Date Revision Approved:

Policy Statement: The purpose of this policy is to define the requirements for a group discount on membership.

Key Points/ Procedure Steps:

1. Both active pharmacist and associate membership categories are eligible.
2. Pharmacists must be employees of the same corporation. Participation of all employees is not required. A minimum of 25 employees must participate to receive the discount unless approved by the FSHP Executive Committee.
3. The discount will only be applicable one time during the year to employees of the same corporation. A FSHP regional society does not qualify for the discount. A listing of participants will be provided to the FSHP Office.

Note: For current FSHP members whose membership cycle does not coincide with their organization's enrollment and who wish to take advantage of the group discount, a onetime 6 month membership will be available at the prorated discounted rate.

4. Each member of the group will receive a 10% discount off the current active or associate membership rate.
5. Each group will submit a listing of employees participating. The Executive Committee will approve each proposal. The Board of Directors will be responsible for reviewing proposals that do not meet the requirements noted above.
