Protect and Strengthen Psychiatry in Florida

We depend on contributions from Florida Psychiatric Society members to influence the legislative process, giving you a voice in Tallahassee.

Our **PURPOSE** is to ensure the Senators and Representatives elected in Florida understand psychiatry and how legislation affects FPS members and psychiatric patients.

We **SUPPORT** those candidates who have proven they support the views of psychiatry and the rest of medicine. Only with your support can we help elect those Senators and Representatives who will fairly and equitably represent our interests at the state level

JOIN the Florida Psychiatry PAC and help make a difference for psychiatry in Florida! Your commitment will ensure our future success!
