Installer:  As officers of the ___________ Chapter you will represent to the citizens of this country the true meaning of professional engineering. You will be our collective voice for the ___________ Chapter of the Florida Engineering Society, thus you will be our common bond with professional engineers throughout the United States. It is important that this bond be preserved strong and unblemished. As professional engineers determined to give an honorable and useful accounting of our special talents to our clients --- the people of America --- we must present a united front in
our professional endeavors. We must be examples in which people may have confidence that they may learn that they can depend on us in matters affecting their health, safety and welfare and in lightening the burden of labor by which all live. Only thus shall we grow and fulfill the highest ideals of mankind, that the world will be a better place because we have lived here.

(pause) ... and the highest standards of professional conduct. ... (pause) ... To place service before profit, ... (pause) ... the honor and standing of my profession before personal advantage, ... (pause) ... and the public welfare above all other considerations. ... (pause) ... I pledge to uphold the constitution and bylaws of the _________ Chapter ... (pause) ... and with the need for divine guidance, ... (pause) ... I make this pledge."

You have heard the pledge of your officers-elect. Unless they have your wholehearted support, they will not be able to fulfill their pledge so faithfully given. Do you, therefore, promise to support these, your officers, as they guide this Chapter through the coming year? Will you assist them whenever you are called upon for help in undertaking the various activities they plan? Will you encourage and advise them, and refrain from unjust criticism of their plans and actions? If so answer, "I will." Let these mutual pledges be your commitments that the ___________ Chapter may be an increasingly greater force for the well-being of all good Americans.
