Highly adaptable strategic visionary. Driven by an insatiable thirst for adventure, and commitment to the greater good beyond self.

Professional Statement

Prior U.S. Marine Corps Sergeant with extensive middle-eastern experience. Highly organized, high energy, efficient in fast paced multitasking environments and positive mental attitude. Not only succeeds but thrives in ambiguous and dynamic environments in the pursuit of strategic objectives.

Professional Highlights

- Spent 8,500 plus hours operating in austere environments, leading and mentoring 25 plus Marines into combat on 20 plus route clearance missions as platoon Guide in Sangin Valley, Helmand Province, Afghanistan, 2011.
- Located and helped dispose of 55 plus Improvised Explosive Devices (IEDs), Homemade Explosives (HME), Unexploded Ordnance (UXO) military and civilian, by personally sweeping and clearing main supply routes (MSR).
- Trained on, operated and maintained M2 .50 caliber heavy machine gun as lead truck gunner for 1,440 hours operating in Marjah, Helmand Province, Afghanistan, 2010.

Professional Experience

2nd Marine Division / Camp Lejuene, NC / 2008-2012

1371 Combat Engineer

- Extensive knowledge of explosive compounds and ordnance disposal.

- Expert rifle and pistol shooter.
- Managed over multiple Marines while being solely responsible for the operations of IED, HME, UXO, and explosive ordnance detection; on foot paths, main supply routes and expanding of military bases while keeping in accordance with U.S. military protocol.
- Provided accurate and reliable physical intelligence for areas of operation (AO) by reconnoitering and updating overlays into the AO, to include information such as IED blast sites; enemy location, movement patterns, and engagements; and civilian human intel. This data was used by over 120 U.S. service members in their day to day operations.
