

# Vernon Langford, MSN, APRN

---

Vernon Langford is a Family Nurse Practitioner from Detroit, MI who now lives and practices in Central Florida (Orlando). A light-hearted clinician, he uses his deeply spiritual nature for his compassionate care while bringing a smile to the faces of those who seek his assistance. He currently works for UHG/Optum as a HouseCalls Primary Care FNP for past almost 4 years. His interests outside of work center around his passions for advancing the scope of practice for Advanced Practice Nurses (APNs) and the colossal need for fixing the disparities that exist in healthcare for Floridians. It is his belief that with strong relationships and a focused vision among clinicians, the seemingly impossible can be accomplished.
