A Day For Teachers

A program of lectures, workshops and discussions drawing from the latest dance medicine and science research to inspire, refresh and reaffirm dance teachers' practice in the studio.

Ideal for teachers new to dance medicine and science ideas, as well as those with experience.

Contact ElsaUrmston, IADMS Dance Educators' Committee Chair for further details: education@iadms.org

A Day For Medics

IADMS invites medical professionals to participate in this special interest day during the Annual Conference. Hear from experts in their field of interest and engage in a productive discourse with colleagues about trending topics in the field of dance medicine.

Ideal for physicians and allied healthcare professionals who work with or have an interest in working with performing artists.

Contact Alex McKinven, IADMS Program Committee Chair for further details: programchair@iadms.org
