The universal goal at utilities is to have every employee, every day, return home to his or her family uninjured. We believe that the first step to not being injured is knowing that you can be injured.

Let’s Talk Safety is designed to help you build awareness of potential work hazards and provide safety practices that help mitigate those hazards. Talking to your employees about their safety and listening to their safety concerns and experiences are the foundation to building an effective safety culture.

Let’s Talk Safety takes the work out of your safety meetings by giving you 52 short briefings tailored specifically for water utility employees, plus links to additional resources.

www.awwa.org

Dedicated to the world’s most important resource, AWWA sets the standard for water knowledge, management, and informed public policy. AWWA members provide solutions to improve public health, protect the environment, strengthen the economy, and enhance our quality of life.

Utilities Face Greater Challenges Than Ever Before
Find tools to help with improving water quality, optimizing distribution and protecting public health. AWWA Utility Membership provides you with the resources to train qualified staff, implement best practices and learn from the best experts in the industry.

Be prepared for what’s next in the water sector

Improve your organization’s performance with AWWA Standards
Sharpen your staff’s technical expertise
Educate the public on the value of water service
Stand with water utility leaders to influence smart water policy

About AWWA
Established in 1881, the American Water Works Association is the largest nonprofit, scientific and educational association dedicated to managing and treating water, the world’s most important resource. Through membership, AWWA creates products, services and information that help utilities with day-to-day operations, inform the public, improve public health, protect the environment, strengthen the economy and enhance our quality of life.

Policy Progress: WIFIA Infrastructure Funding

Persistence pays off. After years of educational and advocacy efforts on water infrastructure needs, AWWA succeeded in getting Congress to not only create the Water Infrastructure Finance and Innovation Act (WIFIA), but also fund it at substantial levels to provide low-cost financing for a variety of water projects.

Since Congress began funding WIFIA in 2017, 80 water infrastructure projects have been slated to receive approximately $13 billion in loans to support $27 billion in water infrastructure investment and create more than 355,000 jobs.

AWWA’s role as the chief architect of WIFIA was made possible by our Utility Members. Member dues fund AWWA’s ability to push for on-going congressional support of this vital program and for the advocacy of policies that will fund it at substantial levels to provide low-cost financing for a variety of water projects.

Sharpen Staff Skills

Ensure your team’s knowledge is on par with its responsibility. Extensive training opportunities exist within your region both in-person and online.

Assign an Individual Membership to your allotted number of staff which provides the following benefits:

➤ Water Utility Insider Newsletter
➤ Journal AWWA Magazine
➤ Optiflow Magazine
➤ AWWA Water Science
➤ AWWA Connections Newsletter
➤ Section Membership
➤ Voting rights and more

Additionally, as a member organization—all utility employees may access a discount of up to 30% on technical training materials, books, CEU qualified courses and more. Discounts and memberships are an easy way to demonstrate that you are invested in furthering careers in the water industry—helping to attract AND retain employees.

Local Training at Your AWWA Section

AWWA Membership includes membership in your local Section and provides access to:

➤ Local events and conferences / CEUs
➤ Region-specific news and information
➤ Ways to directly impact local water issues
➤ Connections to water professionals to share best practices

Ours rates valid through December 31, 2021. Dues are not deductible as charitable contributions for income tax purposes. Dues may be considered ordinary and necessary business deductions. The following is for USPS periodical mailing requirements only. In some AWWA Sections, a portion of the Section allotment equal to 50% or more of the domestic subscription rate charged for the Section periodical will be allocated toward a subscription to that periodical. Allocation for each publication recipient authorized—Journal AWWA—$50; Opflow—$15. Members with APO/FPO addresses will receive e-periodicals only. NOTE: Members’ personal information is protected under AWWA’s Privacy Policy.

Join AWWA
If you have questions about membership contact us at:
- membership@awwa.org
- 800.926.7337

AWWA is THE one stop resource for all things water. The conferences and events provided by AWWA and the Intermountain Section provide opportunities to network with the best people in the industry and to build lasting professional relationships.

Educate Your Community
Never has reaching out to customers and establishing relationships with media been more important in the water profession. AWWA’s Communications staff provide information and resources to keep you fluent on developing issues while offering outreach tools to support your ongoing efforts to connect with customers. AWWA provides:
- Public Affairs Advisories on media issues
- Drinktap.org Consumer Site
- Drinking Water Week Resources
- Outreach Campaigns

Shape Smart Water Policy
Share your comments and help shape smart policies based on sound science. The Water Utility Council and AWWA’s Government Affairs Office work hard to make sure your voice is heard in legislative and regulatory matters. AWWA Sections gather feedback from members and reach out to local officials year round.

Trending in an Instant: A Risk Communication Guide for Water Utilities—AWWA’s new guide for Utility Members that helps utilities communicate with clarity in today’s changing media landscape.
