International Members at Large Program
IAP2 Core Values Awards
Members-at-Large Program 2018

As an international leader in public participation, IAP2 has created the "IAP2 Core Values for Public Participation" for use in the development and implementation of public participation processes. These core values were developed over a two-year period with broad international input to identify those aspects of public participation which cross national, cultural, and religious boundaries. The purpose of these core values is to help make better decisions which reflect the interests and concerns of potentially affected people and entities. Each year IAP2 recognizes extraordinary work in the practice of P2 that reflect these Core Values.

Eligibility
The IAP2 Members-At-Large Core Values Awards program is open to IAP2 International Associates and IAP2 Members from locations where the IAP2 Affiliate does not offer an awards program. Winners will progress to compete in the International Awards Program.

If you are not already a member of IAP2, Join Today!

IAP2 Core Values Awards are offered in the following categories:

PROJECT OF THE YEAR
The Project of the Year award recognizes excellence in the tools, techniques and efforts in public participation within a finite framework.

ORGANISATION OF THE YEAR
The Organisation of the Year award recognizes the application of the core values in all aspects of an organisation and how they are embedded into decision-making that features public participation.

RESEARCH AWARD
Research Award - Research is critically important to IAP2 and its members if we are to understand and overcome challenges in everyday public participation and build upon P2 theory and practice. The Research Award acknowledges important contributions to the body of public participation knowledge.

This style guide provides direction to award applicants, clarifies the presentation format of submissions, allows for the use of a limited number of photos and images in submissions, and enables the publication of submissions in the annual IAP2 Core Values Awards Showcase in a consistent and comparable presentation format.
