6:00am-6:00pm  REGISTRATION DESK OPEN (Closed between 12:00pm and 1:00pm) (Center Foyer)
6:00-7:00am  ATTENDEE BREAKFAST (Foyers)
7:15am  WELCOME—FSHP PRESIDENT, Charzetta James, Pharm.D., C.Ph, MBA, MHA, FACHE, PRS
PRESENTATION OF PHARMACIST AND PHARMACY TECHNICIAN OF THE YEAR (Floridian Ballroom)

KEYNOTE PRESENTATION:
SLEEPING GIANT – THE FUTURE OF PHARMACY IN HEALTHCARE

Room: Floridian Ballroom
Moderator: Hoda Masmouei, MS, Pharm.D., CPh
7:35-8:35am  1.0 hour (GCE/Tech) ACPE UAN 0163-0000-18-156-L04-P/T
Keynote Speaker: Gary Johnson, Pharm.D., MHA, Chief Pharmacy Officer, University of Kentucky, Nicholasville, KY
Pharmacist Objectives:
- Describe the strategies to transform pharmacy services into a model that financially increases revenue and redefines the expanding roles of pharmacists.
- Outline the impact of ambulatory care pharmacists in specialty clinics, on quality outcomes and revenue stream.
- Identify key challenges of expanding pharmacy services footprint in the ambulatory care setting.
- Discuss quality metrics for new pharmacy roles.
Technician Objectives:
- Describe the strategies to transform pharmacy services into a model that financially increases revenue and redefines the expanding roles of pharmacists.
- Identify key challenges of expanding pharmacy services footprint in the ambulatory care setting.
- Discuss quality metrics for new pharmacy roles.

HEALTHCARE TECHNOLOGY AND MEDICATION ERRORS TRACK 3.0 HOURS OF C.E.

Room: Floridian Ballroom
Moderators: Amy Rosenberg, Pharm.D., BCPS, Ira Schatten, Pharm.D.
8:40-9:40am  1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-157-L04-P/T
Topic 1: Taking a Practical Approach to Tackling Medication Alert Fatigue Management in a Contemporary Electronic Health Record
Speaker: Melody Huang, Pharm.D., Clinical Informatics Pharmacist, UF Health, Jacksonville, FL
Pharmacist and Technician Objectives:
- Describe complexity of medication alert technology in contemporary EHR systems.
- Implement a system for practical management of medication alerts in EHR systems.
- Review strategies for making clinical alerts meaningful and reducing warnings with low applicability.
- Develop a system to measure success with an alert management process.

Topic 2: Predictive Analytics: A Focused Approach to Improving Outcomes
Speaker: Peter Duggan, BS, Pharm.D., Director of Pharmacy, Lee Health – Gulf Coast Medical Center, Cape Coral, FL
Pharmacist and Technician Objectives:
- Describe reasons patient risk stratification functionality is important for hospital pharmacy teams.
- Discuss challenges or barriers with implementation of risk stratification tools in a hospital EHR.
- Describe examples of patient risk stratification that have been implemented in a hospital pharmacy department.

9:40-9:50am  BREAK (Center Foyer)

9:50-11:50am  2.0 hours (GCE/CRC/Tech/Medication Errors) ACPE UAN 0163-0000-18-158-L05-P/T
Medication Safety Focus on High Alert Medications and Just Culture
Speaker: Natasha Nicol, Pharm.D., FASHP, Director, Global Patient Safety Affairs, Cardinal Health, Pawleys Island, SC
Pharmacist and Technician Objectives:
- Describe strategies to prevent harm with high alert (and all) medications.
- Explain underlying principles of Just Culture.
- Apply Just Culture principles to pharmacy practice and prevention of medication errors.
- Compare and contrast how Failure Mode and Effects Analysis (FMEA) and Root Cause Analysis (RCA) impact medication errors.

11:30am-2:30pm  EXHIBITS OPEN (Bonnet Creek Ballroom)
11:50am-12:50pm  ATTENDEE LUNCH (Bonnet Creek Ballroom)
11:50am-12:50pm  PAC Lunch - Featured Speaker: Representative Cord Byrd, District 11 Jacksonville (Citrus/Collier/Columbia)
DIRECTORS’ WORKSHOP 3.0 HOURS OF C.E.

2:30-5:45pm (GCE/CRC) ACPE UAN 0163-0000-18-159-L04-P/T

(3 concurrent sessions)
Session 1 Room: (Jackson)
Session 2 Room: (Flagler/Gilchrist)
Session 3 Room: (Orange)

Facilitators:
Timothy R. L’Hommedieu, Pharm.D., MS, Director of Pharmacy Services, East Region of the BayCare Health System, Tampa, FL
Tom Johns, Pharm.D., Director, Pharmacy Services, UF Health Shands Hospital, Gainesville, FL
Dave Lacknauth, Pharm.D., MBA, Director of Pharmacy Services, Memorial Hospital, Miramar, FL
William Kernan, Pharm.D., MBA, Director of Pharmacy, Cleveland Clinic Florida, Weston, FL
John Armitstead, MS, FASHP, System Director of Pharmacy, Lee Memorial Health System, Fort Myers, FL
Bernadette Belgado, Director, Pharmacy Department, UF Health, Jacksonville, FL

Pharmacist Objectives:
- Review current and proposed regulatory standards (Institutional Class III, USP 795, USP800).
- Explore strategies for appropriate opioid utilization.
- Discuss data metrics used to demonstrate pharmacy value and productivity.
- Identify opportunities for residency program expansion and layered learning.
- Discuss methods to improve care throughout the continuum.

EMERGENCY MEDICINE TRACK 3.0 HOURS OF C.E.

Room: Floridian Ballroom DEF Moderators: Katie Kamataris, Pharm.D., BCPS, Nicole Reardon, Pharm.D., BCPS
2:30-3:30pm 1.0 hour (GCE/CRC) ACPE UAN 0163-0000-18-160-L01-P
A New Era of Bleeding: Navigating Strategies to Achieve Control and Resuscitation
Speaker: Jason Ferreira, Pharm.D., BCPS, BCCCP, Critical Care Pharmacist, UF Health, Jacksonville, FL

Pharmacist Objectives:
- Review current anticoagulant reversal options.
- Evaluate the potential place in therapy for andexanet alfa.
- Describe the use of thromboelastography (TEG) to aid in selection of pharmacologic reversal agents.
- Summarize the risks associated with massive transfusion.
- Discuss the potential of oxygen carriers (i.e. Hemopure) as a therapeutic alternative for life threatening anemia.

3:30-4:30pm 1.0 hour (GCE/CRC) ACPE UAN 0163-0000-18-161-L01-P
Utilization of Ketamine for Pain, Excited Delirium, and Procedural Sedation in the Emergent Setting
Speaker: Daniel Yousef, Pharm.D., Clinical Specialist-Emergency Medicine, Jackson Memorial Hospital, Ft. Lauderdale, FL

Pharmacist Objectives:
- Describe the use of ketamine for acute pain in the emergency department.
- Review the use of ketamine for excited delirium in the prehospital setting and emergency department.
- Discuss the role of ketamine in procedural sedation (RSI, conscious sedation).
- Select an appropriate dosing regimen for ketamine based on route and indication of use.
- Identify challenges regarding ketamine administration by non-physicians.

4:30-4:45pm BREAK (Center Foyer)

4:45-5:45pm 1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-162-L01-P/T
Look Alive, It’s Time to Revive
Speaker: Ruben Santiago, Pharm.D., Clinical Hospital Pharmacist -Emergency Medicine, Jackson Memorial Hospital, Miami, FL

Pharmacist Objectives:
- Discuss recent changes in law regarding naloxone availability and use by non-medical personnel.
- Review naloxone administration and dosing strategies.
- Design a treatment algorithm for opioid overdose that includes first responders and Emergency Medical Services.
- Describe alternative pain management options in the emergency department to minimize opioid use.

Technician Objectives:
- Discuss recent changes in law regarding naloxone availability and use by non-medical personnel.
- Review naloxone administration and dosing strategies.
- Identify appropriate use of naloxone by first responders or Emergency Medical Services.
- Describe alternative pain management options in the emergency department to minimize opioid use.
INTERNAL MEDICINE TRACK 3.0 HOURS OF C.E.

Room: Floridian Ballroom AB       Moderators: Kirsten Parker, Pharm.D., CGP, BCPS, Jeremy Lund, Pharm.D., MS, BCCCP, BCPS
2:30-3:30pm 1.0 hour (GCE/CRC) ACPE UAN 0163-0000-18-163-L04-P
Hot Papers & Guidelines in Cardiology
Speaker: Christine Price, Pharm.D., Clinical Coordinator & PGY1 Residency Director, Morton Plant Hospital, Clearwater, FL
Pharmacist Objectives:
- Evaluate new and emerging clinical practice guidelines and primary literature related to heart failure and STEMI.
- Describe the limitations and/or controversies associated with this data.
- Outline current treatment gaps in guidelines related to unique patient populations.
- Determine optimal treatment regimens for a patient case applying the evidence reviewed.

3:30-4:30pm 1.0 hour (GCE/CRC) ACPE UAN 0163-0000-18-164-L01-P
Endocrine Update: Diabetes and Cardiovascular Outcomes
Speaker: Rachel Franks, Pharm.D., Assistant Professor, University of South Florida College of Pharmacy, Tampa, FL
Pharmacist Objectives:
- Compare CV outcomes with treatment both older and newer treatment options for type 2 diabetes.
- Discuss the implications of the CV outcome trials of antidiabetic agents.
- Use clinical reasoning skills to identify the ideal patient for newer therapies in management of type 2 diabetes.
- Create a patient-specific treatment plan based on targeting CV outcomes.

4:30-4:45pm BREAK

4:45-5:45pm 1.0 hour (GCE/CRC) ACPE UAN 0163-0000-18-165-L01-P
Clinical Pearls in Psychiatry: Antipsychotics in Acute Care
Speaker: Joshua Caballero, Pharm.D., BCPP, FCCP, Professor and Chair - Department of Clinical and Administrative Sciences, Larkin University College of Pharmacy, Miami, FL
Pharmacist Objectives:
- Discuss recent literature related to the treatment of the following:
  - Agitation/delirium in non-critically ill patients
  - Antipsychotics and CV adverse effects/QT changes
  - De-prescribing strategies and algorithms for antipsychotics
- Describe opportunities for pharmacists in the administration of long acting antipsychotic medications.
- Apply practice strategies to monitor antipsychotic use for patients in the acute care setting.

FUNDAMENTAL PRINCIPLES IN PHARMACY TRACK 3.0 HOURS OF C.E.

Room: Floridian Ballroom C       Moderators: Lori Fiallo, Pharm.D., AQ-Cardiology, CPh, Hesham Mourad, Pharm.D.
2:30-3:30pm 1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-166-L04-P/T
Effective Communication with Colleagues
Speaker: Naomi House, Pharm.D., BCPP, Pharmacy Residency Coordinator, Baptist Medical Center, Jacksonville, FL
Pharmacist and Technician Objectives:
- Define different communication styles and their effectiveness.
- Explain effective methods to deal with difficult conversations.
- Identify operational handoff strategies with shift change.

3:30-4:30pm 1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-167-L04-P/T
Integrating Technology Into Practice
Speaker: Venessa Goodnow, Pharm.D., FASHP, Director of JMH Pharmacy Services, Pharmacy Services Department, Jackson Memorial Hospital, Miami, FL
Pharmacist and Technician Objectives:
- Explain the growing role of newer technologies in pharmacy practice.
- Review current examples of new tools in practice (examples IV room robotics, communication tools and technology, interoperability between smart pumps and EHR).
- Evaluate how newer technologies can be implemented into pharmacy practice.
- Identify current limitations and concerns regarding those technologies.

4:30-4:45pm BREAK (Center Foyer)
Clinical Trial Designs and Biostats

Speaker: Petra Estep, Pharm.D., MHA, Clinical Coordinator, Baptist Health, Jacksonville, FL

Pharmacist Objectives:

- Define different study designs and the utilization in the medical literature.
- Compare and contrast different statistical analysis in relation to medical literature.
- Evaluate a current medical journal article.
Meeting Agenda

6:00-7:00am  ATTENDEE BREAKFAST (Foyers)
6:30am-5:00pm  REGISTRATION DESK OPEN (Closed between 12:00pm and 1:00pm) (Center Foyer)

LAW UPDATE

Room: Floridian Ballroom DEF  Moderator: Kathy Baldwin, Pharm.D., BCPS
7:00-8:00am  1.0 hour (GCE/Tech)  ACPE UAN 0163-0000-18-172-L03-P/T
Speakers: Karen Sando, Pharm.D., BCACP, BC-ADM, Assistant Dean, Assessment & Accreditation, Associate Professor, Nova Southeastern University College of Pharmacy, Fort Lauderdale, FL
L. David Harlow, III, BS, Pharm.D., Assistant Vice President for Professional Services Clinical Pharmacy, Chief Pharmacy Officer, Martin Health System, Stuart, FL
Pharmacist and Technician Objectives:
- Discuss activity from the last legislative session that may affect health-system pharmacists or pharmacies.
- Review activities of the Board of Pharmacy that may affect health-system pharmacists or pharmacies.
- Describe steps to improve member engagement in legislative advocacy.

CRITICAL CARE TRACK 3.0 HOURS OF C.E.

Room: Floridian Ballroom DEF  Moderators: Christopher Morrison, Pharm.D., Xi Liu-DeRyke, Pharm.D., FCCM
8:15-9:15am  1.0 hour (GCE/CRC)  ACPE UAN 0163-0000-18-173-L04-P
Guideline Update: Sepsis, Surgical Site Infection (SSI), and Targeted Temperature Management (TTM)
Speakers: Jennifer Hanify, Pharm.D., BCCCP, Clinical Pharmacy Specialist, Holmes Regional Medical Center, Melbourne, FL
Aimee Gowler, Pharm.D., Critical Care Clinical Pharmacy Specialist, UF Health Shands Hospital, Gainesville, FL
Pharmacist Objectives:
- Review the key changes/new recommendations to the guidelines for sepsis, surgical site infection, and targeted temperature management.
- Evaluate the supporting evidence for these changes and new recommendations.
- Discuss the potential impact on current practice.
- Discuss early, short-term prophylactic hypothermia in traumatic brain injury.
- Examine deep vein thrombosis prophylaxis literature in traumatic brain injury.
- Evaluate the evidence regarding prophylaxis of early post-traumatic seizures in traumatic brain injury.

9:15-10:15am  1.0 hour (GCE/CRC)  ACPE UAN 0163-0000-18-174-L01-P
To Give or Not to Give: The Role of Albumin in the Critically Ill Patient
Speaker: Dominick Curry, Pharm.D., PGY-2 Critical Care Resident, Orlando Health, Orlando, FL
Pharmacist Objectives:
- Discuss the role of albumin as replacement therapy in hypoalbuminemic patients.
- Review the evidence surrounding the use of albumin for fluid resuscitation in sepsis.
- Outline the literature for the use of albumin in burn patients.

10:15-10:30am  BREAK (Center Foyer)

10:30-11:30am  1.0 hour (GCE/CRC)  ACPE UAN 0163-0000-18-175-L01-P
New Uses of Old Medications
Speaker: Gina Riggi, Pharm.D., BCPS, BCCCP, Clinical Hospital Pharmacist, Jackson Memorial Hospital, Ft. Lauderdale, FL
Pharmacist Objectives:
- Describe the use of ketamine as a sedative.
- Discuss the role of phenobarbital for alcohol withdrawal.
- Evaluate the use of valproic acid for sedation in the critically ill population.
AMBULATORY CARE TRACK 3.0 HOURS OF C.E.

Room: Floridian Ballroom AB  Moderators: Hoda Masmouei, MS, Pharm.D. CPh, Kevin Cowart, Pharm.D., MPH, BCACP
8:15-9:15am  1.0 hour (GCE/CRC) ACPE UAN 0163-0000-18-176-L04-P
Billing Workshop: Understanding Billing Opportunities for Pharmacists
Speakers: Kristen Morse, Pharm.D., Clinical Pharmacy Services Director, Florida Hospital Celebration Health, Winter Park, FL
Eric Dietrich, Pharm.D., Clinical Assistant Professor, University of Florida College of Pharmacy, Gainesville, FL
Pharmacist Objectives:
- Discuss current reimbursement opportunities and limitations for clinical pharmacy services.
- Identify billing techniques that can be used by pharmacists in the community, hospital, and physicians’ office settings.
- Describe challenges with implementing billing techniques for pharmacists.

9:15-10:15am  1.0 hour (GCE/CRC) 0163-0000-18-177-L04-P
Innovate and Stretch Your Footprint in the Community: Tele-Pharmacy
Speaker: Leah Loeffler, Pharm.D., Transitions of Care Pharmacist, Jackson Memorial Hospital, Miami, FL
Pharmacist Objectives:
- Explain and describe the definition of telehealth and tele-pharmacy.
- List the barriers and benefits of tele-pharmacy.
- Identify opportunities for expansion of the pharmacist role through tele-pharmacy.
- Describe the integration of the tele-pharmacy into pharmacy practice.
- Review Federal and State pharmacy profession regulations regarding tele-pharmacy.

10:15-10:30am  BREAK (Center Foyer)

10:30-11:30am  1.0 hour (GCE/CRC) ACPE UAN 0163-0000-18-178-L04-P
Implementing New Pharmacy Services in the Ambulatory Care Setting
Speaker: Dave Harlow, BS, Pharm.D., Assistant Vice President for Professional Services Clinical Pharmacy, Chief Pharmacy Officer, Martin Health System, Stuart, FL
Pharmacist Objectives:
- Discuss current opportunities for pharmacists in the ambulatory care setting.
- Discuss tangible deliverables for pharmacists in Medicare Chronic Care Management.
- Review current outcomes directly due to ambulatory pharmacist intervention.
- List strategies to expand pharmacists’ role in the ambulatory care setting.
- Review credentialing and privileging strategies for various ambulatory care pharmacy services.

LEADERSHIP TRACK 3.0 HOURS OF C.E.

Room: Floridian Ballroom C  Moderators: Jaclyn Cole, Pharm.D., BCPS, Barry Bleidt, PhD, Pharm.D., FAPhA
8:15-9:15am  1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-179-L04-P/T
Strategies for Development and Expansion of Pharmacy Extenders: Outside the Box
Speaker: Daniel Buffington, Pharm.D., MBA, Owner/CEO, Clinical Pharmacology Services, Inc., Tampa, FL
Pharmacist Objectives:
- Discuss challenges and limitations in current pharmacist practice models and how to identify opportunities for improved work flow and efficiencies.
- Strategize and prioritize opportunities for the expansion of clinical services based upon types of communities, practice settings, and patient populations.
- Design an infrastructure and framework that optimizes the skills and capabilities of diverse pharmacy staff to support new and advanced pharmacist practice models.
- Develop an implementation plan that promotes the integration and utilization of pharmacist services in diverse healthcare practice and emerging reimbursement models.

Technician Objectives:
- Compare and contrast areas of professional growth for technicians in the evolving clinical pharmacy landscape.
- Discuss the differences for technicians between current practice models and proposed new practice models.
9:15-10:15am 1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-180-L04-P/T
Establishing Clinical Strategic Priorities and Organizational Alignment
Speaker: Eric Renker, Pharm.D., Senior Corporate Director of Pharmacy, Comprehensive Pharmacy Services, Brooksville, FL
Pharmacist Objectives:
- Describe the barriers and risks associated with unaligned clinical and organizational priorities.
- Differentiate priority levels and alignment opportunities.
- Assess methods and tools that can be utilized to support clinical and organizational alignment.

Technician Objectives:
- Describe the barriers and risks associated with unaligned clinical and organizational priorities.
- Differentiate priority levels and alignment opportunities.
- Describe the importance of making specific assignments to team members in achieving strategic goals.

10:15-10:30am BREAK (Center Foyer)

10:30-11:30am 1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-181-L04-P/T
Navigating the Regulatory Alphabet Soup
Speaker: Dave Lacknauth, Pharm.D., MBA, MS, Director of Pharmacy Services and System Integration, Broward Health, Fort Lauderdale, FL
Pharmacist Objectives:
- Review the major regulatory bodies and policies affecting institutional pharmacy practice.
- Analyze barriers to successful compliance with regulatory requirements.
- Evaluate proactive measures to enhance institutional pharmacy compliance to policies and regulations.

Technician Objectives:
- Review the major regulatory bodies and policies affecting institutional pharmacy practice.
- Describe at least two activities technicians are involved with for maintaining compliance with regulatory requirements.

EXPERIENTIAL WORKSHOP 3.0 HOURS OF C.E.

Room: Hamilton/Indian River
Moderators: Denise Klinker, Pharm.D., Melissa Ruble, Pharm.D., BCPS
8:15-9:15am 1.0 hour (GCE) ACPE UAN 0163-0000-18-182-L04-P
Spring Training: Uncommon Rotation Activities to Advance Rookies into the Big League
Speakers: Stacey Maravent, Pharm.D., Director of Experiential Education, Nova Southeastern University, Fort Lauderdale, FL
Jennifer Steinberg, Pharm.D., Director of Experiential Education, Nova Southeastern University, Fort Lauderdale, FL
Kimmi Stultz, Director of Preceptor Development, Nova Southeastern University, Fort Lauderdale, FL
Carlos Torrado, Pharm.D., JD, Director of Experiential Programs-Assistant Professor of Pharmacy Practice, Palm Beach Atlantic University, West Palm Beach, FL
Pharmacist Objectives:
- Discuss the benefit of engaging students in higher level tasks and projects while on rotation.
- Identify characteristics of activities and qualities of learners that maximize outcomes.
- List steps to implement novel tasks and projects on your rotations.
- Describe unique student activities and projects for varied time commitments.

9:15-10:15am 1.0 hour (GCE) ACPE UAN 0163-0000-18-183-L04-P
Keep Your Mind Young: Commit to Self-Directed Lifelong Learning
Speakers: Kathleen Jodoin, Pharm.D., BCPS, Assistant Dean of Experiential Education, Larkin University College of Pharmacy, Miami, FL
Andrea Murzello, Pharm.D., Director of Experiential Education, APPE, Assistant Professor, Larkin University College of Pharmacy, Miami, FL
Kimberly Stultz, Pharm.D., Director of Experiential Education, Assistant Professor of Pharmacy Practice, LECOM School of Pharmacy, Bradenton, FL
Pharmacist Objectives:
- Discuss the differences between CE and CPD.
- Identify the elements of CPD and how to integrate them into self-directed lifelong learning (SDLLL).
- Outline available tools and resources for advancing CPD.
- Apply the principles of CPD through active learning exercises to create a personal development plan.

10:15-10:30am BREAK (Center Foyer)
EXPERIENTIAL WORKSHOP, CONT.

10:30-11:30am 1.0 hour (GCE) ACPE UAN 0163-0000-18-184-L04-P
Student Assessment and Feedback: How Do We Make it Matter?
Speakers: Mildred Brickler, DPT, Director of Experiential Programs, Florida Agricultural and Mechanical University College of Pharmacy and Pharmaceutical Sciences, Tallahassee, FL
John Clark, Pharm.D., MS, FASHP, Director of Experiential Programs, University of South Florida College of Pharmacy, Tampa, FL
Karen Whalen, Pharm.D., BCPS, CDE, Assistant Dean for Clinical Education, University of Florida College of Pharmacy, Gainesville, FL
Pharmacist Objectives:
- Utilize the “ideal” assessment tool to capture the student’s performance.
- Identify and share timely and objective feedback with the student based on performance.
- Document the formative feedback in a manner that will support the summative feedback given at the end of the experience.
- Describe a strategy for utilizing data from assessments.

2:00-3:30pm Florida Schools Experiential Consortium Town Hall Meeting: An Open Discussion on Graduate NAPLEX Rates
Speakers: [All school representatives from the Experiential Workshop]
The Florida Schools/Colleges of Pharmacy join together to discuss current strategies to optimize graduating students’ first-time pass rates of the North American Pharmacist Licensure Examination® (NAPLEX). Preceptors and students are encouraged to join the discussion and offer ideas on how schools and preceptors can work together to ensure students are practice ready. (This is not a CE course)

STUDENT TRACK

Room: Citrus/Collier/Columbia
Moderator: Lori Dupree, Pharm.D., BCPS
8:00-9:15am
Student Chapter Quiz Bowl
Come out and cheer on teams as they compete in a Jeopardy-Style trivia game! Teams will be represented by all Florida schools/colleges of pharmacy.

9:30-11:30am ‘Speed Dating with a Pharmacist’ with Interview Prep
Pharmacy students have the opportunity to meet and network with pharmacists in different practice areas from all around the state. You will not only hear about their career paths, but will have the opportunity to ask questions and be prepared for interviewing. This event has grown over the years and continues to be one of our most successful events for students.

A Student Chapter Officers Networking Session will be held in Citrus/Collier/Columbia from 2:00-5:30pm.

PHARMACY TECHNICIAN TRACK 4.0 HOURS OF C.E.

Room: Flagler/Gilchrist
Moderators: Roma Merrick, RPhT, CPhT, Zach Walker, RPhT, CPhT
8:15-9:15am 1.0 hour (Tech) ACPE UAN 0163-0000-18-185-L01-T
Toxicology and Overdoses
Speaker: Kathleen Moorman, Pharm. D., Pharmacy Director, University Community Hospital, Tampa, FL
Technician Objectives:
- Discuss common drugs in overdoses, both legal and illegal.
- Recognize reversal agents.
- Discuss administration techniques for reversal agents.
- Discuss tentative treatments for overdoses.

9:15-10:15am 1.0 hour (Tech) ACPE UAN 0163-0000-18-186-L04-T
Operation C.L.E.A.N. Compounding: Leveraging and Elevating Awareness in a New Era
Speaker: Audrey Boller Johnson, BS-Pharmacy, MSM-Healthcare, Pharmacy Operations Consulting-Trainer, RX View, LLC, Altamonte Springs, FL
Technician Objectives:
- Recognize issues in sterile procedures and compounding.
- Recognize trouble shooting and steps that need to be taken to fix problems in both aseptic and extraneous compounding.
- Explain the steps that need to be taken before and after aseptic and extraneous compounding (referencing USP 795, 797, 800).

10:15-10:30am (Flagler/Gilchrist Foyer)
PHARMACY TECHNICIAN TRACK, CONT.

10:30-11:30am 1.0 hour (Tech) ACPE UAN 0163-0000-18-187-L01-T

New Drugs
Speaker: Steve Walden, Pharm.D., MPH, Manager, DUE Clinical Implementation, WellCare Health Plans, Tampa, FL

Technician Objectives:
- Provide an overview of the following new drugs that were approved in 2017:
  - Ocrevus (ocrelizumab)
  - Vosevi (Sofosbuvir, velpatasvir, and voxilaprevir)
  - Shingrix (Zoster Vaccine Recombinant, Adjuvanted)
  - KebRab (Rabies Immune Globulin (Human))

Following the review of the new drugs, attendees will be able to:
- List the indications;
- State the dosage forms and delivery systems;
- List any special preparation and handling;
- Discuss the disease states.

1:00-2:00pm 1.0 hour (Tech) ACPE UAN 0163-0000-18-188-L04-T

Pharmacy Ethics
Speaker: Mark Mikhael, Pharm.D., Vice President of Operations, ProHealth Pharmacy Solutions/Florida Board of Pharmacy, Orlando, FL

Technician Objectives:
- Provide an overview of recent items that have come to the Florida Board of Pharmacy regarding pharmacy technicians.
- Review how the Board of Pharmacy determines sanctions.
- Discuss the struggles that the Board of Pharmacy has in respect to pharmacy technician disciplines.

INFECTIONOUS DISEASES TRACK 3.0 HOURS OF C.E.

Room: Floridian Ballroom DEF  Moderators: John Allen, Pharm.D., CPh, BCPS, BCCC, FCCM Stephanie Brown, Pharm.D., BCPS

2:00-3:00pm 1.0 hour (GCE/CRC) ACPE UAN 0163-0000-18-189-L01-P

Infectious Diseases Odds and Ends: Focus on New Developments in Hepatology and Gram-Negative Infections
Speaker: Lindsey Childs-Kean, Pharm.D., MPH, BCPS, Clinical Assistant Professor, University of Florida College of Pharmacy, Gainesville, FL

Pharmacist Objectives:
- Explain contemporary Hepatitis C Virus (HCV) antiviral treatment strategies for patients of various complexities.
- Describe and apply novel methods to expand the role of the pharmacist in treating HCV.
- Compare and contrast novel and future antibiotics, and their roles in the treatment of multi-drug resistant infections.

3:00-4:00pm 1.0 hour (GCE/CRC) ACPE UAN 0163-0000-18-190-L01-P

What is New in the World of Infectious Diseases?
Speaker: Marylee Worley, Pharm.D., Assistant Professor, Nova Southeastern University College of Pharmacy, Fort Lauderdale, FL

Pharmacist Objectives:
- Summarize evidence supporting recent updates to pneumonia guidelines.
- Appraise patient-specific HAP/VAP therapy for appropriateness based on recent guidelines.
- Describe current treatment recommendations for treatment of CDAD.
- Summarize evidence supporting recent updates to CDAD guidelines.

4:00-4:15pm BREAK (Center Foyer)
INFECTIONOUS DISEASES TRACK, CONT.

4:15-5:15pm 1.0 hour (GCE/CRC) ACPE UAN 0163-0000-18-191-L04-P
*The Changing Landscape of Antimicrobial Stewardship: Rapid Diagnostics*

Speaker: Elias B. Chahine, PharmD, FCCP, BCPS (AQ-ID), Associate Professor of Pharmacy Practice, Lloyd L. Gregory School of Pharmacy, Palm Beach Atlantic University, West Palm Beach, FL

**Pharmacist Objectives:**
- Compare benefits and limitations of available rapid diagnostic technologies.
- Discuss integration of rapid diagnostic testing into an antimicrobial stewardship program.
- Evaluate the impact of rapid diagnostic testing through measuring cost and outcomes.

PAIN MANAGEMENT TRACK 3.0 HOURS OF C.E.

Room: Floridian Ballroom AB

2:00-3:00pm 1.0 hour (GCE/CRC) ACPE UAN 0163-0000-18-192-L01-P
*Balancing the Scales: The Opioid Crisis Versus Management of Acute Pain*

Speaker: Kara Birrer, Pharm.D., BCPS, Clinical Pharmacy Specialist, Neurocritical Care, Orlando Regional Medical Center, Orlando Health, Orlando, FL

**Pharmacist Objectives:**
- Review the issues surrounding the current opioid abuse epidemic and its impact on appropriate use of opioid analgesics.
- Identify patients with risk factors for opioid abuse or misuse and risk mitigation strategies.
- Design evidence-based pain management regimens incorporating multimodal therapy to reduce opioid utilization and opioid-related adverse events.
- Illustrate the pharmacist’s role in development and implementation of opioid-sparing pain management programs.

3:00-4:00pm 1.0 hour (GCE/CRC) ACPE UAN 0163-0000-18-193-L04-P
*Do You Have the Right One, Baby?: Finding the Right Non-Opioid*

Speaker: Amanda Waltemath, Pharm.D., MPH, Manager, Clinical Services, Health Systems, Largo, FL

**Pharmacist Objectives:**
- Demonstrate the challenge with addiction and the effect on society.
- Analyze ways to prevent exposure and decrease risk from opioid use.
- Discuss behavioral options your patient will benefit from.
- Identify non-opioid options and rate their overall effectiveness.

4:00-4:15pm  BREAK (Center Foyer)

4:15-5:15pm 1.0 hour (GCE/CRC) ACPE UAN 063-0000-18-194-L01-P
*When Less is More: How to Start and Run a Pharmacist Driven Opioid Stewardship Program*

Speakers: Sandra DiScala, Pharm.D., Clinical Pharmacy Specialist, West Palm Beach VAMC, West Palm Beach, FL
Nhi Tran, Pharm.D., BCPS, Clinical Pharmacist Specialist, Pain/Palliative Care (Oncology Division), Florida Hospital Orlando, Orlando, FL

**Pharmacist Objectives:**
- Describe current pain management guidelines and recommendations.
- Discuss challenges of pain management in the hospital setting.
- Summarize elements needed to develop an opioid stewardship program at your site.
- Explain different strategies to assess the results of the program.
Room: Floridian Ballroom C       Moderator: Jennifer Mourafetis, Pharm.D., MBA
2:00-3:00pm 1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-195-L04-P/T
Don’t Leave Your Patients Out in the Cold: A Synergy Between Inpatient, Ambulatory Care and Outpatient Pharmacy to Ensure Continuity of Care
Speakers: Marlaine L. Mance, Pharm.D., BCNSP, Clinical Coordinator, Pharmacy, Memorial Regional Hospital-Total Heart Center, Hollywood, FL
Sara Eltaki, Pharm.D., BCPS, Pharmacy Clinical Coordinator- Transitions of Care Department of Pharmacy, Memorial Regional Hospital, Hollywood, FL
Pharmacist and Technician Objectives:
- Recognize the relationship between medication access, readmissions and patient care outcomes.
- Review current processes and challenges for ensuring access to medications post hospital discharge.
- Evaluate the role of pharmacists and pharmacy technicians in obtaining prior authorizations and linking patients to patient assistance programs.
- Review findings of a pharmacist-led prior authorization program.

3:00-4:00pm 1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-196-L04-P/T
Hurricane Maria: Disaster Preparedness and Recovery Lessons Learned: A Pharmacist's Perspective
Speaker: Brian Hierholzer, Pharm.D., Clinical Assistant Professor, Nova Southeastern University College of Pharmacy, Fort Lauderdale, FL
Pharmacist and Technician Objectives:
- Identify the differences in preparing for disaster and responding to disaster.
- Describe common shortfalls observed in pharmacy during disaster response and recovery.
- Discuss methods to better develop preparedness plans for pharmacy.
- Identify roles pharmacists could and should play in disaster management and planning.

4:00-4:15pm BREAK (Center Foyer)

4:15-5:15pm 1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-197-L04-P/T
Drug Shortages: The Good, The Bad and The Ugly
Speaker: Margaretta L. Kearson, Pharm.D., BCPS, Clinical Pharmacy Manager, Memorial Regional Hospital, Miramar, FL
Pharmacist and Technician Objectives:
- Review the lifecycle of a drug shortage from cause to effect.
- Describe how drug shortages have led to unsafe practices and increased risk of errors.
- Examine best practice responses to announced and unannounced drug shortages at a large non-profit community hospital.

NEW PRACTITIONERS TRACK 3.0 HOURS OF C.E.

Room: Jackson       Moderator: Denise Kelley, Pharm.D., BCPS, AAHIVP
2:00-3:00pm 1.0 hour (GCE) ACPE UAN 0163-0000-18-198-L04-P
New Practitioner Clinical Pearls:
Cannabinoid Hyperemesis Syndrome
Speaker: Kellie Wang, Pharm.D., Emergency Medicine Clinical Pharmacist, Sarasota Memorial Hospital, Sarasota, FL
Common Medication Errors in Hospitalized HIV Patients
Speaker: Carolina Gutierrez, Pharm.D., Clinical Pharmacist, Memorial Hospital Pembroke, Pembroke Pines, FL
Implementation of Kaiser Sepsis Calculator to Decrease the Use of Antibiotics in Newborns
Speaker: Sindhuri Avula, Pharm.D., General Pediatric Clinical Pharmacist, Arnold Palmer Medical Center, Orlando, FL
Therapeutic Drug Monitoring for Biologics in Inflammatory Bowel Disease
Speaker: Lanh Dang, Pharm.D., Clinical Ambulatory Pharmacist-Multispeciality, UF Health Jacksonville, Jacksonville, FL
ACEI-Induced Angioedema
Speaker: Gabriella Sarver, Pharm.D., PGY1 Pharmacy Resident, Florida Hospital Tampa, Tampa, FL
Pharmacist Objectives:
- Describe the use of capsaicin for the management of Cannabinoid Hyperemesis Syndrome.
- Identify common med errors among hospitalized HIV patients.
- Discuss clinical scenarios of med errors in hospitalized HIV patients.
- Identify strategies to overcome med errors is hospitalized HIV patients.
- Review the current CDC and AAP guidelines for the prevention and treatment of early onset neonatal sepsis (EOS).
- Identify risk factors for the development of EOS.
- Evaluate the literature for the use of the Kaiser Sepsis Calculator in the management of EOS.
NEW PRACTITIONERS TRACK, CONT.

2:00-3:00pm 1.0 hour (GCE)
New Practitioner Clinical Pearls:
Pharmacist Objectives, cont.:
- Describe the role of biologic therapy in inflammatory bowel disease.
- Demonstrate understanding of suggested trough concentrations for patients on maintenance therapy with anti-tumor necrosis factors.
- Discuss the pathophysiology of ACEI-induced angioedema.
- Develop a pharmacologic plan for the management of ACEI-induced angioedema.
- Evaluate the literature supporting the use of icatibant for ACEI-induced angioedema.

3:00-4:00pm 1.0 hour (GCE) ACPE UAN 0163-0000-18-199-L04-P
Mind Your Money: Financial Strategies for New Practitioners
Speaker: Steve Kessinger, BPharm, MS, MBA, Pharmacy Director, Lee Health – Cape Coral Hospital, Cape Coral, FL
Pharmacist Objectives:
- Recognize financial challenges faced when transitioning from pharmacy student to new practitioner.
- Identify the six pillars of financial planning and apply the basic principles to develop the foundations for an ongoing personal plan.
- Identify methods to maximize income for current responsibilities while planning for the future through emergency planning and investment opportunities.

4:00-4:15pm BREAK (Center Foyer)

4:15-5:15pm 1.0 hour (GCE) ACPE UAN 0163-0000-18-200-L04-P
Panel: Making the Transition from Student to New Practitioner
Speakers: Kelly Owens, Pharm.D., BCPS, BCCCCP, Clinical Pharmacy Specialist, Intensive Care and Emergency Medicine, Dr. P. Phillips Hospital – A Part of Orlando Health, Orlando, FL
Petra Estep, Pharm.D., MHA, Clinical Coordinator, Baptist Health, Jacksonville, FL
Matt Curran, Pharm.D., Manager of Pharmacy Operations, Memorial Hospital Miramar-Memorial Healthcare System, Fort Lauderdale, FL
Jaclyn D. Cole, Pharm.D., Assistant Professor Pharmacotherapeutics & Clinical Research, University of South Florida College of Pharmacy, Tampa, FL
Pharmacist Objectives:
- Share opportunities for professional involvement.
- Discuss tactics for conducting successful research, obtaining publications, and establishing a clinical practice.
- Recognize the value of continuous professional development.
MANAGEMENT OF CONTROLLED SUBSTANCES DISPENSING: 2018 FOCUS ON HEALTH QUALITY

Room: Floridian Ballroom  
Moderators: Tara Higgins, Pharm.D., Kelly Owens, Pharm.D., BCPS, BCCCP  
7:00-9:00am 2.0 hours of C.E. (GCE/Tech/Controlled Substances) ACPE UAN 0163-0000-18-201-L04-P/T  
Speakers: Norman Tomaka, BPharm, MS, Clinical Consultant Pharmacist, Health First Inc., Melbourne, FL  
Mark Mikhael, Pharm.D., Vice President of Operations, ProHealth Pharmacy Solutions/Florida Board of Pharmacy, Orlando, FL  
Panel: Mark Mikhael, Norman Tomaka, Susan Langston  
Pharmacist and Technician Objectives:

- Summarize compliant pharmacist licensure requirements as per 64B16-27.831 of the Florida Administrative Code and other regulations governing the dispensing of controlled substances.
- Differentiate a “valid” vs. “invalid” prescription order for a controlled substance drug - including the appropriate therapeutic doses for prescribed controlled substances.
- Describe processes that foster regulatory compliance when validating a prescription order.
- Recall processes for evaluating the legitimate medical purposes for the controlled substance prescriptions.
- Recognize and describe the appropriate use of the Florida Prescription Drug Monitoring Program Database E-FORSCE at the presentation’s conclusion.
- Identify proper disposal of unused controlled substances.
- Evaluate methods for properly addressing and resolving problems recognized during Drug Utilization review including, interactions, side effects, dosing concerns.
- Explain resources for opioid physical dependence, addiction, misuse, and abuse.

9:00-9:15am  
FHP BOARD AND OFFICER INSTALLATIONS  
PRESIDENT’S ADDRESS, Sandy Estrada, Pharm.D. BCPS (AQ-ID)

HOT TOPICS IN PHARMACY TRACK 3.0 HOURS OF C.E.

9:15-10:15am 1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-202-L04-P/T  
Best Practices for Prescribing, Dispensing, and Preventing Drug Diversion  
Speaker: Susan Langston, Diversion Program Manager, Drug Enforcement Administration (DEA, Miami Field Office, Miami, FL  
Pharmacist Objectives:

- Evaluate how to identify fraudulent prescriptions, drug-seeking behaviors, and drug diversion within outpatient and inpatient settings.
- Analyze risk reduction approaches.
- Develop best practices for preventing drug diversion.

Technician Objectives:

- Discuss the identification of fraudulent prescriptions and drug diversion within outpatient and inpatient settings.
- Describe risk reduction approaches.
- Given a patient case, apply best practices for preventing drug diversion.

10:15-11:15am 1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-203-L04-P/T  
Best Practice Showcase: Team Approach Directed by the Department of Pharmacy for Management of Anemia and Bone Mineral in Chronic Dialysis Patients  
Speakers: Sheldon Lefkowitz, RPh, MS, Director of Pharmacy, St. Mary’s Medical Center, West Palm Beach, FL  
Mei See Kung, Pharm.D., Clinical Pharmacist, St. Mary’s Medical Center, West Palm Beach, FL  
Pharmacist Objectives:

- Identify the challenges that End Stage Renal Disease (ESRD) patient faces, which compromise their quality of life.
- Describe the expanding role of clinical pharmacist in a Chronic Dialysis Center setting that can improve patients’ care and Quality of Life (QoL).
- Explain the collaborative team approach to optimize care of ESRD patients with anemia and/or bone mineral disease.
- Discuss how the use of ferric citrate (Auryxia®) may improve phosphate control, stabilize patient’s hemoglobin (Hgb) levels, reduce the usage of erythropoietin-stimulating agents (ESAs) (darbopoetin (Aranesp®)), and decrease the usage of intravenous (IV) iron.
Best Practice Showcase, cont.

Technician Objectives:
- Identify the challenges that End Stage Renal Disease (ESRD) patient faces, which compromise their quality of life.
- Review the treatment of anemia and bone mineral disease for ESRD patients in Chronic Dialysis Center.
- Explain how the proper medications management in ESRD patients can improve their therapeutic outcomes and quality of life.

Best Practice Showcase: Rapid Discharge Medication Reconciliation – A Targeted Approach for Pharmacists

Speakers: Pamela Schauben, RPh, MS, Manager, Inpatient Pharmacy Services, Clinical Associate Professor, UF Health, Jacksonville, FL.
Rachael Carloni, Pharm.D., Internal Medicine Clinical Pharmacist, UF Health, Jacksonville, FL.

Pharmacist and Technician Objectives:
- Discuss the impact of discharge medication reconciliation on medication error reduction.
- Describe the potential role of the pharmacist in discharge medication reconciliation in a setting with limited resources.
- Evaluate the benefits of a targeted approach to pharmacist provided medication reconciliation at discharge.

11:15-11:30am BREAK (Center Foyer)

11:30am-12:30pm 1.0 hour (GCE/CRC/Tech) ACPE UAN 0163-0000-18-204-L04-P/T

Innovation and Intrapreneurship: Essential Skills for Pharmacy

Speaker: Stephen Eckel, Pharm.D., MHA, Clinical Associate Professor, University of North Carolina, Eshelman School of Pharmacy, Chapel Hill, NC/ASHP Board Member

Pharmacist and Technician Objectives:
- Define the terms innovation and intrapreneurship.
- Describe opportunities for pharmacies to develop innovation and intrapreneurship skills.
- Discuss applications of innovation and intrapreneurship skills for health care.

The Florida Society of Health-System Pharmacists is accredited by the Accreditation Council on Pharmacy Education (ACPE) as a provider of continuing pharmacy education.

The Florida Society of Health-System Pharmacists is approved by the Florida Board of Pharmacy as a provider of Consultant Re-Certification, Medication Errors and Controlled Substances continuing pharmacy education. Course Tracking Number 20-627335
