Summary: The State Teachers' Retirement System, the Public Employees' Retirement System, the Judges' Retirement System, and the Judges Retirement System II provide pension benefits based in part upon credited service. Under existing law, counties and districts, as defined, may provide retirement benefits to their employees pursuant to the County Employees Retirement Law of 1937. This bill would declare the intent of the Legislature to convene a conference committee to craft responsible, comprehensive legislation to reform state and local pension systems in a manner that reflects both the legitimate needs of public employees and the fiscal circumstances of state and local governments.

Calendar Events:05/15/12 9:30 a.m. - John L. Burton Conference Room (4203) SEN ENERGY, UTILITIES AND COMMUNICATIONS

Summary: Under existing law, the Public Utilities Commission has regulatory authority over public utilities. The Public Utilities Act authorizes the commission to ascertain and fix just and reasonable standards, classifications, regulations, practices, measurements, or services to be furnished, imposed, observed, and followed by specified public utilities, including gas corporations. Existing law authorizes the commission to fix the rates and charges for every public utility, and requires that those rates and charges be just and reasonable. The Natural Gas Pipeline Safety Act of 2011 designates the commission as the state authority responsible for regulating and enforcing intrastate gas pipeline transportation and pipeline facilities pursuant to federal law, including the development, submission, and administration of a state pipeline safety program certification for natural gas pipelines. Because this bill would require the commission to issue orders or adopt rules to implement any safety recommendation by the NTSB relative to natural gas pipeline safety that the commission determines to be appropriate and a violation of these orders or rules would be a crime, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Calendar Events:

Summary: The Public Employees' Retirement Law (PERL) requires the Public Employees' Retirement System to be liable for either a basic or special death benefit upon the death of a member, as specified. Among other circumstances, PERL authorizes the special death benefit to be payable when there is a qualifying survivor if the deceased was a patrol, state peace officer/firefighter, state safety, state industrial, or local safety member, if his or her death was industrial. This bill would authorize the special death benefit to be payable if the deceased was a Riverside County Sheriff's Department Correctional Deputy or a Correctional Corporal, if his or her death occurred as a direct result of injury arising out of and in the course of his or her official duties with the Riverside County Sheriff's Department, and if there was a qualifying survivor. Calendar Events:

Summary: The California Constitution establishes the Public Utilities Commission, with jurisdiction over all public utilities, as defined. The California Constitution grants the commission certain general powers over all public utilities, subject to control by the Legislature, and authorizes the Legislature, unlimited by the other provisions of the Constitution, to confer additional authority and jurisdiction upon the commission, that is cognate and germane to the regulation of public utilities. Existing law requires the commission to appoint an executive director to hold office at the pleasure of the commission. Existing law requires the executive director to be responsible for the commission's executive and administrative duties, as specified. This bill would require the

commission to appoint an assistant executive director for public safety to hold office at the pleasure of the commission. The bill would require the assistant executive director for public safety to coordinate all actions of all divisions of the commission to ensure public safety is a primary goal in all proceedings held by the commission. The bill would require the assistant executive director for public safety to advise the commission and each commissioner, when requested, in regard to all matters that may affect public safety.

Status:02/02/2012-Re-referred to Com. on GOV. & F.

Current Location:02/02/2012-S G. & F.

Calendar Events:

Summary: (1) The existing Emergency Telephone Users Surcharge Act generally imposes a surcharge on amounts paid by every person in the state for intrastate telephone service to provide revenues sufficient to fund "911" emergency telephone system costs. Surcharge amounts are paid to the State Board of Equalization on a monthly basis by the telephone service supplier and are deposited into the State Treasury to the credit of the State Emergency Telephone Number Account in the General Fund, to be expended for limited purposes, including to pay the Department of General Services for its costs in administration of the "911" emergency telephone number system. This bill would enact the Prepaid Wireless Surcharge Collection Act. The bill would establish a prepaid communications charge, as defined, based upon a percentage of the sales price of each retail transaction that occurs in this state for prepaid mobile telephony services, as defined. The prepaid communications charge would include a state component, as defined, and if a local government has adopted utility user taxes or other specified charges that are otherwise applicable to prepaid mobile telephony services and the retail transaction occurs within that jurisdiction, a local component. The bill would state the intent of the Legislature to develop a method whereby a seller is required to collect the local component. The bill would require a seller, as defined, to collect the prepaid communications charge from a consumer and remit the amounts collected to the State Board of Equalization pursuant to the Fee Collection Procedures Law. The bill would require the board to remit that portion of the state component collected pursuant to the Emergency Telephone Users Surcharge Act to the California Technology Agency and remit the balance of the state component, minus certain administrative costs incurred by the board, to the Public Utilities Commission. The bill would require the State Board of Equalization to remit the local component, if applicable, to the local government. The bill would require the Public Utilities Commission to annually compute the commission's reimbursement fee and specified telecommunications universal service program fees, to post notice of those fees on its Internet Web site and to notify the State Board of Equalization of the amounts. This bill contains other related provisions and other existing laws.

Status:02/16/2012-Referred to Com. on L. & I.R.

Current Location:02/16/2012-S L. & I.R.

Calendar Events:

Summary: Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of his or her employment. Existing law, for injuries that cause permanent partial disability and occur on or after January 1, 2004, provides supplemental job displacement benefits in the form of a nontransferable voucher for education-related retraining or skill enhancement for an injured employee who does not return to work for the employer within 60 days of the termination of temporary disability, in accordance with a prescribed schedule based on the percentage of an injured employee's disability. Existing law provides an exception for employers who meet specified criteria. This bill would provide that the above provisions shall apply to injuries occurring on or after January 1, 2004, and before January 1, 2013. The bill would require that within 10 days of the last payment of temporary disability, the employer provide to the employee information that provides notice of rights pursuant to these provisions. This bill contains other related provisions.

Status:09/09/2011-Ordered to inactive file at the request of Assembly Member Ma.

Current Location:09/09/2011-A INACTIVE FILE

Calendar Events:

Summary: The Public Employees' Retirement Law (PERL) creates the Public Employees' Retirement System (PERS), which provides a defined benefit to its employees based on age at retirement, service credit, and final or highest compensation paid to the employee. Existing law authorizes any public agency to participate in, and make its employees members of, PERS by contract. In the case of an employee who has been employed by one or more contracting public agencies, retirement benefits distributed to that employee are based on the highest final compensation under any system, and each system makes a separate retirement payment to the employee based upon the number of years that the employee worked for each of those agencies. This bill would state the intent of the Legislature that a contracting agency not experience a significant increase in actuarial liability due to increased compensation paid by another contracting agency to a nonrepresented employee. The bill would require the Board of Administration of PERS to develop guidelines in this regard and to implement program changes to ensure that a contracting agency that creates a significant increase in actuarial liability due to increased compensation bears the associated liability. The bill would require the system actuary to assess an increase in liability in this regard to the employer that created it at the time the increase is determined and to make adjustments to that employer's rates as needed. The bill would apply these requirements to any significant increase in actuarial liability due to increased compensation paid to a nonrepresented employee regardless of when the increase in compensation occurred. The bill would require the board to report to the Legislature on the implementation of these provisions. This bill contains other related provisions and other existing laws.

Status:09/09/2011-Ordered to inactive file at the request of Assembly Member Allen.

Current Location:09/09/2011-A INACTIVE FILE

Calendar Events:

Summary: The Public Employees' Retirement Law prescribes employer rates for contribution to the retirement fund for the Public Employees' Retirement System (PERS). Existing law requires that the state's contribution rate be adjusted in the Budget Act based on rates established by the system's actuary. Existing law provides that the employer contribution rate for an employer other than the state shall be determined on an annual basis by the actuary, as specified. Existing law requires that the rate at which a public employer contributes to the system shall be based upon its experience, and not the experience of public agency employers generally. Existing law requires that all assets of an employer in the system be used to determine the employer's contribution rate. This bill, on and after July 1, 2013, would establish for each employer a Rate Stabilization Account in the Employer Rate Stabilization Fund, which this bill would create and which would be continuously appropriated to the Board of Administration of PERS for the purpose of stabilizing employer retirement contributions. By creating a continuously appropriated fund and authorizing the expenditure of employer payments, this bill would make an appropriation. The bill would provide that the board has sole and exclusive control over the administration of the fund and would require that the investment of fund assets be according to strategies established by the board. The bill would authorize the board, in its discretion, to establish administrative terms and conditions governing the Rate Stabilization Fund. The bill would provide that the Rate Stabilization Account is an employer asset, but it would not be counted as an asset for the purpose of determining the employer's contribution rate. The bill would require employers to make payments to the account when the actuarial value of assets exceeds the accrued liability, as specified, which would be calculated based on the employer normal cost of benefits and which would be credited to each employer's Rate Stabilization Account. Payments by the state would be made in the annual Budget Act. The bill would provide that the assets of the account be drawn upon, subject to procedures adopted by the board, to pay a portion of the employer contribution when the employer contribution rate is greater than the employer normal cost of benefits, as specified. The bill would provide that the employer is not required to make that additional contribution when the employer's Rate Stabilization Account exceeds an amount equal to 50% of the employer's assets, exclusive of the assets in the

Rate Stabilization Account. The bill would provide that assets in an account would be invested according to investment strategies established by the Board of Administration of PERS. This bill contains other related provisions and other existing laws.

Summary: The federal Single Audit Act of 1984 requires any nonfederal entity, defined as a state, local government, or nonprofit organization, that expends \$300,000 or more in federal money to prepare an annual audit that meets certain specifications and transmit that audit to specified federal agencies. Existing law requires the Controller to receive every audit report prepared by any local public agency, pursuant to the federal Single Audit Act of 1984, and review those reports for compliance with federal law before forwarding them to the designated state agency. This bill would require the annual audit reports made pursuant to the federal Single Audit Act of 1984 to be submitted to the Controller within 9 months after the end of the period audited or pursuant to applicable federal or state law. This bill would authorize the Controller to appoint a qualified certified public accountant or public accountant to complete an audit report if a local agency, as defined, fails to submit the audit report to the Controller by the specified date. The bill would require the Controller to first notify a local agency of its failure to submit the audit report and give the local agency a reasonable amount of time to submit the report before appointing a certified public accountant or public accountant. Status:09/09/2011-Ordered to inactive file at the request of Senator Kehoe.

Current Location:09/09/2011-S INACTIVE FILE

Calendar Events:

Summary: Existing law establishes the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, which governs local emergency medical service systems and establishes the Emergency Medical Services Authority, which is responsible for the coordination and integration of all state activities concerning emergency medical services. The act requires a county to enter into a written agreement with a city or fire district that contracted for, or provided, as of June 1, 1980, prehospital emergency medical services regarding the provision of these services for the city or fire district, as specified. The act requires, until an agreement is reached, prehospital emergency medical services to be continued at not less than the existing level, unless reduced by the city council or the governing body of the fire district, as specified. This bill would continue the authorization of a city or fire district that had continuously contracted for or provided prehospital emergency medical services (EMS) since June 1, 1980, to contract for or

provide the administration of the same type of prehospital EMS that it has continuously provided or contracted for during that time, within the geographical service area that it continuously served during that time, if the city or fire district makes a formal written request to the local EMS agency prior to January 1, 2014, and if specified conditions are met. The bill would authorize a city or fire district to increase its geographical area if specified conditions are met. The bill would prohibit a local EMS agency from creating an exclusive operating area for a type of prehospital EMS provided or contracted for by a city or fire district that is providing continuing prehospital EMS. Status:04/25/2012-In committee: Set, second hearing. Referred to APPR. suspense file.

Current Location:04/25/2012-A APPR. SUSPENSE FILE

Calendar Events:

Summary: Existing law requires the State Board of Forestry and Fire Protection, on or before September 1, 2011, to adopt emergency regulations to establish a fire prevention fee in an amount not to exceed \$150 to be charged on each structure on a parcel that is within a state responsibility area, as defined, and requires that the fire prevention fee be adjusted annually using prescribed methods. Existing law requires the State Board of Equalization to collect the fire prevention fees, as prescribed, commencing with the 2011-12 fiscal year. Existing law establishes the State Responsibility Area Fire Prevention Fund and prohibits the collection of fire prevention fees if, commencing with the 2012-13 fiscal year, there are sufficient amounts of moneys in the fund to finance specified fire prevention activities for a fiscal year. Existing law requires that the fire prevention fees collected, except as provided, be deposited into the fund and be made available, to the board and the Department of Forestry and Fire Protection for certain specified fire protection activities that benefit the owners of structures in state responsibility areas who are required to pay the fee. Existing law further requires the board, on and after January 1, 2013, to submit an annual written report to the Legislature on specified topics. Calendar Events:

Summary: The Aboveground Petroleum Storage Act (act) defines, for purposes of the act, an "aboveground storage tank" as a tank that has the capacity to store 55 gallons or more of petroleum and that is substantially or totally above the surface of the ground, except as specified. Existing law requires every county to apply to the Secretary for Environmental Protection to be certified to implement the unified hazardous waste and hazardous materials management regulatory program (unified program) and allows a city or local agency to implement the unified program. Existing law requires the unified program agencies (UPAs) to implement that act. This bill would revise the definition of "aboveground storage tank" to delete the requirement that the tank be substantially or totally above the ground and to include tanks in an underground area, as defined. The bill would also make conforming changes to the definition of the term "tank facility." The bill would require the UPAs to implement the act in accordance with the regulations adopted by the Office of the State Fire Marshal and would authorize the Office of the State Fire Marshal to adopt these regulations, thereby imposing a state-mandated local program by imposing new requirements upon local agencies with regard to the act. The bill would require the office to establish an advisory committee and take other actions with regard to ensuring compliance with local, state, and federal requirements. Existing law defines for these purposes the term "legislative body" and includes within that definition a board of a local agency. This bill would modify the definition of the term "legislative body" to include as a board, an assessment appeals board which may meet in closed session, as specified by another provision of existing law. By extending open meeting requirements to proceedings of assessment appeals boards, the bill would impose a state-mandated local program. Summary: The California Constitution provides that a person shall be disqualified from holding office if he or she has been convicted of bribery, and directs the Legislature to enact laws to exclude persons convicted of malfeasance in office or other high crimes from office. Under existing statutory law, a person is disqualified from holding any office upon the conviction of specified crimes designated in the Constitution or statute. Existing law enumerates events causing a vacancy in office, including the conviction of a felony or any offense involving a violation of official duties. This bill would disqualify for 5 years a person who employed at will for the purposes of providing services to an elected public officer from any public employment, including, but not limited to, employment with a city, county, district, or any other public agency of this state, if he or she is convicted of a felony involving accepting or giving, or offering to give, any bribe, the embezzlement of public money, extortion or theft of public money, perjury, or conspiracy to commit any of those crimes arising directly out of his or her duties as a public employee. Summary: Existing law sets forth the duties and powers of the board of supervisors of a county and the county recorder and county assessor of each county. Existing law requires the county recorder to, upon payment of proper fees and taxes, accept for recordation, any instrument, paper, or notice that is authorized or required by statute or court order to be recorded, as specified. Existing law allows any instrument or judgment affecting the title to, or possession of, real property to be recorded. Existing law requires a document that effects or evidences a transfer or encumbrance of an interest in real property to include the name or names in which the interest appears of record. Existing law requires the county recorder of each county to establish a social security truncation program for the redaction of social security numbers to create a public record version of official records. This bill would authorize the board of supervisors of a county to establish a program that requires the names of certain public safety officials to be redacted from any property record of principal residence that is disclosed to the public by that county, except as specified. The bill would authorize a county to charge a fee for participation in the program. The bill would set forth requirements that would apply to the sale of aggregate data.  Current Location:03/29/2012-A P.E.,R. & S.S.
 Calendar Events:

Summary: Existing law establishes the Public Employees' Retirement Fund as a trust fund solely for the benefit of its members and retired members and their survivors and beneficiaries. Existing law requires income earned on the Public Employees' Retirement Fund during any fiscal year that exceeds the interest credited to contributions during that year to be retained in the Public Employees' Retirement Fund as a reserve against deficiencies in interest earned in other years, investment losses, and other specified losses. Existing law requires the amount in the reserve that exceeds 0.20% to be annually credited to other accounts. Existing law governing other retirement systems, including the State Teachers' Retirement System, contains provisions requiring the maintenance of reserve funds. This bill would require every public retirement system that does not maintain a reserve fund to create such a fund. The bill would require any excess funds, after payment of unfunded liabilities each fiscal year, to be placed in the reserve fund to be used against deficiencies in other fiscal years, as specified. The bill would prohibit funds in the reserve fund from being used for the payment of benefits.

Current Location:04/26/2012-A RLS.

Calendar Events:

Summary: Existing law authorizes the creation of retirement systems for public employees by counties, cities, and districts. Existing law creates the Public Employees' Retirement System and the State Teachers' Retirement System, which provide a defined benefit to their members based on age at retirement, service credit, and final compensation. Existing law establishes the criteria for membership in the various public employee retirement systems and may exclude certain employment classifications from membership. The California Constitution provides for the division of the state into counties and requires that a county have an elected sheriff, elected district attorney, elected assessor, and elected governing body. Existing law provides for the incorporation of cities in various forms and requires that certain city offices be filled pursuant to elections, as prescribed. Existing law provides for the creation of districts, the governing bodies of which may be elected. This bill would prohibit a person who is appointed or publicly elected to a local office of any kind that is less than full time, as defined, on and after January 1, 2013, from becoming a member of a retirement system by virtue of that service or acquiring any retirement right or benefit for serving in that elective office. The bill would except from this prohibition a person who obtained membership by virtue of holding an appointive or elective local public office prior to January 1, 2013, and remains in that office or is reappointed or reelected to it. Summary: The Political Reform Act of 1974 requires specified candidates, committees, slate mailer organizations, and lobbyists, lobbying firms, and lobbyist employers to file campaign statements and reports online or electronically with the Secretary of State, as specified. The act requires certain of these entities to also file campaign statements and reports with local filing officers, as specified. This bill , with certain exceptions, would authorize a local government agency to require an elected officer, candidate, committee, or other person required to file specified statements, reports, or other documents to file those statements, reports, or other documents online or electronically with a local filing officer. The bill would prescribe criteria that must be satisfied by a local government agency that requires online or electronic filing of statements, reports, or other documents, as specified, including, among others, that the system be available free of charge to filers and to the public for viewing filings, and that the system include a procedure for filers to comply with the requirement that they sign statements and reports under penalty of perjury. Summary: Existing law requires the state to have the primary responsibility for preventing and suppressing fires in areas that the State Board of Forestry and Fire Protection has determined are state responsibility areas. Existing law required the board, on or before September 1, 2011, to adopt emergency regulations to establish a fire prevention fee in an amount not to exceed \$150 to be charged on each structure on a parcel that is within a state responsibility area. The board is required to adjust the fee annually using prescribed methods. This bill would require the board, no later than July 1, 2013, to amend those emergency regulations required to be adopted by the board pursuant to those provisions to provide for a credit against the amount of the fee imposed on each structure on a parcel that is within a state responsibility area based upon specified factors, as prescribed, not to exceed a maximum of \$150. The bill would require the board to adjust the fee taking into account specified factors to ensure that the fee accurately reflects the fire prevention benefits provided. The bill would require the board to, not later than January 1, 2013, and annually thereafter, report to the Legislature on the costs of responding to all fire disasters in state responsibility areas for that year, including specified information. Calendar Events:05/16/12 9 a.m. - State Capitol, Room 4202 ASM APPROPRIATIONS

Summary: Under existing law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including electrical corporations, as defined, while local publicly owned electric utilities, as defined, are under the direction of their governing boards. Existing law, except as specified, requires any person that owns, controls, operates, or maintains any electrical transmission or distribution line upon any mountainous, forest-covered, brush-covered, or grass-covered land to maintain a clearance in all directions between all vegetation and all conductors that are carrying electric current, as prescribed. Pursuant to its existing authority, the PUC has adopted rules applicable to electrical corporations for the construction of electrical lines and the trimming of trees near electrical lines. This bill would require each electrical corporation and local publicly owned electric utility to avoid excessive tree trimming that threatens the health of a tree, to make a good faith effort to implement good forestry practices and vegetation management practices, and to preserve the health of mountainous lands, forest-covered lands, and brush-covered lands. The bill would prohibit removal of trees unless specified circumstances exist and require the utility to obtain the written confirmation by an arborist of the need to remove a tree and to provide specified notice prior to removal of a

tree. The bill would require an electrical corporation or local publicly owned electric utility to annually provide a copy of the company's vegetation management plan to the affected locality , publish the plan on its Internet Web site, and provide notification to affected property owners prior to conducting vegetation management . Summary: Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including gas corporations, as defined. The Natural Gas Pipeline Safety Act of 2011 designates the commission as the state authority responsible for regulating and enforcing intrastate gas pipeline transportation and pipeline facilities pursuant to federal law, including the development, submission, and administration of a state pipeline safety program certification for natural gas pipelines. This bill would require the commission to ensure that a local entity is provided notice by a gas corporation whenever a pipeline integrity management plan, as defined, may result in the gas corporation undertaking pipeline inspection, remediation, or replacement work within the jurisdiction of the local entity, and the inspection, remediation, or replacement work within that jurisdiction is likely to require action by the local entity to

approve or facilitate the work. The bill would require that the local entity that has been provided with notice expedite any permitting , as defined, or other actions necessary to complete any pipeline inspection, remediation, or replacement work within the jurisdiction of the local entity that is necessary pursuant to the pipeline integrity management plan. The bill would also prohibit a local entity from imposing permit requirements that exceed the scope of the proposed pipeline project, unless the additional requirements specifically relate to the project and are necessary for public safety. ACA 9 (Gatto) Initiative measures: supermajority requirement. (1-12/09/2010 [html](#) [pdf](#))

Status:04/14/2011-Referred to Com. on E. & R.

Current Location:04/14/2011-A E. & R.

Calendar Events:

Summary: The California Constitution provides that the electors may propose statutes or amendments to the state constitution through the initiative process by presenting to the Secretary of State a petition that sets forth the text of the proposed statute or amendment to the Constitution and is certified to have been signed by a certain number of electors. This measure would require that an initiative that would increase the current vote requirement for an action by either the electors or by the Legislature, or would impose an extraordinary vote requirement for the amendment of an initiative statute by the Legislature without approval by the electors, itself receive the same affirmative vote percentage in order to be approved by the electors.

Status:04/09/2012-From committee chair, with author's amendments: Amend, and re-refer to Com. on E. & R. Read second time and amended. Re-referred to Com. on E. & R.

Current Location:04/09/2012-A E. & R.

Calendar Events:

Summary: The California Constitution allows the proposal of an initiative measure by presenting to the Secretary of State a petition that sets forth the text of the proposed statute or amendment to the Constitution and is certified to have been signed by electors equal in number to 5% in the case of a statute, and 8% in the case of an amendment to the Constitution, of the votes for all candidates for Governor at the last gubernatorial election. This measure would require, in the case of a petition that proposes an amendment to the Constitution, that the petition include signatures from each of 27 of the Senatorial districts in the State equal in number to 8% of the votes for all candidates for Governor cast in that district at the last gubernatorial election.

Calendar Events:

Summary: Existing provisions of the California Constitution provide for the electors to propose amendments to the Constitution by initiative and to adopt or reject them. Any proposed initiative measure submitted to the voters becomes effective if it is approved by a majority of votes cast. This measure would increase the vote requirement from a majority to 55% of the votes cast for the electors to amend the Constitution by an initiative measure, except that this measure would permit the electors to repeal a previously adopted initiative or legislative amendment to the Constitution, including certain subsequent amendments to that constitutional amendment, by an initiative measure passed by a majority vote.

ACA 12 (Gatto) Statewide initiative measures: legislative amendment. (I-12/09/2010 [html](#) [pdf](#))

Status:01/23/2012-From inactive file. Ordered to third reading.

Current Location:01/23/2012-A THIRD READING

Calendar Events:05/14/12 30 ASM ASSEMBLY THIRD READING FILE

Summary: Existing provisions of the California Constitution provide that the initiative is the power of the electors to propose statutes and amendments to the Constitution and to adopt or reject those proposals. Those provisions require the Secretary of State to submit the measure at the next general election held at least 131 days after it qualifies or at any special statewide election held prior to that general election. The Governor may also call a special statewide election on the measure. This measure would require the Secretary of State to transmit a copy of an initiative measure certified for the ballot to each house of the Legislature no later than 176 days prior to the election at which the measure is to be voted upon. Within 30 days, the Legislature may propose an amended form of the initiative measure by adopting a concurrent resolution. If the Legislature proposes an amended form of the initiative measure, the measure would provide that if the proponent, or a majority of the proponents if there is more than one proponent, of the initiative measure accepts the proposed amendments, the Legislature's proposal would appear on the ballot in place of the certified initiative measure. The measure would require that, if the amended form proposed by the Legislature is not accepted, information regarding the proposed amended form be included in the ballot materials relating to the initiative measure, as prescribed by statute. ACA 22 (Smyth) Public employees' retirement. (I-02/22/2012 [html](#) [pdf](#))

Status:02/23/2012-From printer. May be heard in committee March 24.

Current Location:02/22/2012-A PRINT

Calendar Events:

Summary: Existing law establishes various public agency retirement systems, including the Public Employees' Retirement System (PERS), the State Teachers' Retirement System (STRS), the Judges' Retirement System II, and various county retirement systems pursuant to the County Employees Retirement Law of 1937, among others, and these systems provide defined pension benefits to public employees based on age, service credit, and amount of final compensation. The California Constitution permits a city or county to adopt a charter for purposes of its governance that supersedes general laws of the state in regard to specified subjects, including compensation of city or county employees. The California Constitution also establishes the University of California as a public trust with full powers of organization and government, subject only to specified limitations. Charter cities and the University of California may establish pension plans under their respective independent constitutional authority. These pension systems are funded by employee and employer contributions and investment returns. Existing law provides that public employee pension benefits are a form of deferred compensation, the right to which vests in the employee on contractual principles and is protected

from impairment by the California Constitution and the United States Constitution. This measure would require each public retirement system, as defined in statute, to provide one or more hybrid pension plans meeting the requirements of this measure to each public employer that provides its employees a defined benefit pension plan administered by the public retirement system. The measure would require that a hybrid pension plan consist of a defined benefit component and a defined contribution or alternative plan design component, as specified. The measure would require, among other things, that a hybrid pension plan be designed with a goal of providing annually during retirement, based on a full career in public service, as defined, replacement income of 75% of a public employee's final compensation. The measure would require the Director of Finance, on or before January 1, 2013, to establish initial criteria and requirements for one or more hybrid pension plans, as specified. The measure would require, on and after July 1, 2013, each public retirement system to administer, and make available to each public employer that provides a defined benefit pension plan, one or more hybrid pension plans, except as specified, for public employees hired in each member classification in the public retirement system. Calendar Events:

Summary: Existing provisions of the Political Reform Act of 1974 require certain persons employed by agencies to file annually a written statement of the economic interests they possess during specified periods. The act requires that state agencies promulgate a conflict of interest code that must contain, among other topics, provisions that require designated employees to file statements disclosing reportable investments, business positions, interests in real property, and income. The act requires that every report and statement filed pursuant to the act is a public record and is open to public inspection. This bill would, commencing on January 1, 2013, and continuing until January 1, 2019, require every designated employee and other person, except a candidate for public office, who is required to file a statement of economic

Summary: The Planning and Zoning Law requires the legislative body of a city or county to adopt a comprehensive, long-term general plan that includes various elements, including, among others, a safety element for the protection of the community from unreasonable risks associated with, among other things, wildland and urban fires. The safety element includes requirements for state responsibility areas, as defined, and very high fire hazard severity zones, as defined. This bill would revise the safety element requirements for state responsibility areas and very high fire hazard severity zones, as specified, and require the safety element, upon the next revision of the housing element on or after January 1, 2013, to be reviewed and updated as necessary to address the risk of fire in state responsibility areas and very high fire hazard severity zones, taking into account specified considerations, including, among others, the most recent version of the Office of Planning and Research's "Fire Hazard Planning" document, which this bill would require the office to update on or before January 1, 2014 . The bill would also require the office to, at the next update of its general plan guidelines, include these provisions, or a reference to these provisions and any other materials related to fire hazards or fire safety it deems appropriate . Summary: Existing law provides for the removal of public officers for willful or corrupt misconduct in office. Existing law provides that an accusation in writing against any officer of a district, county, or city for willful or corrupt misconduct in office may be presented by the grand jury of the county for, or in, which the officer accused is elected or appointed. Existing law authorizes the impaneling of an additional grand jury under specified circumstances. Under existing law, an accusation may not be presented without the concurrence of a specified number of grand jurors. This bill would provide that the grand jury presenting the accusation against an officer for willful or corrupt misconduct in office may also be the additional grand jury impaneled pursuant to those provisions.

Status:05/04/2012-Set for hearing May 14.

Current Location:04/26/2012-S APPR.

Calendar Events:

Summary: Existing law provides that, subject to exceptions, a smoke detector, approved and listed by the State Fire Marshal, as specified, shall be installed, in accordance with the manufacturer's instructions in each dwelling intended for human occupancy. Existing law requires the owner of each dwelling unit subject to these requirements to supply and install smoke detectors in the locations and in the manner set forth in the manufacturer's instructions, as approved by the State Fire Marshal's regulations, and further requires, in the case of apartment complexes and other multiple-dwelling complexes, that a smoke detector shall be installed in the common stairwells. Existing law requires, for all dwelling units intended for human occupancy, upon the owner's application on or after January 1, 1985, for a permit for alterations, repairs, or additions, exceeding \$1,000, that a smoke detector be installed. Existing law authorizes the State Fire Marshal to adopt regulations exempting dwellings intended for human occupancy with fire sprinkler systems from these provisions, as specified. Existing law requires the owners of hotels, motels, lodging houses, apartment complexes, and other multiple -dwelling complexes to test and maintain smoke detectors, as specified. Existing law provides that a violation of any of these provisions is an infraction. This bill would provide that, for all dwelling units intended for human occupancy for which a building permit is issued on or after January 1, 2014, for alterations,

repairs, or additions exceeding \$1,000, the permit issuer shall not sign off on the completion of work until the permittee demonstrates that all smoke alarms required for the dwelling unit are devices approved and listed by the State Fire Marshal. The bill would provide that a fire alarm system with smoke alarms installed in accordance with the State Fire Marshal's regulations may be installed in lieu of the devices approved and listed by the State Fire Marshal described above, as specified. The bill would delete the authority of the State Fire Marshal to adopt regulations exempting dwellings intended for human occupancy with fire sprinkler systems from the above-described provisions. The bill would expand the definition of "dwelling units intended for human occupancy" for these purposes to include factory-built housing, as defined. The bill would delete the requirement that a smoke detector be installed in the common stairwells of apartment complexes and other multiple-dwelling complexes. The bill would, commencing January 1, 2014, require owners of single-family dwellings that are rented or leased to be responsible for testing and maintaining smoke alarms, as specified. This bill contains other related provisions and other existing laws.

Summary: Existing law authorizes the retail sale of safe and sane fireworks from June 28 to July 6, annually, pursuant to a license issued by the State Fire Marshal, unless otherwise prohibited or regulated by law or ordinance. This bill would authorize the State Fire Marshal, until January 15, 2016, to issue annual one-time wholesaler licenses for the purpose of authorizing the sale of safe and sane fireworks by a wholesaler to an entity holding a retail license for the period surrounding New Year's Eve, subject to certain conditions. The bill would require the State Fire Marshal to annually establish the wholesaler license fee. The bill would require wholesaler license fees collected by the State Fire Marshal to be deposited in the Fireworks Special Data Collection Fund, which the bill would create as a continuously appropriated special fund in the State Treasury. Moneys in the fund would be available for actual reasonable costs incurred by the State Fire Marshal and local, participating

jurisdictions to develop, implement, analyze, and report the enhanced fireworks special data collection program and for administrative expenses. Calendar Events:

Summary: The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 authorizes a city or district to provide new or extended services by contract or agreement outside its jurisdictional boundaries if the city or district requests and receives permission to do so from the local agency formation commission in the affected county. Existing law authorizes the commission to authorize a city or district to provide new or extended services outside its jurisdictional boundaries but within its sphere of influence in anticipation of a later change of organization, or outside its sphere of influence to respond to an existing or impending threat to the public health or safety of the residents of the affected territory, under specified circumstances. This bill would additionally authorize the commission to authorize a city or district to provide new or existing services outside its jurisdictional boundaries and outside its sphere of influence to support existing or planned uses involving public or private properties, subject to approval at a noticed public hearing, in which certain determinations are made. The bill would also authorize the commission to delegate to its executive officer the approval of certain requests to authorize a city or district to provide new or extended services outside its jurisdictional boundaries or outside its sphere of influence, as described above, under specified circumstances. Calendar Events:

Summary: Existing provisions of the California Constitution place limitations on the authority of the state or an entity of local government to expend the proceeds of taxes, as defined. These provisions require the state or an entity of local government to establish an appropriations limit for each fiscal year, defined as the total annual appropriations subject to limitation. These provisions prohibit the total annual appropriations subject to limitation from exceeding the appropriations limit of the government entity for the prior year adjusted for a change in the cost of living and the change in population, as defined. If the state incurs excess revenues above its appropriations limit for 2 consecutive fiscal years, the provisions require 50% of the excess revenues to be transferred and allocated to the State School Fund for elementary, high school, and community college purposes, and the remaining 50% of the excess revenues to be returned to the taxpayers pursuant to a revision of tax rates or fee schedules. If an entity of local government incurs excess revenues above its appropriations limit for 2 consecutive fiscal years, the provisions require all of the excess revenues to be returned to the taxpayers pursuant to a revision of tax rates or fee schedules. Existing law provides that appropriations for all qualified capital outlay projects are not appropriations subject to limitation under these provisions. Qualified capital outlay projects are defined by the Legislature. This measure would revise and recast these provisions to provide, on and after July 1, 2013, that the appropriations limit of the state for the expenditure of the proceeds of taxes shall be the total amount of appropriations subject to limitation in the 2010-11 fiscal year. Status:01/11/2012-From committee with author's amendments. Read second time and amended. Re-referred to Com. on RLS.

Current Location:01/11/2012-S RLS.

Calendar Events:

Summary: The California Constitution provides that the retirement board of a public pension or retirement system has plenary authority and fiduciary responsibility for investment of moneys and administration of the system. Existing law establishes various public agency retirement systems, including the Public Employees' Retirement System (PERS), the State Teachers' Retirement System (STRS), the Judges' Retirement System II, and various county retirement systems pursuant to the County Employees Retirement Law of 1937, among others, and these systems provide defined pension benefits to public employees based on age, service credit, and final compensation. The California Constitution permits a city or county to adopt a charter for purposes of its governance that supersedes general laws of the state in regard to specified subjects, including compensation of city or county employees. The California Constitution also establishes the University of California as a public trust with full powers of organization and government, subject only to

specified limitations. Charter cities and the University of California may establish pension plans under their respective independent constitutional authority. This measure would provide that any change to the formula used to calculate the pension benefits of a member of a public retirement system, as defined, that results in an increase in the member's pension benefits shall apply only to service performed on and after the operative date of the change, and would prohibit the retroactive application of that change. Summary: Existing law establishes various public agency retirement systems, including the Public Employees' Retirement System (PERS), the State Teachers' Retirement System (STRS), the Judges' Retirement System II, and various county retirement systems pursuant to the County Employees Retirement Law of 1937, among others, and these systems provide defined pension benefits to public employees based on age, service credit, and amount of final compensation. The California Constitution permits a city or county to adopt a charter for purposes of its governance that supersedes general laws of the state in regard to specified subjects, including compensation of city or county employees. The California Constitution also establishes the University of California as a public trust with full powers of organization and government, subject only to specified limitations. Charter cities and the University of California may establish pension plans under their respective independent constitutional authority. These pension systems are funded by employee and employer contributions and investment returns. Existing law provides that public employee pension benefits are a form of deferred compensation, the right to which vests in the employee on contractual principles and is protected from impairment by the California Constitution and the United States Constitution. This measure would require each public retirement system, as defined in statute, to provide one or more hybrid pension plans meeting the requirements of this measure to each public employer that provides its

employees a defined benefit pension plan administered by the public retirement system. The measure would require that a hybrid pension plan consist of a defined benefit component and a defined contribution or alternative plan design component, as specified. The measure would require, among other things, that a hybrid pension plan be designed with a goal of providing annually during retirement, based on a full career in public service, as defined, replacement income of 75% of a public employee's final compensation. The measure would require the Director of Finance, on or before January 1, 2013, to establish initial criteria and requirements for one or more hybrid pension plans, as specified. The measure would require, on and after July 1, 2013, each public retirement system to administer, and make available to each public employer that provides a defined benefit pension plan, one or more hybrid pension plans, except as specified, for public employees hired in each member classification in the public retirement system.
