Summary: Existing law declares the existence of the California Conservation Camp program which establishes camps for the purpose of receiving prisoners and wards committed to the Department of Corrections and Rehabilitation and the Department of Corrections and Rehabilitation, Division of Juvenile Facilities, to perform fire prevention, fire control, and other work. Existing law authorizes the various agencies concerned with conservation projects to enter into

contracts as may be necessary for these purposes. This bill would authorize the Department of Forestry and Fire Protection to enter into contracts with counties to establish county inmate fire crews that would utilize county jail inmates for the purposes of fire prevention and suppression. The bill would require that county jail inmates remain under the constructive custody and control of their respective county correctional facilities, or an agreed upon multicounty correctional facility, while participating in the inmate fire crew. Status:03/20/2012-Do pass as amended and be re-referred to the Committee on Appropriations.

Current Location:03/20/2012-A APPR.

Calendar Events:

Summary: The Aboveground Petroleum Storage Act (act) defines, for purposes of the act, an "aboveground storage tank" as a tank that has the capacity to store 55 gallons or more of petroleum and that is substantially or totally above the surface of the ground, except as specified. Existing law requires every county to apply to the Secretary for Environmental Protection to be certified to implement the unified hazardous waste and hazardous materials management regulatory program (unified program) and allows a city or local agency to implement the unified program. Existing law requires the unified program agencies (UPAs) to implement that act. This bill would revise the definition of "aboveground storage tank" to delete the requirement that the tank be substantially or totally above the ground and to include tanks in an underground area, as defined. The bill would also make conforming changes to the definition of the term "tank facility." The bill would require the UPAs to implement the act in accordance with the regulations adopted by the Office of the State Fire Marshal and would authorize the Office of the State Fire Marshal to adopt these regulations, thereby imposing a state-mandated local program by imposing new requirements upon local agencies with regard to the act. The bill would require the office to establish an advisory committee and take other actions with regard to ensuring compliance with local, state, and federal requirements. The bill would also require the office to interpret the act and oversee the implementation of the act by the UPAs and would make conforming changes in that regard. This bill contains other related provisions and other existing laws.

Summary: Under existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, the Emergency Medical Services Authority is responsible for establishing minimum standards and promulgating regulations for the training and scope of practice for an emergency medical technicians-paramedic (EMT-P) who is licensed under the act. This bill would revise the procedures and requirements for discipline of an EMT-P to, among other things, require an investigation, as specified, and determination of disciplinary cause before the authority may deny, suspend, or revoke a license. The bill would require the medical director of a local EMS agency to refer information regarding conduct that appears to constitute disciplinary cause to EMT-P's employer, as specified. The bill would further require, in specified instances, if an EMT-P's employer does not investigate a potential disciplinary course, that the medical director of a local EMS agency conduct an investigation and take disciplinary action, as necessary. This bill contains other related provisions and other existing laws.

Calendar Events:

Summary: Existing law establishes the Public Employees' Retirement System (PERS) and the State Teachers' Retirement System (STRS) for the purpose of providing pension benefits to their employees. Existing law also establishes the Judges' Retirement System II which provides pension benefits to elected judges and the Legislators' Retirement System which provides pension

benefits to elective officers of the state other than judges and to legislative statutory officers. The County Employees Retirement Law of 1937 authorizes counties to establish retirement systems pursuant to its provisions in order to provide pension benefits to county, city, and district employees. The Regents of the University of California have established the University of California Retirement System as a trust for this purpose. This bill, on and after January 1, 2013, would prohibit a public retirement system from allowing the purchase of additional retirement service credit, as described above. The bill would except from this prohibition an official application to purchase this type of service credit received by the retirement system prior to January 1, 2013. The bill would prohibit any member who does not have at least 5 years of service credit before the operative date of this bill, or any person hired on or after that date, from purchasing additional retirement service credit. AB 2559 (Buchanan) Natural gas pipelines: pipeline integrity management. (I-02/24/2012 [html](#) [pdf](#))

Status:03/19/2012-Referred to Coms. on U. & C. and L. GOV.

Current Location:03/19/2012-A U. & C.

Calendar Events:

Summary: Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including gas corporations, as defined. The Natural Gas Pipeline Safety Act of 2011 designates the commission as the state authority responsible for regulating and enforcing intrastate gas pipeline transportation and pipeline facilities pursuant to federal law, including the development, submission, and administration of a state pipeline safety program certification for natural gas pipelines. This bill would require the commission to ensure that a city, county, or city and county is provided notice by a gas corporation whenever a pipeline integrity management plan, as defined, may result in the gas corporation undertaking pipeline inspection, remediation, or replacement work within the city, county, or city and county, and the inspection, remediation, or replacement work within that city, county, or city and county and that work is likely to require action by the city, county, or city and county to approve or facilitate the work. The bill would require that the city, county, or city and county that has been provided with notice expedite any permitting or other actions necessary to complete any pipeline inspection, remediation, or replacement work within the city, county, or city and county that is necessary pursuant to the pipeline integrity management plan. By requiring a higher level of service by local governments that may be affected by work undertaken pursuant to a pipeline integrity management plan, the bill would impose a state-mandated local program. This bill contains other related

provisions and other existing laws.

Current Location:03/19/2012-A U. & C.

Calendar Events:

Summary: Under existing law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including electrical corporations and gas corporations, as defined. Existing law requires the PUC to adopt inspection, maintenance, repair, and replacement standards for the distribution systems of electrical corporations in order to provide high quality, safe, and reliable service. Existing law requires the PUC to conduct a review to determine whether the standards have been met and to perform the review after every major outage. This bill would require every electrical corporation and gas corporation that has an unplanned service outage resulting from an accident, natural event, or caused by the unplanned act of a utility employee, to preserve and not dispose of any materials that evidence the cause of the unplanned outage for 5 business days following the unplanned outage. The bill would provide that where evidence is required to be altered in order to restore utility service or to protect the public safety, the electrical corporation or gas corporation is required to identify those utility facilities that have been altered and preserve those materials that are unnecessary to restoration of service or protection of the public safety. This bill contains other related provisions and other existing laws.

This measure would require the Legislative Analyst to review an initiative measure not later than 15 days after its qualification for the ballot, and report the results of the review to the Secretary of State. This measure would prohibit an initiative measure that the Legislative Analyst determines would result in a net increase in state or local government costs exceeding \$5,000,000, other than costs attributable to the issuance, sale, or repayment of bonds, from being submitted to the electors or having any effect unless the Legislative Analyst determines that the initiative measure provides for additional revenues in an amount that meets or exceeds the net increase in costs. Summary: Existing provisions of the California Constitution provide that the initiative is the power of the electors to propose statutes and amendments to the Constitution and to adopt or reject those proposals. Those provisions require the Secretary of State to submit the measure at the next general election held at least 131 days after it qualifies or at any special statewide election held

prior to that general election. The Governor may also call a special statewide election on the measure. This measure would require the Secretary of State to transmit a copy of an initiative measure certified for the ballot to each house of the Legislature no later than 176 days prior to the election at which the measure is to be voted upon. Within 30 days, the Legislature may propose an amended form of the initiative measure by adopting a concurrent resolution. If the Legislature proposes an amended form of the initiative measure, the measure would provide that if the proponent, or a majority of the proponents if there is more than one proponent, of the initiative measure accepts the proposed amendments, the Legislature's proposal would appear on the ballot in place of the certified initiative measure. The measure would require that, if the amended form proposed by the Legislature is not accepted, information regarding the proposed amended form be included in the ballot materials relating to the initiative measure, as prescribed by statute. Calendar Events:

Summary: Existing law establishes various public agency retirement systems, including the Public Employees' Retirement System (PERS), the State Teachers' Retirement System (STRS), the Judges' Retirement System II, and various county retirement systems pursuant to the County Employees Retirement Law of 1937, among others, and these systems provide defined pension benefits to public employees based on age, service credit, and amount of final compensation. The California Constitution permits a city or county to adopt a charter for purposes of its governance that supersedes general laws of the state in regard to specified subjects, including compensation of city or county employees. The California Constitution also establishes the University of California as a public trust with full powers of organization and government, subject only to specified limitations. Charter cities and the University of California may establish pension plans under their respective independent constitutional authority. These pension systems are funded by employee and employer contributions and investment returns. Existing law provides that public employee pension benefits are a form of deferred compensation, the right to which vests in the employee on contractual principles and is protected from impairment by the California Constitution and the United States Constitution. This measure would require each public retirement system, as defined in statute, to provide one or more hybrid pension plans meeting the requirements of this measure to each public employer that provides its employees a defined benefit pension plan administered by the public retirement system. The measure would require that a hybrid pension plan consist of a defined benefit component and a defined contribution or alternative plan design component, as specified. The measure would require, among other things, that a hybrid pension plan be designed with a goal of providing annually during retirement, based on a full career in public service, as defined, replacement income of 75% of a public employee's final compensation. The measure would require the Director of Finance, on or before January 1, 2013, to establish initial criteria and requirements for one or more hybrid pension plans, as specified. The measure would require, on and after July 1, 2013, each public retirement system to administer, and make available to each public employer that provides a defined benefit pension plan, one or more hybrid pension plans, except as specified, for public employees hired in each member classification in the public retirement system. Calendar Events:

Summary: The State Teachers' Retirement Law (STRL) establishes the Defined Benefit Program of the State Teachers' Retirement System, which provides a defined benefit to members of the system based on final compensation, credited service, and age at retirement, subject to certain variations. STRL also establishes the Defined Benefit Supplement Program, which provides supplemental retirement, disability, and other benefits, payable either in a lump-sum payment, an annuity, or both to members of the State Teachers' Retirement Plan. STRL defines creditable compensation for these purposes as remuneration that is payable in cash to all persons in the same class of employees, as specified, for performing creditable service. This bill would revise the definition of creditable compensation for these purposes and would identify certain payments, reimbursements, and compensation that are creditable compensation to be applied to the Defined Benefit Supplement Program. The bill would prohibit one employee from being considered a class. The bill would revise the definition of compensation with respect to the Defined Benefit Supplement Program to include remuneration earnable within a 5-year period, which includes the last year in which the member's final compensation is determined, when it is in excess of 125% of that member's compensation earnable in the year prior to that 5-year period, as specified. The bill would prohibit a member who retires on or after January 1, 2013, who elects to receive his or her retirement benefit under the Defined Benefit Supplement Program as a lump-sum payment from receiving that sum until 180 days have elapsed following the effective date of the member's retirement. Summary: The Public Employees' Retirement Law (PERL) provides a comprehensive set of rights and benefits based upon age, service credit, and final compensation to members of the Public Employees' Retirement System. Under PERL, if a recipient of a disability retirement allowance who is under the minimum age for voluntary retirement for service applicable to members of his or her class refuses to submit to a medical examination, the pension portions of his or her allowance may be discontinued until his or her withdrawal of the refusal, or canceled if the refusal continues for one year. Calendar Events:

Summary: The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its members based on age at retirement, service credit, and final compensation. PERL vests the Board of Administration of PERS with management and control of the system. PERL requires the state's contribution to PERS to be adjusted from time to time in the annual Budget Act by requiring the Governor, as part of the proposed budget, to include contribution rates adopted by the board for the liability for benefits on account of state employees and would require the Legislature to adopt the board's contribution rates and authorize the appropriation in the Budget Act. Existing law also authorizes the board, in its discretion, to adopt new quarterly employer contribution rates for future contributions for the state plans to reflect changes in employee retirement contributions, benefits, or pension plan design contained in a memorandum of understanding, or similar changes for unrepresented employees, when those changes go into effect after the board has adopted its most recent annual employer contribution rates. Summary: The Planning and Zoning Law requires the legislative body of a city or county to adopt a comprehensive, long-term general plan that includes various

elements, including, among others, a safety element for the protection of the community from unreasonable risks associated with, among other things, wildland and urban fires. The safety element includes requirements for state responsibility areas, as defined, and very high fire hazard severity zones, as defined. This bill would revise the safety element requirements for state responsibility areas and very high fire hazard severity zones, as specified, and require the safety element, prior to January 1, 2015, and thereafter upon each revision of the housing element, to be reviewed and updated as necessary to address the risk of fire in state responsibility areas and very high fire hazard severity zones, taking into account specified considerations, including, among others, the most recent version of the Office of Planning and Research's "Fire Hazard Planning" document, which this bill would require the office to update on or before January 1, 2014. Calendar Events:

Summary: The California Constitution provides that the retirement board of a public pension or retirement system has plenary authority and fiduciary responsibility for investment of moneys and administration of the system. Existing law establishes various public agency retirement systems, including the Public Employees' Retirement System (PERS), the State Teachers' Retirement System (STRS), the Judges' Retirement System II, and various county retirement systems pursuant to the County Employees Retirement Law of 1937, among others, and these systems provide defined pension benefits to public employees based on age, service credit, and final compensation. The California Constitution permits a city or county to adopt a charter for purposes of its governance that supersedes general laws of the state in regard to specified subjects, including compensation of city or county employees. The California Constitution also establishes the University of California as a public trust with full powers of organization and government, subject only to specified limitations. Charter cities and the University of California may establish pension plans under their respective independent constitutional authority. This measure would provide that any change to the formula used to calculate the pension benefits of a member of a public retirement system, as defined, that results in an increase in the member's pension benefits shall apply only to service performed on and after the operative date of the change, and would prohibit the retroactive application of that change. SCA 15 (Hancock) Taxation: voter approval. (I-07/14/2011 [html](#) [pdf](#))

Status:02/02/2012-Referred to Coms. on GOV. & F. and E. & C.A.

Current Location:02/02/2012-S G. & F.

Calendar Events:

Summary: The California Constitution requires that a change in state statute, passed by the Legislature, that results in a taxpayer paying a higher tax be imposed in an act that is passed with the approval of not less than 2/3 of the membership of each house of the Legislature. This measure would alternatively allow a change in state statute, passed by the Legislature, that results in a taxpayer paying a higher tax to be imposed in an act passed by a majority of the membership of each house of the Legislature, where that change becomes effective only when submitted to the voters and approved by a majority of the voters voting on that measure at a statewide election. This bill contains other related provisions.

SCA 18 (Huff) Public employees' retirement. (I-02/22/2012 [html](#) [pdf](#))

Status:03/01/2012-Referred to Coms. on P.E. & R. and E. & C.A.

Current Location:03/01/2012-S P.E. & R.
Calendar Events:

Summary: Existing law establishes various public agency retirement systems, including the Public Employees' Retirement System (PERS), the State Teachers' Retirement System (STRS), the Judges' Retirement System II, and various county retirement systems pursuant to the County Employees Retirement Law of 1937, among others, and these systems provide defined pension benefits to public employees based on age, service credit, and amount of final compensation. The California Constitution permits a city or county to adopt a charter for purposes of its governance that supersedes general laws of the state in regard to specified subjects, including compensation of city or county employees. The California Constitution also establishes the University of California as a public trust with full powers of organization and government, subject only to specified limitations. Charter cities and the University of California may establish pension plans under their respective independent constitutional authority. These pension systems are funded by employee and employer contributions and investment returns. Existing law provides that public employee pension benefits are a form of deferred compensation, the right to which vests in the employee on contractual principles and is protected from impairment by the California Constitution and the United States Constitution. This measure would require each public retirement system, as defined in statute, to provide one or more hybrid pension plans meeting the requirements of this measure to each public employer that provides its employees a defined benefit pension plan administered by the public retirement system. The measure would require that a hybrid pension plan consist of a defined benefit component and a defined contribution or alternative plan design component, as specified. The measure would require, among other things, that a hybrid pension plan be designed with a goal of providing annually during retirement, based on a full career in public service, as defined, replacement income of 75% of a public employee's final compensation. The measure would require the Director of Finance, on or before January 1, 2013, to establish initial criteria and requirements for one or more hybrid pension plans, as specified. The measure would require, on and after July 1, 2013, each public retirement system to administer, and make available to each public employer that provides a defined benefit pension plan, one or more hybrid pension plans, except as specified, for public employees hired in each member classification in the public retirement system. This bill contains other existing laws.

SCR 2 (DeSaulnier) Constitutional Convention. (A-04/07/2011 [html](#) [pdf](#))

Status:04/07/2011-From committee with author's amendments. Read second time and amended. Re-referred to Com. on RLS.

Current Location:04/07/2011-S RLS.

Calendar Events:

Summary: Under the California Constitution, the Legislature by rollcall vote entered in the journal, two-thirds of the membership of each house concurring, may submit at a general election the question whether to call a convention to revise the Constitution. If the majority vote yes on that question, within 6 months the Legislature is required to provide for the convention. This measure would propose that the people of the State of California vote at the next statewide general election on the question of whether to call a convention to revise the California Constitution.
