Survey coming to your mailbox next week

The FWA President's Circle Advisory Council (PCSAC) is conducting research focused on better understanding inclusion in the financial services industry and how it specifically impacts the advancement and retention of women. As an FWA member, we want to make sure that your experiences and voices are heard as well.

Next week you will receive an email from our consultant, [Aleria PBC](#), with a link to a completely anonymous survey. The survey will ask about your unique experiences in the financial services industry and should take no longer than 10 minutes to complete. We hope that you'll take the time to participate and look forward to sharing insights from the research with everyone soon.
