Your Well-being Is Your Competitive Advantage – “It Begins With The Gut” – A Conversation with Courageous Wellness
the quality of your spreadsheets?
Finding that afternoon slump increasingly challenging to overcome? Is Brain Fog real? Do my clients know?

Supporting our overall well-being starts with learning how our bodies and minds truly interact. Master this and you'll wonder why they aren't teaching personal well-being courses alongside the likes of game theory in business school.

In this session, Aly French & Erica Stein, Certified Integrative Nutrition Health Coaches and Co-hosts of the popular podcast, Courageous Wellness, will help you get to the bottom of how your gut health really impacts your wellbeing, overall productivity, edge, and long-term success. You'll walk away with practical approaches on how to leverage your wellbeing as a competitive advantage including how to manage gut health and blood sugar to optimize mood, energy levels, hormone balance and enhance your immune system.
