

2019 Annual Conference

Jekyll Island, GA | December 4–6, 2019

CALL FOR PRESENTATIONS

Greetings from the Georgia Transit Association! As we prepare for our 2019 Annual Conference, we are looking for fresh, innovative, cutting edge transit and TDM presentation ideas from all our stakeholders across the state and different population regions. This year we're looking for presentations that speak to workforce transit solutions, the need for better transit options for our seniors, planning solutions and creative ways of engaging commuters, so please think about how your suggestion fits around these concepts and our master topics listed below. Should you be interested in participating as a presenter this year, **please complete this form and remit no later than close of business Friday, September 6th to John Bayalis via email at jbayalis@atlantaregional.org**. If you have any specific questions you'd like to discuss, feel free to call John Bayalis at 404-797-9337.

DISCLAIMER: There is no reimbursement or compensation for presenting at the GTA Annual Conference.
