2017-2019 OFFICERS DIRECTORY

President:
Reinaldo Rosario, M.D.
Renal Electrolyte & Hypertension Consultants
Fort Lauderdale, FL

Immediate Past-President:
David Roth, M.D.
University of Miami
Miami, FL

Vice-President:
Avon Doll Jr., M.D.
North Florida Nephrology Associates
Tallahassee, FL

Treasurer:
Ashok Sastry, M.D.
Nephrology Associates Sarasota
Sarasota, FL

Secretary:
Arvind Madan, M.D.
Nephrology Associates of Central Florida
Orlando, FL

DIRECTORS AT LARGE:
Jose Arrascue, M.D.
South Palm Beach Nephrology
Atlantis, FL

Nabeel Aslam, M.D.
Mayo Clinic
Jacksonville, FL

Mauro Braun, M.D.
Cleveland Clinic Florida
Weston, FL

Richard Handler, M.D.
Vero Renal Associates
Vero Beach, FL

Marco A. Ladino-Avellaneda, M.D.
University of Miami
Miami, FL

Rute Paixao, M.D.
Cleveland Clinic Florida
Weston, FL

Vinayak Purandare, M.D.
Vinayak V. Purandare, M.D., P.L.
Daytona Beach, FL

Alternative CAC Representative
Arvind Madan, M.D.
Nephrology Associates of Central Florida
Orlando, FL

Past Presidents Council Rep
Hugo Tapia, M.D.
Retired-Central Florida Kidney Care
Lakeland, FL

MISSION:
FSN represents and serves the interests of Florida nephrologists in their pursuit and delivery of quality care for patients with kidney disease.

VISION:
FSN is the recognized advocate for nephrologists in Florida.

Strategic Priorities – Statement of Relevancy

Education
FSN will deliver quality educational opportunities to promote advanced care for the treatment of patients with kidney disease.

Regulatory & Legislative Advocacy
FSN will be the definitive advocate for nephrologists influencing economic and public policy, representing the collective voice of nephrologists.

Practice Management Success
FSN will provide nephrologists tools and knowledge to achieve practice success.

Patient Care
FSN will provide nephrologists resources to deliver high quality, safe patient care in an economically feasible manner.

Grassroots Communication
FSN will facilitate collaboration between nephrologists practicing throughout Florida.

Collaboration – Partnerships
FSN will work with organizations that strive to enhance nephrology and quality care for patients with kidney disease.
Florida Society of Nephrology

52nd Annual Meeting

Vinoy Renaissance® St. Petersburg Resort & Golf Club

JANUARY 18-20, 2019

PROGRAM COMMITTEE

Chair:
David Roth, M.D.
University of Miami
Miller School of Medicine

Mayo Clinic
Jacksonville, FL

William Haley, M.D.
Mayo Clinic
Jacksonville, FL

Richard Handler, M.D.
Vero Renal Associates
Vero Beach, FL

Rute Paixao, M.D.
Cleveland Clinic Florida
Weston, FL

Reinaldo Rosario, M.D.
Renal Electrolyte & Hypertension Consultants
Fort Lauderdale, FL

Vinayak Purandare, M.D.
Vinayak V. Purandare, M.D., P.L.
Daytona Beach, FL

President
Reinaldo Rosario, M.D.
Renal Electrolyte & Hypertension Consultants
Fort Lauderdale, FL
The Vinoy® Renaissance St. Petersburg Resort & Golf Club welcomes you to Florida with a seamless combination of historic charm and modern convenience. Our award-winning hotel is situated in the city’s vibrant downtown district, just a short distance from attractions including Tropicana Field and the Dali Museum, as well as the Florida Aquarium and miles of pristine beaches. Gracefully designed rooms and suites feature home-like comforts; some also offer balconies with views of the water. Our hotel is a destination unto itself, with a championship golf course, a serene on-site spa and a private marina. Play a game of tennis, embark on a boat ride, dine at one of our excellent restaurants or simply laze by one of the pools and enjoy the warm St. Pete weather. If you’re planning an event in the area, you’ll be delighted with our expansive venues, which are tailor-made for weddings, meetings and everything in between. We eagerly await your arrival at The Vinoy® Renaissance St. Petersburg Resort & Golf Club.
On behalf of the leadership of the FSN, I would like to extend an invitation to participate in the 2019 FSN Annual Conference. The FSN continues to expand our programs and services and reach out to new communities within the State of Florida.

It is with that in mind that I am pleased to preside over our first meeting in St Petersburg, Florida. St Petersburg is a vibrant city that offers countless opportunities for our members and your families. Having the conference at the start of Martin Luther King Jr. Holiday Weekend affords you the chance to extend your stay and enjoy all the city has to offer.

One of the strategic priorities of our association is to facilitate collaboration and partnerships with organizations that share our mission to improve care for kidney patients.

Staying true to that mission we are pleased to partner with several Florida Chapters of the American Nephrology Nurses Association during this year’s meeting. ANNA will have a separate track for their members to receive timely information and education pertinent to their patients. ANNA Members will be encouraged to participate in all of the other programming available during the FSN Annual Conference. The FSN Leadership strongly believes this collaboration can improve quality and efficiencies within our health care teams.

It is an honor for me to serve as your President and I am proud of the steps our organization continues to take to advance renal care in Florida. The Program Committee has put together another world-class program this year. I hope you will join us in St Petersburg.

Sincerely,

Reinaldo Rosario

Reinaldo Rosario, M.D.
President
Florida Society of Nephrology
Dr. Gerald B. Appel is Director of Clinical Nephrology at Columbia University Medical Center at The New York-Presbyterian Hospital, New York, New York, and is a tenured Professor of Clinical Medicine at Columbia University College of Physicians and Surgeons. He is Chief of the Glomerular Kidney Disease Center at Columbia U. He received his undergraduate BA from Cornell University graduating in three years with distinction in all subjects and as a member of phi beta kappa. He received his medical degree from Albert Einstein College of Medicine, Bronx, New York, in 1972., where he was elected to the medical honor society Alpha Omega Alpha. He completed his internship and residency in Internal Medicine at Columbia Presbyterian Medical Center. He then completed fellowships in Nephrology at both Columbia-Presbyterian (1975-1976) and at Yale-New Haven Medical Center, New Haven, Connecticut (1976-1978).

Dr. Gerald A Beathard graduated from the University of Texas Medical Branch (UTMB) in Galveston, Texas receiving both an M.D. and a PhD degree. He is board certified in Internal Medicine, Nephrology, Pathology, Allergy and Clinical Immunology and Interventional Nephrology. Dr Beathard taught both Nephrology and Pathology at UTMB from 1968 until 1977 and continues to be a Clinical Professor at that institution. He was in private practice (nephrology and Pathology) from 1977 until 2000. Starting in 2000, Dr Beathard has been employed as a Vice-President of Lifeline Vascular Access.

Dr. Daniel Cattran is a graduate of the University of Toronto Medical School. He did his postgraduate training in both Toronto, Canada and Sydney, Australia. He is currently a Professor of Medicine at the University of Toronto and a senior scientist at the Toronto General Research Institute.

Grant support for his work has come from the Kidney Foundation of Canada, PSI, the National Institutes of Health and the Canadian Institutes for Health Research. Dr. Cattran’s major research work has been in the field of glomerular diseases. He was the principal organizer and remains the Chair of the Toronto Glomerulonephritis Registry, which currently includes over 10,000 cases of biopsy-proven glomerulonephritis. He has published over 200 articles in peer review journals and more than 30 book chapters related to the natural history, outcome and

Dr Beathard has been involved with endovascular procedures performed for dialysis vascular access maintenance procedures since 1985. He has published more than 100 articles in peer reviewed medical journals, writes14 topics for UpToDate, has authored 62 book chapters and 12 monographs.

Dr Appel has been listed in New York Magazine as one of the “Best Doctors in New York” annually between 1992 and 2010, and is listed in “Best Doctors in America,” and also in “How to Find the Best Doctors in N.Y. Metro Area.” He is an associate editor of Clinical JASN and of Up-To-Date. Dr. Appel is a member of numerous societies and has served on the Medical Advisory Board and as the Chairman of the Research Committee of the National Kidney Foundation of New York and New Jersey and The Kidney and Urology Foundation of America, as a past president of the New York Society of Nephrology, and as Chair of the Council of Glomerulonephritis of the National Kidney Foundation of the US. He is the director of many courses including The Columbia U Internal Medicine Course in NYC , Renal Biopsy in Medical Diseases of the Kidney in NYC, and The Treatment of Glomerular Diseases at the annual American Society of Nephrology meetings. Dr Appel has authored and co-authored almost 300 peer-reviewed articles and book chapters.
Dr. Daniel Cattran is a graduate of the University of Toronto Medical School. He did his postgraduate training in both Toronto, Canada and Sydney, Australia. He is currently a Professor of Medicine at the University of Toronto and a senior scientist at the Toronto General Research Institute. Grant support for his work has come from the Kidney Foundation of Canada, PSI, the National Institutes of Health and the Canadian Institutes for Health Research. Dr. Cattran’s major research work has been in the field of glomerular diseases. He was the principal organizer and remains the Chair of the Toronto Glomerulonephritis Registry, which currently includes over 10,000 cases of biopsy-proven glomerulonephritis. He has published over 200 articles in peer review journals and more than 30 book chapters related to the natural history, outcome and treatment studies in glomerulonephritis.

In recognition of his career in clinical investigation the Kidney Foundation of Canada awarded him their Medal for Research Excellence in 2005. He was also the recipient of the Conrad Pirani Award from Columbia University in 2008. He has served on the editorial board of both the American Journal of Kidney Disease and the Journal of the American Society of Nephrology and is currently an associate editor for Kidney International. He is on the editorial board of Up-to-Date and is currently the author/co-author of several of their cards in glomerular disease.

He has also held a number of positions in the Canadian Society of Nephrology including a term as president. He has held a number of positions within the American Society of Nephrology including two terms on the Post Graduate Education committee and is currently a member of the Glomerular Disease Advisory Group.
**Dr. Glen Markowitz**

Dr. Glen Markowitz received his undergraduate degree from Brandeis University in 1990 and his MD from Albert Einstein College of Medicine in 1994. After three years of residency in anatomic pathology at Albert Einstein College of Medicine, he spent a year as the Renal Pathology Fellow at Columbia University in 1997-8, training under Dr. Vivette D’Agati. He subsequently joined the faculty at Columbia University, College of Physicians & Surgeons in 1998 and has remained on the faculty since that time, achieving the rank of Professor of Pathology & Clinical Pathology in 2008 and assuming the role of Vice Chairman for Operations in 2011. During 2015, he is serving a 1-year term as the President of the Renal Pathology Society, the largest organized body of renal pathologists in the world, with a current membership that exceeds 550. Dr. Markowitz’s areas of academic interest include toxic forms of renal injury, dysproteinemic renal disease, and membranous glomerulopathy. He has published more than 160 articles and many additional chapters.

**Dr. Sagar Nigwekar**

Dr. Sagar Nigwekar is an Assistant Professor of Medicine at the Harvard Medical School and Assistant in Medicine at the Massachusetts General Hospital. Dr. Nigwekar received his medical degree from the University of Mumbai in India and Masters in Medical Sciences degree from the Harvard Medical School. He trained in nephrology at the Brigham and Women’s Hospital/Massachusetts General Hospital’s Joint Nephrology Fellowship program.

Dr. Nigwekar leads the MGH Multi-disciplinary Calciphylaxis Team and conducts translational research in the areas of calciphylaxis and vascular calcification. Dr. Nigwekar has authored > 60 peer-reviewed research articles in high-impact journals and has been a prior recipient of Young Investigator Award from the National Kidney Foundation and Clinical Scientist in Nephrology award from the American Kidney Fund. He co-chairs the International Consensus Panel on calciphylaxis.

Dr. Nigwekar enjoys travelling, skiing, and kayaking. He lives in Cambridge, MA with his wife and a 6-year old daughter.

**Dr. Roberto I. Vazquez-Padron**

Dr. Roberto I. Vazquez-Padron is an award winning scientist, and professor of surgery focused on understanding the cellular and molecular mechanisms underlying arteriovenous fistula failure. His laboratory is currently supported by major NIH grants. He has published +70 peer-review scientific articles and book chapters and presented my work in multiple national and international meetings. He is currently member of NHLBI Mentored Clinical and Basic Science Review Committee and NIH Cardiovascular and Respiratory Sciences (CVRS) Integrated Fellowship Review Group. He is member of the American Society of Nephrology and American Heart Association. He serves as reviewer of multiple indexed journals.
