2018 Membership Types & Qualifications

FES membership includes membership in FES, a local chapter, and a state practice section. The FES dues year begins when a new member joins, and their annual dues shall be payable on the anniversary date of the start of their membership. Dues payments are due within 120 days from the member's anniversary date.

- A **Professional Engineer Member** shall be a Professional Engineer as defined by the holding of a valid license or certificate of engineering registration issued under the laws of any state, territory, possession, or district of the United States or Canada.
- An **Engineer Intern Member** shall be an Engineer Intern, or equivalent, holding a valid certificate issued under the laws of any state, territory, possession, or district of the United States or Canada.
- An **Engineer Member** shall be a graduate engineer qualified to be admitted to examination as an Engineer Intern as defined in Chapter 471.21 of the Florida Statutes but who is not a Professional Engineer and who does not hold a valid certificate as an Engineer Intern or Engineer-in-Training in any state, territory, or possession or district of the United States or Canada.
- An **Associate Member** shall be a graduate of a 2- or 4-year college or university (not an EI candidate). An Associate Member shall be considered a professional partner for purposes of this membership classification. A professional partner shall be an individual with education, training, and experience in engineering-related or professional support-related businesses that provide products or services to the engineering profession.
- A **Respect Member** (Retired Special Transfer) (a) shall be at least 65 years of age, (b) shall have retired from the active practice of professional engineering, and (c) shall have been made a Life Member of the National Society of Professional Engineers through their membership in a State Society other than FES.
- A **Student Member** shall be an undergraduate or graduate engineering student enrolled full time at a Florida college or junior college. At schools with an approved FES Student Chapter all members of the Student Chapter shall be Student Members of the Society. At schools which do not have an approved FES Student Chapter engineering students may become Student Members (At Large) of the Society.

Group Memberships

- An **Agency Partner** shall be a Florida governmental agency or educational institution. The Agency Partner shall designate a minimum number of individual representatives (reps) in accordance with FES policy. All Agency individual reps shall meet one of the Corporate or Non-corporate membership classifications and shall be assigned to the corresponding member classification. An Agency individual rep/member shall enjoy the full benefits and privileges corresponding to the member classification. Membership fees for the Agency's designated individual reps shall be included as part of the Agency Partner membership application. Furthermore, all employees of an Agency Partner shall be allowed to personally join FES at the Agency Partner rep rate.
- An **Industry Partner** shall be an organization that employs engineers, or supplies professional services or products affecting the engineering profession that is not eligible to hold a Certificate of Authorization. The Industry Partner shall designate a minimum number of individual representatives (reps) in accordance with FES policy. All Industry individual reps shall meet one of the Corporate or Non-corporate membership classifications and shall be assigned to the corresponding member classification. An Industry individual rep shall enjoy the full benefits and privileges corresponding to the member classification. Membership fees for the Industry's designated individual reps shall be included as part of the Industry Partner membership application. Furthermore, all employees of an Industry Partner shall be allowed to personally join FES at the Industry Partner rep rate.
