

Certified Healthcare Protection Administrator (CHPA) Recertification Application

INSTRUCTIONS

Applications submitted incorrectly will be returned.

Carefully read these instructions and each section of the application. Print clearly or type in each unshaded area of the application. **You must document a minimum of fifteen (15) credits. Report all information on this form and attach documentation identified by letters (A, B, C, etc.) which correlate to the section(s) for which you are claiming the credit(s).**

The CHPA recertification fee is \$150 for IAHSS Members and \$175 for Non-members. Payment and all required documentation must be received at the time of application submission.

If complete application and payment are not received in the IAHSS office by your CHPA renewal date, you may be required to retake the CHPA certification examination and achieve a passing score in order to retain your certification. This would require completing the CHPA application (not the recertification application) and submitting the full fee of \$450 for IAHSS Members, \$525 Non-members.

Allow 45 days for the application evaluation process. The evaluation will take longer if required documentation is missing from the initial application.

If CHPA recertification is not approved, IAHSS will return the application, attachments, and the application fee less a \$50 administrative processing fee along with a written explanation of the reason(s) for denial.
