Providing the second highest honor to those that knew the first.

KENTUCKY
History

The United States Military has a time-honored tradition of honoring their fallen.

On January 1, 2000, Military Funeral Honors (MFH) became a statutory benefit to all veterans with the signing of the National Defense Authorization Act. The law requires that, upon a family’s request, every eligible veteran receive a military Funeral honors ceremony to include, a two-person detail for The sounding of “TAPS”, folding and presentation of the United States Flag.

Eligibility

An eligible veteran is any person (Active, National Guard, or Reserve) who has completed at least one enlistment or other obligated military service and received an honorable discharge.

Some of the documents used to determine eligibility include:

- DD-214 (for active duty or reserve component)
- NGB-22 (for National Guard Soldiers)
- Certificate of Honorable Discharge

How to Request Honors

A family member or authorized representative is encouraged to notify the funeral director or service coordinator of their desire to have Military Funeral Honors rendered at the interment of their loved one. The funeral director then contacts the appropriate branch of service that the Veteran served in.

Specific contact info is located on back side of this flyer.
