

Scholarship Committee

by Mande E. Brandt, PE, Chair

This year, a total of sixteen scholarships amounting to \$34,000, were administered through the Florida Engineering Foundation and Florida Engineering Society.

The FES Scholarship Committee enjoyed another rewarding year. The top-graded applications from the local chapters were evaluated at our meeting on May 4th at the HNTB Lake Mary Offices. Thank you to the following committee members who participated in the meeting: Chair Mande Brandt, PE; Vice Chair Gary Kienzle, PE; Rafael L. Arosemena, PE; Charles Chung, PE; Steve Goldstein, PE; Jose Gomez, PE; Mitchell Griffin, PhD, PE; and Rolando Corsa, PE.

This year the North Central Chapter received a thank you letter from Alexander Campano, a two-time University scholarship recipient, and the committee wanted to share the letter with the members.

FES scholarships inspire and encourage the pursuit of an education focused on engineering and reward students for their hard work at school and their contributions within their communities. The Florida Engineering Society scholarships are generously funded by the Florida Engineering Foundation (FEF). Established in 1986, FEF is a 501C (3) not-for-profit entity whose mission is to encourage and assist students in pursuing engineering careers and to educate the public about engineering. This year, FEF was pleased to fund \$30,000 in scholarships. The committee proudly announces the following

students as recipients of scholarships to aid them in their pursuit of an engineering degree.
