FWA PODCAST

*Announcing the FWA Inaugural Podcast*

*Discovering Your Personal Productivity Style*

*By popular demand the podcast is available to non-members too!*

In celebration of International Women’s Day, the FWA launched its first podcast on March 9, 2020. Our first guest speaker is Carson Tate of Working Simply, a dynamic teacher and coach who is known for igniting personal transformation through her simple, powerful and actionable strategies and tools.

“You cannot outwork your busyness using one-size-fits-all-time management solutions. The latest app, prioritization tip, or email management strategy will not work if it’s not personalized for you, aligned with the way you think and process information. It’s time to get personal about your productivity!” - Carson Tate
