FORENSIC NURSING RESEARCH

The Key to Building Evidence-Based Practice

IAFN RESEARCH GRANT

IAFN will award up to $15,000 in research awards annually.

Applications open Jan 1, 2019.

IAFN Research Committee Networking Event

Reno Conference
Thursday, Oct. 25th
8:00 AM - 9:00 AM (White Orchid, Level 1)

IAFN Semi-Annual Research Webinar

Writing Grants: Show Me the Money
Thursday, Nov. 8th
2:00 PM EST (www.forensicnurses.org)
Purpose
The purpose of the conference is to launch state-of-the-art science into action and drive best practices for forensic nursing around the world and across the lifespan.

Continuing Nursing Education
The International Association of Forensic Nurses is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation. Following the conference, attendees will be emailed a link to an evaluation form, which must be completed to receive contact hours. The number of contact hours is up to you; you will receive CE based on the number of sessions you elect to attend and evaluate.

Mission
Our mission is to provide leadership in forensic nursing by developing, promoting, and disseminating information internationally about forensic nursing practice.

Overall Learning Outcome
After participating in this conference, participants will report increased knowledge and an intent to integrate evidence-based learnings to support the advancement of global forensic nursing practice.

CONSENT TO USE OF PHOTOGRAPHIC IMAGES
Registration and attendance at, or participation in, International Association of Forensic Nurses’ (the Association) meetings and other activities constitutes an agreement by the registrant to the Association’s use and distribution (both now and in the future) of the registrant or attendee’s image or voice in photographs, videotapes, electronic reproductions, and audiotapes of such events and activities. Taking photographs of presentations is strictly prohibited. Children are not allowed in the exhibit hall.

2018 FOUNDATION SCHOLARSHIP PROGRAM COMMITTEE

The Association wishes to thank and acknowledge the Foundation Board of Directors who worked hard for months to select the Foundation Scholarship Program grant recipients from an outstanding group of candidates.

IAFN FOUNDATION BOARD

The IAFN Foundation, a 501(c)(3), was created in 2009. The mission of the Foundation is to promote the legacy of forensic nursing by supporting forensic nurses and the ongoing advancements in nursing practice. The mission will be achieved through scholarships for professional conferences and the dissemination of funding for research that benefits best forensic nursing practice.

Tuesday, October 23, 2018
4:00 pm - 7:00 pm  Registration Open

Wednesday, October 24, 2018
8:00 am - 5:00 pm  Registration Open
8:00 am - 4:00 pm  Exhibit Hall Open/Posters Available for Viewing
8:00 am - 9:00 am  Continental Breakfast (Exhibit Hall – Tuscany DEF)
9:00 am - 10:45 am  Awards Ceremony/Opening Keynote Address (Tuscany ABC123)

Laura van Dernoot Lipsky
Transforming Trauma

Testimony 201: An Experiential Workshop (see page 9, 15 for listing)
Concurrent Sessions Block 1 (see page 9 for listing)
Annual Business Meeting – Bring your own lunch (Tuscany ABC123)
IAFN belongs to you—the members! Take this opportunity to find out how your Association is serving you.
Attend the IAFN Annual Business Meeting.

2:30 pm - 4:00 pm  Concurrent Sessions Block 2 (see page 9 for listing)
4:30 pm - 5:00 pm  Exhibitor Demo Session – Open to all (Tuscany 12)

ADMA Biologics-Hepatitis B Infection and Sexual Assault: Can More Be Done?
HBV is virus that can be transmitted to sexual assault victims. Broadening Hepatitis-B Immune Globulin use could provide enhanced protection in many of these cases.
Presenters: Sally Henin, MD, FACEP, CMQ, Medical Director, Forensic Nursing Services, Memorial Hermann Health System, Houston and Jamie Ferrell, MBA, BSN, RN, CA/CP-SANE, CMI-III, SANE-A, SANE-P, DF-IAFN, Clinical Director, Forensic Nursing Services, Memorial Hermann Health System, Houston

6:00 pm - 8:00 pm  Welcome and New Member Reception – Open to All (Exhibit Hall – Tuscany DEF)
A Candidate Meet and Greet will be held from 6:00 pm – 7:00 pm in the Registration Area outside the entrance to the Reception.

Thursday, October 25, 2018
7:30 am - 9:00 am  Chapter Officers Meeting – By invitation only (Sierra 1748, Peppermill Tower)
8:00 am - 4:00 pm  Registration Open/Exhibit Hall Open/Posters Available for Viewing
8:00 am - 9:00 am  Continental Breakfast (Exhibit Hall – Tuscany DEF)
8:00 am - 8:50 am  IAFN Research Committee Networking Event (White Orchid, Level 1)
8:00 am - 8:30 am  Exhibitor Demo Session – Open to all (Sorrento 3)

Duquesne University School of Nursing-Supporting Forensic Nurse Advancement Through Education
This demo will include a discussion of the state of advanced forensic education for nurses and how to increase commitment to advanced education.
Presenter: L Kathleen Sekula, PhD, PMHCNS, FAAN
8:00 am - 8:30 am  
**Exhibitor Demo Session – Open to all (Tuscany 12)**

**Oakland University School of Nursing Forensic Nursing Program - Oakland University School of Nursing Graduate Forensic Nursing Program**

Discussion and presentation of the MSN and Graduate Forensic Nursing Certificate offered at Oakland University

Presenter: Kelly Berishaj, Forensic Nursing Program Director, DNP, RN, ACNS-BC, SANE-A

8:00 am - 8:30 am  
**Exhibitor Demo Session – Open to all (Sorrento 4)**

**Texas A&M University College of Nursing - Transform Yourself: Become an Aggie Forensic Nurse**

This presentation will describe the attributes of the Aggie Forensic Nurse. The speakers will discuss how the Texas A&M Forensic Nursing Program prepares nurses to be leaders in forensic nursing in their communities.

Presenters: Stacey Mitchell, Dan Sheridan, Nancy Downing, and Laurie Charles; Texas A&M University

9:00 am - 12:00 pm  
**Workshops** (see page 10, 23 for listing)

9:00 am - 10:30 am  
Concurrent Sessions Block 3 (see page 10 for listing)

11:00 am - 12:30 pm  
Concurrent Sessions Block 4 (see page 10 for listing)

1:00 pm - 2:45 pm  
Luncheon Keynote (Tuscany Ballroom ABC123)

**Shanna Kohn**

**Early Learning and Nurturing Care for Children Displaced by Conflict and Persecution**

3:00 pm - 4:30 pm  
Concurrent Sessions Block 5 (see page 11 for listing)

5:00 pm - 6:00 pm  
Chapter Meetings (Schedule posted in Registration Area. You do not need to be a chapter member to attend. All are welcome.)

7:00 pm  
IAFN Foundation Fundraiser – National Bowling Stadium (Tickets are required for this event. Meet in Lobby at 7:00 pm to catch Uber/Lyft to bowling alley.)

**Friday, October 26, 2018**

8:00 am - 4:00 pm  
Registration Open

8:00 am - 3:15 pm  
Exhibit Hall Open/Posters Available for Viewing (Chain of Custody Announcements and Silent Auction close at 2:30 pm. Exhibits close at 3:15 pm.)

8:00 am - 9:00 am  
Continental Breakfast/Poster Presentations (Exhibit Hall – Tuscany DEF)

9:00 am - 12:00 pm  
Workshops (see page 11, 35 for listing)

9:00 am - 10:30 am  
Concurrent Sessions Block 6 (see page 11 for listing)

11:00 am - 12:30 pm  
Concurrent Sessions Block 7 (see page 12 for listing)

12:45 pm - 2:15 pm  
Luncheon Keynote (Tuscany Ballroom ABC123)

**Valerie Hudson**

**The First Political Order: Sex, Governance, and National Security**

3:30 pm - 5:00 pm  
Concurrent Sessions Block 8 (see page 12 for listing)

6:00 pm - 8:00 pm  
Movie Screening – **PORTRAITS OF PROFESSIONAL CAREGIVERS – THEIR PASSION. THEIR PAIN.** Open to All (Tuscany Ballroom ABC123)
SCHEDULE of Events

Saturday, October 27, 2018
7:30 am - 2:00 pm  Registration Open
8:00 am - 9:00 am  Continental Breakfast
8:30 am - 9:30 am  Breakfast Keynote (Tuscany Ballroom ABC123)

Jerome Elam
Healthcare and Human Trafficking: A Crucible for Change

9:45 am - 12:45 pm  Workshops (see page 12, 49 for listing)
9:45 am - 11:15 am  Concurrent Sessions Block 9 (see page 13 for listing)
11:30 am - 1:00 pm  Concurrent Sessions Block 10 (see page 13 for listing)
2:00 pm - 6:30 pm  Post-Conference Workshop (see page 13, 56 for listing)

Obtain your Continuing Nursing Education (CE)
Contact Hours: Evaluate the Conference

• After you attend one or more sessions, visit: www.ForensicNurses.org/ConferenceEvaluation
• Access the evaluation
• Log in: username = email address you used to register for the Conference
• Password = iafn (all lowercase letters)

Complete the overall evaluation, the attendee demographic section, and the individual session(s) evaluation. Your contact hours will be calculated automatically, based on the sessions that you attend and evaluate. After you evaluate ALL the sessions you attended during the entire Conference, simply print your CE certificate.

Deadline: The online evaluation site closes on December 1, 2018, at 11:59 pm EDT. After this time, CE certificates will no longer be available.

Questions? Please direct any questions to Ecoee Rooney, Continuing Education Manager. Email her at erooney@forensicnurses.org or call 410-626-7805 ext 116.

The International Association of Forensic Nurses is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.
IAFN wishes to thank and acknowledge the following organizations for their generous support of the International Conference on Forensic Nursing Science and Practice.

**Elite Sponsors**

ADMA Biologics  
Duquesne University  
(And Tote Bag Sponsor)  
Oakland University  
School of Nursing  
Cortexfio  
Foray Technologies  
Texas A&M University College of Nursing  
(And Lanyard Sponsor)

**Session Handouts**

Presenters are asked to submit their session handouts for posting online. To view handouts that are available, visit the IAFN Online Member Community, following the instructions below:

- Go to www.ForensicNurses.org/2018
- Log in with your username and password.  
  *(If you have forgotten either of these, please email: acavanagh@ForensicNurses.org)*
- Click on the LIBRARY tab to see the handouts listed by date of live presentation.
- Check back often. Some presenters choose to add material even after the conference is over. If we receive something new, we will post it. Please note, not all presenters post handouts.
Track Descriptions

Listed below are the icons representing the various tracks that are being offered throughout the week.

**ADMINISTRATIVE/LEADERSHIP:**
Sessions in this track promote professional and leadership skills for the forensic nurse clinician, manager, administrator, or entrepreneur.

**DEATH INVESTIGATION:**
Sessions focus on death investigation, evidence collection, the nursing needs of the decedent, family/witness survivors, and/or community/social needs as they pertain to death investigation systems, death investigation techniques, post-mortem assessment, and research.

**GENERAL FORENSIC & LEGAL:**
Sessions in this track will address nursing practice, forensic skills and competencies, expert and lay testimony, the criminal and civil justice systems, consulting and marketing of forensic services, and collaboration with other legal professionals to assist clinicians in delivering state-of-the-art forensic care.

**IAFN:**
These sessions are presented in whole or in part by IAFN Staff and represent content or projects specific to the organization.

**INTIMATE PARTNER VIOLENCE:**
Sessions in this track will build on current skills and competencies to improve the healthcare response to intimate partner violence and will address prevention and intervention work and the roles nurses can play in ending intimate partner violence.

**MULTIDISCIPLINARY:**
Join nurses, researchers, educators, criminal justice professionals, and multidisciplinary partners as they share their knowledge and expertise through cutting-edge presentations.

**PEDIATRICS:**
Sessions describe innovative pediatric programs and promising practice issues, concepts, or strategies in forensic pediatric nursing.

**PSYCHIATRY & CORRECTIONS:**
These sessions highlight current issues in forensic psychiatric and correctional nursing and the care of clients in these services, particularly practice and policy issues on psychosocial, legal, physical, and mental health matters related to this field.

**SEXUAL ASSAULT NURSE EXAMINER (SANE):**
Building on the forensic management and healthcare response to patients following sexual assault/abuse, sessions in this track will address innovations in service delivery, excellence in patient care, and new research findings.
Use the following grids to keep track of the contact hours for workshops and concurrent sessions you attend. You will receive information about completing the evaluations and obtaining continuing education credit during and immediately following the Conference.

Transforming Trauma

Presenter: Laura van Dernoot Lipsky

From numbing to anger to cynicism, we’ll dive deeply into how vicarious trauma impacts caregivers individually and collectively. We will examine how this phenomenon arises—and explore concrete strategies for creating sustainability at both the individual and broader levels.

Specifically, this foundational training session will address how we’re being impacted by current and past overwhelm, crises, toll, or trauma — and establish means for coping both individually and collectively.

Laura van Dernoot Lipsky will offer a compelling mix of personal insight, cutting-edge research, personal stories, and countless New Yorker cartoons to help us understand the cumulative toll of being exposed to suffering over time and gain the skills needed to reconcile it.

At the conclusion of this session, participants will report increased knowledge in the importance of acknowledging, addressing, and mitigating the effects of vicarious trauma in people working in caring professions.

Location: Tuscany Ballroom ABC123

WORKSHOP

Wednesday, October 24
11:00 am - 6:30 pm

ADMINISTRATIVE/LEADERSHIP:
Testimony 201: An Experiential Workshop (6 hour workshop) (Code 1)
Forensic nurses frequently cite court testimony as an area of concern; they express feelings of being poorly prepared and unsure of what to expect. Learn about providing expert testimony and the effective use of a forensic nurse as an expert witness.

At the conclusion of this session, participants will report increased knowledge about the role and limitations of ethical and effective expert witness testimony.

Presenters: Jenifer Markowitz, Forensic Health Online (FHO), Alexandria, VA
Leslie Hagen, Department of Justice, Columbia, SC

Location: Naples 3/4
**BLOCK 1**
Wednesday, October 24 - 11:00 am - 12:30 pm

**PSYCHIATRY & CORRECTIONS:**
Correctional Mental Health: The Good, the Bad, and the Ugly (Code 2)

Explore the current state and need for mental health treatment and services inside American correctional facilities.

At the conclusion of this session, participants will report increased knowledge about the extent and nature of commonly found mental health issues in prison, the scope of correctional mental health treatment, common barriers and limitations for mental health practitioners working with this population, and the importance of supporting inmate mental health beyond the clinicians’ walls.

**Presenter:** Donna Sabella, Nursing, UMass Amherst, Amherst, Massachusetts

**Location:** Tuscany 7

---

**BLOCK 1**
Wednesday, October 24 - 11:00 am - 12:30 pm

**PEDIATRICS:** Early Identification of Child Abuse (Code 3)

Explore how subtle, commonly-missed abusive injuries place children in abusive situations at risk for repeated injury and possible death.

At the conclusion of this session, participants will report increased knowledge about the identification of subtle abusive injuries, conditions that mimic abuse, and the ability to recognize the importance of early detection of injuries and missed opportunities for prevention.

**Presenter:** Donna Ann Wright, CARE Team, Cook Children’s Medical Center, Fort Worth, Texas

**Location:** Tuscany 8
ADMINISTRATIVE/LEADERSHIP: Trauma-Informed Care & Resiliency—Shifting the Paradigm (Code 4)

Learn how implementing trauma-informed care (TIC) practices and acknowledging survivors’ resilience help create a healthcare culture of safety and equity.

At the conclusion of this session, participants will report increased knowledge about a trauma-informed approach to healthcare as it relates to traditional models of care, ways to develop an institutional response to TIC, and findings and tools from the TIC initiative.

Presenter: Annie Lewis-O’Connor, Division of Women’s Health, Brigham and Women’s Hospital, Boston, Massachusetts

Location: Tuscany 9

GENERAL FORENSIC & LEGAL: Medical and Legal Collaboration: Staying in Your Lane on the Same Highway (Code 5)

Enhance your understanding of your role as a SANE, your decision-making process, and the boundaries that (should) exist between you and legal and medical professionals; improved collaboration produces positive patient outcomes.

At the conclusion of this session, participants will report increased knowledge in understanding the role of the forensic nurse related to the medical and legal collaboration, including decision making, challenges, and boundaries.

Presenters: Sara Jennings, Forensic Nursing, Bon Secours Richmond Healthcare System, Richmond, Virginia
Nancy Oglesby, Commonwealth’s Attorney’s Services Council, Williamsburg, Virginia

Location: Tuscany 4
MULTIDISCIPLINARY: Dilemmas from the Field: Using a Decision Case Study to Promote Multidisciplinary Dialogue and System Change (Code 6)

Explore an innovative training approach for fostering dialogue across multidisciplinary criminal justice system responders when faced with challenges in sexual assault cases.

At the conclusion of this session, participants will report increased knowledge about the approaches, dilemmas, perspectives, conflicts, and goals of other system responders working sexual assault cases (such as law enforcement, prosecutors, advocates and SANEs); allied professionals’ roles, responsibilities, and limitations; and trauma-informed, victim-centered sexual assault practices that will impact their practice working with victims of sexual assault to better address challenges in providing services to this population.

Presenters: Maggy McGiffert, Institute on Domestic Violence and Sexual Assault, University of Texas at Austin, Austin, Texas
Caitlin Sulley, Institute on Domestic Violence and Sexual Assault, University of Texas at Austin, Austin, Texas
Jenny Black, Safe Place, Austin, Texas

Location: Tuscany 5

SANE: The Sexual Violence Prevention Collaboratory: Building the Evidence for Stopping Sexual Assault on College Campuses Using Apps, Maps, and Data (Code 7)

Improve your understanding of sexual violence among college students; the benefits of multidisciplinary, multi-agency collaboration; and the findings from a promising community-based, targeted, preventive intervention.

At the conclusion of this session, participants will report increased knowledge about sexual violence among college students including data regarding best prevention programs to date; benefits of multidisciplinary, multi-agency collaboration (i.e., Collaboratory); and findings from a promising community-based targeted preventive intervention.

Presenters: Carolyn Porta, Nursing, University of Minnesota, Minneapolis, Minnesota
Sean Elmquist, Men as Peacemakers, Duluth, Minnesota

Location: Tuscany 6
BLOCK 1
Wednesday, October 24 - 11:00 am - 12:30 pm

ADMINISTRATIVE/LEADERSHIP:
Transforming Trauma (Code 8)

This session will build on the keynote, and dive deeper into a conversation about strategies for sustaining oneself, personally and professionally.

At the conclusion of this session, participants will report increased knowledge about the importance of acknowledging, addressing, and mitigating the effects of vicarious trauma in people working in the caring professions.

Presenter: Laura van Dernoot Lipsky, founder and director, The Trauma Stewardship Institute; author of Trauma Stewardship: An Everyday Guide to Caring for Self While Caring for Others.

Location: Tuscany 11

-----

BLOCK 2
Wednesday, October 24 - 2:30 pm - 4:00 pm

SANE: What Would You Do?
Case Review (Code 9)

Join this interactive Case Review-Peer Review session to enhance your forensic nursing critical-thinking skills.

At the conclusion of this session, participants will report increased knowledge about the peer review/quality assurance learning process, forensic exam components, critical thinking through case review, and awareness of evidence-based resources and practice recommendations for patients reporting sexual assault/abuse.

Presenters: Catherine Narcavage-Bradley, Upstate University Hospital/Onondaga SANE, Syracuse, New York
Anne Galloway, Child Abuse Referral and Evaluation Program (CARE), SUNY Upstate Medical University, Syracuse, New York

Location: Tuscany 7
PEDIATRICS: Building a Safe and Healthy America: Strategies to Eliminate Use of Corporal Punishment (Code 10)

Gain knowledge about a current, national initiative to eliminate the use of corporal punishment - No Hit Zone.

At the conclusion of this session, participants will report increased knowledge about the epidemiology, risk factors and consequences of corporal punishment, ways forensic nurses can incorporate positive parenting concepts into their pediatric practice, the national No Hit Zone initiative, and ways forensic nurses can advocate and become involved with global initiatives to end the corporal punishment of children.

Presenters: Gail Hornor, Center Family Safety and Healing, Nationwide Children’s Hospital, Hilliard, Ohio
Katherine Doughty, Center Family Safety and Healing, Nationwide Children’s Hospital, Hilliard, Ohio

Location: Tuscany 8

ADMINISTRATIVE/LEADERSHIP: Creating Safe Places Outside of the ED: Community-Based Forensic Care (Code 11)

Come explore how community-based forensic clinics can benefit communities.

At the conclusion of this session, participants will report increased knowledge about community readiness for out-of-hospital medical forensic service delivery, funding sources, and considerations important to the creation of a robust community forensic clinic such as community support, staffing, and records management.

Presenters: Jenny Black, SafePlace, Austin, Texas
Robyn Bowles, The Turning Point, Plano, Texas
Kim Hurst, WC SAFE, Royal Oak, Michigan
Andrew Mahoney, New Orleans Family Justice Center, New Orleans, Louisiana
Linda Rossman, YWCA West Central MI, Grand Rapids, Michigan
Jill Rable, HonorHealth, Tempe, Arizona

Location: Tuscany 9
GENERAL FORENSIC & LEGAL: Cultural and Linguistic Competency/Sensibility in Sexual Assault Care (Code 12)

Learn how to incorporate cultural and linguistic competency/sensibility in patient- and family-centered care to an increasingly diverse population of patients reporting sexual assault.

At the conclusion of this session, participants will report increased knowledge about providing culturally and linguistically competent/sensible care to patients who have been sexually assaulted.

Presenter: Michael Weaver, Emergency Medicine, Saint Luke’s, Kansas City, Missouri

Location: Tuscany 4

MULTIDISCIPLINARY: Motor Vehicle Collision Investigation and Reconstruction: Role of the Forensic Nurse (Code 13)

Consider ways that the forensic nursing role can expand to include understanding of motor vehicle collision investigation.

At the conclusion of this session, participants will report increased knowledge about the medicolegal aspects of a motor vehicle collision and the roles of a multidisciplinary team in providing a thorough investigation and reconstruction; common injuries sustained by victims of motor vehicle collisions by understanding the laws of motion, kinematics, and biomechanics of impact; and the role of the forensic nurse in the investigation and reconstruction of a motor vehicle accident.

Presenter: Kristine Karcher, Coos County Medical Examiner’s Office, Coquille, Oregon

Location: Tuscany 5
BLOCK 2
Wednesday, October 24 - 2:30 pm - 4:00 pm

**SANE:** Strengthening SANE Capacity Through IAFN Clinical Skills Labs (Code 14)

From instructors and developers of an original IAFN Clinical Skills Lab site, discover solutions to the challenges of hosting a skills lab.

*At the conclusion of this session, participants will report increased knowledge about developing and implementing a successful IAFN Clinical Skills Lab, including the requirements, program management (including financial), working with gynecological teaching associates (GTAs), and the benefits and challenges to hosting a training.*

**Presenters:** Ellen Marie Johnson, Emergency, Regions Hospital, St Paul, Minnesota
Linda Walther, Emergency, Regions Hospital, St Paul, Minnesota
Carolyn Porta, Nursing Professor, University of MN, Minneapolis, Minnesota

Location: Tuscany 6

---

BLOCK 2
Wednesday, October 24 - 2:30 pm - 4:00 pm

**IAFN:** Closing the Knowledge Gap (Code 15)

Learn how to identify nursing knowledge gaps and how to build your learning intervention to create a well-crafted submission as a provider of continuing nursing education.

*At the conclusion of this session, participants will report increased knowledge in identifying knowledge/skill gaps, planning evidence-based education, and submitting complete documentation for the approval of an individual learning activity.*

**Presenter:** Ecoee Rooney, IAFN, Elkridge, Maryland

Location: Tuscany 11
WORKSHOPS  Thursday, October 25  9:00 am - 12:00 pm

SANE: People with Intellectual and Developmental Disabilities: Systemic Approach to Reducing Barriers to Sexual Assault Services (Code 16)  (Limited to the first 50 participants)
Learn ways to make your SANE program more accessible to victims of sexual assault who have intellectual and/or developmental disabilities (IDD). This workshop will help you navigate the murky waters of guardianship and consent, and provide you with nursing care best practice tips when caring for this at-risk population.

At the conclusion of this session, participants will report increased knowledge about reducing barriers to sexual assault services for this special needs population.

Presenters: Linda Rossman, Nurse Examiner Program, YWCA West Central MI, Grand Rapids, Michigan
Abby Johnson, Nurse Examiner Program, YWCA West Central MI, Grand Rapids, Michigan
Stephanie Solis, Nurse Examiner Program, YWCA West Central MI, Grand Rapids, Michigan

Location: Naples 6

ADMINISTRATIVE/LEADERSHIP: Establishing a Full-Service Forensic Nurse Examiner Program (Code 17)
When given the knowledge, tools, and support, healthcare providers can identify, treat, and provide intervention to lessen the impact of violence that many patients are subjected to. Building and sustaining a Forensic Nurse Examiner Program improves the standard of care for victims of violence, thereby improving patient outcomes and decreasing health consequences.

At the conclusion of this session, participants will report increased knowledge regarding the roadmap for establishing a full-service forensic nursing services program.

Presenters: Megan Lechner, Memorial Hospital, University of Colorado Health, Colorado Springs, Colorado
Sara Jennings, Bon Secours Richmond Health System, Richmond, Virginia

Location: Naples 7

DON’T TURN PATIENTS AWAY
Online Adult/Adolescent or Pediatric/Adolescent Sexual Assault Nurse Examiner Training Program

40 Contact Hours
Attend Anytime, Anywhere
Simulation Training Resources Available After Online Course

Healthcare Designed For Every Sexual Assault Patient
Would you turn away a patient with chest pain? Of course not. So why turn away sexual assault patients? They require emergency care, too.
IAFN can provide live or online SANE training, or training for ED Staff, equipping you to provide the gold standard of care for victims of sexual assault.

Find out more about SANE Training today. www.forensicnurses.org/SANE365

The International Association of Forensic Nurses is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.
PSYCHIATRY & CORRECTIONS:
An Integrated Health and Wider Liaison & Diversion Service for Police Custody in the UK (Code 18)

Discover how the UK’s focus on restorative justice in correctional health care influences outcomes and serves as an alternative to current US models.

At the conclusion of this session, participants will report increased knowledge about the benefits of integrated healthcare, and wider liaison and diversion service in correctional facilities.

Presenter: Jennie Smith, Mitie Care and Custody Health/UK Association of Forensic Nurses, Wallasey, Merseyside, United Kingdom

Location: Tuscany 7
**SANE: Pharmacodynamics and Pharmacokinetics: Basics of Pharmacology of STI Prophylactic Medications** (Code 19)

Explore the effects of common medications administered to patients in conjunction with sexual assault exams.

**At the conclusion of this session, participants will report increased knowledge about the basic pharmacologic processes of pharmacodynamics and pharmacokinetics and their relevance to the STI medications administered to patients who have experienced sexual assault.**

**Presenter:** Hannah Marie Pressler, Nursing & Health Sciences, Simmons College, Poland, Maine

**Location:** Tuscany 8

---

**ADMINISTRATIVE/LEADERSHIP:**

**Transforming On-Call SANE into FNEs: Caring for Our Community Beyond SA** (Code 20)

Discover how SANE programs can assess and identify community service gaps—which are uniquely qualified to fill these programs.

**At the conclusion of this session, participants will report increased knowledge about the scope of practice of forensic nurse examiners in the acute care hospital setting to include: examinations for Child Protective Services (CPS), non-sexual child abuse cases, human trafficking, sexual assault and intimate partner violence, and the value of the forensic nurse to community health education concerning bodily safety and consent for all age groups.**

**Presenters:** Teresa Yoakum, SANE, Lakeland Health, Niles, Michigan

Alyssa Pliml, SANE, Lakeland Health, Niles, Michigan

**Location:** Tuscany 9

Explore the ways in which to apply nursing ethics consistently to all aspects of forensic clinical practice—from bedside care to the courtroom.

At the conclusion of this session, participants will report increased knowledge about the ways in which nursing ethics should be applied consistently to all aspects of forensic clinical practice, from bedside patient care to the courtroom.

Presenters: Jenifer Markowitz, Forensic Healthcare Consulting, LLC, Alexandria, Virginia
Leslie Hagan, Department of Justice, Columbia, South Carolina

Location: Tuscany 4

MULTIDISCIPLINARY: Decolonizing Health Research on Female Genital Cutting: A Study of African Women Immigrants to Canada (Code 22)

Gain an understanding of female genital cutting from affected women.

At the conclusion of this session, participants will report increased knowledge about the complex social and cultural dynamics of female genital cutting and implications for forensic nursing practice.

Presenters: Jane Werunga, Nursing, University of Calgary, Calgary, Alberta, Canada
Carol Ewashen, Alberta Health Services, Calgary, Alberta, Canada

Location: Tuscany 5
BLOCK 3
Thursday, October 25 - 9:00 am - 10:30 am

**SANE: Quality Caring from Miles Away: A TeleSANE Encounter (Code 23)**

Learn how the National TeleNursing Center applies Duffy's Quality Caring (TM) Model to TeleSANE/SANE practice to provide quality patient care and support for remote site clinicians.

*At the conclusion of this session, participants will report increased knowledge about applying concepts of quality caring for the delivery of SANE and teleSANE practice.*

**Presenters:** Joan Meunier-Sham, MA SANE Program, Boston, Massachusetts
Randi Petricone, National TeleNursing Center, Newton, Massachusetts
Rachel Preiss, National TeleNursing Center, Newton, Massachusetts

**Location:** Tuscany 6

---

**IAFN: Ending Lateral Violence (Code 24)**

Join the discussion about lateral violence; its effects on nurses, patients, and the work environment; and learn ways to put an end to interpersonal workplace violence.

*At the conclusion of this session, participants will report increased knowledge about directly addressing lateral violence in all of its forms.*

**Presenter:** Ecoee Rooney, IAFN, Elkridge, Maryland

**Location:** Tuscany 11
DEATH INVESTIGATION: Autoerotic Deaths: Challenges for Death Investigation (Code 25)

Gain knowledge about autoerotic deaths: scene processing, and manner and cause of death.

At the conclusion of this session, participants will report increased knowledge about historical and descriptive characteristics of autoerotic deaths.

Presenters: Katrina Wright, Caddo Parish Coroner’s Office, Shreveport, Louisiana
Cari Caruso, Owner, Forensic Nurse Professionals Inc., Simi Valley, California

Location: Tuscany 7

PEDIATRICS: Medical Evaluation of the Suspected Victim of Child Sex Trafficking (Code 26)

Improve your response to child victims of sex trafficking by learning how to develop protocols, teach staff, and identify suspected victims.

At the conclusion of this session, participants will report increased knowledge about identifying signs that a patient or caregiver may be being trafficked for sex, barriers to disclosure by victims and to recognition by medical providers, pertinent elements of the forensic medical evaluation, and management of the initial states of intervention.

Presenters: Melissa Peters, Child Abuse Pediatrics & Pediatric Emergency Medicine, Children’s of Alabama/University of Alabama Birmingham, Birmingham, Alabama
Vikki Vodosia, The CHIPS Center, Children’s of Alabama, Birmingham, Alabama

Location: Tuscany 8
ADMINISTRATIVE/LEADERSHIP:
Transition Theory Applied to Forensic Nursing Professional Development
(Code 27)

Support change and professional growth within the forensic nursing practice: come explore Nancy Schlossberg’s Transition Theory and adult development theories.

At the conclusion of this session, participants will report increased knowledge about applying Transition Theory to professional career development in forensic nursing.

Presenters: Debra Anne Shane, Child Advocacy Center, Children’s Hospital of Pittsburgh of UPMC, Pittsburgh, Pennsylvania
Shenoa Williams, Child Advocacy Center, Children’s Hospital of Pittsburgh of UPMC, Pittsburgh, Pennsylvania

Location: Tuscany 9

GENERAL FORENSIC & LEGAL:
Shedding Light on Evidence Collection: ALS 101 (Code 28)

New SANEs: Learn basic scientific principles of light and ALS technology, and how to interpret common clinical findings when assessing medical-forensic patients.

At the conclusion of this session, participants will report increased knowledge about understanding the basic scientific properties of light and best-practice recommendations for the clinical application of ALS technology as a component of the medical forensic evaluation.

Presenters: Pamela Holtzinger, Forensic Nurse Program, Frederick Memorial Hospital, Frederick, Maryland
Roz Berkowitz, SAFE Program, Greater Baltimore Medical Center, Baltimore, Maryland

Location: Tuscany 4
MULTIDISCIPLINARY: Anonymous Reporting of Sexual Assault Protocol Implementation and Evaluation: Southern St. Louis County Case Study (Code 29)

Learn how to implement and evaluate an anonymous reporting protocol for victim-survivors of sexual violence in your community.

At the conclusion of this session, participants will report increased knowledge about the development and sustainability of a multidisciplinary response team; an anonymous reporting template protocol; audit and evaluation mechanisms of an anonymous reporting protocol; and emerging promising practices for alternative reporting options nationwide.

**Presenters:** Mary Faulkner, Sexual Assault Kit Initiative (SAKI), Program for Aid to Victims of Sexual Assault, Duluth, Minnesota
Em Westerlund, Program for Aid to Victims of Sexual Assault, Duluth, Minnesota
Sam Madsen, Program for Aid to Victims of Sexual Assault, Duluth, Minnesota

**Location:** Tuscany 5

---

**SANE:** Implementing the 2017 National Best Practices for Sexual Assault Kits: A Multidisciplinary Approach (Code 30)

At the conclusion of this session, participants will report increased knowledge about recommended best practice guidelines as contained in the National Best Practices for Sexual Assault Kits: A Multidisciplinary Approach and the impact on forensic nursing practice and multidisciplinary partners’ practice.

**Presenters:** Julie Valentine, Brigham Young University, Provo, Utah
Julie Melini, Wasatch Forensic Nurses, Salt Lake City, Utah
Susan Chasson, Utah Coalition Against Sexual Assault, Salt Lake City, Utah

**Location:** Tuscany 6
Early Learning and Nurturing Care for Children Displaced by Conflict and Persecution

**Presenter**: Shanna Kohn

The scale of today’s refugee crisis is staggering—65 million refugees, half of whom are children and 12 million of whom are under eight. Many of these children suffer the daily effects of violence and neglect, frequently leading to toxic stress, which can have damaging effects on learning, behavior, and health across the lifespan. But children are remarkably resilient; the damage can be mitigated if we reach them early. This presentation will provide an inside look at Sesame Workshop’s partnership with the International Rescue Committee to create what will be the largest early childhood intervention in the history of humanitarian response, bringing vital early learning and nurturing care to children and families affected by the crisis in Syria. Reaching children, parents, and caregivers wherever they are—from classrooms to health clinics to mobile devices—the program will address the immediate needs of children and families in the Syrian response region and help build a strong foundation for their future well-being.

At the conclusion of this session, participants will report increased knowledge about how Sesame Workshop is using multimedia content and community engagement to bring early learning and nurturing care to children and families affected by the crisis in Syria.

**Location**: Tuscany Ballroom ABC123

---

**BLOCK 5**
**Thursday, October 25 - 3:00 pm - 4:30 pm**

**PSYCHIATRY & CORRECTIONS:**

**Neurobiology and Psychiatric Comorbidities Across the Lifespan in Trauma Populations (Code 32)**

Learn about brain changes associated with trauma and the prevalence of comorbid psychiatric illnesses in people who have experienced trauma.

At the conclusion of this session, participants will report increased knowledge about brain development, the abnormalities within the brain that occur when exposed to trauma, and the most common psychiatric diagnoses associated with people who have experienced trauma.

**Presenter**: Molly Ann Bergamo, Psychiatry, Christiana Care Health Services, Wilmington, Delaware

**Location**: Tuscany 7
MULTIDISCIPLINARY: Using a Smartphone Application to Assist Police in the Identification of Commercially Sexually Exploited Children (Code 33)

Learn how a smartphone app can be used as a tool to promote interdisciplinary collaboration between law enforcement, healthcare, and social service workers to address commercial sexual exploitation of children (CSEC).

At the conclusion of this session, participants will report knowledge gained about the prevalence and risks of CSEC, and how the use of a smartphone app can improve the identification of commercially sexually exploited children by law enforcement officers.

Presenters: Sheree Laniece Goldman, Nursing, CSU Northern California Consortium, Marina, California
Oliver Minnig, Monterey County District Attorney’s Office DA Investigator III
Beatrice Bryant, student, University of California at Santa Cruz, Santa Cruz, California

Location: Tuscany 8

ADMINISTRATIVE/LEADERSHIP: Is Your SANE Draft Pick Recruited for College Short Term or Professional Longevity? (Code 34)

Learn how one program enhanced patient outcomes by improving its SANE candidate recruitment, interviewing, and hiring process to fortify practice and extend SANE retention.

At the conclusion of this session, participants will report knowledge gained in strategies to improve the SANE candidate recruitment, interviewing, and hiring process to fortify practice and enhance patient outcomes as a result of extended retention.

Presenters: Diana Schunn, Child Advocacy Center of Sedgwick County, Wichita, Kansas
Jamie Ferrell, Forensic Nursing Services, Memorial Hermann Health System, Houston, Texas

Location: Tuscany 9
BLOCK 5  
Thursday, October 25 - 3:00 pm - 4:30 pm

GENERAL FORENSIC & LEGAL: Words Matter: The Art and Science of Trial Testimony (Code 35)

Increase your awareness of the short- and long-term effects of language at trial, in both the case at hand and in the influence on case law.

At the conclusion of this session, participants will report increased knowledge in providing skilled and effective testimony at trial.

Presenters: Jenifer Markowitz, Forensic Healthcare Consulting, LLC, Alexandria, Virginia  
Leslie Hagan, Department of Justice, Columbia, South Carolina

Location: Tuscany 4

---

BLOCK 5  
Thursday, October 25 - 3:00 pm - 4:30 pm

MULTIDISCIPLINARY: Courageous Spirits-Healing Heart: The Journey of Sexual Violence in American Indian/Alaska Native Communities (Code 36)

Discover how historical and residual trauma experiences and racism intersect to affect health, the response to sexual violence, and community outreach in American Indian/Alaska Native (AI/AN) populations.

At the conclusion of this session, participants will report increased knowledge of how historical experiences and current racism intersect to impact health and sexual violence in Native American populations and ways to advocate with historical factors in mind.

Presenter: Elena Giacci, educator and advocate for victims of sexual and intimate partner violence, Albuquerque, New Mexico

Location: Tuscany 5

---
**SANE: Research Is for Everyone!**

Come learn how to participate in research and contribute to forensic nursing knowledge—regardless of your educational level or practice setting.

*At the conclusion of this session, participants will report increased knowledge regarding research models, application to forensic nursing research, and ways to engage in forensic nursing research.*

**Presenters:** Nancy Downing, College of Nursing, Texas A&M, Bryan, Texas
Dee Krebs, Emergency Medicine, University of Rochester, Rochester, New York
Jennie Black, Safe Place, Austin, Texas

**Location:** Tuscany 6

---

**IAFN: Building Blocks for Sexual Assault Care: A Protocol Approach**

Learn the best practice approaches to sexual assault care in this session, whether you work in isolation or with an entire team.

*After participating in this session, participants will report increased knowledge regarding the guidelines contained within the National SAFE protocol for medical forensic exams in order to either begin a protocol development process or revise current community sexual assault medical forensic exam protocols.*

**Presenter:** Kim Day, IAFN, Elkridge, Maryland

**Location:** Tuscany 11
WORKSHOPS  
Friday, October 26  9:00 am - 12:00 pm

SANE: People with Intellectual and Developmental Disabilities: Systemic Approach to Reducing Barriers to Sexual Assault Services (Code 39) (Limited to the first 50 participants)

Learn ways to make your SANE program more accessible to victims of sexual assault who have intellectual and/or developmental disabilities (IDD). This workshop will help you navigate the murky waters of guardianship and consent, and provide you with nursing care best practice tips when caring for this at-risk population.

At the conclusion of this session, participants will report knowledge gained in reducing barriers to sexual assault services.

Presenters: Linda Rossman, Nurse Examiner Program, YWCA West Central MI, Grand Rapids, Michigan
Abby Johnson, Nurse Examiner Program, YWCA West Central MI, Grand Rapids, Michigan
Stephanie Solis, Nurse Examiner Program, YWCA West Central MI, Grand Rapids, Michigan

Location: Naples 6

SANE: Photography for Forensic Nursing: The Basics and Beyond (Code 40)

Review the essential basics of forensic photography as it pertains to nursing and medical treatment of assault victims/suspects with specific workflows for sexual assault nurse examiners. This workshop, which includes demonstrative workstations, will cover general photography methods, forensic aspects of photography, and specific methods applied when assessing and documenting SANE cases.

At the conclusion of the session, the attendees will report increased knowledge regarding forensic photodocumentation including knowledge of camera operations, flash photography and lighting issues, scale photography, injury photos, documentation, and ALS imaging.

Presenter: Ryan Rezzelle, MFS, CSCSA, consultant in the Forensic Sciences

Location: Naples 7

Make a Change to Empower Yourself.

- Display your expertise to your patients and colleagues
- Grow your career potential
- Receive external validation of your nursing practice
- Boost your CV/resume
- Fortify your credibility when testifying
- Master a professional challenge

Become SANE Certified.

Sexual Assault Nurse Examiner (SANE) credentials are recognized by the ANCC Magnet Program.

In this presentation we will discuss the dynamics of human trafficking as well as how trafficked persons may present for healthcare. We will describe the trauma-informed approach to patient care, and other strategies for recognizing and appropriately responding to trafficked patients and those at high risk.

At the conclusion of this session, participants will report increased knowledge regarding the dynamics of human trafficking, opportunities for identifying trafficked persons in the healthcare setting, and providing a trauma-informed approach to patient care.

Presenter: Jordan Greenbaum, Institute on Healthcare and Human Trafficking, Children’s Healthcare of Atlanta, Atlanta, Georgia

Location: Tuscany 8

ADMINISTRATIVE/LEADERSHIP: Evaluating a SANE Program’s Impact on Criminal Justice/Client Outcomes: Strengthening Community Response Post-Evaluation (Code 43)

Learn how to use a SANE program evaluation to affect positive community change.

At the conclusion of this session, participants will report increased knowledge regarding program evaluation and effecting positive community change.

Presenter: Susan Wilson, Provincial Coordinator, Sexual Assault Nurse Examiner Program, Nova Scotia Health Authority, Halifax, Nova Scotia, Canada

Location: Tuscany 9

Develop your strategies for interacting with the legal system and for testifying confidently and effectively as a medical expert.

**At the conclusion of this session, participants will report increased knowledge regarding interacting with the legal system as forensic experts, strategies for presenting and defending both lay and expert testimony in courts of law, and developing themselves as forensic experts in the legal world.**

**Presenter:** Roger Canaff, Justice3D, Richmond, Virginia

**Location:** Tuscany 4

---

MULTIDISCIPLINARY: Project Connect — A Collaborative Public Health Approach: Improved Care for Sexual Assault Patients (Code 45)

Learn how Tribal Project Connect harnessed the power of partnership to increase medical provider and advocacy collaboration; together, clinic-based healthcare and advocacy group communities can provide increased access to comprehensive, coordinated care for survivors and their families.

**At the conclusion of this session, participants will report increased knowledge regarding the importance of the simple act of caring and asking a question and the significance of this in healing a community and supporting a survivor of violence.**

**Presenter:** Elena Giacci, educator and advocate for victims of sexual and intimate partner violence, Albuquerque, New Mexico

**Location:** Tuscany 5
SANE: Addressing Peri-Traumatic Symptoms of Sexual Assault: Practice Implications for SANEs (Code 46)

Explore the findings of a large retrospective study about peri-traumatic symptom identification and interventions—and find ways to teach multidisciplinary partners about the neurobiological impact of sexual assault on the people they serve.

At the conclusion of this session, participants will report increased knowledge in identifying and assessing peri-traumatic symptoms of sexual assault trauma, effective interventions for sexual assault victims who experience these symptoms, and strategies for educating multidisciplinary partners on neurobiological effects of sexual assault.

Presenters: Julie Valentine, Brigham Young University, Provo, Utah
Linda Mabey, Brigham Young University, Provo, Utah

Location: Tuscany 6

IAFN: The Ins and Outs of SANE Certification (Code 47)

Want to maximize your opportunity to obtain and maintain SANE certification? The Commission for Forensic Nursing Certification (CFNC) will discuss how.

After participation in this session, participants will report increased knowledge of the requirements and processes for applying for, achieving, and maintaining SANE certification.

Presenters: Kathleen Maguire, IAFN, Certification Director, Elkridge, Maryland
Marni Dodd, CFNC, Chair, Decatur, Georgia
Teresa Devitt-Lynch, CFNC, Vice Chair, Converse, Texas
Andi Overton, CFNC Public Member Commissioner, Frederick, Maryland

Location: Tuscany 11
SANE: T-Blue or Not T-Blue, That Is the Question ... (Code 48)

Learn how the use of toluidine blue dye can be a helpful tool to identify injuries that are invisible to the naked eye.

At the conclusion of this session, participants will report increased knowledge regarding the benefits versus potential risks of using toluidine blue dye during a sexual assault exam.

Presenter: Alisha Blazevic, SANE Program, Program for Aid to Victims of Sexual Assault (PAVSA), Duluth, Minnesota

Location: Tuscany 7

PEDIATRICS: Pediatric Strangulation: How to Recognize Signs, Properly Document, and Care for the Pediatric Patient who Has Been Strangled (Code 49)

Learn ways to identify signs that a child may have been strangled, how to properly document assessment findings, and how to provide appropriate interventions.

At the conclusion of this session, participants will report increased knowledge regarding the signs of strangulation in the pediatric population, accurate documentation according to patient presentation, and appropriate care for the patient both acutely and following their acute visit.

Presenters: Allyson Cordoni, Pediatrics, University of Illinois School of Medicine, Peoria, Illinois
Kimberly Basinger, Co-owner, Forensic Nurse Experts, Mt. Vernon, Texas

Location: Tuscany 8
**BLOCK 7**
Friday, October 26 - 11:00 am - 12:30 pm

**ADMINISTRATIVE/LEADERSHIP: Don’t Go It Alone: Improve Your Writing Through Mentoring, Writing Groups, and Partnerships (Code 50)**

Engage in an interactive session that will prepare you to be a successful writer after collaborating with a mentor, a writing group, and a partner.

*At the conclusion of this session, participants will report increased knowledge regarding strategies to improve writing skills through mentorship, writing groups, and partnerships.*

**Presenters:** Cindy Ann Peternelj-Taylor, College of Nursing, University of Saskatchewan, Saskatoon, Saskatchewan, Canada
Alison Colbert, School of Nursing, Duquesne University, Pittsburgh, Pennsylvania
Karen Neill, Idaho State University, School of Nursing, Pocatello, Idaho
Annie Lewis-O’Connor, Connors Center for Women’s Health & Gender Biology, Brigham and Women’s Hospital, Boston, Massachusetts
Carolyn Porta, School of Nursing, University of Minnesota, Minneapolis, Minnesota

**Location: Tuscany 9**

---

**GENERAL FORENSIC & LEGAL: An International Perspective on Best Practice in Sexual Offense Investigations (Code 51)**

Learn about international best practices in sexual offense investigations—and aspire to share them worldwide.

*At the conclusion of this session, participants will report increased knowledge regarding the variations in international practices in sexual offence investigations; evidence-based practices in the examination of victims and the analysis of forensic evidence; and alternative approaches to sharing best practice and knowledge.*

**Presenter:** Laura Marie Walton-Williams, Law, Policing and Forensics, Staffordshire University, Sandbach, Cheshire, United Kingdom

**Location: Tuscany 4**
MULTIDISCIPLINARY: Don’t Let Your Work Get You Down: Learn How to Combat Stress with Yoga (Code 52)

Learn how yoga and meditation can help decrease your daily stress.

At the conclusion of this session, participants will report increased knowledge regarding the use of yoga and iRest for decreasing their stress response.

Presenter: Ada Chelan Dee, Nursing, United States Navy, Portsmouth, Virginia

Location: Tuscany 5

SANE: Why Can’t We Beat the Drug-Facilitated Rapists to the Punch? (Code 53)

Drug-facilitated sexual assault (DFSA) cases represent challenging sexual assault cases. Learn how focused training can improve recognition, response, and conclusion for both victim and suspect.

At the conclusion of this session, participants will report increased knowledge regarding preventing drug-facilitated sexual assault (DFSA), recognizing symptoms of drug intoxication, collecting evidence in DFSA cases, and improving patient outcomes in DFSA cases.

Presenter: Trinka Porrata, Project GHB, Mesa, Arizona

Location: Tuscany 6
 BLOCK 7
Friday, October 26 - 11:00 am - 12:30 pm

IAFN: The SART Toolkit: Tools and Resources to Facilitate a Coordinated Team Approach to Sexual Assault (Code 54)

The new SART toolkit is an important resource for forensic nurses who are working to develop, create, and sustain teams. Come prepared to discuss your team's challenges and share your team's victories.

At the conclusion of this session, participants will report increased knowledge regarding the SART Toolkit recommendations for sexual assault response teams to facilitate a coordinated, multidisciplinary team approach.

Presenter: Kim Day, IAFN, Elkridge, Maryland
Location: Tuscany 11

Luncheon Keynote
Friday
October 13
12:45 pm -2:15 pm

The First Political Order: Sex, Governance, and National Security

Presenter: Valerie Hudson

The first political order is that established between men and women in every society, and that order affects multiple macro-level outcomes, such as health, prosperity, security, stability, and demography. Valerie Hudson will examine women's disempowerment at the household level, looking at structures and practices that prevent women from improving societal outcomes for themselves and their children.

At the conclusion of this session, participants will report increased knowledge about the societal structures and practices that disempower women and prevent women from improving societal outcomes.

Location: Tuscany Ballroom ABC123
DEATH INVESTIGATION: Notification of Death: Challenges for Medicolegal Death Investigators (Code 55)

Learn how to deliver death notifications with professionalism and sensitivity to surviving family members and friends.

At the conclusion of this session, participants will report increased knowledge regarding the ability to discuss the possible reactions displayed by surviving family members of a deceased love one, interpret the information derived from the literature as it relates to such cases, and analyze a case presentation reflecting the literature review and experiences.

Presenters: Katrina Wright, Caddo Parish Coroner’s Office, Shreveport, Louisiana
Cari Caruso, Owner, Forensic Nurse Professionals Inc., Simi Valley, California

Location: Tuscany 7

SANE: An Assessment of Care Provided to Trans Sexual Assault Survivors Seen by Hospital-Based Violence Services (Code 56)

Learn how Ontario’s SA/DVTCs enhanced their training for providing appropriate care to trans people seeking sexual assault services and how these efforts have led to higher levels of perceived competence in care delivery.

At the conclusion of this session, participants will report increased knowledge of the importance of trans-positive care, particularly in the context of forensic nursing services and the hospitals in which they are housed, and forensic nursing competencies that could facilitate improved care of trans persons who have been sexually assaulted.

Presenter: Sheila Macdonald, Ontario Network of Sexual Assault/Domestic Violence Treatment Centres, Toronto, Ontario, Canada

Location: Tuscany 8
BLOCK 8
Friday, October 26 - 3:30 pm - 5:00 pm

ADMINISTRATIVE/LEADERSHIP:
Changing Practice One Law at a Time
(Code 57)

Come and be mentored. A nurse with experience in writing legislation wants to show you how to reach politicians who need to hear your voice about laws that affect your practice.

At the conclusion of this session, participants will self-report knowledge gained in how a bill becomes a law, how to create a team to draft successful legislation, and how to make the voice of healthcare professionals heard in the legislative process.

Location: Tuscany 9

GENERAL FORENSIC & LEGAL:
Forensic Nurses in the Legal System: Criminal Case Consultation (Code 58)

Obtain the basic knowledge and skills to function as a forensic healthcare consultant focusing on criminal cases involving trauma and/or medical issues.

At the conclusion of this session, participants will report increased knowledge regarding criminal case consultation.

Presenter: Teresa Devitt-Lynch, INTREPID Forensic Healthcare Consulting, Converse, Texas

Location: Tuscany 4
MULTIDISCIPLINARY: Forensic Nurse-Managed Volunteer Clinic for Victims of Human Sex Trafficking: A Road Map for Success Update (Code 59)

Explore the outcomes from a model of service of forensic nurse-managed volunteer clinics that are serving victims of human sex trafficking in an inner city environment.

At the conclusion of this session, participants will report increased knowledge about creating, implementing, and evaluating a forensic nurse-managed volunteer clinic for victims of human sex trafficking in an inner city setting; the types of professional volunteers, therapeutic approaches, and collaborative strategies that can best serve victims of human sex trafficking in an inner city setting; and the benefits, barriers, and sustainability of a forensic nurse-managed clinic for victims of human sex trafficking in an inner city setting.

Presenters: Kelly Bohnhoff, School of Nursing, Xavier University, Cincinnati, Ohio
Rosanne Hountz, School of Nursing, Xavier University, Cincinnati, Ohio

Location: Tuscany 5

SANE: Improving Response to Sexualized Violence: A Trauma-Informed Community-Based SANE Model (Code 60)

Learn effective strategies for overcoming challenges to community-based SANE programs, including the use of a trauma-informed approach.

At the conclusion of this session, participants will report increased knowledge regarding the development of a trauma-informed community-based SANE program, including the benefits, challenges, and rationales for best practice strategies.

Presenters: Susan Wilson, Provincial Coordinator, Sexual Assault Nurse Examiner Program, Nova Scotia Health Authority, Halifax, Nova Scotia, Canada
Heather Blackburn, Sexual Assault Nurse Examiner Program Coordinator, Antigonish Women’s Resource Centre and Sexual Assault Services Association, Antigonish, Nova Scotia, Canada
Rachel Doucette, Sexual Assault Nurse Examiner Program Coordinator, Every Woman’s Centre, Sydney, Nova Scotia, Canada
Chantelle Murphy, Sexual Assault Nurse Examiner Program Coordinator, Avalon Sexual Assault Centre, Halifax, Nova Scotia, Canada
Carmen Phinney, Tri-County Women’s Centre, Yarmouth, Nova Scotia, Canada

Location: Tuscany 6
MULTIDISCIPLINARY: A Deeper Look at the First Political Order (Code 61)

This session will look in more detail at the issues raised in Hudson’s keynote address, including examining the issues of abnormal sex ratios or bride price.

At the conclusion of this session, participants will report increased knowledge about the structures and practices that disempower women and prevent women from improving societal outcomes.

Presenter: Valerie Hudson, Professor and George H.W. Bush Chair, Department of International Affairs, The Bush School of Government and Public Service, Texas A&M University

Location: Tuscany 11

Healthcare and Human Trafficking: A Crucible for Change

Presenter: Jerome Elam

Healthcare providers have become sentinels in the war against human trafficking. A survey of survivors found that 85% came in contact with a healthcare provider while they were being trafficked. Jerome Elam believes healthcare providers stand at the precipice of change. Elam is a survivor of child abuse/domestic violence, child sex trafficking, and child pornography. He shares his experiences “in the hope that those suffering in silence will find the courage to speak out and share their voices ... I have been blessed to have God reveal His purpose to me in saving innocent children from predators.” For Elam’s advocacy work, the National Council of Jewish Women has granted him the Award for Courage.

At the conclusion of this session, participants will report increased knowledge in recognizing and addressing human trafficking in the healthcare setting.

Location: Tuscany Ballroom ABC123
FROM CRIME SCENE TO COURTROOM, PREPARE TO PIONEER THE FUTURE OF FORENSIC NURSING WITH A DEGREE FROM OAKLAND UNIVERSITY.

- **MSN-Forensic Nursing degree**
  - 39 credit hours
  - 420 clinical hours
  - Complete in 28 months

- **Graduate Certificate in Forensic Nursing**
  - 18 credit hours
  - Complete in 16 months

Do more than collect evidence. Be an advocate for change.

Bridge the gap between law and healthcare with one of the first Forensic Nursing programs in the country.
WORKSHOPS
Saturday, October 27
9:45 am - 12:45 pm

ADMINISTRATIVE/LEADERSHIP: Establishing a Full-Service Forensic Nurse Examiner Program (Code 62)

When given the knowledge, tools, and support, healthcare providers can identify, treat, and provide intervention to lessen the impact of violence that many patients are subjected to. Building and sustaining a Forensic Nurse Examiner Program improves the standard of care for victims of violence, thereby improving patient outcomes and decreasing health consequences.

At the conclusion of this session, participants will report increased knowledge regarding the roadmap to establishing a full-service forensic nursing services program.

Presenters: Megan Lechner, Memorial Hospital, University of Colorado Health, Colorado Springs, Colorado
Sara Jennings, Bon Secours Richmond Health System, Richmond, Virginia

Location: Naples 6

SANE: Photography for Forensic Nursing: The Basics and Beyond (Code 63)

Review the essential basics of forensic photography as it pertains to nursing and medical treatment of assault victims/suspects with specific workflows for sexual assault nurse examiners. This workshop, which includes demonstrative workstations, will cover general photography methods, forensic aspects of photography, and specific methods for assessing and documenting SANE cases.

At the conclusion of the session, participants will report increased knowledge regarding aspects of forensic photodocumentation with knowledge of camera operations, flash photos and lighting issues, scale photography, injury photos, and ALS imaging.

Presenter: Ryan Rezzelle, MFS, CSCSA, consultant in the Forensic Sciences

Location: Naples 7

BLOCK 9
Saturday, October 27 - 9:45 am - 11:15 am

SANE: National SAFE Training Standards 2nd Ed and the SANE Education Guidelines 2018- Blueprints for Education (Code 64B)

The primary purpose of the International Association of Forensic Nurses Sexual Assault Nurse Examiner (SANE) Education Guidelines is to help the sexual assault nurse examiner meet the medical forensic needs of those who have been affected by sexual violence, including individual patients, families, communities, and systems. The National Training Standards 2nd Ed. reflects a revision of the first National Training Standards for Sexual Assault Forensic Examiners that was released by the Department of Justice in 2006. These two documents were designed to complement each other and provide a blueprint for those who host, create or attend educational programs designed to educate healthcare clinicians who provide post sexual assault care. In this session we will:

• Highlight the changes in these two documents
• Clarify the intent and scope of these two documents
• Discuss tools and recommendations recently added to enhance the documents.

At the conclusion of this session, participants will report increased knowledge regarding the ways to integrate the updated training standards into planning and presenting SANE Education.

Presenters: Kim Day, IAFN, Elkridge, Maryland
Ecoee Rooney, IAFN, Elkridge, Maryland

Location: Tuscany 7
SANE: Using Best Practices for Simulated Exam Training to Improve Forensic Medical Examinations (Code 65)

Learn how well-qualified and experienced gynecological teaching associates can improve the quality of SANE/SAFE clinical skills training.

At the conclusion of this session, participants will self-report knowledge gained in the standards for development and implementation of live model simulated exam training for the performance of forensic medical examinations.

Presenters: Eileen Allen, Special Victims Bureau, Monmouth County Prosecutors Office, Freehold, New Jersey
Isle Polonka, Owner/Director Clinical Practice Resources for Training and Education, Hardwick, New Jersey

Location: Tuscany 8

MULTIDISCIPLINARY: Comprehensive Care of the Male Patient Impacted by Violence (Code 66)

Gain knowledge in providing comprehensive care to male patients. Learn about misconceptions—and the similarities and differences—that exist in men’s experiences of sexual assault.

At the conclusion of this session, participants will report increased knowledge regarding the male patient impacted by violence and ways to provide sensitive, comprehensive care.

Presenter: Christina Oldfield, Forensic Nurse Examiner, Memorial Hospital, Colorado Springs, Colorado

Location: Tuscany 9
GENERAL FORENSIC & LEGAL: Drugs and the Forensic Patient: Considerations for Nursing Practice (Code 67)

Understand how drug use affects patients seeking forensic care—and how this information can inform your approach to care delivery.

At the conclusion of this session, participants will report increased knowledge regarding drugs and drug classes most commonly abused and how drug use affects patients seeking forensic care.

Presenter: Bethany Copper, Emergency Department, UCHealth Memorial Hospital Central, Colorado Springs, Colorado

Location: Tuscany 4

MULTIDISCIPLINARY: Sex Trafficking: From the Street for the Street—Identifying Victims with Insiders’ Street Knowledge in the Healthcare Setting (Code 68)

Gain an understanding of sex trafficking from a personal perspective—and learn how to embrace evidenced-, experience-, or reality-based information to best identify and care for victims.

At the conclusion of this session, participants will report increased knowledge in proper identification and a safe rescue response to sex trafficking victims in the healthcare setting.

Presenter: Rachel Fischer, Anti-Trafficking Alliance, Houston, Texas

Location: Tuscany 5
SANE: Out of the Devastation a Butterfly Emerges: How One Survivor Changed Care for Sexual Assault Victims Around the World (Code 69)

Meet a survivor of sexual assault who, following her restorative experience with a SART, has transformed communities across the globe in supporting SART development.

At the conclusion of this session, participants will report increased knowledge regarding how trauma-informed care can help even the most traumatized patients achieve optimal recovery; the significant role a SART plays in creating a cohesive sexual assault response; the development of a SART and the roles of various members; the creation and benefits of a stand-alone forensic exam facility; how the support of a SART can help a sexual assault survivor can turn tragedy into triumph; and how one survivor can change the world.

Presenters: Sherry Lynn Britton-Susino, Palm Beach County Victim Services, West Palm Beach, Florida
Nicole Bishop, Justice Services and Victim Services and Rape Crisis Center, Palm Beach County Courthouse, West Palm Beach, Florida
Julie Weil, Executive Director, Not Just Me Foundation, Jupiter, Florida

Location: Tuscany 6

PEDIATRICS: Trafficked Boys: Bringing Male Victims of Human Trafficking Out of the Shadows (Code 70)

Take a comprehensive look at the issue of child sex trafficking and the evolution of the male victim. Learn strategies for the education and prevention of child sex trafficking and alternatives for the aftercare and recovery of male victims.

At the conclusion of this session, participants will report increased knowledge regarding recognizing and addressing human trafficking in the healthcare setting.

Presenter: Jerome Elam, President and CEO, Trafficking in America Task Force

Location: Tuscany 11
INTIMATE PARTNER VIOLENCE: Forensic Nurses Preventing Intimate Partner Violence (Code 71)

Explore ways that forensic nurses can address the problem of IPV by employing evidence-based violence prevention strategies.

At the conclusion of this session, participants will report knowledge gained in IPV prevention strategies for forensic nurses.

Presenter: Kerry Peterson, University of Colorado College of Nursing, Aurora, Colorado

Location: Tuscany 7

SANE: A Unique Set of Obstacles: Improving Victim Care in Montreal (Code 72)

Learn how standardized, mandatory, and easily accessible training for relevant healthcare providers was the first step to improving victim care in Montreal.

At the conclusion of this session, participants will report increased knowledge regarding obstacles victims of sexual assault face when seeking medicolegal care in Montreal and the steps needed to improve victim care.

Presenter: Aileen Holland, ER, Jewish General Hospital, Beaconsfield, Quebec, Canada

Location: Tuscany 8
BLOCK 10
Saturday, October 27 - 11:30 am - 1:00 pm

SANE: Peer Review—The Gold Standard: You See It, But Will They? Let’s Practice (Code 73)

Learn an easy-to-follow peer review format through participation and practice; take home new knowledge about conducting case peer reviews.

At the conclusion of this session, participants will report increased knowledge in the peer review process of sexual abuse/assault cases.

Presenter: Cathy Maude Boyle, Pediatrics, Natividad Medical Center, Wilton, California

Location: Tuscany 9

---

GENERAL FORENSIC & LEGAL:

Recovery, Transfer, and Persistence of Forensic Evidence in Sexual Offense Examinations (Code 74)

Enhance your understanding of how different swabs affect sample collection, testing methods, and evidence interpretation.

At the conclusion of this session, participants will report increased knowledge regarding the collection, testing and interpretation of biological evidence recovered during a forensic medical examination.

Presenter: Laura Marie Walton-Williams, Law, Policing and Forensics, Staffordshire University, Sandbach, Cheshire, United Kingdom

Location: Tuscany 4
**SANE: Forensic Communication: How to Be Therapeutic and Unbiased (Code 75)**

Join the dialogue on practice approaches for remaining unbiased yet therapeutic when communicating with adult survivors of sexual assault.

*At the conclusion of this session, participants will report increased knowledge regarding forensic interviewing, the principles of therapeutic communication, and the direction of the forensic nursing approach to collection and care.*

**Presenters:** Karmie Johnson, University of Alabama at Birmingham, Birmingham, Alabama
Shannon Polson, University of Alabama at Birmingham, Birmingham, Alabama

**Location:** Tuscany 6

---

**IAFN: The National Protocol for Sexual Abuse Medical Forensic Examinations: Pediatric (Code 76)**

Explore the recommendations outlined in the Pediatric SAFE Protocol, including the resources available through the KIDSta.org website that apply to pediatric practice.

*At the conclusion of this session, participants will report increased knowledge regarding the need for the National Protocol for Sexual Abuse Medical Forensic Examinations: Pediatric and will report increased knowledge of the importance of medical and multidisciplinary child sexual abuse experts utilizing the evidence-based practice recommendations found in the Pediatric Protocol. Finally, participants will report increased knowledge related to the resource as a tool to guide clinician care of the pediatric patient who is being evaluated for sexual abuse.*

**Presenter:** Diane Daiber, IAFN, Elkridge, Maryland

**Location:** Tuscany 11
Post-Conference Learning

Workshop Intensive on Pediatric Strangulation
Saturday, October 27
2:00 pm - 6:30 pm

PEDIATRICS: Intensive on Pediatric Strangulation

This course will offer 4 nursing contact hours with an additional 20 hours available after successful completion of the online Pediatric Strangulation Case Review and Assessment program.

After participating in this workshop intensive, learners will report increased knowledge of the importance of timely and thorough collaborative assessment, treatment, and documentation of pediatric patients who have or may have experienced strangulation.

Presenters: Kathy Cook, Emergency Medical Specialists, Medical Director FNE, Colorado Springs, Colorado
Kim Nash, IAFN, Forensic Nurse Specialist, Elkridge, Maryland

Location: Naples 6

POSTER Presentations

All poster authors will be available for discussion and questions during the Poster Presentations hour scheduled for 8:00 am – 9:00 am, on Friday, October 26, 2018, in the Exhibit Hall – Tuscany DEF.

Use the check boxes to keep track of the contact hours for the poster presentations you attend. You will receive information about completing the evaluations and obtaining continuing education credit during and immediately following the conference.

☐ Patient Sample Storage and Disposal - A Patient-Centered Approach
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge regarding evidence kit storage/disposal policies and procedures that employ a trauma-informed approach to victim notification processes.
Presenter: Diana Vescoso, Sexual Assault Services, Bronson Methodist Hospital, Kalamazoo, Michigan

☐ Retrospective Case Reviews of Multiple Perpetrator Sexual Assaults: Nursing Implications for Care
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge in the prevalence of MPSA and potential victim impact, including physical injuries and mental health illness.
Presenter: Cecilia M Burwasser, Nursing, Brigham Young University, Provo, Utah

☐ A Delphi Study to Guide a Correctional Nurse National Core Curricula
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge in nursing competencies designed for correctional nurses.
Presenters: Deborah Shelton, School of Nursing, University of Connecticut, Storrs, Connecticut
Annette Maruca, School of Nursing, University of Connecticut, Storrs, Connecticut

☐ An Innovative Approach Using Simulation in Teaching Undergraduate Nursing Students About Elder Maltreatment
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge regarding the benefits of simulation in educating nursing students about abuse and neglect issues and how simulation may be used to integrate forensic healthcare issues into undergraduate curriculum.
Presenters: Stacey Mitchell, Texas A&M University, Magnolia, Texas
Laurie Charles, Texas A&M University, Magnolia, Texas

☐ Applying a Trauma-Informed Approach in a Psychiatric Mental Health Nurse Practitioner Practice
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge in applying a trauma-informed approach in assessing, evaluating, and treating mental health patients in psychiatric practice.
Presenter: Liberty Macias, National University, Loma Linda, California

☐ Care of Patients of Violence, Abuse, and Maltreatment: Describing the Need for Advanced Practice Forensic Nursing Leadership in the Acute Care Setting
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge regarding the need for advanced practice nurses in the acute care setting related to the care of patients with forensic nursing implications.
Presenters: Elizabeth Milan, Nursing, Beaumont Health System and Oakland University, Royal Oak, Michigan
Margaret Glencoe, Oakland University, Rochester Hills, Michigan

☐ CareLink-c: Self-Care Management During Transition for Justice-Involved Persons
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge in the development of self-care management strategies for criminal justice-involved populations.
Presenters: Annette Maruca, School of Nursing, University of Connecticut, Storrs, Connecticut
Deborah Shelton, School of Nursing, University of Connecticut, Storrs, Connecticut

☐ Caring for Survivors of Sexual Violence and Domestic Violence: Discharge and Post-Acute Care Follow-Up Protocol
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge in the significance of the problem related to post-acute care follow-up with patients receiving care for Sexual Violence and Domestic Violence and the results of a SANE-driven post-acute care follow-up protocol.
Presenter: Kimberly A Miraschocchi, Forensic Nursing Services, Cleveland Clinic Fairview, Stow, Ohio
POSTER Presentations

☐ Developing an Online Evidence-Based Competency Assessment for Sexual Assault Nurse Examiners
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge in developing an online competency assessment for sexual assault nurse examiners.

Presenter: Glenna Mahoney, Research College of Nursing, Liberty, Missouri

☐ Forensic Nursing Representation in Online News Reports: An Exploration of Public Image?
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge about the image of forensic nursing and forensic nurses as portrayed in online news reports.

Presenters: Rachell A Ekroos, Nursing, UNLV, Las Vegas, Nevada
Lauren Traveller, Nursing, SUU, Cedar City, Utah

☐ Incarceration of Transgender Individuals and the Provision of Affirming Healthcare Within United States Correctional Settings
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge regarding the differences between gender identity and biological sex; the higher likelihood for transgender people to have contact with the US criminal justice system and incur incarceration; knowledge on the injustices encountered by incarcerated transgender inmates; and the role of forensic nurses in alleviation of health disparities impacting the transgender community in US correctional settings, including best practice guidelines for these patients.

Presenters: Tara Noorani, Nursing, Emory University, Atlanta, Georgia
Trisha Sheridan, Nursing, Emory University, Atlanta, Georgia

☐ Interprofessional Collaborative Practice and Improvement in Sexual Assault Evidence Kit Pickup and Processing
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge in the benefits and challenges of developing an interprofessional collaborative team.

Presenter: Suzanne Berger, Xavier University, Cincinnati, Ohio

☐ One in Twenty: Characteristics of Male Sexual Assault Victims from a Retrospective Study
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge regarding the characteristics of male victims and sexual assault variables in order to improve the care of male sexual assault victims.

Presenter: Caitlin Ferderber, College of Nursing, Brigham Young University, Provo, Utah

☐ Prevalence of Strangulation in Sexual Assault: Implications for SANE Exams
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge in the important implications for SANE examinations of victims of strangulation during sexual assault.

Presenter: Chelsea Van Wagenen, Nursing, Brigham Young University, Provo, Utah

☐ SANE Exam of Intimate Partner Victims: Findings from 4,038 Sexual Assault Victims
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge the prevalence and characteristics of IPV sexual assaults, and forensic nursing implications in caring for victims of IPV sexual assaults.

Presenter: Joanna Ostler, Nursing, Brigham Young University, Provo, Utah

☐ Sexual Assault Response in Small Towns and Rural Areas
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge regarding innovations that may be helpful in their communities to improve sexual assault response.

Presenter: Jo E Johnson, Office for Victims of Crime, Department of Justice, Washington, District of Columbia

☐ Shared Decision-Making Tool for Sexual Assault
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge regarding the purpose and development of a shared decision-making tool.

Presenter: Phyllis E Adams, University Health Center, James Madison University, Harrisonburg, Virginia

(Continued on page 60)
Telephone Follow-Up for Sexual Assault Patients Receiving Post-Exposure Prophylaxis
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge regarding barriers to PEP completion among sexual assault survivors and the potential for both increased patient support and PEP compliance as a result of telephone follow-up from a SANE.
Presenter: Colleen Steele, Forensic Nursing, The Medical Center of Aurora, Aurora, Colorado

Improving Patient/Nurse Satisfaction through APRN Education using Web-Based and Smartphone Computer Technology
At the conclusion of viewing this poster, participants in this learning activity will report increased knowledge regarding the potential that computer technology has to improve patient/nurse satisfaction through teen dating violence education using web-based and smartphone applications.
Presenter: Julie K Rousseau, University of Rhode Island, Kingston, Rhode Island

PORTRAITS OF PROFESSIONAL
caregivers
THEIR PASSION. THEIR PAIN.
A FILM ABOUT THE EMOTIONAL IMPACT ON PROFESSIONALS WHO CARE FOR OTHERS.

Through dramatic personal stories of social workers, therapists, nurses, doctors, hospice staff, medics, firefighters, and the police, CAREGIVERS film probes the emotionally risky aspects of caring for traumatized people. We ask the question: How is the care provider affected emotionally and physically, and who helps our helpers?

Friday, October 26  |  6:00 pm-7:30 pm
Location: Tuscany Ballroom ABC123
