**Kimberly Rodriguez**, Global Principal TA|HR Partner  
Nuance  
GOSHRM I & D Committee Chair

What excites me most about the opportunity to be on our diversity panel is collaborating on new initiatives & discussions that will guide in building a more inclusive program for the GOSHRM chapter. These outcomes will potentially be a guide for many HR leaders, and organizations throughout Florida that will promote the understanding of how Inclusion and Diversity should be included in the overall growth strategy for an organization. This is a WIN for all.

**Douglas Mvududu**, Talent Strategist  
AdventHealth

I'm excited to be on the diversity panel because of the impact this group can have on diversity and inclusion in the communities we live and work.

**Rebecca Vieira Cox**, Group Human Resources Manager  
Simple Management Group

I believe diversity and inclusion are bigger than the workplace. It starts with taking personal accountability for bias awareness and changing unconscious ways of thinking. I am honored and excited to collaborate with other leaders passionate about shifting the paradigm for D&I.

**Brian T. Zollweg**, Head of People, Places, and Solutions  
Westcor Land Title Insurance Company

I'm interested in learning, growing, and sharing my ideas to help leverage the diversity of our world to make organizations better.

**Lloyd Taylor**, USA Corp Manager, HR  
CLC World Resorts and Hotels

I joined this group to better prepare myself for changes which will take place as Diversity and Inclusion will take a more prominent role in the workplace. Human Resources needs to lead as changes are made to ensure the D&I challenges are handled fair and equitably. My goal to be an impactful HR Professional lead me to this Go SHRM opportunity.

**Lina Graves**, President and Chief Culture Officer

**Mahjabeen Rafiuddin**, Senior Manager Enterprise Diversity & Inclusion

I joined this committee to help amplify the business and societal value of embracing diversity and fostering inclusion. The HR community can influence and shape company culture, leadership behavior and employee engagement with great impact. I believe we can change the world for the better of all, not just some.
