

IAMCP Announces Winners for the 2018 Global Partner-to-Partner Awards Program

International Association of Microsoft Channel Partners Congratulates All Winners in the 2018 IAMCP Member Awards Program. Regional and global winners were announced at Microsoft Inspire in Las Vegas Tuesday, July 17th at 4 PM PST.

REDMOND, Wash. – July 17, 2018 – The International Association of Microsoft Channel Partners is proud to honor the top partners in the IAMCP global community for achieving partner-to-partner (P2P) excellence with solutions that drive customer value.

“The volume, and high calibre, of submissions we received this year showcase our partners commitment to joining together to achieve incredible results,” said awards committee chairperson and former IAMCP President, Gail Mercer-MacKay. “Together, the winning partners have demonstrated innovation, reached new markets, and developed solutions that will continue to serve more customers. This is one of our most exciting years yet for showcasing the power of Microsoft technology and partnership.”

Partners submitted a wide variety of leading-edge projects that are helping customers compete and get ahead through implementation of exceptional joint partner solutions. Entries submitted include cloud computing, marketing innovation, collaboration and messaging, data analytics and business intelligence offerings. Regions represented include APAC, Canada, EMEA, LATAM, and the US. Through partnering, IAMCP members are shaping how businesses go to market around the world.

Thanks to an incredible amount of submissions this year, Gold, Silver and Bronze awards were handed out to partners across the globe. Along with the trophies presented and marketing materials offered, all winners and finalists will be invited to publish their entries in the IAMCP 2018 P2P eBook (to view the 2017, [click here](#)).

About IAMCP

The International Association of Microsoft Channel Partners (IAMCP) is the leading independent global organization for business networking in the Microsoft partner eco-system, with 100+ chapters in over 40 countries around the world. Its members represent the trusted, independent voice of the Microsoft partner community.

Microsoft Partners that are part of the IAMCP community typically enjoy significantly higher revenues and higher margins than their counterparts outside of the community. Members benefit from P2P relationships with other trusted members to generate these higher margins and deliver exceptional solutions and services to their customers.

The IAMCP Member Awards Program

Launched in 2015, the IAMCP Awards Program is designed to encourage and recognize association members for the outstanding, innovative and creative products and services they deliver through trusted P2P and channel relationships. Winners and finalists benefit from increased recognition through press and social media.
