

Nicole is a dedicated administrative professional that started her career in business at the age of 18. She takes great pride in her ability to wear many hats-being the “go to” person throughout her professional career.

Her aspiration to serve & assist in a team environment lead her into the field of healthcare-first in a busy specialty veterinary hospital, and eventually to Gundersen Health System-where she worked as the Senior Office Assistant to the leadership team of the Women’s Health unit.

Nicole’s desire to thrive in a demanding administrative role lead her to HCAA in October of 2019, where she now serves HCAA as the Administrative Services Coordinator. She plays an integral role in the day to day operations of HCAA, as well as hands on coordination and execution of our annual conferences & events.

Outside of the office, Nicole loves all things wellness-from weightlifting and kickboxing, to nutrition & functional medicine. She can often be found reading up on the latest nutrition research with her dog & two cats beside her-while simultaneously leading the members of her monthly fitness bootcamps from the comfort of her home she shares with her loving partner, Lee.
