

2018 Southern Farm Summit

Farm Family Future

Monday, October 15 4:00 PM to 9:00 PM
UGA Tifton Conference Center 15 RDC Drive – Tifton, Ga

What is the Southern Farm Summit about?

Farmers are business owners. This event is about the business side of your farming operation. It is about taking control of the circumstances and conditions that could possibly hinder the future success and continuation of your farm for your family and the future. You have worked long and hard for what you have.....now make sure it is taken care of for continuing into the future. The discussion will focus on 6 mistakes that can threaten the success of your farm as a sustainable business and explore topics such as succession planning, family partnerships, estate equalization, tax efficient strategies, and retirement income planning.

Who is the Southern Farm Summit for?

This event is for you, the hardworking American farmer. We welcome anyone to join us who is serious about their farm, their family and their future. We encourage husbands and wives, father and sons, business partners, or individuals to join us. You have probably never attended an event exactly like this one, with this much information all in one place. We are serious about your farm, your family and your future. If you too are serious about these things, then we invite you to join us for this event.

This event will be held in Tifton, Ga. at the UGA Tifton Campus Conference Center on Monday, October 15, the day before the Sunbelt Expo begins on Tuesday. The time is 4:00 PM to 9:00 PM.
