QUESTIONS? COMMENTS? SUGGESTIONS?
certification@ForensicNurses.org
Introduction

Congratulations on your decision to seek the credential of Sexual Assault Nurse Examiner – Adult/Adolescent (SANE-A®) and/or Sexual Assault Nurse Examiner – Pediatric/Adolescent (SANE-P®).\(^1\)

A nurse who achieves certification as a SANE-A or SANE-P demonstrates through objective validation to themselves, colleagues, clients, employers, and the public at-large that they have the knowledge and expertise required for this specialty practice—and possess an ongoing professional commitment to providing quality patient care. The International Association of Forensic Nurses (Association), through the Commission for Forensic Nursing Certification (CFNC), is honored to help you earn certification in this challenging and vital nursing specialty.

The mission of the CFNC is to ensure that the Association’s certification programs are psychometrically sound, technically accurate, and legally defensible. The Association established the CFNC to promote the highest standards of forensic nursing practice through the development, implementation, coordination, and evaluation of all aspects of the certification and certification renewal processes. As the independent and autonomous governing body for the SANE-A and SANE-P certification examination programs, the CFNC has the sole authority for establishing policies regarding certification eligibility; development, scoring, and administration of the exams; certification renewal requirements; and operations of the certification programs.

This handbook contains:

- Exam eligibility requirements;
- Application guidelines;
- Resources for exam preparation;
- What to expect when testing; and
- What to expect after the exam.

Please review this handbook carefully before you apply. The exams are offered twice a year during days 1–30 in the months of April and September. The information herein will help you submit a completed application, which enables the CFNC to process your application expeditiously. You are responsible for meeting the eligibility requirements before you apply and for submitting your application according to the established deadlines.

Questions? Please contact:

CFNC c/o International Association of Forensic Nurses

Applying for the Exam
SANE-A: ELIGIBILITY REQUIREMENTS

To be eligible to sit for the SANE-A certification examination, you must:

1. Hold an active, unrestricted license as a registered nurse (RN) in the United States or a US territory
   OR
   Hold an active, unrestricted license as a first-level general nurse (or the equivalent) in the country/jurisdiction of practice;2
   AND
2. Have practiced nursing for a minimum of 2 years as an RN
   OR
   Have practiced nursing for a minimum of 2 years as a first-level general nurse (or the equivalent) in the country/jurisdiction of licensure;
   AND
3. Have successfully completed an adult/adolescent sexual assault nurse examiner education program that grants a minimum of 40 hours of continuing nursing education contact hours from an accredited provider
   OR
   Have successfully completed an adult/adolescent sexual assault nurse examiner education program that comprises a minimum of 40 hours of academic coursework or the national equivalent from an accredited educational institution
   OR
   Have successfully completed a combined adult/adolescent/pediatric sexual assault nurse examiner education program that grants a minimum of 64 hours of continuing nursing education contact hours from an accredited provider
   OR
   Have successfully completed an adult/adolescent/pediatric sexual assault nurse examiner education program that comprises a minimum of 64 hours of academic coursework or the national equivalent from an accredited educational institution.
   NOTE: All education programs must be from a single educational offering and follow the content outline contained in the most current edition of the IAFN Sexual Assault Nurse Examiner Education Guidelines;
   AND
4. Have successfully completed a sexual assault nurse examiner clinical preceptorship as outlined in the most current edition of the IAFN Sexual Assault Nurse Examiner Education Guidelines;
   AND
5. Have practiced3 as a sexual assault nurse examiner for a minimum of 300 hours within the past 3 years. At least 200 of those 300 hours must comprise SANE-related practice that is focused on the adult and/or adolescent patient population.
   NOTE: If the application is selected for audit, the applicant will be asked to submit documentation of completion of their SANE didactic course and SANE-related practice hours.

The eligibility requirements for the SANE-A exam were initially established based on the first job analysis study conducted for the exam. The CFNC reviews the eligibility requirements annually and, if needed, makes updates.

---

2 Applicants who do not have a US RN license must have completed a post-secondary nursing education program that includes classroom instruction and clinical practice in medical, surgical, obstetric, pediatric, and psychiatric nursing. To confirm eligibility, these applicants may be asked to provide a transcript from their nursing education program.

3 Practice includes any combination of the following activities:
   • Providing direct patient care as a SANE
   • Taking on-call shifts to respond to patients as a SANE (even if not seeing a patient)
   • Teaching/precepting SANEs
   • Providing consultation on SANE issues/cases
   • Participating in peer review of SANE cases.
SANE-P: ELIGIBILITY REQUIREMENTS

To be eligible to sit for the SANE-P certification examination, you must:

1. Hold an active, unrestricted license as a registered nurse (RN) in the United States or a US territory
   OR
   Hold an active, unrestricted license as a first-level general nurse (or the equivalent) in the country/jurisdiction of practice;¹
   AND

2. Have practiced nursing for a minimum of 3 years as an RN
   OR
   Have practiced nursing for a minimum of 3 years as a first-level general nurse (or the equivalent) in the country/jurisdiction of licensure;
   AND

3. Have successfully completed a pediatric/adolescent sexual assault nurse examiner education program that grants a minimum of 40 hours of continuing nursing education contact hours from an accredited provider
   OR
   Have successfully completed a pediatric/adolescent sexual assault nurse examiner education program that comprises a minimum of forty 40 hours of academic coursework or the national equivalent from an accredited educational institution
   OR
   Have successfully completed a combined adult/adolescent/pediatric sexual assault nurse examiner education program that grants a minimum of 64 hours of continuing nursing education contact hours from an accredited provider
   OR
   Have successfully completed a combined adult/adolescent/pediatric sexual assault nurse examiner education program that comprises a minimum of 64 hours of academic coursework or the national equivalent from an accredited educational institution.
   NOTE: All education programs must be from a single educational offering and follow the content outline contained in the most current edition of the IAFN Sexual Assault Nurse Examiner Education Guidelines;
   AND

4. Have successfully completed a sexual assault nurse examiner clinical preceptorship as outlined in the most current edition of the IAFN Sexual Assault Nurse Examiner Education Guidelines;
   NOTE: If the application is selected for audit, an applicant who holds the SANE-A credential may be asked to provide proof of current SANE-A certification rather than documentation of clinical preceptorship in adolescent practice;
   AND

5. Have practiced ⁵ as a sexual assault nurse examiner for a minimum of 300 hours within the past 3 years. At least 200 of those 300 hours must comprise SANE-related practice that is focused on the prepubertal patient population.
   NOTE: If the application is selected for audit, the applicant will be asked to submit documentation of completion of their SANE didactic course and SANE-related practice hours.

The eligibility requirements for the SANE-P exam were initially established based on the first job analysis study conducted for the exam. The CFNC reviews the eligibility requirements annually and, if needed, makes updates.

¹ Applicants who do not have a US RN license must have completed a post-secondary nursing education program that includes classroom instruction and clinical practice in medical, surgical, obstetric, pediatric, and psychiatric nursing. To confirm eligibility, these applicants may be asked to provide a transcript from their nursing education program.

⁵ Practice includes any combination of the following activities:
   • Providing direct patient care as a SANE
   • Taking on-call shifts to respond to patients as a SANE (even if not seeing a patient)
   • Teaching/precepting SANEs
   • Providing consultation on SANE issues/cases
   • Participating in peer review of SANE cases.

</tr>
</tbody>
</table>

*International = residence outside the US or Canada

The application must be RECEIVED in the Association’s home office by the deadline date. No application will be accepted after the late-filing deadline:

- Feb 15, 2022, 11:59 PM ET (Apr exam)
- July 14, 2022, 11:59 PM ET (Sept exam)

You must remit payment via credit card or promo code when you apply. Call the home office to arrange if paying by personal check or money order/certified check. If a check is returned for insufficient funds, you will be required to pay a $45 returned-check fee and then must remit by money order/certified check or credit card.

## Refund Policy

All application fees are nonrefundable and nontransferable to another applicant. In the event you are found ineligible to test, the application fee minus a processing fee of $100 may be refunded upon request.

## Online Application

Applications must be submitted online. Plan to remit payment by credit card at the time you apply.

## Completing the Application

- Apply for the exam using the name on the government-issued photo identification that you will use to be admitted to test. **If the first and last names on your application do not exactly match the name on your government-issued identification, you will not be permitted to test.** The name provided will be used on your certificate.

- Complete all sections/fields of the application. Applications are considered incomplete if any of the required information is missing or the appropriate fee is not remitted. If your application is incomplete, the Association’s staff will notify you once via an email sent to the email address you listed on your exam application. The email will detail what you must submit to complete your application and a deadline of up to 7 days in which to submit. If you fail to respond within the designated time frame, the application will be subject to denial and may be subject to an additional processing fee. Only completed applications will be processed.

- List a valid, personal (not work) email address to ensure you will receive confidential communication about your certification exam status and important exam scheduling information from the scantron.com domain.
If you are applying to take both the SANE-A and SANE-P certification examinations during the same testing window, you must submit a separate application and application fee for each exam.

After you submit your application, a notice will confirm your submission. After you remit the application fee online, please select the button “Print” or “Email a Copy” to retain a copy of your receipt.

AUDIT PROCESS

To maintain the credibility and integrity of the certification process in determining eligibility to sit for the exam, at any point during the certification exam application review process, the CFNC reserves the right to verify any information you provide on your application.

To ensure that all exam eligibility requirements are being met, the CFNC randomly audits the certification exam applications. Every 10th exam application submission is designated for random audit. However, if an application is submitted with missing/incomplete/possibly inaccurate information or information suggests ineligibility, the CFNC may conduct a focused audit.

If your application is subject to audit, you will receive an email with instructions and a deadline of up to 7 days in which to submit: specific information/documents (focused audit) or documentation verifying your SANE didactic course and/or SANE-related practice hours (random audit).

NOTICE OF INELIGIBILITY TO TEST

In the event your application does not meet the eligibility requirements, you will be notified in an email sent to the email address you used to register for the exam, detailing the issue and a deadline for you to respond/submit. If eligibility is denied, a follow-up confidential email will be sent to that email address with a letter outlining the reason(s), refund policy, and appeals process. Under no circumstances shall Association staff members’ uniformly applied efforts, which may exceed the times or means for contact outlined herein, comprise a viable basis for appeal.

Scheduling the Exam

SCHEDULING PROCESS

You may opt to test via Live-Remote Proctoring (LRP) or at a testing center. To access the list of testing center sites, please visit Test Site Cities: https://www.scantron.com/programs/international-association-of-forensic-nurses/

Approximately 30 days before the start of the testing window, our testing vendor, Scantron, will email a notice to schedule (NTS) your examination to the email address you listed on your exam application. Ensure in advance that your email program will accept emails from the Scantron.com domain.

On or soon after March 1 (Apr exam) and August 1 (Sept exam), check IAFN’s SANE Certification Central web page. IAFN posts the date that Scantron sends your NTS email.

Your NTS email will contain the phrase “Notice to Schedule” and will be sent from candidatesupport@Scantron.com. Be sure to check your inbox, spam box, and delete box for this email. If you cannot locate the email, promptly contact: certification@Forensicnurses.org

The NTS email will provide a URL address and a username/password for you to access Scantron’s online scheduling system. Once you log on, you will be asked to submit a preferred testing date/time, means (LRP or testing center), and location (based on availability). The email will also include LRP requirements. You are permitted to schedule your exam only during the designated 30-day testing window.
You must log on and submit your scheduling request at least 2 days prior to your preferred testing date. Seats are available on a first-come, first-served basis, so seating will become more limited near the middle and end of the testing window.

If you fail to schedule your exam at least 2 days before the end of the testing window and are unable to test, you will forfeit your examination application fee.

After approving your preferred test date and location, Scantron will send you an email confirmation notice that provides the exact test date, time, and location. If you do not receive this confirmation within 24 hours of scheduling your exam, call Scantron immediately: 919.572.6880.

You must print your email confirmation notice and have it with you to test via LRP or at a testing center.

**REASONABLE ACCOMMODATIONS**

Reasonable accommodations provide candidates who speak English as a second language (ESL) and/or have a disability a fair and equal opportunity to demonstrate their knowledge and skill in the essential functions that the exam is designed to measure; these accommodations do not include steps that fundamentally alter the purpose or nature of the examination.

Reasonable accommodations generally are provided for candidates who have ESL status and/or a physical or mental impairment that substantially limits that person in one or more major life activities (e.g., walking, talking, hearing, performing manual tasks); have a record of such physical or mental impairment; or are regarded as having a physical or mental impairment.

Reasonable accommodations are based on the individual’s specific request, ESL status and/or disability, submitted documentation, and the appropriateness of the request. To apply for reasonable accommodations, complete the request form and submit to: certification@forensicnurses.org

You must email the written request form and documents to IAFN at least 45 days prior to your expected testing date. Your request shall also include documentation from an appropriate professional (on the professional’s letterhead), which identifies your ESL status and/or diagnosis of disability as well as the specific recommendations for accommodations. IAFN will advise Scantron of any approved request. Scantrons requires notice at least 30 days before the test date you seek.

**RESCHEDULING**

**Scheduled Testing Center Appointment:** Following Scantron’s online scheduling system instructions, you may cancel/reschedule a testing center exam date, time, or location up to 2 days in advance of your scheduled testing appointment. Cancellation/rescheduling requests are not accepted less than 2 days prior to your scheduled appointment. You may reschedule for later in the testing window (time/availability permitting). To cancel/reschedule, Scantron charges a nonrefundable $50 fee for all candidates, which you must pay by credit card at the time of the request.

**Scheduled LRP Appointment:** Following Scantron’s online scheduling system instructions, you may cancel/reschedule an LRP exam date or time up to 24 hours in advance of your scheduled testing appointment. Cancellation/rescheduling requests are not accepted less than 24 hours prior to your scheduled appointment. You may reschedule for later in the testing window (time/availability permitting).

**All Scheduled Appointments:** If you fail to appear for your testing appointment and/or you do not cancel/reschedule your exam within the specified time in advance of your scheduled testing appointment, you will forfeit your exam application fee. Exceptions to the above policy may be granted only in the event of a substantiated medical emergency or death in the family. Contact Scantron directly: 919.572.6880.

**APPLICATION CANCELLATIONS**

Cancellation of an exam application is not permitted after the final application deadline.
Preparing for the Exam

PREPARING FOR COMPUTER-BASED TESTING

To familiarize yourself with computer-based testing, Scantron offers a free, online tutorial of testing instructions and a sample test: https://www.scantron.com/programs/international-association-of-forensic-nurses/

You may access the online sample test and tutorial anytime, anywhere, through any computer that has Internet access. The sample test is not intended to be a review of the SANE-A or SANE-P examination content.

PREPARING FOR THE EXAM CONTENT

The SANE-A and SANE-P exams were developed following generally accepted steps and principles for professional certification exams. The current exams are based on an explicit set of competency statements determined from the SANE-A and SANE-P job analysis studies of practitioners completed in 2017–2018.

The competency statements are organized into different content areas or domains, each with a percentage weight. The percentage reflects how much of that content area will be included on every exam.

Each SANE examination contains up to 200 questions (150 scored and up to 50 unscored or pretest items) written within the framework of the nursing process. You will be permitted 4 hours to complete the SANE-A or SANE-P examination.

To prepare for the exam content, you are strongly encouraged to:

- Study the test content outline for your intended examination
- Familiarize yourself with the resources on the reference list for your intended exam
- Consider enrolling in or embarking on a SANE-A or a SANE-P preparation course or study program that meets your learning needs
- View live and/or archived nursing professional education (e.g., webinars) addressing SANE content
- Access and test yourself with practice items
- Practice techniques for managing test anxiety if you find this is an issue for you: https://www.scantron.com/programs/international-association-of-forensic-nurses/

For more information, see IAFN’s Study for the SANE Exam web page.

Adhering to best practices for certifying bodies, the Commission for Forensic Nursing Certification (CFNC) volunteers and staff are not involved in the development of any preparatory program, and the CFNC does not endorse any preparatory program. The CFNC and its staff are solely responsible for the policies and administration of the SANE certification programs, including establishing application deadlines and processes.
## SANE-A® Test Content Outline

### Domain 1: Assessment and Documentation 32%

<table>
<thead>
<tr>
<th>0101</th>
<th>Identify urgent/emergent medical problems (e.g., strangulation, head injury, wounds, drug/alcohol intoxication) that require medical treatment prior to and/or during the medical forensic examination.</th>
</tr>
</thead>
<tbody>
<tr>
<td>0102</td>
<td>Assess safety needs of the patient (e.g., bed rails, medical equipment, environment, patient identity) and implement safety measures during the SANE evaluation.</td>
</tr>
<tr>
<td>0103</td>
<td>Identify the acute and long-term emotional and psychological response (e.g., neurobiological, suicidal ideation, post-traumatic stress disorder) to sexual assault.</td>
</tr>
<tr>
<td>0104</td>
<td>Obtain and document the health history (e.g., medical, psychosocial, developmental).</td>
</tr>
<tr>
<td>0105</td>
<td>Obtain and document the sexual assault history.</td>
</tr>
<tr>
<td>0106</td>
<td>Assess the patient for indicators of alcohol- and/or drug-facilitated sexual assault.</td>
</tr>
<tr>
<td>0107</td>
<td>Assess the patient’s level of development (e.g., physical, psychological, cognitive).</td>
</tr>
<tr>
<td>0108</td>
<td>Assess the patient for sexually transmitted infections and/or exposure risk.</td>
</tr>
<tr>
<td>0109</td>
<td>Assess the patient for pregnancy and/or pregnancy risk.</td>
</tr>
<tr>
<td>0110</td>
<td>Assess the patient’s immunization status (e.g., tetanus, hepatitis B, HPV).</td>
</tr>
<tr>
<td>0111</td>
<td>Conduct a comprehensive head-to-toe physical assessment and document findings (e.g., narrative, diagrammatic).</td>
</tr>
<tr>
<td>0112</td>
<td>Assess orifices involved in the sexual assault for trauma by using appropriate methods or adjuncts (e.g., speculum, anoscope, magnification, toluidine blue dye, catheter technique).</td>
</tr>
<tr>
<td>0113</td>
<td>Distinguish trauma from normal and abnormal physical findings.</td>
</tr>
<tr>
<td>0114</td>
<td>Complete photographic documentation by using principles of forensic photography.</td>
</tr>
</tbody>
</table>

### Domain 2: Evidence Collection 18%

<table>
<thead>
<tr>
<th>0201</th>
<th>Identify items for evidence collection based on the circumstances or events (e.g., time frame, orifices involved, body contact).</th>
</tr>
</thead>
<tbody>
<tr>
<td>0202</td>
<td>Collect biological and trace specimens from involved orifices and other body areas of contact by using appropriate methods or adjuncts (e.g., alternate light sources, toxicology kits, sexual assault evidence kits).</td>
</tr>
<tr>
<td>0203</td>
<td>Collect reference samples (e.g., blood, buccal swab) for the patient’s DNA.</td>
</tr>
<tr>
<td>0204</td>
<td>Preserve forensic sample integrity (e.g., knowledge of biological degradation, chain of custody).</td>
</tr>
<tr>
<td>0205</td>
<td>Document clothing and biological and trace specimens collected.</td>
</tr>
</tbody>
</table>

### Domain 3: Patient Management 28%

<table>
<thead>
<tr>
<th>0301</th>
<th>Utilize appropriate communication resources (e.g., interpreters, technology, translation services) based on the patient’s needs.</th>
</tr>
</thead>
<tbody>
<tr>
<td>0302</td>
<td>Provide crisis intervention to the patient and family members/caregivers.</td>
</tr>
<tr>
<td>0303</td>
<td>Provide the patient with developmentally appropriate control and consent.</td>
</tr>
<tr>
<td>0304</td>
<td>Conduct the medical forensic examination by using trauma-informed care principles.</td>
</tr>
<tr>
<td>0305</td>
<td>Modify and document examination techniques (e.g., positioning) based on the patient’s specific needs (e.g., variations in anatomy, physical/cognitive impairments).</td>
</tr>
<tr>
<td>0306</td>
<td>Educate the patient about transmission of sexually transmitted infections.</td>
</tr>
<tr>
<td>0307</td>
<td>Educate the patient about testing, prophylaxis, and treatment for sexually transmitted infections.</td>
</tr>
<tr>
<td>0308</td>
<td>Administer testing, prophylaxis, and treatment for sexually transmitted infections as indicated.</td>
</tr>
<tr>
<td>0309</td>
<td>Educate the patient on pregnancy risks and emergency contraception.</td>
</tr>
<tr>
<td>0310</td>
<td>Administer pregnancy testing and emergency contraception as indicated.</td>
</tr>
<tr>
<td>0311</td>
<td>Educate the patient about actions and side effects of prophylactic medications.</td>
</tr>
</tbody>
</table>
0312 Consult with or refer to other healthcare providers regarding medical problems identified.
0313 Refer the patient for follow-up counseling, support, and/or advocacy services.
0314 Create discharge and safety plans (i.e., intimate partner violence).
0315 Conduct follow-up based on medical forensic needs (e.g., wound healing, photography, lab results).

**Domain 4: Legal Issues and the Judicial Process**

10%

0401 Adhere to applicable mandatory reporting requirements as appropriate (e.g., vulnerable persons, injuries, reportable infections, minors).
0402 Respond to subpoenas and court orders for judicial proceedings (e.g., civil, criminal, administrative).
0403 Testify as a fact or expert witness for the prosecution or defense.
0404 Provide ethical and professional testimony (e.g., objective, evidence-based, accurate).

**Domain 5: Professional Practice**

12%

0501 Implement safety measures (e.g., physical, environmental, equipment) for the safety of the SANE during and after the medical forensic examination.
0502 Implement principles of confidentiality (e.g., privacy laws, release of information, restricted vs. nonrestricted reporting).
0503 Implement principles of informed consent and informed refusal.
0504 Evaluate and utilize current evidence-based practice (e.g., research, professional development, guidelines).
0505 Participate in peer review, case review, and quality improvement processes.
0506 Implement strategies to collaborate with interprofessional team members.
0507 Identify risks, prevention, and interventions for vicarious trauma.
0508 Incorporate ethical principles in professional practice (i.e., autonomy, beneficence, nonmalefeasance, justice).

---

**SANE-A® Reference List**

This reference list contains recommended resources to assist you in preparing for the certification examination. This list is not all-inclusive; other references may help you to study, including information in the Journal of Forensic Nursing and other peer-reviewed journals.

**Domain 4: Legal Issues and the Judicial Process 10%**

| 0401 | Adhere to applicable mandatory reporting requirements as appropriate. |
| 0402 | Respond to subpoenas and court orders for judicial proceedings (e.g., civil, criminal, administrative). |
| 0403 | Testify as a fact or expert witness for the prosecution or defense. |
| 0404 | Provide ethical and professional testimony (e.g., objective, evidence-based, accurate). |

**Domain 5: Professional Practice 12%**

| 0501 | Implement safety measures (e.g., physical, environmental, equipment) for the safety of the SANE during and after the medical forensic examination. |
| 0502 | Implement principles of confidentiality (e.g., privacy laws, release of information). |
| 0503 | Implement principles of informed consent/assent and informed refusal. |
| 0504 | Evaluate and utilize current evidence-based practice (e.g., research, professional development, guidelines). |
| 0505 | Participate in peer review, case review, and quality improvement processes. |
| 0506 | Implement strategies to collaborate with interprofessional team members. |
| 0507 | Identify risks, prevention, and interventions for vicarious trauma. |
| 0508 | Incorporate ethical principles into professional practice (i.e., autonomy, beneficence, nonmalfeasance, justice). |

**SANE-P® Reference List**

This reference list contains recommended resources to assist you in preparing for the certification examination. This list is not all-inclusive; other references may help you to study, including information in the Journal of Forensic Nursing and other peer-reviewed journals.

Taking the Exam

BEFORE LEAVING TO TEST AT A SITE OR VIA LIVE-REMOTE PROCTORING

- Read the Test Day Instructions: https://www.scantron.com/programs/international-association-of-forensic-nurses/
- Locate, print, and bring the email confirmation notice Scantron sent you that specifies your testing location, the time that you need to arrive at the testing center/Live-Remote Proctoring site, and the list of items you need to bring.
- If testing by Live-Remote Proctoring, review all materials the testing vendor sends in your scheduling confirmation email to ensure you meet the location and all computer system requirements.
- Plan to arrive at the testing center or Live-Remote Proctoring site at least 15 minutes before the start of the testing session. If you arrive late for the testing session, you will not be permitted to test.

TO BE ADMITTED TO TEST

- Submit your email confirmation notice to the proctor.
- Bring a current photo identification (ID) with signature. You will not be admitted without this.
  - Acceptable forms of ID: driver’s license, passport, or government-issued ID card with photograph.
  - Unacceptable forms of ID: gym membership card, warehouse membership card, school ID card, credit card, ID card with no photograph, etc.
- Your first and last name on the confirmation notice must match exactly the first and last name on your ID card.
- If your last name is hyphenated, the last name on your ID card and on your email confirmation notice both must be hyphenated for you to be admitted into the testing center. Presenting documentation at the testing center regarding a name change (e.g., a marriage license) is not acceptable.
- Report on time.

EXAM SECURITY

To ensure fairness and consistency for all examinees throughout the exam process, the CFNC and Scantron apply rigorous security measures specifically developed for the testing industry. All authorized testing centers follow the same high-level security protocol. Each Scantron proctor successfully completes an accredited Proctor Training Program and is charged with actively monitoring each examinee throughout the exam process. As an examinee, you agree at all times to follow all testing rules, including, but not limited to:

- Not entering or existing the exam room with any unauthorized items/materials.
- Not giving or receiving unauthorized information or aid to or from another person.
- Not disclosing, posting, or discussing with others any items on the exam.
- Timely reporting any suspected security breach to the exam proctor and Certification Director.

Failure to follow the above may result in exam termination score invalidation, and/or disciplinary action.

CLOSURE OF THE TESTING SITE DUE TO INCLEMENT WEATHER OR OTHER EMERGENCY

Scantron takes best efforts to keep testing centers open regardless of weather conditions. However, a testing site may need to temporarily close due to inclement weather or other emergencies. If you are experiencing inclement weather in your area on or around your scheduled testing date, please access the Site Closures and Delays listing: https://www.scantron.com/programs/international-association-of-forensic-nurses/
After the Exam

COMPLAINTS ABOUT YOUR EXAM PROCESS

If you experience problems with the examination process at the testing center, please let the testing center know. After you complete your exam, ask the proctor to bring up the comment screen so you may document your concerns about your testing center experience.

In addition, within 30 days of your testing date, please call or submit a complaint in writing via email to the CFNC c/o the Certification Director, who may forward the information to Scantron with a request to undertake an investigation. You will be notified promptly when Scantron returns its investigation findings.

NOTIFICATION ABOUT YOUR EXAM RESULTS

IAFN posts all notices/updates about the exam results on IAFN’s SANE Certification Central web page. The CFNC endorses key verification, which allows the testing vendor’s psychometrician the time to analyze the statistical performance of the items prior to release of the exam results. Exam results typically arrive 6–8 weeks after the close of the testing window (i.e., late June or late Nov).

When the results arrive, IAFN will send a confidential email to the email address you used to register for the exam. In the event you do not achieve a passing score, your email will contain information about retesting and an attached score report, which provides general feedback about your performance in each test domain. Because the exam is offered twice a year, no waiting period or limit exists on retesting; you may apply to retest as early as the next testing window and test as many times as necessary. If you achieve a passing score, your name will be listed in the publicly available IAFN-Certified Nurses registry (SANE-A; SANE-P). The Association will mail a certificate/score report packet to you at the mailing address listed on your application.

USE OF THE CREDENTIALS

After achieving a passing score on the exam, you may use the designated credential in all correspondence and professional relations. The credential is typically placed after your name, following any academic degrees and licensure (e.g., Mary Smith, BSN, RN, SANE-A). If you have earned both the SANE-A and the SANE-P credentials, list them separately (e.g., Mary Smith, BSN, RN, SANE-A, SANE-P). You may use the credential as long as the certification remains valid, which is 3 years, barring disciplinary action. For more information on how to list your credentials, please see IAFN’s Use of Credentials web page.

NONDISCRIMINATION POLICY

The Association, the CFNC, and Scantron do not discriminate against any applicant or candidate for certification on the basis of race, color, creed, age, sex, national origin, country of residence, religion, disability, marital status, parental status, ancestry, sexual orientation, military discharge status, source of income, or otherwise as may be prohibited by federal and state law. Applicants/candidates for certification will be judged solely on the criteria determined by the CFNC.

APPEALS PROCESS

You have the right to appeal if you are deemed ineligible to sit for the examination and believe that a violation of CFNC policy may have contributed. You must submit your appeal in writing to the CFNC c/o the Certification Director within 30 days of the date on the letter of notice of ineligibility. Your appeal letter should identify the CFNC policy violation(s) and why you believe you comply with the exam requirements. A reasonable administrative fee may be imposed. If the issue cannot be resolved, the CFNC will review the appeal and render a decision. The applicant will be notified of the CFNC’s decision within 2 months of the appeal submission date. The decision of the CFNC is final.
DISCIPLINARY AND COMPLAINTS POLICY

In the event a certification applicant/candidate/examinee or certificant violates the CFNC certification requirements and/or policies, the CFNC may issue a reprimand, which may include revocation of the individual’s certification. The grounds for sanctions under these procedures may include, but are not necessarily limited to:

- Any restrictions on the general or registered nursing license, such as revocation, suspension, probation, or other sanctions by a recognized nursing authority;
- Violation of established CFNC requirements and/or policies;
- Conviction of a felony or other crime of moral turpitude under federal, state/provincial, or similar law in a matter related to the practice of, or qualifications for, forensic nursing;
- Gross negligence or willful misconduct in the performance of SANE-A and/or SANE-P professional services, or other unethical or unprofessional conduct based on the formal determination of a licensing body;
- Fraud, falsification, or misrepresentation in an application for certification examination or certification renewal;
- Falsification of any material information requested by the Association/CFNC;
- Misrepresentation of SANE-A and/or SANE-P status; or
- Cheating on any SANE-A and/or SANE-P certification examination.

Actions taken under this policy do not constitute enforcement of the law, although referral to appropriate federal, state/provincial or similar, or local government agencies may be made about the conduct of a certification applicant/candidate/examinee or certificant in appropriate situations.
