What Membership Does  

01 For Our Profession

Membership in FLASHA is one of the best investments you can make in yourself and your career. FLASHA works diligently to provide a wide array of products, programs and services designed to enhance and elevate the professions of Speech-Language Pathology and Audiology.

When you become a FLASHA member, you will receive access to many hours of Professional Development opportunities, interaction with other professionals through our online FLASHA community, and use of additional resources. The resources are developed for our members by design to elevate and enhance our profession, and are offered to you for less than fifty cents a day.

02 For Those We Serve

Advocacy is one of the cornerstones of FLASHA’s mission, whether there are needs for local, grassroots advocacy, regional or statewide initiatives on key topics, and pending legislation that can have an impact on the services we provide as professionals. FLASHA employs multiple committees, each of which has a specific advocacy focus to tackle key issues identified by the membership.

Among the issues for which FLASHA has engaged in advocacy efforts are caseload/workload legislation for the public schools, Medicare and Medicaid Reimbursement, and access to services for children and adults with a range of communication difficulties. Our collective voice is well respected among the congressional members in Tallahassee. When FLASHA speaks, our legislators listen and take into account our position.

03 For The Greater Good

Through the efforts of FLASHA and its members, we are able to continually improve upon the work we do. We work closely with affiliated organizations to advance the mission of FLASHA and related professions to ensure that consistent, high-quality and affordable professional services are available and accessible to all Florida citizens.

Our professional services are important. But we also strive to create a world where everyone, regardless of their condition, has their own voice, is heard, and is understood. Our members are actively involved and engaged in several causes to improve the overall quality of communication and understanding.
01 For Working Professionals

Regardless of your career stage, FLASHA has membership levels designed specifically for you! Each membership tier provides access to a wide array of benefits tailored specifically for your current professional progression.

Regular Member ($125): Regular members hold a master’s degree or higher in either Speech-Language Pathology or Audiology.
Clinical Fellow ($50): Clinical Fellow membership is available to CFs during the first year of their Clinical Fellowship. These are professionals who have earned their master’s degree and are close to obtaining their ASHA C’s.
Associate Member ($50): Associate members hold a Bachelor’s degree in a Speech-Language Pathology or Audiology-related discipline. This includes SLPAs.

Regular Members, Clinical Fellow Members, and Associate Members have access to all FLASHA member benefits, and are considered voting members of the association.

02 For Legacy Members

FLASHA believes in rewarding the hard work and dedication of professionals within our fields. Members who have been active in the field and the association and are at least 60 years of age can join or renew as a Legacy Member. There are three legacy levels. They have access to FLASHA member benefits, but are not considered voting members and cannot hold an office in the association.

Retired Member ($75): Retired members must be age 60 or older and have had held continuous membership in FLASHA for 15 years or longer.
Sustaining Member ($45): Available to any allied professional or part-time professional 65 years or older, working with or supporting the fields of Speech-Language Pathology or Audiology.
Lifetime Member ($0): Members ages 65 and older who have held active membership for at least 15 consecutive years may be eligible for lifetime membership. Interested members must submit an application for lifetime membership to the executive board.

03 For Students

We believe in the future of our profession, and want to work to develop the next generation of Speech-Language Pathologists and Audiologists. That’s why we have created a special category of membership just for students.

For $25 per year, Student Membership is available to any student enrolled full-time within an accredited Speech-Language Pathology or Audiology program at a Florida college or university. Student members have access to all member benefits, as well as access to specifically designed student resources, networking groups and mentoring programs.

Student membership is a great way for budding professionals to preview the benefits of their state association, become involved in advocacy, and network with other students and mentors in the field.
JOIN US NOW!
How to Join

01 Online
The fastest and easiest way to join is online! Our secure website (www.flasha.org) has a quick and easy membership application. You can pay your dues via credit card. Just navigate to the membership section of the website to get started!

02 By Phone
The FLASHA membership office is available Monday through Friday, 8:00 AM to 5:00 PM to answer your membership questions or to process your application.

We are available to help talk you through the online membership process, or to take your membership application over the phone.

03 By Mail
Want to mail in your application? Do you need to pay by check or money order? Don’t worry, we have you covered! Simply mail your completed membership application and payment information to FLASHA headquarters:
