

Charitable Giving in Florida

Effective July 1, changes made during the 2014 legislative session to Florida's Solicitation of Contributions Act became law. The department is currently in the process of implementing these changes. Charitable organizations or sponsors, professional solicitors and professional fundraising consultants will be notified as new information is required and changes are made. We appreciate your cooperation and patience during the implementation process. The following is a brief summary of the changes to the Solicitation of Contributions Act.

CHARITABLE ORGANIZATIONS AND SPONSORS

Registration/Solicitation Requirements

Charitable organizations or sponsors that intend to solicit in or from the state of Florida must now register, regardless of whether they are soliciting Florida residents. s. 496.405(1), F.S.

Charitable organizations or sponsors AND their officers, directors, trustees and employees may not knowingly allow officers, directors, trustees and employees to solicit contributions if they have certain criminal histories. s. 496.405(8), F.S.

The department has the right to deny or revoke the registration of a charitable organization or sponsor if the organization or an officer, director or trustee has had the right to solicit contributions revoked or has been ordered by a court or government agency to cease soliciting in any state. s. 496.405(9), F.S.

Charitable organizations or sponsors that cease soliciting in Florida are required to notify the department in writing. s. 496.405(10), F.S.

Changes in Information

Most changes in information filed by a charitable organization or sponsors can be updated on your next annual renewal statement. However, any changes involving conviction or incarceration of a charitable organization's or sponsor's officers, directors, trustees, or employees for any felony or any crime involving fraud, theft, larceny, embezzlement, fraudulent conversion, misappropriation of property, or any crime resulting from acts committed while involved in the solicitation of contributions must be reported to the department on a material change form within ten days after the change occurs.

Additionally, if a charitable organization or sponsor has been enjoined from soliciting contributions, been enjoined from violating any law relating to charitable solicitation, had its registration or authority denied, suspended, or revoked, or entered into an assurance of voluntary compliance, this information must be reported within ten days.

To ensure timely receipt of renewal applications, any changes in addresses or officers should be reported to the department immediately upon those changes occurring. s. 496.405(1)(b), F.S.

Consolidated Financial Statement

Parent organizations will now be required to report specific financial information for all of their chapters, branches or affiliates, including the amount of contributions received by each chapter, branch or affiliate, payments made to each chapter, branch or affiliate from the parent and administrative fees assessed to each chapter, branch or affiliate. Additionally, any chapter, branch or affiliate that is required to file a 990 to the IRS must submit a copy of the 990 to the department. s. 496.405(3), F.S.

Conflict of Interest Policy

Charitable organizations and sponsors are required to adopt a policy regarding conflict of interest transactions. A conflict of interest transaction is defined as a transaction between a charitable organization or sponsor and another party in which a director, officer or trustee of the charitable organization or sponsor has a direct or indirect financial interest. The term includes, but is not limited to:

- the sale, lease, or exchange of property to or from the charitable organization,
- the lending of moneys to or borrowing of moneys from the charitable organization or sponsor, or
- payment of compensation for services provided to or from the charitable organization or sponsor.

A copy of the IRS sample conflict of interest policy can be accessed through the department's website at www.800helpfla.com. The conflict of interest policy must be certified annually by all directors, officers, and trustees of the organization. A copy of the annual certification must be submitted to the department as part of the organization's annual registration. s. 496.4055(2), F.S.

Financial Statements

Charitable organizations or sponsors that receive at least \$500,000 but less than \$1 million in annual contributions must submit a financial statement that has been reviewed or audited by an independent certified public accountant. Charitable organizations or sponsors that receive \$1 million or more in annual contributions must submit financial statements that have been audited by an independent certified public accountant. In lieu of a financial statement, any charitable organization or sponsor may submit an IRS Form 990. Supplemental Financial Disclosure

Charitable organizations or sponsors that receive more than \$1 million in contributions but spend less than 25% of their annual expenses on program services will be required to submit a more detailed financial report. The report requires detailed information about salaries, travel expenses, fundraising expenses, overhead and administrative expenses, business transactions between the charitable organization or sponsor and officers, directors, trustees or their immediate family members, and the names of service providers who earned over \$100,000. The charitable organization or sponsor will have the opportunity to detail any extenuating circumstances as to why it spent less than 25% on program services, such as reserving money for a capital project. s. 496.4071, F.S.

Disaster Relief Solicitations

Charitable organizations or sponsors that raise \$50,000 or more in contributions during the aftermath of natural disasters or other crisis must submit financial information regarding contributions and program service expenses on a quarterly basis. Charitable organizations or sponsors that have been registered with the department for at least four consecutive years will not be required to file additional information if raising funds for a disaster or crisis.
