5:00 – 5:30 p.m. Check-in
5:30 – 7:30 p.m. Educational Session

**Register
Today!**

Why You Should Attend:

Title: *Pharmacy Compounding Law and Regulations: Staying Current in a Changing World*, an in-depth presentation on federal and state legislative and regulatory issues that affect you and your practice.

Speaker: David G. Miller, RPh, IACP's Executive Vice President & CEO

CE Credit: 2.0 contact hours (.20 CEUs) of ACPE-approved LIVE LAW continuing education credit; knowledge based

At the conclusion of this program, the pharmacist and technician attendee will be able to:

- Explain how compounders are regulated and enforced by the State Boards of Pharmacy, Food and Drug Administration (FDA), and Drug Enforcement Administration (DEA).
- List four different regulatory initiatives and two court cases that have defined FDA's oversight to compounders.
- State what authority the FDA has when inspecting compounding pharmacies.
- Define "bulk ingredients" and the difference between "FDA-approved" products.
- Define "office use" and describe how compounding for office use differs from wholesaling.
- Describe key components of federal proposed legislation that may change the balance of existing federal and state authorities.

The American College of Apothecaries is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. The International Academy of Compounding Pharmacists' programming is co-sponsored by the American College of Apothecaries. This program has been accredited for 2.0 contact hours (0.2 CEUs) of continuing education credit for pharmacists and technicians. **ACPE UAN 0201-9999-13-066-L03-P, 0201-9999-13-066-L03-T.**
